(a) Each lot, *tract,* or parcel of land assessed in such district *may* be assessed with that part of the whole cost which its *assessable* area bears to the *assessable* area of *all* the *benefited lots, tracts, or parcels in the* district, exclusive of streets, avenues, alleys, and public places. *For the purposes of this subsection (1)(a), "assessable area" means an area of a lot, tract, or parcel of land representing the benefit conferred upon the lot, tract, or parcel by the improvement. Assessable area may be less than but may not exceed the actual area of the lot, tract, or parcel.*

(b) Each lot, tract, or parcel of land assessed in the district may be assessed with that part of the whole cost of the improvement based upon the assessed value of the *benefited* lots or pieces of land within said district, *if the board determines such assessment to be equitable in proportion to and not exceeding the benefits received from the improvement by the lot, tract, or parcel.*

(c) Each lot, tract, or parcel of land in the district abutting upon the street where the improvement has been made may be assessed in proportion to its lineal feet abutting the street.

(d) Each lot, tract, or parcel of land in the district served by a utility connection may be assessed an equitable lump sum for the connection based on the bid price in the applicable contract.

(2) The board may use one or any combination of methods of assessment in a single special improvement district and, if more than one

HeinOnline -- 1985 vol. II 1434 1985

improvement is undertaken, need not assess each lot, tract, or parcel in the district for the cost of all the improvements.

(3) The board in its discretion shall have the power to pay the whole or any part of the cost of any street, avenue, or alley intersection out of any funds in its hands available for that purpose or to include the whole or any part of such costs within the amount of the assessment to be paid by the *benefited* property in the district."

(2) The original costs of any improvement may, at the option of the *board of county commissioners,* include an amount not to exceed 5% of the principal amount of any bonds or warrants to be issued, which shall be deposited in the revolving fund created in 7-12-2181."

Section 13. Section 7-12-2158, MCA, is amended to read:

"7-12-2158. Resolution for levy and assessment of tax. (1) To defray the cost of making *or acquiring* improvements in any special improvement district, the board of county commissioners shall by resolution levy and assess a tax upon all *benefited* property in the district created for such purpose, by using for a basis for such assessment the method *or methods* provided for by this part *and described in the resolution of intention.*

(2) Such resolution shall contain a description of each lot or parcel of land, with the name of the owner if known, and the amount of each partial payment, when made, and the day when the same shall become delinquent.

(3) Such resolution, signed by the chairman of the board, shall be kept on file in the office of the county clerk."

(c) mailed to such other persons known to the clerk to have an ownership interest in the property.

(2) The notice shall state the time at and place in which objections to the final adoption of the resolution will be heard by the board of county commissioners. The time for the hearing may not be less than 5 days after the *second* publication *or less than 10 days after the mailing* of the notice."

Section 15. Section 7-12-2167, MCA, is amended to read:

(2) If federal loans are available, payments may be spread over a term of not to exceed 40 years.

(3) If the bonds of the special improvement district are issued as serial bonds, the assessments must be payable in equal annual installments. If the bonds are issued as amortization bonds, the assessments must be payable in equal annual installments of principal and interest, each in the amount required to pay the principal over the term of payment, with interest at the rate then borne by the assessment.

(4) Any assessment that is not delinquent may be prepaid, in whole but not in part, at any time after the assessment is levied, by the payment of the assessment, with interest accrued and to accrue thereon through the next date on which interest on bonds of the special improvement district is payable."

Section 16. **Interest rate on delinquent assessments.** The installments of assessments remaining unpaid bear simple interest at an annual rate of the sum of ½ of 1% a year plus the average interest rate payable on the outstanding bonds or warrants of the special improvement district.

Section 17. **Change in outstanding principal of district — relevy of assessments.** If proceeds of the bonds or warrants of the special improvement district, including investment income thereon, are applied to the redemption and prepayment of such bonds or warrants, as provided in 7-12-2173 and 7-12-2174, or if refunding bonds are issued pursuant to [section 26] and the principal amount of the outstanding bonds of the district is decreased or increased, the assessments levied in the district and

HeinOnline -- 1985 vol. II 1436 1985

then outstanding must be reduced or increased, respectively, pro rata by the principal amount of such prepayment or the increment above or below the outstanding principal amount of bonds represented by the refunding bonds. The board shall reassess and relevy such assessments, with the same effect as an original levy, in such reduced or increased amounts, in accordance with the provisions of 7-12-2158 through 7-12-2160.

Section 18. Section 7-12-2169, MCA, is amended to read:

The board of county commissioners shall provide for making payments for maintenance or improvements in any rural improvement district by the method provided in 7-12-2172 and 7-12-2173."

Section 19. Section 7-12-2171, MCA, is amended to read:

"7-12-2171. Details relating to rural improvement district bonds and warrants. (1) The bonds and warrants shall be drawn against the special improvement district fund created for the district (that is, either the construction or maintenance fund, as the case may be) and shall bear interest from the date of registration until called for redemption or paid in full. The interest shall be payable annually *or semiannually, at the discretion of* the board of county commissioners, *on such dates as the board* prescribes. Such warrants or bonds shall bear the signatures of the chairman of the board and the county clerk and shall bear the corporate seal of the county. They shall be registered in the office of the county clerk and the county treasurer, and if interest coupons be attached thereto, they shall also be so registered and shall bear the signatures of the chairman of the board and the county clerk. Said coupons may bear the facsimile signatures of said officers in the discretion of the board.

(2) Said bonds shall be in denominations of $100 or fractions or multiples thereof, may be issued in installments, and may extend over a period of not to exceed 30 years; except that if federal loans are available for improvements, repayment may extend over a period not to exceed 40 years.

(3) All special improvement district bonds must be amortization bonds unless, in the judgment of the board, serial bonds will be more advantageous to the district and can be sold at a comparatively reasonable rate or rates of interest."

Section 20. **Definitions of forms of bonds.** As used in this part, unless the context clearly indicates otherwise, the following definitions apply:

(1) "Amortization bonds" means the form of bonds on which:

(a) a part of the principal must be paid each time interest becomes payable;

(b) the part payment of principal increases at each installment in the same amount that the interest decreases;

(c) the combined interest and principal due on each due date remains the same until the bonds are paid;

(d) the final payment may vary from prior payments in the amount resulting from disregarding fractional costs in prior payments; and

(e) the initial payment may be larger than subsequent payments if such increase represents interest accrued over an additional period not greater than 6 months.

(2) "Serial bonds" means the form of bonds that are payable in annual installments and on which the amount maturing each year may not be more than three times the principal amount of bonds maturing in any previous year.

Section 21. Section 7-12-2172, MCA, is amended to read:

"7-12-2172. Procedure to issue bonds and warrants. (1) The board of county commissioners shall sell bonds or warrants issued under the provisions of 7-12-2169 through 7-12-2174, in an amount sufficient to pay that part of the total cost and expense of the *improvements* which is to be assessed against the *benefited* property within the district, to the highest and best bidder therefor for cash, *at a price,* including interest thereon *to date of delivery, not less than that prescribed by the board in the resolution calling for the sale of the bonds or warrants. The board may fix the minimum price for the bonds or warrants in an amount less than the face value thereof if it determines that such sale is in the best interests of the district and the county.*

(2) The bonds or warrants may be sold at a private negotiated sale to the United States or the state of Montana, or an agency, instrumentality, corporation, or department thereof.

(3) In all other cases, the provisions of 7-7-4251 through 7-7-4254 which relate to the notice of sale, publication of notice, and manner and method of selling bonds by cities and towns, insofar as the same are applicable thereto and not in conflict with the provisions of this section and 7-12-2173, shall apply to, govern, and control the form of notice of sale, publication of notice, and manner and method of selling such bonds or warrants."

Section 22. **Pooling of bonds of districts in county.** (1) If the board of county commissioners determines by resolution that the pooling of bonds of more than one special improvement district of the county is in the best interest of the county and the respective districts and will facilitate the sale of the bonds under more advantageous terms or with lower interest rates, the county may issue bonds of the districts combined in a single offering. Such bonds must be secured by the rural special improvement district revolving fund of the county.

(2) The title of the bonds issued pursuant to this section shall denote that bonds of different special improvement districts have been pooled and shall refer to the numbers of the districts. The bonds must be drawn against a sinking fund that has separate accounts for each special improvement district combined for financing purposes, into which must be payable the assessments levied in each of the districts.

HeinOnline -- 1985 vol. II 1438 1985

Section 23. Section 7-12-2173, MCA, is amended to read:

"7-12-2173. Disposition of bond or warrant proceeds. (1) The board of county commissioners shall use the proceeds of such sale in making payment *for the cost of the improvements. Payments to contractors* may be made either from time to time, on estimates made by the engineer in charge of such improvements for the county, or upon the entire completion of the improvements and the acceptance thereof by the board.

(2) All interest earned on the investment of bond or warrant proceeds *during the construction of improvements* must be credited to the *construction account of the* improvement district fund from which the proceeds were withdrawn.

(3) Any proceeds of the bonds or warrants, including investment income thereon, remaining after payment of all costs of the improvements must be transferred to the sinking fund in the improvement district fund and applied, to the extent possible, to the prepayment and redemption of bonds or warrants on the next succeeding redemption date for which notice of redemption may properly be given."

Section 24. Section 7-12-2174, MCA, is amended to read:

"7-12-2174. Redemption of bonds and warrants. (1) The county treasurer shall first pay out of the proper special improvement district fund, *on each interest payment date*, the interest on all outstanding warrants or bonds on presentation of the coupons belonging thereto *or otherwise then payable* and *the principal, if any, then payable on the warrants or bonds. Any* funds remaining in the fund shall be applied to the redemption of the warrants or bonds in order of their registration *as provided in subsection (2).*

(2) *Special improvement district* warrants or bonds shall be redeemed *on any interest payment date from the proceeds of the bonds or warrants remaining after payment of all costs of the improvements, as provided in 7-12-2173, or from the prepayment of assessments levied in the district. Special improvement district bonds or warrants are subject to redemption and prepayment at the option of the county on any interest payment date.*

(3) The date of redemption shall be fixed by the county treasurer and shall not be less than 10 days after the date of publication or of *mailing* of notice. The county treasurer shall give written notice to the holders of *the* warrants or bonds *to be redeemed*, if their addresses *are* known, of the number of warrants or bonds *to be redeemed* and the date on which payment will be made. *If the addresses of the holders of all bonds or warrants to be redeemed are not known, the county treasurer shall publish notice of redemption once in a newspaper published in the county.* On the date fixed for redemption interest shall cease."

Section 25. **Refunding bonds.** (1) A county may issue special improvement district bonds for the purpose of providing the money needed to pay principal of and interest on outstanding special improvement district bonds. To issue bonds for such purpose, the board of county commissioners, at a regular meeting or a duly called special meeting, shall adopt a resolution setting forth:

HeinOnline -- 1985 vol. II 1439 1985

(a) the facts regarding the outstanding bonds that are to be refunded;

(b) the reasons for issuing refunding bonds; and

(c) the term and details of the refunding bonds.

(2) If the refunding bonds are proposed to be issued in an amount greater than the amount of outstanding bonds to be refunded, the board may not authorize the issuance of such bonds until it has conducted a public hearing on the desirability of issuing the bonds, after published and mailed notice as provided in 7-12-2105(2), and found by resolution that such an issuance of refunding bonds is in the best interest of the special improvement district.

(3) After the adoption of the required resolution or resolutions, the board may:

(a) sell the refunding bonds at a private negotiated sale; or

(b) at its option, give notice of the sale and sell the refunding bonds in the same manner that other special improvement district bonds are sold.

(4) Bonds may not be refunded by the issuance of refunding bonds unless the rate of interest offered on the refunding bonds is at least ½ of 1% a year less than the rate of interest on the bonds to be refunded.

(5) (a) Refunding bonds issued pursuant to this section may be issued to refund outstanding bonds in advance of the date on which such bonds mature or are subject to redemption, but the proceeds of the refunding bonds, less any accrued interest or premium received upon the sale thereof, must be deposited with other funds appropriated for the payment of the outstanding bonds in escrow with a suitable banking institution or trust company, which may be located either in or out of the state.

(b) Funds so deposited must be invested in securities that are general obligations of the United States or securities the principal of and interest on which are guaranteed by the United States. Such securities must mature or be callable at the option of the holder on such dates and bear interest at such rates and be payable on such dates as may be required to provide funds sufficient, with any cash deposited in the escrow account, to pay when due:

(i) the interest to accrue on each refunded bond to its maturity or redemption date, if called for redemption;

(ii) the principal on each refunded bond at maturity or upon such redemption date; and

(iii) any redemption premium.

(c) The escrow account must be irrevocably appropriated to the payment of the principal of an interest and redemption premium, if any, on the refunded bonds.

(d) Funds to the credit of the debt service fund for the payment of the refunded bonds and not required for the payment of principal thereof or interest thereon due prior to issuance of the refunding bonds may be appropriated by the board to the escrow account.

HeinOnline -- 1985 vol. II 1440 1985

(e) The county may pay the reasonable costs and expenses of issuing the refunding bonds and of establishing and maintaining the escrow account.

(6) Refunding bonds may be issued under this section to pay principal of or interest on special improvement district bonds outstanding on [the effective date of this act] only if:

(a) one-third or more of the term for which such bonds were issued has expired; or

(b) there is a deficiency in the bond account or interest account of the special improvement district fund from which such bonds are payable.

(2) The council or commission shall have the right to overrule any and all objections and pave the proposed block with gravel and oil surface when the improvement proposed is the paving, with necessary incidentals, of not more than one cross block to connect with streets or avenues already paved for a continuous distance of three blocks or more running at a right angle (or substantially so) with the single cross block so proposed to be paved.

(3) In case the improvement is the construction of a sanitary sewer, such protest may be overruled by an affirmative vote of a majority of the members of the council or commission unless such protest is made by the owners of *property in the district to be assessed for* more than 75% of the *cost of the district, in accordance with the methods of assessment described in the resolution of intention*, in which event the protest must be sustained as to the construction of such sanitary sewer."

Section 35. **Purchase of existing improvement.** If the proposed improvement consists of the purchase of an existing improvement, the city council may, after the creation of the special improvement district and after ordering the proposed improvement, enter into a contract for the purchase of the improvement, upon such terms as it considers just, without

HeinOnline -- 1985 vol. II 1446 1985

Section 36. Section 7-12-4161, MCA, is amended to read:

(2) *The city council may use one or any combination of methods of assessment in a single special improvement district, and if more than one improvement is undertaken, each lot or parcel of land in the district need not be assessed for the cost of all the improvements.*"

(3) In order to equitably apportion the cost of any of the improvements herein provided for between that land within the district which lies within 25 feet of the line of the street on which the improvement is to be made and all other *benefited* land within the district, the council or commission may, in the resolution creating any improvement district, provide that the amount of the assessment against the property in such district to defray the cost of such improvements shall be so assessed that each square foot of land within the district lying within 25 feet of the line of the street on which the improvements therein provided for are made shall bear double the amount of cost of such improvements per square foot of such land that each square foot of any other *benefited* land within the district shall bear."

(2) In determining the benefit to be received by each parcel of land, the council or commission shall consider:

(a) the relative distance of the parking facility from each parcel of land within the area of the special improvement district;

(b) the relative needs of parking spaces for each parcel of land located within the boundaries of said district, either as established by the city zoning ordinance, if any, or otherwise, with relation to the use of said parcel;

Section 50. Section 7-12-4203, MCA, is amended to read:

"**7-12-4203. Details relating to special improvement district bonds and warrants.** (1) The bonds and warrants shall be drawn against the special improvement district fund created for the district and shall bear interest from the date of registration until called for redemption or paid in full. The interest shall be payable annually or semiannually, at the discretion of the governing body of the municipality, on such dates as the governing body prescribes. Such warrants or bonds shall bear the signatures of the mayor and clerk and shall bear the corporate seal of the city. They shall be registered in the office of the clerk and treasurer, and if interest coupons be attached thereto, they shall also be so registered and shall bear the signatures of the mayor and clerk.

(2) Said bonds shall be in denominations of $100 or fractions or multiples thereof, may be issued in installments, and may extend over a period not to exceed 20 years.

HeinOnline -- 1985 vol. II 1451 1985

(3) All special improvement district bonds must be amortization bonds unless, in the judgment of the city council, serial bonds will be more advantageous to the district and can be sold at a comparatively reasonable rate or rates of interest."

Section 51. **Definition of forms of bonds.** As used in part 41 and this part, unless the context clearly indicates otherwise, the following definitions apply:

(1) "Amortization bonds" means the form of bonds on which:

(a) a part of the principal must be paid each time interest becomes payable;

(b) the part payment of principal increases at each installment in the same amount that the interest decreases;

(c) the combined interest and principal due on each due date remains the same until the bonds are paid;

(d) the final payment may vary from prior payments in the amount resulting from disregarding fractional costs in prior payments; and

(e) the initial payment may be larger than subsequent payments if such increase represents interest accrued over an additional period not greater than 6 months.

(2) "Serial bonds" means the form of bonds that are payable in annual installments and on which the amount maturing each year may not be more than three times the principal amount of bonds maturing in any previous year.

Section 52. Section 7-12-4204, MCA, is amended to read:

"**7-12-4204. Procedure to issue bonds and warrants.** (1) The city or town council shall sell bonds or warrants issued under the provisions of 7-12-4201, in an amount sufficient to pay that part of the total cost and expense of the *improvements* which is to be assessed against *benefited* property within the district, to the highest and best bidder therefor for cash *at a price,* including interest thereon *to date of delivery, not less than that prescribed by the city council in the resolution calling for the sale of the bonds or warrants. The city council may fix the minimum price for the bonds or warrants in an amount less than the face value thereof if it determines that such sale is in the best interests of the district and the city.*

(2) The bonds or warrants may be sold at a private negotiated sale to the United States or the state of Montana, or an agency, instrumentality, corporation, or department thereof.

(3) In all other cases, the provisions of 7-7-4251 through 7-7-4254 with regard to the notice of sale, publication of notice, and manner and method of selling bonds by cities and towns, insofar as the same are applicable thereto and not in conflict with the provisions of this section and 7-12-4205, shall apply to, govern, and control the form of notice of sale, publication of notice, and manner and method of selling such bonds or warrants."

HeinOnline -- 1985 vol. II 1452 1985

Section 53. **Pooling of bonds of districts in city.** (1) If the city council determines by resolution that the pooling of bonds of more than one special improvement district of the city is in the best interest of the city and the respective districts and will facilitate the sale of the bonds under more advantageous terms or with lower interest rates, the city may issue bonds of the districts combined in a single offering. Such bonds must be secured by the special improvement district revolving fund of the city.

(2) The title of the bonds issued pursuant to this section shall denote that bonds of different special improvement districts have been pooled and shall refer to the numbers of the districts. The bonds must be drawn against a sinking fund that has separate accounts for each special improvement district combined for financing purposes, into which accounts must be payable the assessments levied in each of the districts.

Section 54. Section 7-12-4205, MCA, is amended to read:

"7-12-4205. Disposition of bond or warrant proceeds. (1) The city or town council shall use the proceeds of such sale in making payment *for the cost of the improvements. Payments to contractors* may be made either from time to time, on estimates made by the engineer in charge of such improvements for the city or town, or upon the entire completion of the improvements and the acceptance thereof by the city or town council.

(2) *During the construction of the improvements, all* interest earned on the investment of bond or warrant proceeds must be credited to the *construction account of the* improvement district fund from which the proceeds were withdrawn.

(3) Any proceeds of the bonds or warrants, including investment income thereon, remaining after payment of all costs of the improvements must be transferred to the sinking fund in the improvement district fund and applied, to the extent possible, to the prepayment and redemption of bonds or warrants on the next succeeding redemption date for which notice of redemption may properly be given."

Section 55. Section 7-12-4206, MCA, is amended to read:

"7-12-4206. Redemption of bonds and warrants. (1) *Special improvement district* warrants or bonds shall be redeemed *on any interest payment date from the proceeds of the bonds or warrants remaining after payment of all costs of the improvements, as provided in 7-12-4205, or from the prepayment of assessments levied in the district. Special improvement district bonds or warrants are subject to redemption and prepayment at the option of the city, in order of registration, on any interest payment date.*

(2) The date of redemption shall be fixed by the treasurer and may not be less than 10 days after the date of publication or *mailing* of notice, and on the date so fixed, interest ceases. The treasurer shall give written notice to the holders of the warrants or bonds *to be redeemed*, if their addresses are known, of the number of warrants or bonds *to be redeemed* and the date on which payment will be made. *If the addresses of the holders of all bonds or warrants to be redeemed are not known, the treasurer shall publish notice of redemption once in a newspaper published in the city."*

HeinOnline -- 1985 vol. II 1453 1985

Section 56. **Refunding bonds.** (1) A city may issue special improvement district bonds for the purpose of providing the money needed to pay principal of and interest on outstanding special improvement district bonds. To issue bonds for such purpose, the city council, at a regular meeting or a duly called special meeting, shall adopt a resolution setting forth:

(a) the facts regarding the outstanding bonds that are to be refunded;

(b) the reasons for issuing refunding bonds; and

(c) the term and details of the refunding bonds.

(2) If the refunding bonds are proposed to be issued in an amount greater than the amount of outstanding bonds to be refunded, the city council may not authorize the issuance of such bonds until it has conducted a public hearing on the desirability of issuing the bonds, after published and mailed notice as provided in 7-12-4106(2), and found by resolution that such an issuance of refunding bonds is in the best interest of the special improvement district.

(3) After the adoption of the required resolution or resolutions, the council may:

(a) sell the refunding bonds at a private negotiated sale; or

(b) at its option, give notice of the sale and sell the refunding bonds in the same manner that other special improvement district bonds are sold.

(4) Bonds may not be refunded by the issuance of refunding bonds unless the rate of interest offered on the refunding bonds is at least ½ of 1% a year less than the rate of interest on the bonds to be refunded.

(5) (a) Refunding bonds issued pursuant to this section may be issued to refund outstanding bonds in advance of the date on which such bonds mature or are subject to redemption, but the proceeds of the refunding bonds, less any accrued interest or premium received upon the sale thereof, must be deposited with other funds appropriated for the payment of the outstanding bonds in escrow with a suitable banking institution or trust company, which may be located either in or out of the state.

(b) Funds so deposited must be invested in securities that are general obligations of the United States or securities the principal of and interest on which are guaranteed by the United States. Such securities must mature or be callable at the option of the holder on such dates and bear interest at such rates and be payable on such dates as may be required to provide funds sufficient, with any cash deposited in the escrow account, to pay when due:

(i) the interest to accrue on each refunded bond to its maturity or redemption date, if called for redemption;

(ii) the principal on each refunded bond at maturity or upon such redemption date; and

(iii) any redemption premium.

HeinOnline -- 1985 vol. II 1454 1985

(c) The escrow account must be irrevocably appropriated to the payment of the principal of an interest and redemption premium, if any, on the refunded bonds.

(d) Funds to the credit of the debt service fund for the payment of the refunded bonds and not required for the payment of principal thereof or interest thereon due prior to issuance of the refunding bonds may be appropriated by the council to the escrow account.

(e) The city may pay the reasonable costs and expenses of printing the refunding bonds and of establishing and maintaining the escrow account.

(6) Refunding bonds may be issued under this section to pay principal of or interest on special improvement district bonds outstanding on [the effective date of this act] only if:

(a) one-third or more of the term for which such bonds were issued has expired; or

(b) there is a deficiency in the bond account or interest account of the special improvement district fund from which such bonds are payable.

Section 57. **Codification instruction.** (1) Sections 6, 16, 17, 20, 22, and 25 are intended to be codified as an integral part of Title 7, chapter 12, part 21, and the provisions of Title 7, chapter 12, part 21, apply to sections 6, 16, 17, 20, 22, and 25.

One of such commissioners shall be nominated by the party or parties plaintiff. One of such commissioners shall be nominated by the party or parties defendant. The third commissioner shall be the chairman and shall be nominated by the two commissioners previously nominated. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-217, MCA, is amended to read:

"85-2-217. Suspension of adjudication. While negotiations for the conclusion of a compact under part 7 are being pursued, all proceedings to

HeinOnline -- 1985 vol. II 1458 1985

generally adjudicate reserved Indian water rights and federal reserved water rights of those tribes and federal agencies which are negotiating are suspended. The obligation to file water rights claims for those reserved rights is also suspended. This suspension shall be effective until July 1, *1987*, as long as negotiations are continuing or ratification of a completed compact is being sought. If approval by the state legislature and tribes or federal agencies has not been accomplished by July 1, *1987*, the suspension shall terminate on that date. Upon termination of the suspension of this part, the tribes and the federal agencies shall be subject to the special filing requirements of 85-2-702(3) and all other requirements of the state water adjudication system provided for in Title 85, chapter 2. Those tribes and federal agencies that choose not to negotiate their reserved water rights shall be subject to the full operation of the state adjudication system and may not benefit from the suspension provisions of this section."

Section 2. Section 85-2-224, MCA, is amended to read:

"85-2-224. Statement of claim. (1) The statement of claim for each right *arising under the laws of the state and for each right reserved under the laws of the United States which has been actually put to use* shall include substantially the following:

(a) the name and mailing address of the claimant;

(b) the name of the watercourse or water source from which the right to divert or make use of water is claimed, if available;

(e) the purpose of use, including, if for irrigation, the number of acres irrigated;

(f) the approximate dates of first putting water to beneficial use for the various amounts and times claimed in subsection (c); and

(g) the sworn statement that the claim set forth is true and correct to the best of claimant's knowledge and belief.

(2) *Any* claimant *filing a statement of claim under subsection (1)* shall submit maps, plats, aerial photographs, decrees, or pertinent portions thereof, or other evidence in support of his claim. All maps, plats, or aerial photographs should show as nearly as possible to scale the point of diversion, place of use, place of storage, and other pertinent conveyance facilities.

(3) Any statement of claim for rights reserved under the laws of the United States which have not yet been put to use shall include substantially the following:

(a) the statements of claim before the water judge;

(b) the data submitted by the department;

(c) the contents of compacts approved by the Montana legislature and the tribe or federal agency or, lacking an approved compact, the filings for federal and Indian reserved rights; and

(d) any additional data obtained by the water judge. The preliminary decree shall be issued within 90 days after the close of the special filing period set out in 85-2-702(3) or as soon thereafter as is reasonably feasible. This section does not prevent the water judge from issuing an interlocutory decree or other temporary decree if such a decree is necessary for the orderly administration of water rights prior to the issuance of a preliminary decree.

(2) A preliminary decree may be issued for any hydrologically interrelated portion of a water division, including but not limited to a basin, subbasin, drainage, subdrainage, stream, or single source of supply of water, at a time different from the issuance of other preliminary decrees or portions of the same decree.

(3) The preliminary decree shall contain the information and make the determinations, findings, and conclusions required for the final decree under 85-2-234. The water judge shall include in the preliminary decree the contents of a compact negotiated under the provisions of part 7 that has been approved by the legislature and the tribe or federal agency.

(4) If the water judge is satisfied that the report of the water master meets the requirements for the preliminary decree set forth in subsections (1) and (3), and is satisfied with the conclusions contained in the report, the water judge shall adopt the report as the preliminary decree. If the water judge is not so satisfied, he may, at his option, recommit the report to the master with instructions, or modify the report and issue the preliminary decree."

Section 4. Section 85-2-233, MCA, is amended to read:

"85-2-233. Hearing on preliminary decree. (1) Upon objection to the preliminary decree by the department, a person named in the preliminary decree, or any other person, for good cause shown, the department or such person is entitled to a hearing thereon before the water judge.

HeinOnline -- 1985 vol. II 1460 1985

(2) If a hearing is requested, such request must be filed with the water judge within 90 days after notice of entry of the preliminary decree. The water judge may, for good cause shown, extend this time limit an additional 90 days if application for the extension is made within 90 days after notice of entry of the preliminary decree.

(3) The request for a hearing shall contain a precise statement of the findings and conclusions in the preliminary decree with which the department or person requesting the hearing disagrees. The request shall specify the paragraphs and pages containing the findings and conclusions to which objection is made. The request shall state the specific grounds and evidence on which the objections are based.

(4) Upon expiration of the time for filing objections and upon timely receipt of a request for a hearing, the water judge shall notify each party named in the preliminary decree that a hearing has been requested. The water judge shall fix a day when all parties who wish to participate in future proceedings must appear or file a statement. The water judge shall then set a date for a hearing. The water judge may conduct individual or consolidated hearings. A hearing shall be conducted as for other civil actions. At the order of the water judge a hearing may be conducted by the water master, who shall prepare a report of the hearing as provided in M.R.Civ.P., Rule 53(e).

(5) Failure to object under subsection (1) to a compact negotiated and ratified under 85-2-702 or 85-2-703 bars any subsequent cause of action in the water court.

(6) If the court sustains an objection to a compact, it may declare the compact void. The agency of the United States, the tribe, or the United States on behalf of the tribe party to the compact shall be permitted 6 months after the court's determination to file a statement of claim, as provided in 85-2-224, and the court shall thereafter issue a new preliminary decree in accordance with 85-2-231; provided, however, that any party to a compact declared void may appeal from such determination in accordance with those procedures applicable to 85-2-235, and the filing of a notice of appeal shall stay the period for filing a statement of claim as required under this subsection."

Section 5. Section 85-2-234, MCA, is amended to read:

"85-2-234. Final decree. (1) The water judge shall, on the basis of the preliminary decree and on the basis of any hearing that may have been held, enter a final decree affirming or modifying the preliminary decree. If no request for a hearing is filed within the time allowed, the preliminary decree automatically becomes final, and the water judge shall enter it as the final decree.

(2) The terms of a compact negotiated and ratified under 85-2-702 must be included in the final decree without alteration unless an objection is sustained pursuant to 85-2-233; provided that the court may not alter or amend any of the terms of a compact except with the prior written consent of the parties in accordance with applicable law.

(3) The final decree shall establish the existing rights and priorities within the water judge's jurisdiction of persons required by 85-2-221 to file

HeinOnline -- 1985 vol. II 1461 1985

a claim for an existing right, of persons required to file a declaration of existing rights in the Powder River Basin pursuant to an order of the department or a district court issued under sections 8 and 9 of Chapter 452, Laws of 1973, *and of any federal agency or Indian tribe possessing water rights arising under federal law, required by 85-2-702 to file claims.*

(4) The final decree shall state the findings of fact, along with any conclusions of law, upon which the existing rights and priorities of each person, *federal agency, and Indian tribe* named in the decree are based.

(5) For each person who is found to have an existing right *arising under the laws of the state of Montana*, the final decree shall state:

(a) the name and post-office address of the owner of the right;

(b) the amount of water, rate, and volume, included in the right;

(c) the date of priority of the right;

(d) the purpose for which the water included in the right is used;

(e) the place of use and a description of the land, if any, to which the right is appurtenant;

(f) the source of the water included in the right;

(g) the place and means of diversion;

(h) the inclusive dates during which the water is used each year;

(i) any other information necessary to fully define the nature and extent of the right.

(6) For each person, tribe, or federal agency possessing water rights arising under the laws of the United States, the final decree shall state:

(a) the name and mailing address of the holder of the right;

(b) the source or sources of water included in the right;

(c) the quantity of water included in the right;

(d) the date of priority of the right;

(e) the purpose for which the water included in the right is currently used, if at all;

(f) the place of use and a description of the land, if any, to which the right is appurtenant;

(g) the place and means of diversion, if any; and

(h) any other information necessary to fully define the nature and extent of the right, including the terms of any compacts negotiated and ratified under 85-2-702."

Section 6. Section 85-2-702, MCA, is amended to read:

"85-2-702. Negotiation with Indian tribes. (1) The reserved water rights compact commission, created by 2-15-212, may negotiate with the

Indian tribes or their authorized representatives jointly or severally to conclude compacts authorized under 85-2-701. Compact proceedings shall be commenced by the commission. The commission shall serve by certified mail directed to the governing body of each tribe a written request for the initiation of negotiations under this part and a request for the designation of an authorized representative of the tribe to conduct compact negotiations. Upon receipt of such written designation from the governing body of a tribe, compact negotiations shall be considered to have commenced.

(2) When the compact commission and the Indian tribes or their authorized representatives have agreed to a compact, they shall sign a copy and file an original copy with the department of state of the United States of America and copies with the secretary of state of Montana and with the governing body for the tribe involved. The compact is effective and binding upon all parties upon ratification by the legislature of Montana *and* any affected tribal governing body, *and approval by the appropriate federal authority.*

(3) Upon its *ratification* by the Montana legislature and the tribe, the terms of a compact must be included in the preliminary decree as provided by 85-2-231, *and unless an objection to the compact is sustained under 85-2-233, the terms of the compact must be included in the final decree without alteration.* However, if approval of the state legislature and tribe has not been accomplished by July 1, *1987*, all Indian claims for reserved water rights that have not been resolved by a compact must be filed with the department within *6 months*. These new filings shall be used in the formulation of the preliminary decree and shall be given treatment similar to that given to all other filings."

Section 7. Section 85-2-704, MCA, is amended to read:

"**85-2-704. Termination of negotiations.** *(1)* The commission or any *negotiating tribe or federal agency* may terminate negotiations by providing notice to all parties 30 days in advance of the termination date. On the termination date, the suspension of the application of part 2 provided for in 85-2-217 shall also terminate. The tribe or federal agency shall file all of its claims for reserved rights within *6 months* of the termination of negotiations.

(2) Once negotiations have been terminated pursuant to subsection (1), they may be reopened only by mutual agreement of the parties."

Section 8. **Status reports to chief water judge.** (1) The Montana reserved water rights compact commission must submit to the chief water judge, appointed pursuant to 3-7-221, a report on the status of its negotiations on July 1, 1985, and every 6 months thereafter.

(2) Each report must state which Indian tribes and federal agencies are engaged in negotiations, whether any negotiations with Indian tribes or federal agencies have been terminated, and the progress of negotiations on a tribe-by-tribe and agency-by-agency basis. The report must be made available to the public.

[The net revenue is statutorily appropriated, as provided in [section 2 of House Bill 12].] The superintendent of public instruction shall establish the dollar amount per ANB by dividing the net lottery revenue for the school year by the total state ANB in the prior school year. He shall then notify each county superintendent by the fourth Monday of July of the total retirement fund equalization aid available to the county, as calculated separately for elementary and high school districts using the prior year's ANB and prorated as specified in 20-9-501(6) for any joint school district, and each county superintendent must use such amounts to reduce the total retirement fund levy requirement for elementary school districts and the total retirement fund levy requirement for high school districts. (2) The commission may provide for the immediate payment of prizes by the ticket or chance sales agent who sold the winning ticket or chance whenever the amount of the prize is less than an amount set by commission rule. Payment may not be made directly by a machine or device or by a computer terminal.

(3) Prizes over $100,000 may in the discretion of the commission be paid either in one lump sum or in equal yearly installments without interest over a period of not more than 10 years, except that each installment payment must be at least $20,000.

(4) Prizes not claimed within 6 months are forfeited and must be paid into the state lottery fund. No interest is due on a prize when a claim is delayed but made within 6 months.

CHAPTER NO. 670

[HB 843]

AN ACT TO REVISE THE LAWS RELATING TO PUBLIC ASSISTANCE; PROVIDING FOR ADMINISTRATION, ELIGIBILITY, AND BENEFITS RELATING TO GENERAL RELIEF ASSISTANCE PROVIDED BY COUNTIES OR BY THE STATE WHEN SUCH A PROGRAM HAS BEEN ASSUMED BY THE STATE; AMENDING SECTIONS 39-71-118, 45-6-301, 53-2-603, 53-2-802, 53-2-811, 53-3-103, AND 53-3-307, MCA; REPEALING SECTIONS 53-2-307 THROUGH 53-2-310, 53-2-604, 53-2-605, 53-3-101, 53-3-102, 53-3-104 THROUGH 53-3-107, 53-3-202 THROUGH 53-3-204, 53-3-301, 53-3-302, AND 53-3-306, MCA; AND PROVIDING EFFECTIVE DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** (1) The legislature, in order to implement the provisions of Article XII, section 3, of the Montana constitution, finds that certain persons are in need of assistance because of misfortune and must be provided with certain assistance through programs for general relief. These programs are to be efficiently administered by local county welfare boards or, whenever responsibility for local welfare programs has been assumed by the state of Montana, by the department of social and rehabilitation services. General relief, along with other assistance programs, is

HeinOnline -- 1985 vol. II 1475 1985

made available to provide basic necessities that provide minimum subsistence compatible with decency and health and to provide financial assistance for medical services necessary for serious medical conditions. General relief medical assistance is not intended to provide catastrophic medical insurance to nonindigent persons.

(2) The legislature finds that assistance under the general relief program should not be available to those persons who have either adequate income or resources of their own or who are able-bodied. When benefits and services are available through other federal or state assistance programs, general relief should not be provided in duplication of such other assistance.

(3) The legislature further finds that the purposes of the general relief program must be implemented only to the extent necessary and allowable by the mandates of Article VIII, sections 12 and 14, of the Montana constitution, regarding financial accountability and expenditure by appropriation.

Section 2. **Definitions.** For the purposes of this chapter, the following definitions apply:

(1) "Able-bodied" means the condition of a person who is not infirm.

(2) "Basic necessities" means food, shelter, utilities, and personal needs.

(3) "Department" means the department of social and rehabilitation services provided for in Title 2, chapter 15, part 22.

(4) "General relief" means, in accordance with this chapter, a program of public assistance for basic necessities and medical needs to those persons determined to be eligible for that assistance.

(5) "Household" means all persons who by choice, necessity, or legal relationship are mutually dependent upon each other for basic necessities and who reside in the same residence.

(6) "Income" means the value of all property of any nature, earned, unearned, or in-kind, including benefits reasonably certain to be received by or available to a household during the month of the receipt of the income.

(7) "Indigent" or "misfortunate" means a person who is lacking the means, financial or otherwise, by which to prevent destitution for himself and others dependent upon him for basic necessities and who is otherwise eligible for assistance under this chapter. Except as provided otherwise in [sections 4 and 10], the terms do not include able-bodied persons under the age of 50 unless they have dependent minor children living in the household.

(8) "Infirm" means the condition of a person who is diagnosed by a licensed medical practitioner and confirmed by an expert medical review to have a physical or mental handicap that significantly impairs the person's ability to be employed.

(9) "Lump-sum income" means a nonrecurring source of income received in a single payment by a household during any eligibility period, including but not limited to proceeds from a lawsuit, insurance settlement,

HeinOnline -- 1985 vol. II 1476 1985

inheritance, lump-sum retirement, veterans' or unemployment benefits; benefits received under the federal Social Security Act; prizes; and tax refunds.

(10) "Resource" means all real and personal property retained after the calendar month of its receipt and which the household or a member of the household has a legal right to sell or liquidate.

(11) "Secure facility" means any facility in which a person may be lawfully held against his will by federal, state, or local authorities.

(12) "Serious medical condition" means a physical condition that causes a serious health risk to a person and for which treatment is medically necessary, including pregnancy. Diagnosis and determination of necessary treatment must be made by a licensed medical practitioner, and the department may confirm it through an expert medical review. Necessary treatment includes prenatal care and such other elective treatments as determined by department rule to be medically necessary.

Section 3. **Responsibility for general relief.** (1) The county boards of public welfare and the department, in accordance with this chapter and other relevant statutes, are responsible for the provision of general relief to indigent or misfortunate persons as follows:

(a) Counties without state-assumed welfare services shall provide general relief consistent with their duties as specified in Title 53, chapter 2, parts 3 and 7, and this chapter.

(b) In counties with state-assumed welfare services, general relief must be provided by the department and must be consistent with its duties as specified in Title 53, chapter 2, part 8, and this chapter.

(2) In counties without state-assumed welfare services, general relief must be paid from the county poor fund as authorized in 53-2-321 through 53-2-323.

(3) In counties with state-assumed welfare services, general relief must be paid from and may not exceed money available through:

(a) a general appropriation for such purpose;

(b) county mill levies as provided for in 53-2-813; and

(c) federal or other assistance.

Section 4. **Eligibility for general relief.** (1) A person or persons, constituting a household, may receive general relief assistance for basic necessities if the household is determined to be eligible under the provisions of this section and is in need of such assistance as a result of their infirmity, misfortune, or indigency.

(2) A household is eligible for general relief if the household income does not exceed that set forth in the following table:

HeinOnline -- 1985 vol. II 1477 1985

Number of Persons in Household	Monthly Income Standard	
	Fiscal 1986	Fiscal 1987
1	$212	$219
2	284	296
3	358	372
4	432	449
5	506	526
6	580	603
7	653	679
8	727	756
9	800	832
10 or more	874	909

(3) Able-bodied persons under the age of 35 years without dependent minor children living in the household are not eligible for nonmedical general relief assistance.

(4) (a) When the household's income exceeds the monthly income standard for a household of that size because of receipt of lump-sum income, the household will be ineligible for general relief for the full number of months, beginning with the month of receipt, derived by dividing the total of the lump-sum income and other income by the monthly income standard for a household of that size. Any income remaining from this calculation will be considered as income in the first month following the period of ineligibility.

(b) The period of ineligibility may be recalculated if the household size changes or if a portion of the lump sum was used to pay medical bills for a serious medical condition.

(c) Ineligibility due to the receipt of a lump sum does not preclude eligibility for general relief medical assistance.

(5) All applicants for and recipients of general relief assistance who reside in the same residence are considered as one household.

(6) Prospective income that is reasonably certain to be received by the household during an eligibility period must be considered when determining eligibility.

(7) The following resources of a household must be excluded from consideration of resources for eligibility purposes:

(a) the domicile of the household, including necessary appurtenant land not exceeding 10 acres;

(b) a motor vehicle that has no more than $1,500 in equity value;

(c) personal items, clothing, household furniture, appliances, and other essential household items, the total equity value of which does not exceed resource eligibility limits established by rule; and

(d) tools of a trade that are essential to the current or future employment of a household member.

HeinOnline -- 1985 vol. II 1478 1985

(8) A person who is committed or sentenced by legal process to a state institution or a secure facility or who is incarcerated in a secure facility pending resolution of legal process is not eligible for general relief.

(9) A person who resides for a period of 1 day or more in any state or federally operated institution or residence is not eligible for general relief for the period of that residency.

(10) For the purposes of an eligibility determination, an applicant for or recipient of general relief may be requested to produce all financial and other information concerning the household.

(11) Whenever practical, an eligibility determination must be made within 30 days of the date of application and the applicant must be notified in writing of the eligibility determination and the reasons for the determination.

(12) An alien determined to be illegally within the United States is not eligible for general relief.

Section 5. **Eligibility for general relief medical assistance.** (1) In order to be considered for eligibility for general relief medical assistance, a person must be found to have a serious medical condition.

(2) Eligibility for general relief medical assistance must be determined as provided in this section and [section 4]. A person with a serious medical condition must apply for general relief medical assistance prior to the provision of medical services or within 90 days of the date the medical service is first provided. Eligibility is determined as of the date medical service is first provided.

(3) All persons who reside in the same residence and are legally related to or responsible for each other are considered to be one household for purposes of determining general relief medical assistance.

(4) All individual or household resources must be used to offset medical obligations except those excluded in [section 4(7)].

(5) To determine eligibility for county general relief medical assistance, a county welfare board may promulgate rules to establish the circumstances under which persons are unable to pay for their medical aid and hospitalization. However, no household with an income exceeding 300% of the amount set forth in [section 4(2)] is eligible for such medical assistance.

(6) In a county with state-assumed welfare services:

(a) covered medical services must be provided at no cost to the person residing in a household if the average household monthly income that is reasonably certain to be received in a 12-month period beginning with the month the medical service was provided does not exceed the amount in [section 4(2)];

(b) a person is not eligible for medical services if the household in which he resides has an average monthly income reasonably certain to be received in a 12-month period beginning with the month the medical service was provided in excess of that set forth in the following table:

HeinOnline -- 1985 vol. II 1479 1985

Family Size	Monthly Income Level
1	$ 314
2	375
3	400
4	425
5	501
6	564
7	624
8	685
9	744
10	804
11	864
12	923
13	983
14	1,042
15	1,102
16	1,162

(c) if the average household monthly income reasonably certain to be received in a 12-month period beginning with the month the medical service was provided is between the amount in [section 4(2)] and the monthly income level set forth in subsection (b), a household must first incur covered medical costs equal to the difference between its average monthly income and the monthly income level in subsection (b) before medical service is provided.

Section 6. **Selection of medical providers.** In arranging for medical care for those unable to provide it for themselves, the county board of public welfare or the department may select a medical provider.

Section 7. **Emergency assistance.** (1) Emergency assistance may be provided to those persons whose income and resources meet the criteria set forth in [section 4] but are not otherwise eligible for general relief assistance.

(2) Emergency assistance is limited to the following:

(a) food, for no more than 3 days in any 12-month period, and only if food stamps are unavailable for reasons other than fraud;

(b) transportation to return to the county or state of residence or origin; and

(c) shelter, for no more than 3 days in any 12-month period.

(3) In state-assumed counties, the total amount expended for this program of emergency assistance shall not exceed $100,000 for state fiscal year 1986 and $100,000 for state fiscal year 1987. Nonstate-assumed counties may adopt a plan of emergency assistance not inconsistent with this section.

Section 8. **Application for other state and federal programs — interim relief.** If other federal or state programs of assistance are reasonably available to meet the needs of a household, an applicant must apply

HeinOnline -- 1985 vol. II 1480 1985

for those programs before general relief may be provided. A household may be provided general relief after initial application for other programs of assistance. If denied such other assistance, the applicant must pursue available administrative appeals for those programs to the final administrative appeal level. If the applicant becomes eligible for other assistance covering the same period of time that interim general relief is provided, such interim relief must be repaid to the department or offset from lump sums or retroactive payments from other programs of assistance.

Section 9. **Fraud and recovery of overpayments.** (1) The department shall deny general relief for a reasonable period of time to any household determined to have received any assistance by means of fraud.

(2) The department or its agent may recover or offset any amounts of general relief made available to a household which, because of fraud or mistake, are above the amounts that should have been provided.

Section 10. **Period of eligibility.** (1) The period of eligibility for receipt of general relief for basic necessities is 1 month, except as provided in subsections (2) and (3). A person may seek to establish eligibility for the succeeding month prior to the end of the current month of eligibility.

(2) Able-bodied persons age 35 through 49 without dependent minor children living in the household are eligible for no more than 3 months of nonmedical general relief assistance within any 12-month period, except that assistance received prior to July 1, 1985, shall not be counted. For these persons who continuously meet eligibility criteria, the period of eligibility will begin 60 days after the date of application.

(3) Eligibility for general relief medical assistance terminates when the serious medical condition of the person has been treated.

(4) The period of eligibility for any type of general assistance terminates at any time the county welfare board or the department determines that the household:

(a) no longer meets the applicable eligibility requirements; or

(b) received general relief by means of fraud or mistake.

Section 11. **Form of relief.** The choice as to the form or forms of relief provided is at the discretion of the county welfare department in counties without state-assumed welfare services or the department if the state has assumed responsibility for the welfare services in a county.

Section 12. **Application.** (1) Application for general relief must be made in writing to a county welfare department or the department's local office of human services on forms provided for that purpose.

(2) A person applying in a county other than that of his residency must have his application referred to the county of his residency as soon as possible.

Section 13. **County of financial responsibility.** (1) The county responsible for benefits provided under this chapter is the county of residence of the person making application for assistance.

HeinOnline -- 1985 vol. II 1481 1985

(2) Medical costs covered by general relief medical assistance are the financial responsibility of the treated person's county of residence. Institutionalization for medical services does not change such residency.

(3) General relief medical assistance for a transient is the responsibility of the county in which the nonresident's illness or injury requiring medical attention initially occurred.

Section 14. **Scope of general relief medical assistance.** (1) General relief medical assistance is limited to those services determined necessary to treat a person's serious medical condition. Assistance may not exceed the scope or duration provided under the medicaid program pursuant to Title 53, chapter 6, part 1, and rules adopted by the department to administer the program.

(2) General relief medical assistance in a county without state-assumed welfare services must, within the limitations of subsection (1), be provided in amounts determined by the county welfare board.

(3) General relief medical assistance in counties with state-assumed welfare services must, within the limitations of subsection (1), be provided in amounts not to exceed payments under the medicaid program. Services must be limited to the least costly method of alleviating the serious medical condition.

(4) General relief medical assistance is limited to covered medical needs not met by other services or benefits available to the person. Available services or benefits include but are not limited to health and accident insurance, veterans' benefits, industrial accident benefits, medicare and medicaid benefits, and other liable third parties.

Section 15. **Amount of general relief for basic necessities.** (1) In a county without state-assumed welfare services, the amounts of general relief for basic necessities must be determined and adopted at the discretion of the county welfare board.

(2) In a county with state-assumed welfare services, the amount of general relief for basic necessities available to an eligible household is the amount listed for the same size household in the table in [section 4(2)], less income and resources not excluded in [section 4(7)].

Section 16. **Burial of deceased indigent.** (1) In a county without state-assumed welfare services, the county welfare board shall provide for the burial of a deceased indigent.

(2) In a county with state-assumed welfare services, the department shall provide for the burial of a deceased indigent.

Section 17. **Confidentiality.** (1) Any personal information provided to or obtained by the county welfare department or the department for the purposes of this chapter is confidential.

(2) Disclosure of confidential information concerning applicants for general relief is restricted to purposes directly connected with the administration of programs administered by the department except as otherwise provided in this section.

HeinOnline -- 1985 vol. II 1482 1985

(3) Confidential information may be released upon written consent of the applicant.

(4) Confidential information concerning an applicant may be released without prior consent if an emergency situation necessitates the release. The applicant must be informed of such release as soon as practicable.

(5) Confidential information may be released without notice or consent for the purpose of fraud investigation, collection of child support, and third-party medical recovery.

(6) Confidential information may be released if so directed by a court order.

Section 18. **Contested case hearing.** (1) Except as provided in subsection (2), a hearing must be held on request of any person who is dissatisfied with:

(a) an action taken on an application;

(b) an eligibility determination; or

(c) the amount or condition of payment.

(2) A hearing need not be granted if either state or federal law requires automatic grant adjustments for classes of persons unless the reason for an individual appeal is incorrect grant computation.

(3) The applicant or recipient must be informed of the right to request a hearing at the time any adverse action affects his eligibility.

(4) A hearing must be requested within 90 calendar days from the date of notice of adverse action. An applicant is considered to have been given notice on the date the notice is mailed by certified mail or personally served.

(5) The hearing must be held in:

(a) the person's county of residence;

(b) the county where application is made if residency is unestablished; or

(c) Lewis and Clark County if a real party in interest requests a hearing for an applicant in any county with state-assumed welfare services.

(6) When a real party in interest requests a hearing for an applicant, venue for judicial review of the final administrative action is Lewis and Clark County if financial responsibility is alleged to be with a state-assumed county welfare program.

Section 19. **Department to adopt rules.** The department shall adopt such rules as are necessary to implement this chapter. Rules adopted may include those necessary for application, eligibility, residency, fraud, recovery of overpayments; the form, amount, scope, and duration of relief; confidentiality; burial of deceased indigents; and definition of terms. The department may not adopt rules to govern the amounts of relief to be provided

HeinOnline -- 1985 vol. II 1483 1985

in counties where the department has not assumed responsibility for the direct administration of welfare services.

Section 20. Section 39-71-118, MCA, is amended to read:

"39-71-118. Employee, worker, and workman defined. (1) The terms "employee", "workman", or "worker" mean:

(a) each person in this state, including a contractor other than an independent contractor, who is in the service of an employer, as defined by 39-71-117, under any appointment or contract of hire, expressed or implied, oral or written. The terms include aliens and minors, whether lawfully or unlawfully employed, and all of the elected and appointed paid public officers and officers and members of boards of directors of quasi-public or private corporations while rendering actual service for such corporations for pay. Casual employees as defined by 39-71-116(3) are included as employees if they are not otherwise covered by workers' compensation and if an employer has elected to be bound by the provisions of the compensation law for these casual employments, as provided in 39-71-401(2). Household or domestic service is excluded.

(d) students enrolled and in attendance in programs of vocational technical education approved by the state board of public education at designated postsecondary vocational technical centers.

(2) If the employer is a partnership or sole proprietorship, such employer may elect to include as an employee within the provisions of this chapter any member of such partnership or the owner of the sole proprietorship devoting full time to the partnership or proprietorship business. In the event of such election, the employer must serve upon the employer's insurer written notice naming the partners or sole proprietor to be covered, and no partner or sole proprietor shall be deemed an employee within this chapter until such notice has been given. For premium ratemaking and for the determination of weekly wage for weekly compensation benefits, the insurance carrier shall assume a salary or wage of such electing employee to be not less than $900 a month and not more than 1 ½ times the average weekly wage as defined in this chapter."

CHAPTER NO. 671

[SB 13]

AN ACT CLARIFYING THAT THE MONTANA ADMINISTRATIVE PROCEDURE ACT DOES NOT APPLY TO UNITS OF LOCAL GOVERNMENT, SCHOOL DISTRICTS, OR ANY OTHER POLITICAL SUBDIVISIONS OF THE STATE; AMENDING SECTION 2-4-102, MCA; AND PROVIDING AN APPLICABILITY DATE.

WHEREAS, the Montana Supreme Court has held in recent opinions that the Montana Administrative Procedure Act applies to school districts; and

WHEREAS, it is clear from the language of section 2-4-102(2), MCA, as originally enacted, and from the 1971 official comments of the Administrative Procedures Subcommittee recommending the enactment of the Montana Administrative Procedure Act that the Act was never intended to apply to units of local government, school districts, or any other political subdivisions; and

WHEREAS, substantial confusion could result if the provisions of the Act are continued to be applied to any government entity other than state agencies; and

WHEREAS, it is the intent of the Legislature that the Act be applied only to those agencies of state government provided for in the Act and the belief of the Legislature that the Act was never intended to apply to units of local government, school districts, or any other political subdivisions of the state.

THEREFORE, it is the intent of this bill to clarify that the Montana Administrative Procedure Act does not apply to units of local government, school districts, or any other political subdivisions of this state.

Be it enacted by the Legislature of the State of Montana:

(3) The department may *not* charge *the applicant* a fee as compensation for services rendered in establishment of or enforcement of support obligations. *However, the department may charge a fee to the person from whom the support is being collected. Section 3. **Liability for bypass or tampering.** (1) A person who bypasses or tampers, either for his own benefit or the benefit of another, is liable to the affected utility as provided in [section 4] for services actually provided by the utility. [HB 438]

AN ACT TO PROVIDE FOR THE OFFSETTING OF CHILD SUPPORT DEBTS AGAINST STATE INCOME TAX REFUNDS; AMENDING SECTION 17-4-105, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-4-105, MCA, is amended to read:

"17-4-105. Authority to collect debt — offsets. (1) Once a debt of a state agency has been transferred to the department, the department shall have the authority to collect it, including the power to offset tax refunds due to individuals against the debt transferred by the state agency to the department provided the department may not exercise this right of offset until the debtor has first been notified by the department and given an opportunity for a hearing. The department may contract with commercial collection agencies for recovery of debts owed the state by debtors residing outside the boundaries of the state.

(2) In his discretion it is the duty of the state auditor to offset any amount due a state agency from a person or entity against any amount owing such person or entity by any state agency. The state auditor may deduct from the claim and draw his warrants for the amounts offset in favor of the respective state agencies to which due and for any balance in favor of the claimant. Whenever insufficient to offset all amounts due state agencies, the amount available shall be applied in such manner as the state auditor, in his discretion, shall determine.

(3) If, in the discretion of the state auditor, the person or entity refuses or neglects to file his claim within a reasonable time, the head of the state agency owing the amount shall file the claim on behalf of such person or entity; if approved by the department of administration, it shall have the same force and effect as though filed by such person or entity. The amount due any person or entity from the state or any agency thereof is the net amount otherwise owing such person or entity after any offset as in this section provided.

(4) The department may establish and maintain a procedure to offset against a debtor's income tax refund any debt which is assigned to the state pursuant to 53-2-613 or which the department is attempting to collect on behalf of an individual who has applied for service under 40-5-203. Such

debt must have accrued through written contract, court judgment, or administrative order and be in the form of a liquidated sum due and owing for the support of a minor child."

Section 2. **Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 3. **Effective date.** Section 2 and this section are effective on passage and approval except that rules adopted under section 2 may not be made effective prior to October 1, 1985.

[SB 25]

AN ACT AUTHORIZING THE STATE TO ASSUME FUNDING FOR CERTAIN DISTRICT COURT EXPENSES AND AUTHORIZING THE LEGISLATURE TO PROVIDE FUNDING FOR THE DISTRICT COURT GRANT PROGRAM; AMENDING SECTIONS 3-5-602, 3-5-604, 7-6-2352, 7-6-2426, 7-6-2427, 46-8-114, 46-8-201, 46-8-202, 46-11-319, 46-14-202, 46-14-221, 46-15-104, AND 46-18-235, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **State assumption of certain district court expenses.** (1) Effective July 1, 1985, the state shall, to the extent that money is appropriated, fund the following district court expenses in criminal cases only:

(a) salaries of court reporters;

(b) transcripts of proceedings;

(c) witness fees and necessary expenses;

(d) juror fees;

(e) indigent defense; and

(f) psychiatric examinations.

(2) The supreme court administrator, under the direction of the supreme court and in consultation with the district judges for each judicial district, shall include within the supreme court's biennial budget request to the legislature a request for funding the expenses listed in subsection (1).

(3) If money appropriated for the expenses listed in subsection (1) is insufficient to fully fund those expenses, the county is responsible for payment of the balance. If no money is appropriated, the county is responsible for payment of all expenses.

Section 2. **Fiscal administration for payment of court expenses.** The supreme court administrator shall:

HeinOnline -- 1985 vol. II 1505 1985

(1) establish procedures for disbursement of funds for payment of district court expenses listed in [section 1], including prorating of those funds if they are insufficient to cover all expenses listed in [section 1];

(2) in consultation with the department of commerce, develop a uniform accounting system for use by the counties in reporting court expenses at a detailed level for budgeting and auditing purposes; and

(3) provide for annual auditing of district court expenses to assure normal operations and consistency in reporting of expenditures.

Section 3. **Reimbursement for juror and witness fees.** According to procedures established by the supreme court administrator under [section 2(1)], each clerk of district court shall submit to the supreme court administrator a detailed statement containing a list of witnesses and jurors for criminal cases only and the amount of per diem and mileage paid to each by the county. Upon receipt and verification of the statement, the administrator shall promptly reimburse the designated county for the cost of witness and juror fees on a full or prorated basis in accordance with [section 2]. The county shall deposit the amount reimbursed in its general fund unless the county has a district court fund. If the county has a district court fund, the amount reimbursed must be deposited in such fund.

Section 4. Section 3-5-602, MCA, is amended to read:

"3-5-602. Salary and expenses — apportionment. (1) Each reporter is entitled to receive a base annual salary of not less than $16,000 or more than $23,000 and no other compensation except as provided in 3-5-604. The salary shall be set by the judge for whom the reporter works. The salary is payable in monthly installments out of the general funds of the counties comprising the district for which the reporter is appointed *and out of an appropriation made to the supreme court as provided in subsection (2).*

(2) The supreme court administrator shall determine the total number of civil and criminal actions commenced in the preceding year in the district court or courts in the judicial district for which a reporter is appointed. The state shall pay its portion of the reporter's salary based on the proportion of the total number of criminal actions commenced in the district court or courts in the district and the amount appropriated for that purpose. Each county shall pay its portion *of the remainder* of the salary based on its proportion of the total number of civil and criminal actions commenced in the district courts in the district. The judge *or judges* of the district shall, on January 1 of each year or as soon thereafter as possible, apportion the amount of the salary to be paid by each county in his *or their* district on the basis prescribed in this subsection. The *portion of the* salary *payable by a county* is a district court expense within the meaning of 7-6-2351, 7-6-2352, and 7-6-2511.

(3) In judicial districts comprising more than one county, the reporter is allowed, in addition to the salary and fees provided for in subsection (1), his actual and necessary travel expenses, as defined and provided in 2-18-501 through 2-18-503, when he goes on official business to a county of his judicial district other than the county in which he resides, from the

HeinOnline -- 1985 vol. II 1506 1985

time he leaves his place of residence until he returns thereto. The expenses shall be apportioned and payable in the same way as the salary."

Section 5. Section 3-5-604, MCA, is amended to read:

"3-5-604. Transcript of proceedings. (1) Each reporter must furnish, upon request, with all reasonable diligence, to a party or his attorney in a case in which he has attended the trial or hearing a transcript from his stenographic notes of the testimony and proceedings of the trial or hearing or a part thereof, upon payment by the person requiring the same of $2 per page for the original transcript, 50 cents per page for the first copy, 25 cents per page for each additional copy.

(2) If the county attorney, attorney general, or judge requires a transcript in a criminal case, the reporter is entitled to his fees therefor, but he must furnish it. Upon furnishing it, he shall receive a certificate *for* the sum to which he is entitled. *The reporter shall submit the certificate to the supreme court administrator who, in accordance with [section 2], is responsible for the prompt payment of all or a portion of the amount due the reporter. If the supreme court administrator, in accordance with [section 2], pays none or only a portion of the amount due, the county shall pay the balance upon receipt of a statement from the reporter.*

(3) If the judge requires a copy in a civil case to assist him in rendering a decision, the reporter must furnish the same without charge therefor. In civil cases, all transcripts required by the county shall be furnished, and only the reporter's actual costs of preparation may be paid by the county.

(4) If it appears to the judge that a defendant in a criminal case is unable to pay for a transcript, it shall be furnished to him and paid for by the *state in the manner provided in subsection (2) to the extent funds are available. The county shall pay the remainder as required in [section 1].*"

Section 6. Section 7-6-2352, MCA, is amended to read:

"7-6-2352. State grants to district courts — rules. (1) The department of commerce shall make grants, *to the extent funds are appropriated for that purpose,* to the governing body of a county for the district courts for assistance, as provided in this section.

(2) The governing body of a county may apply to the department of commerce for a grant by filing a written request on forms provided by the department by July 20 for the previous fiscal year unless the department grants a time extension upon request of the county. In its request for a grant, a county must certify that:

(a) all expenditures from the district court fund have been lawfully made;

(b) no transfers from the district court fund have been or will be made to any other fund; and

(c) no expenditures have been made from the district court fund that are not specifically authorized by 7-6-2511 and 7-6-2351.

(3) *To the extent funds are available, the* department of commerce shall award a grant if the county's district court expenditures for the previous fiscal year exceeded the sum of:

HeinOnline -- 1985 vol. II 1507 1985

(a) the product of the maximum mill levy authorized by law for district court purposes, whether or not assessed, multiplied by the previous year's taxable valuation of the county; and

(b) all revenues, except district court grants, required by law to be deposited in the district court fund for the previous fiscal year.

(4) Eligible court expenditures for grant purposes include all costs of the county associated with the operation and maintenance of the district court, from whatever fund paid, except costs for building and capital items and library maintenance, replacement, and acquisition.

(5) The department of commerce shall notify each eligible county as soon as possible of its intention to award a grant to that county and the amount of the award.

(6) The grant received by the county shall be placed in the district court fund.

(7) After all grants are awarded, the department of commerce shall audit each approved grant request. The department shall charge each county receiving a grant an audit fee in the same amount as the costs incurred in conducting the audit.

(8) If the audit of a grant recipient discloses that the recipient received a grant in excess of the amount for which it was eligible, the recipient shall repay the excess to the department of commerce. The department shall redistribute any repaid excess amounts to the other counties that received grants from the appropriation from which the overpayment was made, on the same basis as the original awards. No county is eligible for a district court grant if it owes the department a refund of a prior year's overpayment.

(9) The department of commerce shall prescribe rules and forms necessary to effectively administer this section. The department may require a county to provide any information considered necessary for the administration of the program."

Section 7. Section 7-6-2426, MCA, is amended to read:

"7-6-2426. Enumeration of county charges. The following are county charges:

(1) charges incurred against the county by virtue of any provision of this title;

(2) one-half of the salary of the county attorney and all expenses necessarily incurred by him in criminal cases arising within the county;

Section 8. Section 7-6-2427, MCA, is amended to read:

"7-6-2427. Special provisions for certain charges related to criminal prosecutions. (1) Notwithstanding 7-6-2426, all costs of a criminal prosecution, including attorneys' fees, of an offense committed in the state prison are not charges against the county in which the state prison is located. Such costs shall be paid by the department of institutions.

(2) *If* a criminal action is removed before trial, the costs accruing upon such removal and trial must be a charge against the county in which the indictment was found or information filed, *subject to partial or total reimbursement as provided in [section 1]*."

Section 9. Section 46-8-114, MCA, is amended to read:

"46-8-114. Time and method of payment of costs. When a defendant is sentenced to pay the costs of court-appointed counsel, the court may order payment to be made within a specified period of time or in specified installments. Such payments shall be made to the clerk of the district court. The clerk of the district court shall disburse the payments to the county, *city, town,* or state agency responsible for the expenses of court-appointed counsel as provided for in 46-8-201."

(2) The expense of implementing subsection (1) is chargeable *as provided in [section 1]* to the county in which the proceeding arose, *the office of supreme court administrator, or both,* except that:

(a) in proceedings solely involving the violation of a city ordinance or state statute prosecuted in a municipal or city court, the expense is chargeable to the city or town in which the proceeding arose; and

HeinOnline -- 1985 vol. II 1509 1985

(b) when there has been an arrest by agents of the department of fish, wildlife, and parks or agents of the department of justice, the expense must be borne by the state agency causing the arrest."

Section 11. Section 46-8-202, MCA, is amended to read:

"46-8-202. Public defender's office. Any county through its board of county commissioners may provide for the creation of a public defender's office and the appointment of a salaried public defender and such assistant public defenders as may be necessary to satisfy the legal requirements in providing counsel for defendants unable to employ counsel. The costs of such office shall be at *state* expense *payable according to procedures established under [section 2(1)] and, to the extent those costs are not paid by the state, at county expense in accordance with [section 1(3)] and [section 2(1)]*."

"46-11-319. Expenses of grand jury. *(1)* All expenses of the grand jury, including special counsel and investigators, if any, shall be paid by the treasurer of the county out of the general fund of the county upon warrants drawn by the county auditor or the clerk of the district court upon the written order of the judge of the district court of the county.

(2) Subject to the procedures established under [section 2(1)], the state shall reimburse the county for juror and witness fees as provided in [section 3] and for witness expenses as provided in 46-15-104. The county shall deposit the amount reimbursed in its general fund unless the county has a district court fund. If the county has a district court fund, the amount reimbursed must be deposited in such fund."

Section 13. Section 46-14-202, MCA, is amended to read:

"46-14-202. Psychiatric examination of defendant. (1) If the defendant or his counsel files a written notice of his intent to rely on a mental disease or defect under 46-14-201 or raises the issue of his fitness to proceed, the court shall appoint at least one qualified psychiatrist or shall request the superintendent of the Montana state hospital to designate at least one qualified psychiatrist, which designation may be or include himself, to examine and report upon the mental condition of the defendant.

(2) The court may order the defendant to be committed to a hospital or other suitable facility for the purpose of the examination for a period of not exceeding 60 days or such longer period as the court determines to be necessary for the purpose and may direct that a qualified psychiatrist retained by the defendant be permitted to witness and participate in the examination.

(3) In the examination any method may be employed which is accepted by the medical profession for the examination of those alleged to be suffering from mental disease or defect.

(4) The cost of the examination must be paid by the county or the state, or both, according to procedures established under [section 2(1)]."

(1) The issue of the defendant's fitness to proceed may be raised by the defendant or his counsel or by the county attorney. When the issue is raised, it shall be determined by the court. If neither the county attorney nor counsel for the defendant contests the finding of the report filed under 46-14-203, the court may make the determination on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon the hearing, the parties have the right to summon and cross-examine the psychiatrists who joined in the report and to offer evidence upon the issue.

(2) If the court determines that the defendant lacks fitness to proceed, the proceeding against him shall be suspended, except as provided in subsection (4) of this section, and the court shall commit him to the custody of the director of the department of institutions to be placed in an appropriate institution of the department of institutions for so long as the unfitness endures. The committing court shall, within 90 days of commitment, review the defendant's fitness to proceed. If the court finds that he is still unfit to proceed and that it does not appear that he will become fit to proceed within the reasonably foreseeable future, the proceeding against him shall be dismissed, except as provided in subsection (4) of this section, and the county attorney shall petition the court in the manner provided in chapter 20 or 21 of Title 53, whichever is appropriate, to determine the disposition of the defendant pursuant to those provisions.

(4) The fact that the defendant is unfit to proceed does not preclude any legal objection to the prosecution which is susceptible to fair determination prior to trial and without the personal participation of the defendant.

(5) The expenses of sending the defendant to the custody of the director of the department of institutions to be placed in an appropriate institution of the state department of institutions, of keeping him there, and of bringing him back are chargeable to the state *and payable according to procedures established under [section 2(1)]*."

(2) According to procedures established by the supreme court administrator under [section 2(1)], the clerk of district court shall submit to the supreme court administrator a detailed statement containing a list of witnesses and the amount of expenses paid to each by the county. Upon

HeinOnline -- 1985 vol. II 1511 1985

receipt and verification of the statement, the administrator shall promptly reimburse the designated county for all or a portion of the cost of witness expenses. The county shall deposit the amount reimbursed in its general fund unless the county has a district court fund. If the county has a district court fund, the amount reimbursed must be deposited in such fund."

Section 16. Section 46-18-235, MCA, is amended to read:

The money collected by a court as a result of the imposition of fines or assessment of costs under the provisions of 46-18-231 and 46-18-232 shall be paid to the county general fund of the county in which the court is held, except that:

(1) if the costs assessed include any district court expense listed in [section 1], the money collected from assessment of these costs must be paid to the supreme court administrator for deposit into the state general fund to the extent the expenses were paid by the state; and

(2) if the fine was imposed for a violation of Title 45, chapter 9, the court may order the money paid into the drug forfeiture fund maintained under 44-12-206 for the law enforcement agency which made the arrest from which the conviction and fine arose."

Section 17. **Codification instruction.** Sections 1 through 3 are intended to be codified as an integral part of Title 3, chapter 5, and the provisions of Title 3, chapter 5, apply to sections 1 through 3.

Section 18. **Coordination instruction.** If Senate Bill No. 142 is not passed and approved or if Senate Bill No. 142, as passed and approved, contains no funding or appropriation for district court expenses and grants, this act is void.

Section 19. **Effective date.** This act is effective July 1, 1985.

Approved May 9, 1985.

CHAPTER NO. 681

[SB 33]

AN ACT PROVIDING FOR ESTABLISHMENT OF AGRICULTURAL LAND AND TIMBERLAND VALUES FOR THE REVALUATION CYCLE BEGINNING JANUARY 1, 1986; CREATING CLASS THIRTEEN PROPERTY FOR TIMBERLANDS; REMOVING TIMBERLANDS FROM CLASS THREE PROPERTY; CONTINUING THE EXEMPTION FROM THE PROVISIONS OF THE REALTY TRANSFER ACT FOR TIMBERLANDS; AMENDING SECTIONS 15-6-101, 15-7-201, 15-7-202, 15-7-307, AND 15-8-111, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, House Bill 851 (Ch. 510, L. 1983) enacted by the 48th Legislature recognized the difficult economic circumstances of farmers and ranchers by placing a temporary moratorium on the effective date of any Department of Revenue rules revising agricultural land valuations; and

HeinOnline -- 1985 vol. II 1512 1985

WHEREAS, House Bill 637 (Ch. 644, L. 1983) enacted by the 48th Legislature expanded upon the intent of the Legislature regarding the valuation of agricultural land; and

WHEREAS, House Joint Resolution 35 was adopted in the 1983 Legislative Session, calling for a study of agricultural land taxation; and

WHEREAS, the legislative interim Joint Subcommittee on Agricultural Land Taxation has studied taxes on agricultural land; and

WHEREAS, the Joint Subcommittee on Agricultural Land Taxation found that the productive value of agricultural lands actually decreased since the last revaluation of agricultural land; and

WHEREAS, the Joint Subcommittee on Agricultural Land Taxation, with a policy of fairness and fiscal responsibility, recommended that assessed valuations currently in effect for agricultural land, except irrigated land, be continued for the revaluation cycle beginning January 1, 1986; and

WHEREAS, it is the intent of the Legislature to implement the recommendation of the Joint Subcommittee on Agricultural Land Taxation.

THEREFORE, it is the purpose of this bill to reflect that recommendation by amending section 15-7-201, MCA, and clarifying the legislative intent with respect to the valuation of agricultural lands.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-7-201, MCA, is amended to read:

"15-7-201. (Effective January 1, 1986) Legislative intent — value of agricultural property. (1) Since the market value of many agricultural properties is based upon speculative purchases which do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties shall be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land shall be classified according to its use, which classifications shall include but not be limited to irrigated use, nonirrigated use, and grazing use. *Except as provided in subsections (3) and (4), within* each class *of agricultural land, such* land shall be assessed at a value that is fairly based on its ability to produce.

(3) Capital costs such as improved water distribution, fertilizer, and land shaping that increase productivity shall not be used in determining assessed values.

(4) For the revaluation beginning January 1, 1986, the department of revenue shall continue to use the agricultural land valuation schedules in effect on January 12, 1984, except that irrigated land values shall be revised, taking noncapital water distribution costs into consideration. However, at no time may the value of irrigated land be below the value such land would have if it were not irrigated."

HeinOnline -- 1985 vol. II 1513 1985

Section 2. **Class thirteen property — description — taxable percentage.** (1) Class thirteen property includes all timberland.

(2) Timberland is contiguous land exceeding 15 acres in one ownership that is capable of producing timber that can be harvested in commercial quantity.

(3) Class thirteen property is taxed at the percentage rate "P" of the combined appraised value of the standing timber and grazing productivity of the property.

(4) For taxable years beginning January 1, 1986, and thereafter, the taxable percentage rate "P" applicable to class thirteen property is 30%/B, where B is the certified statewide percentage increase to be determined by the department of revenue as provided in subsection (5). The taxable percentage rate "P" shall be rounded downward to the nearest 0.01% and shall be calculated by the department before July 1, 1986.

(5) (a) Prior to July 1, 1986, the department shall determine the certified statewide percentage increase for class thirteen property using the formula B = X/Y, where:

(i) X is the appraised value, as of January 1, 1986, of all property in the state, excluding use changes occurring during the preceding year, classified under class thirteen as class thirteen is described in this section; and

(ii) Y is the appraised value, as of January 1, 1985, of all property in the state that, as of January 1, 1986, would be classified under class thirteen as class thirteen is described in this section.

(b) B shall be rounded downward to the nearest 0.0001%.

(6) After July 1, 1986, no adjustment may be made by the department to the taxable percentage rate "P" until a valuation has been made as provided in 15-7-111.

Section 3. Section 15-6-101, MCA, is amended to read:

"15-6-101. Property subject to taxation — classification. (1) All property in this state is subject to taxation, except as provided otherwise.

(2) For the purpose of taxation, the taxable property in the state shall be classified in accordance with *this part.*"

Section 4. Section 15-7-202, MCA, is amended to read:

"15-7-202. Eligibility of land for valuation as agricultural. (1) Land which is actively devoted to agricultural use shall be eligible for valuation, assessment, and taxation as herein provided each year it meets any of the following qualifications:

(a) the area of such land is not less than 5 contiguous acres when measured in accordance with provisions of 15-7-206, and it has been actively devoted to agriculture during the last growing season, and it continues to be actively devoted to agricultural use, which means:

(i) it is used to produce field crops including but not limited to grains, feed crops, fruits, vegetables; or

HeinOnline -- 1985 vol. II 1514 1985

(ii) it is used for grazing; or

(iii) it is in a cropland retirement program; or

(b) it agriculturally produces for sale or home consumption the equivalent of 15% or more of the owners' annual gross income regardless of the number of contiguous acres in the ownership; or

(c) it is used to raise animals in confined areas for the production of food or fiber, including but not limited to livestock, feedlots, dairies, fish hatcheries, and poultry farms.

(2) Land shall not be classified or valued as agricultural if it is subdivided with stated restrictions prohibiting its use for agricultural purposes.

(3) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise shall not be considered a bona fide agricultural operation.

(4) For the purposes of this part, growing timber is not an agricultural use."

Section 5. Section 15-7-307, MCA, is amended to read:

"15-7-307. Certificate — exceptions. The certificate imposed by this part shall not apply to:

(1) an instrument recorded prior to July 1, 1975;

(2) the sale of agricultural land when the land is used for agricultural purposes;

(3) the sale of timberland when the land is used for producing timber;

(4) the United States of America, this state, or any instrumentality, agency, or subdivision thereof;

(5) an instrument which (without added consideration) confirms, corrects, modifies, or supplements a previously recorded instrument;

(6) a transfer pursuant to court decree;

(7) a transfer pursuant to mergers, consolidations, or reorganizations of corporations, partnerships, or other business entities;

(8) a transfer by a subsidiary corporation to its parent corporation without actual consideration or in sole consideration of the cancellation or surrender of subsidiary stock;

(9) a transfer of decedents' estates;

(10) a transfer of a gift;

(11) a transfer between husband and wife or parent and child with only nominal actual consideration therefor;

(12) an instrument the effect of which is to transfer the property to the same party or parties;

(13) a sale for delinquent taxes or assessments, sheriff sale, bankruptcy action, or mortgage foreclosure;

HeinOnline -- 1985 vol. II 1515 1985

(14) a transfer made in contemplation of death."

Section 6. Section 15-8-111, MCA, is amended to read:

"15-8-111. Assessment — market value standard — exceptions. (1) All taxable property must be assessed at 100% of its market value except as provided in subsection (5) of this section and in 15-7-111 through 15-7-114.

(2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) The market value of all motor trucks; agricultural tools, implements, and machinery; and vehicles of all kinds, including but not limited to motorcycles, aircraft, and boats and all watercraft, is the average wholesale value shown in national appraisal guides and manuals or the value of the vehicle before reconditioning and profit margin. The department of revenue shall prepare valuation schedules showing the average wholesale value when no national appraisal guide exists.

(3) The department of revenue or its agents may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property in 15-6-134 through 15-6-140. For purposes of taxation, assessed value is the same as appraised value.

(4) The taxable value for all property in classes four through eleven is the percentage of market value established for each class of property in 15-6-134 through 15-6-141.

(5) The assessed value of properties in 15-6-131 through 15-6-133 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503.

(b) Properties in 15-6-132 under class two are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133, under class three, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(d) Properties in [section 2], under class thirteen, are assessed at 100% of the combined appraised value of the standing timber and grazing productivity of the land when valued as timberland.

(6) Land and the improvements thereon are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

HeinOnline -- 1985 vol. II 1516 1985

(c) the land is outside an incorporated city or town.

(7) The taxable value of all property in 15-6-131 and classes two, three, *and thirteen* is the percentage of assessed value established in 15-6-131(2), 15-6-132, 15-6-133, *and [section 2]* for each class of property."

Section 7. **Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 8. **Codification instruction.** Section 2 is intended to be codified as an integral part of Title 15, chapter 6, part 1, and the provisions of Title 15 apply to section 2.

Section 9. **Coordination instruction.** In the event that House Bill No. 240, including those sections separating agricultural land and timberland, or any other similar bill passes which separates agricultural land and timberland into separate classes, the provisions of this act as they apply to timberland shall be void. In the event that Senate Bill No. 431 passes, the definition of timberland in section 2 must be consistent with the definition embodied in Senate Bill No. 431.

Section 10. **Effective date — termination date.** This act is effective January 1, 1986, and, except for section 3, terminates January 1, 1991.

Approved May 9, 1985.

HeinOnline -- 1985 vol. II 1517 1985

(b) refunds received of federal income tax, to the extent the deduction of such tax resulted in a reduction of Montana income tax liability.

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954 as labeled or amended, adjusted gross income does not include the following which are exempt from taxation under this chapter:

(a) all interest income from obligations of the United States government, the state of Montana, county, municipality, district, or other political subdivision thereof;

(f) all benefits paid under The Public Employees' Retirement System Act which are specified as exempt from taxation by 19-3-105;

(g) all benefits paid under the highway patrol retirement law which are specified as exempt from taxation by 19-6-705;

(h) all Montana income tax refunds or credits thereof;

(i) all benefits paid under 19-11-602, 19-11-604, and 19-11-605 to retired and disabled firefighters, their surviving spouses and orphans;

(j) all benefits paid by first- or second-class cities for the policemen's retirement system provided for by Title 19, chapter 9;

(m) all benefits received under the workers' compensation laws; and

(n) all health insurance premiums paid by an employer for an employee if attributed as income to the employee under federal law.

gross income by reason of the said election under subchapter S. However, the shareholder's adjusted gross income shall include actual distributions from the corporation to the extent they would be treated as taxable dividends if the subchapter S. election were not in effect.

(4) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in his adjusted gross income the earnings and profits of the DISC in the same manner as provided by federal law (section 995, Internal Revenue Code) for all periods for which the DISC election is effective.

(5) A taxpayer who, in determining federal adjusted gross income, has reduced his business deductions by an amount for wages and salaries for which a federal tax credit was elected under section 44B of the Internal Revenue Code of 1954 or as that section may be labeled or amended is allowed to deduct the amount of such wages and salaries paid regardless of the credit taken. The deduction must be made in the year the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(6) Married taxpayers filing a joint federal return who must include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. CHAPTER NO. 683

[SB 129]

AN ACT TO ESTABLISH A CENTRALIZED FILING SYSTEM FOR SECURITY INTERESTS COVERING AGRICULTURAL PRODUCTS; PROVIDING FOR COMPUTER DATA TO BE SEARCHABLE BY PRIVATE COMPUTERS; AMENDING SECTIONS 2-6-109, 30-9-401, 30-9-403, AND 30-9-407, MCA; AND PROVIDING EFFECTIVE DATES AND AN IMPLEMENTATION SCHEDULE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-9-401, MCA, is amended to read:

"30-9-401. Place of filing — erroneous filing — removal of collateral. (1) Except for financing statements filed pursuant to 30-9-409, the proper place to file in order to perfect a security interest is as follows:

HeinOnline -- 1985 vol. II 1519 1985

(a) when the collateral is consumer goods, then in the office of the county clerk and recorder in the county of the debtor's residence or if the debtor is not a resident of this state then in the office of the county clerk and recorder in the county where the goods are kept;

(b) when the collateral is timber to be cut or is minerals or the like (including oil and gas) or accounts subject to 30-9-103(5), or when the financing statement is filed as a fixture filing (30-9-313) and the collateral is goods which are or are to become fixtures, then in the office where a mortgage on the real estate would be filed or recorded;

(c) in all other cases, in the office of the secretary of state.

(2) A filing which is made in good faith in an improper place or not in all of the places required by this section is nevertheless effective with regard to any collateral as to which the filing complied with the requirements of this chapter and is also effective with regard to collateral covered by the financing statement against any person who has knowledge of the contents of such financing statement.

(3) A filing which is made in the proper place in this state continues effective even though the debtor's residence or place of business or the location of the collateral or its use, whichever controlled the original filing, is thereafter changed.

(4) The rules stated in 30-9-103 determine whether filing is necessary in this state.

(5) For the purposes of this section, the residence of an organization is its place of business, if it has one, or its chief executive office if it has more than one place of business."

Section 2. Section 30-9-403, MCA, is amended to read:

"30-9-403. What constitutes filing — duration of filing — effect of lapsed filing — duties of filing officer — computerized farm statement system. (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this chapter.

(2) Except as provided in *subsections* (6) *and (10)*, a filed financing statement is effective for a period of 5 years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the 5-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the 5-year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is considered to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within 6 months prior to the expiration of the 5-year period specified in subsection (2). Any such continuation statement must be signed by the secured

HeinOnline -- 1985 vol. II 1520 1985

party, identify the original statement by file number, and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with 30-9-405(2), including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for 5 years after the last date to which the filing was effective, whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after 1 year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than 5 years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) Except as provided in subsection (7), a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition, the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) *Except as provided in subsection (8), the* uniform fees for filing, indexing, and stamping a copy furnished by the filing party to show the date and place of filing shall be the following amounts for:

(a) an original financing or continuation statement in standard form — $2;

(b) a termination statement in standard form — $2;

(c) a financing statement indicating an assignment in standard form — $2;

(d) a statement of release of collateral in standard form — $2;

(e) a certificate from the filing officer showing that an effective financing statement is on file, requested in the standard form — $3;

(f) any of the documents in (a) through (e) other than in standard form — an additional $2;

(g) each name more than one required to be indexed — $2;

(h) a uniform indexing fee of $2 for showing a trade name for any person; and

(i) any of the filing and indexing in subsections (a), (b), or (d) where the collateral is equipment or rolling stock of railroads or street railways — $15.

HeinOnline -- 1985 vol. II 1521 1985

(6) If the debtor is a transmitting utility and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage that is effective as a fixture filing under 30-9-402(6) remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to 30-9-103(5) or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or if indexing is by description, in the same fashion as if the financing statement were a mortgage of the real estate described.

(8) When a financing or continuation statement filed by a financial institution covers farm products or accounts, livestock, general intangibles arising from or relating to the sale of farm products by a farmer, crops growing or to be grown, or equipment used in farming operations, the fee for filing must be established by the secretary of state in an amount commensurate with the costs of establishing and operating the computerized access system described in subsection (9). The secretary of state shall deposit all fees he collects in the state treasury and the fee money is allocated to the secretary of state to pay the expenses of establishing and operating the computerized access system.

(9) Within one working day of receipt of a financing or continuation statement described in subsection (8), the secretary of state shall record the information contained in the statement on a centralized computer system that he shall establish and he shall mail a certified copy of the financing or continuation statement, with the filing fee provided in subsection (5), to the clerk and recorder of the debtor's county. The computer system must allow access to financing statement information by any type of communications which conform to standards used by the state central computer. The system must have safeguards to allow only access to UCC data and to prevent alteration, addition, or deletion of the UCC data. The computer must be accessible whenever the state computer system is available. A perfected security interest in the collateral described in subsection (8) is not created until the financing statement information is recorded on the system. A printout of information from the system is prima facie evidence of the existence or nonexistence of the filing of a financing statement. The secretary of state shall maintain adequate errors and omissions liability coverage to protect against input errors causing loss to a secured party.

(10) When a financing or continuation statement covers property described in subsection (8), its effectiveness lapses on July 1, 1986, unless prior to that date there is filed in the office of the secretary of state a certified copy of the statement on file with the county clerk and all related documents as provided in [section 5].

(11) Financing statement information in the computer system constitutes public writings within the meaning of 2-6-101, but the information may not be used to compile mailing lists."

HeinOnline -- 1985 vol. II 1522 1985

Section 3. Section 30-9-407, MCA, is amended to read:

"30-9-407. Information from filing officer. (1) If the person filing any financing statement, termination statement, statement of assignment, or statement of release furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person, the filing officer shall issue his certificate showing whether there is on file on the date and hour stated therein, any presently effective financing statement naming a particular debtor and any statement of assignment thereof and, if there is, giving the date and hour of filing of each such statement and the name and address of each secured party therein. The uniform fee for such a certificate shall be set pursuant to 30-9-403. Upon request the filing officer shall furnish a copy of any filed financing statement or statement of assignment for a uniform fee of 50 cents per page.

(3) A computer printout from the system described in 30-9-403(9) constitutes the certificate of the secretary of state as to whether there is on file, on the date and hour stated thereon, such a financing statement covering the collateral described in 30-9-403(8). The fee for requesting a printout from the secretary of state must cover the cost of the printout. If a certificate is made on a requestor's own computer using telephone dial-up access, a fee commensurate with costs must be charged."

Section 4. **Rules for agricultural lien filing — duties — perfection and priority rights.** (1) The secretary of state shall adopt rules establishing fees for filing a financing statement pursuant to 30-9-403(8) and for the cost of a printout pursuant to 30-9-407. The secretary of state may adopt rules concerning the operation of the central agricultural security interest computer filing system, prescribing such matters as format for data and the type of information to be recorded from the financing statement.

(2) A financing statement covering the collateral described in 30-9-403(8) which was filed with a county clerk and recorder prior to July 1, 1985, and which was sufficient on that date to perfect a security interest in the collateral described therein retains its perfection and priority rights upon being centrally filed as provided in [section 5].

Section 5. **Implementation schedule — refiling of existing financing statements.** (1) A financing or continuation statement covering property described in 30-9-403(8) filed after June 30, 1985, must be filed in the office of the secretary of state.

(2) A financing or continuation statement that covers property described in 30-9-403(8) and is filed and of record with a county clerk and recorder lapses as provided in 30-9-403(10).

(3) The refiling of a financing or continuation statement in the office of the secretary of state that covers property described in 30-9-403(8) is accomplished by:

HeinOnline -- 1985 vol. II 1523 1985

(a) presenting a certified copy of the statement as filed and of record with the county clerk and recorder together with certified copies of all related documents, including all continuances, releases, assignments, or amendments;

(b) filing with the county clerk and recorder a notice that the statement and related documents have been filed in the office of the secretary of state; and

(c) tendering the filing fee.

(4) The secretary of state shall by administrative rule establish fees for filing and indexing documents as required by this section. The fees must be commensurate with the costs of processing the documents and establishing the computerized access system described in 39-9-403(9). The secretary of state shall deposit all fees he collects in the state treasury and the fee money is allocated to the secretary of state to pay the expenses of establishing and operating the computerized access system.

Section 6. Section 2-6-109, MCA, is amended to read:

"2-6-109. Prohibition on distribution or sale of mailing lists — penalty. (1) Except as provided in subsections (3), (4), (5), and (6), in order to protect the privacy of those who deal with state and local government:

(a) no agency may distribute or sell for use as a mailing list any list of persons without first securing the permission of those on the list; and

(b) no list of persons prepared by the agency may be used as a mailing list except by the agency or another agency without first securing the permission of those on the list.

(2) As used in this section, "agency" means any board, bureau, commission, department, division, authority, or officer of the state or a local government.

(3) *Except as provided in 30-9-403, this* section does not prevent an individual from compiling a mailing list by examination of original documents or applications which are otherwise open to public inspection.

(4) This section does not apply to the lists of registered electors and the new voter lists provided for in 13-2-115 and 13-38-103, or to lists of the names of employees governed by Title 39, chapter 31.

(5) This section shall not prevent an agency from providing a list to persons providing prelicensing or continuing educational courses subject to Title 20, chapter 30, or specifically exempted therefrom as provided in 20-30-102.

(6) This section does not apply to the right of access either by Montana law enforcement agencies or, by purchase or otherwise, of public records dealing with motor vehicle registration.

(7) A person violating the provisions of subsection (1)(b) is guilty of a misdemeanor."

HeinOnline -- 1985 vol. II 1524 1985

Section 7. **Construction.** Nothing contained in 30-9-403 may be construed to limit the authority of the department of livestock to accept and file notices of security agreements covering branded livestock. All liens on any livestock bearing a recorded brand must be filed with the department of livestock as provided for in 81-8-301.

Section 8. **Codification instruction.** Sections 4 and 7 are intended to be codified as an integral part of Title 30, chapter 9, and the provisions of Title 30, chapter 9, apply to sections 4 and 7.

Section 9. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. **Effective dates.** (1) Sections 1 through 4, 6, and 7 are effective July 1, 1986.

(2) Sections 5 and 8 through 10 are effective on passage and approval.

Approved May 9, 1985.

CHAPTER NO. 684

[SB 110]

AN ACT ADOPTING THE UNIFORM ARBITRATION ACT AND CONFORMING OTHER STATUTORY PROVISIONS THERETO; PROVIDING FOR APPLICABILITY TO CERTAIN AGREEMENTS; AMENDING SECTIONS 2-18-621, 27-1-412, 28-2-708, AND 71-3-801, MCA; AND REPEALING SECTIONS 27-5-101 THROUGH 27-5-105, 27-5-201 THROUGH 27-5-203, AND 27-5-301 THROUGH 27-5-304, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 21] may be cited as the "Uniform Arbitration Act".

Section 2. **Uniformity of interpretation.** [Sections 1 through 21] must be construed to effectuate [their] general purpose to make uniform the law of those states that enact [them].

Section 3. **Application to labor agreements.** Arbitration agreements between employers and employees or between their respective representatives are valid and enforceable and may be subject to all or portions of [sections 1 through 21] if the agreement so specifies, except [section 15(1), (3), (4), and (5) and section 16] apply in every case.

Section 4. **Validity of arbitration agreement — exceptions.** (1) A written agreement to submit an existing controversy to arbitration is valid and enforceable except upon such grounds as exist at law or in equity for the revocation of a contract.

HeinOnline -- 1985 vol. II 1525 1985

(2) A written agreement to submit to arbitration any controversy arising between the parties after the contract is made is valid and enforceable except upon such grounds as exist at law or in equity for the revocation of a contract. This subsection does not apply to:

(a) claims arising out of personal injury, whether based on contract or tort;

(b) any agreement concerning or relating to insurance policies or annuity contracts except for those contracts between insurance companies;

(c) any contract by an individual for the acquisition of real or personal property, services, or money or credit where the total consideration to be paid or furnished by the individual is $35,000 or less; and

(d) claims for workers' compensation.

(3) Notice that a contract is subject to arbitration pursuant to [this act] shall be typed in underlined capital letters on the first page of the contract; and unless such notice is displayed thereon, the contract may not be subject to arbitration.

Section 5. **Proceedings to compel or stay arbitration.** (1) On the application of a party showing an agreement described in [section 4] and the opposing party's refusal to arbitrate, the district court shall order the parties to proceed with arbitration; but if the opposing party denies the existence of the agreement to arbitrate, the court shall proceed summarily to the determination of that issue raised and shall order arbitration if it finds for the applying party or deny the application if it finds for the opposing party.

(2) On application, the district court may stay an arbitration proceeding commenced or threatened on a showing that there is no agreement to arbitrate. Such an issue, when in substantial and bona fide dispute, shall be immediately and summarily tried and the stay ordered if the court finds for the applying party. If the court finds for the opposing party, it shall order the parties to proceed to arbitration.

(3) If an issue referable to arbitration under the alleged agreement is involved in an action or proceeding pending in a court having jurisdiction to hear applications under subsection (1), the application must be made in that court. Otherwise, and subject to [section 20], the application may be made in any court of competent jurisdiction.

(4) An action or proceeding involving an issue subject to arbitration must be stayed if an order or application for arbitration has been made under this section. If an issue is severable, the stay may be with respect to the severable issue only. When the application is made in such action or proceeding, the order for arbitration shall include such stay.

(5) An order for arbitration may not be refused on the ground that the claim in issue lacks merit or good faith or because no fault or grounds for the claim sought to be arbitrated have been shown.

Section 6. **Appointment of arbitrators.** If the arbitration agreement provides a method of appointment of arbitrators, this method shall be followed. If no method is provided, the agreed method fails or for any reason

HeinOnline -- 1985 vol. II 1526 1985

cannot be followed, or an appointed arbitrator fails or is unable to act and his successor has not been duly appointed, the district court on application of a party shall appoint one or more arbitrators. An arbitrator so appointed has all the powers of one specifically named in the agreement.

Section 7. **Majority action by arbitrators.** The powers of the arbitrators may be exercised by a majority unless otherwise provided by the agreement or by [sections 1 through 21].

Section 8. **Hearing.** Unless otherwise provided by the agreement, the following apply:

(1) The arbitrators shall appoint a time and place for the hearing and cause notification to the parties to be served personally or by certified mail not less than 5 days before the hearing. Appearance at the hearing waives such notice. The arbitrators may adjourn the hearing from time to time as necessary and, on request of a party and for good cause or upon their own motion, may postpone the hearing to a time not later than the date fixed by the agreement for making the award unless the parties consent to a later date. The arbitrators may hear and determine the controversy upon the evidence produced, notwithstanding the failure of a party duly notified to appear. The district court on application may direct the arbitrators to proceed promptly with the hearing and determination of the controversy.

(2) The parties are entitled to be heard, present evidence material to the controversy, and cross-examine witnesses appearing at the hearing.

(3) The hearing must be conducted by all the arbitrators, but a majority may determine any question and render a final award. If during the course of the hearing an arbitrator for any reason ceases to act, the remaining arbitrator or arbitrators appointed to act as neutrals may continue with the hearing and determination of the controversy.

Section 9. **Representation by attorney.** A party has the right to be represented by an attorney at any proceeding or hearing under [sections 1 through 21]. A waiver of this right prior to the proceeding or hearing is ineffective.

Section 10. **Witnesses, subpoenas, and depositions.** (1) The arbitrators may issue subpoenas for the attendance of witnesses and the production of books, records, documents, and other evidence and may administer oaths. Subpoenas so issued must be served and, upon application to the district court by a party or the arbitrators, enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action in district court.

(2) On the application of a party and for use as evidence, the arbitrators may permit a deposition to be taken, in the manner and upon the terms designated by the arbitrators, of a witness who cannot be subpoenaed or is unable to attend the hearing.

(3) All provisions of law compelling a person under subpoena to testify are applicable to persons subpoenaed under [sections 1 through 21].

(4) Fees for attendance as a witness are the same as for a witness in the district court.

HeinOnline -- 1985 vol. II 1527 1985

Section 11. **Award.** (1) The award must be in writing and signed by the arbitrators joining in the award. The arbitrators shall deliver a copy to each party personally by certified mail or as provided in the agreement.

(2) An award must be made within the time fixed by the agreement or, if no time is fixed, within such time as the district court orders on application of a party. The parties may extend the time, in writing, either before or after the expiration thereof. A party waives the objection that an award was not made within the time required unless he notifies the arbitrators of his objection prior to the delivery of the award to him.

Section 12. **Change of award by arbitrators.** On the application of a party or, if an application to the court is pending under [section 14, 15, or 16], on submission to the arbitrators by the court under such conditions as the court may order, the arbitrators may modify or correct the award upon the grounds stated in [subsections (1)(a) and (1)(c) of section 16] or for the purpose of clarifying the award. The application must be made within 20 days after delivery of the award to the applicant. Written notice thereof shall be given immediately to the opposing party, stating that he must serve his objections thereto, if any, within 10 days from the notice. A modified or corrected award is subject to the provisions of [sections 14, 15, and 16].

Section 13. **Fees and expenses of arbitration.** Unless otherwise provided in the agreement to arbitrate, the arbitrators' expenses and fees, together with other expenses, not including counsel fees, incurred in the conduct of the arbitration, must be paid as provided in the award.

Section 14. **Confirmation of award by court.** Upon the application of a party, the district court shall confirm an award unless within the time limits imposed in [sections 1 through 21] grounds are urged for vacating, modifying, or correcting the award, in which case the court shall proceed as provided in [sections 15 and 16].

Section 15. **Vacating an award.** (1) Upon the application of a party, the district court shall vacate an award if:

(a) the award was procured by corruption, fraud, or other undue means;

(b) there was evident partiality by an arbitrator appointed as a neutral or corruption in any of the arbitrators or misconduct prejudicing the rights of any party;

(c) the arbitrators exceeded their powers;

(d) the arbitrators refused to postpone the hearing upon sufficient cause being shown therefor or refused to hear evidence material to the controversy or otherwise so conducted the hearing, contrary to the provisions of [section 8], as to prejudice substantially the rights of a party; or

(e) there was no arbitration agreement and the issue was not adversely determined in proceedings under [section 5] and the party did not participate in the arbitration hearing without raising the objection.

(2) The fact that the relief was such that it could not or would not be granted by a court of law or equity is not grounds for vacating or refusing to confirm the award.

HeinOnline -- 1985 vol. II 1528 1985

(3) An application under this section must be made within 90 days after delivery of a copy of the award to the applicant, except that if it is predicated upon corruption, fraud, or other undue means, it must be made within 90 days after such grounds are known or should have been known.

(4) In vacating the award on grounds other than those stated in subsection (1)(e), the court may order a rehearing before new arbitrators chosen as provided in the agreement or, if the agreement does not provide a method of selection, by the court in accordance with [section 6] or, if the award is vacated on grounds set forth in subsection (1)(c) or (1)(d), the court may order a rehearing before the arbitrators who made the award or their successors appointed in accordance with [section 6]. The time within which the agreement requires the award to be made is applicable to the rehearing and commences on the date of the order for rehearing.

(5) If the application to vacate is denied and no motion to modify or correct the award is pending, the court shall confirm the award.

Section 16. **Modification or correction of award by court.** (1) Upon application made within 90 days after delivery of a copy of the award to the applicant, the district court shall modify or correct the award if:

(a) there was an evident miscalculation of figures or an evident mistake in the description of any person, thing, or property referred to in the award;

(b) the arbitrators awarded upon a matter not submitted to them and the award may be corrected without affecting the merits of the decision upon the issues submitted; or

(c) the award is imperfect in a matter of form not affecting the merits of the controversy.

(2) If the application is granted, the court shall modify and correct the award to effect its intent and shall confirm the award as modified and corrected. Otherwise, the court shall confirm the award as made.

(3) An application to modify or correct an award may be joined in the alternative with an application to vacate the award.

Section 17. **Judgment on award — costs.** (1) Upon the granting of an order confirming, modifying, or correcting an award, judgment must be entered in conformity with the order and be enforced as any other judgment. Costs of the application and of the proceedings subsequent thereto and disbursements may be awarded by the court.

(2) The judgment may be docketed as if rendered in an action.

Section 18. **Applications to court — how made.** Except as otherwise provided, an application to the court under [sections 1 through 21] must be by motion and must be heard in the manner and upon the notice provided by law or rule of court for the making and hearing of motions. Unless the parties have agreed otherwise, notice of an initial application for an order must be served in the manner provided by law for the service of a summons in an action.

HeinOnline -- 1985 vol. II 1529 1985

Section 19. **Jurisdiction of district court.** The making of an agreement described in [section 4] providing for arbitration in this state confers jurisdiction on the district court to enforce the agreement under [sections 1 through 21] and to enter judgment on an award under the agreement.

Section 20. **Venue.** An initial application must be made to the court of the county in which the agreement provides the arbitration hearing must be held or, if the hearing has been held, in the county in which it was held. Otherwise, the application must be made in the county where the adverse party resides or has a place of business or, if he has no residence or place of business in this state, to the court of any county. All subsequent applications must be made to the court hearing the initial application unless the court otherwise directs. No agreement concerning venue involving a resident of this state is valid unless the agreement requires that arbitration occur within the state of Montana. This requirement may only be waived upon the advice of counsel as evidenced by counsel's signature thereto.

Section 21. **Appeals.** (1) An appeal may be taken from:

(a) an order denying an application to compel arbitration made under [section 5];

(b) an order granting an application to stay arbitration made under [section 5(2)];

(c) an order confirming or denying confirmation of an award;

(d) an order modifying or correcting an award;

(e) an order vacating an award without directing a rehearing; or

(f) a judgment entered pursuant to the provisions of [sections 1 through 21].

(2) The appeal must be taken in the manner and to the same extent as from orders or judgments in a civil action in district court.

Section 22. Section 2-18-621, MCA, is amended to read:

"2-18-621. Unlawful termination. It shall be unlawful for an employer to terminate or separate an employee from his employment in an attempt to circumvent the provisions of 2-18-611, 2-18-612, and 2-18-614. Should a question arise under this section, it shall be submitted to arbitration as provided in *[sections 1 through 21] as if an agreement described in [section 4] is in effect*, unless there is a collective bargaining agreement *to the contrary* applicable."

Section 23. Section 27-1-412, MCA, is amended to read:

"27-1-412. Obligations which cannot be specifically enforced. The following obligations cannot be specifically enforced:

(1) an obligation to render personal service or to employ another therein;

(2) an agreement to marry or live with another;

HeinOnline -- 1985 vol. II 1530 1985

(3) an agreement to perform an act which the party has not power to perform lawfully when required to do so;

(4) an agreement to procure the act or consent of the spouse of the contracting party or of any other third person; or

(5) an agreement the terms of which are not sufficiently certain to make the precise act which is to be done clearly ascertainable."

Section 24. Section 28-2-708, MCA, is amended to read:

"28-2-708. Restraints upon legal proceedings void. Every stipulation or condition in a contract by which any party thereto is restricted from enforcing his rights under the contract by the usual proceedings in the ordinary tribunals or which limits the time within which he may thus enforce his rights is void. *This section does not affect the validity of an agreement enforceable under [sections 1 through 21].*"

Section 25. Section 71-3-801, MCA, is amended to read:

"71-3-801. Who may have lien — amount. (1) All threshermen or swathers owning or operating threshing or swathing machines and all owners of combine harvesters and threshers shall have a lien upon the grain and other crops swathed or threshed by said threshing or swathing machine or cut and threshed by said combine harvester and thresher for and on account of the services rendered and the labor performed by them on said grain and crops and which lien may be claimed by the owner of said grain for the reasonable value of such services if same are performed by him. Liens on grain and other crops shall be charged for at the prevailing price for that particular locality in which such grain or other crop is threshed, harvested, or combined, provided notices are given and lien is filed within the time provided by this part.

(2) If the prevailing price for threshing, harvesting, or combining grain or other crop is disputed by the thresherman or swather and the owner of the grain or other crop, the matter may be submitted to arbitration under the provisions of *[sections 1 through 21]*."

Section 26. **Application not retroactive.** This act applies only to agreements made subsequent to October 1, 1985.

Section 27. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-12-201, MCA, is amended to read:

(d) require the filing of annual and other reports, tariffs, schedules, or other data by such motor carriers;

Section 2. Section 69-12-203, MCA, is amended to read:

"69-12-203. Supervisor of motor carriers. (1) The commission shall appoint a supervisor of motor carriers who shall have general responsibility to the commission for enforcement of the provisions of this chapter. The supervisor shall be either an attorney admitted to practice law in Montana or a person qualified by at least 5 years of suitable experience and training in appropriate phases of the motor carrier industry. He shall serve at the pleasure of the commission and at an annual salary to be set by the commission.

(2) The supervisor shall direct all enforcement activities in behalf of the commission, including the investigation and prosecution of violations of this chapter, as amended, or the rules or orders prescribed thereunder by the commission.

(3) The supervisor and whatever field inspectors may be employed by the commission to assist him shall be deemed peace officers for the purpose of making arrests in connection with violations of this chapter, as amended, and issuing summonses, accepting bail, and serving warrants of arrest. The supervisor and field inspectors are empowered to make reasonable inspections of cargoes carried by commercial motor vehicles and require production of manifests, bills of lading, leases, and other documents relating to the cargo, driver, routing, or ownership of such vehicles. The scope of the inspections is limited to the enforcement of the provisions of Title 69, chapter 12."

Section 3. Section 61-10-141, MCA, is amended to read:

"61-10-141. Officers authorized to weigh vehicles and require removal of excessive loads — enforcement of motor carrier safety standards. (1) A peace officer, officer of the highway patrol, or employee of the department may weigh any vehicle regulated by 61-10-101 through 61-10-110, either by means of portable or stationary scales, and may require that the vehicle be driven to the nearest scales if those scales are within 2 miles. That person may then require the driver to unload immediately that portion of the load necessary to decrease the weight of the vehicle to conform to the maximum allowable weights specified in 61-10-101 through 61-10-110.

(2) Commodities and material unloaded as required by this section shall be cared for and removed from the highway right-of-way by the owner or operator of the vehicle at the risk of that owner or operator. The removal shall be within a reasonable time designated by the person who has compelled the unloading.

(3) The department may establish, maintain, and operate weigh stations, either intermittently or on a continuous schedule, and may require vehicles, except passenger cars and pickup trucks under 8,000 pounds G.V.W., to enter for the purpose of weighing and inspection for compliance with all laws pertaining to their operation and safety requirements.

(4) The department shall work with the highway patrol in the enforcement of safety standards adopted pursuant to 44-1-1005. For the purposes of such joint enforcement, the highway patrol is designated as the lead

agency. The highway patrol and the department shall cooperate to assure minimum duplication and maximum coordination of enforcement effort.

(5) In order to enforce compliance with safety standards adopted pursuant to 44-1-1005, the department shall designate employees as peace officers. The designated employees must be employed in the administration of the gross vehicle weight functions of the department. Each employee so designated as a peace officer may:

(a) issue citations and make arrests in connection with violations of safety standards adopted under 44-1-1005;

(b) issue summons;

(c) accept bail;

(d) serve warrants for arrest;

Section 4. Section 44-1-1005, MCA, is amended to read:

"44-1-1005. Motor carriers safety — enforcement. *(1) The division shall:*

(a) adopt, by rule, standards for safety of operations of motor carriers, each of whom is considered to consent impliedly to reasonable safety inspections of its motor vehicles utilized in furtherance of its business as a motor carrier;

(b) provide standards for the safe operation of all motor vehicles used in commerce that exceed 26,000 pounds gross vehicle weight, except farm vehicles; and

(c) provide for the safe operation of vehicles of less than 26,000 pounds gross vehicle weight if they are used to transport passengers for hire or to transport hazardous materials of a type or quantity that requires the vehicle to be marked or placarded in accordance with rules adopted by the division.

(2) Standards of safety adopted pursuant to subsections (1)(b) and (1)(c) must be the same as prescribed for motor carriers, and the same inspection standards and procedures apply. However, standards relating to drivers, other than drivers for motor carriers, do not apply to a vehicle operated exclusively within a 200-mile radius of its work reporting location.

HeinOnline -- 1985 vol. II 1535 1985

(3) The highway patrol has responsibility for enforcement of standards adopted pursuant to *subsection (1)(a)*. Inspection of a vehicle based in Montana may, *at the request of the carrier*, be made at the place of business or domicile of the vehicle owner or, if that is not a practicable inspection site, at a designated location and at a mutually agreeable time. After inspection, a vehicle found to conform to the standards adopted pursuant to *subsection (1)(a)* is entitled to certification and identification to exempt it from further safety inspection until the next required periodic inspection or until a nonconformity with standards is apparent. Nothing in this section *prohibits* the inspection of a motor vehicle as defined by *subsection (1)(a)* at a safe location on a public road.

(4) The division shall cooperate with the department of highways to assure minimum duplication and maximum coordination of enforcement effort."

Section 5. **Initial adoption of standards.** The division shall initiate proceedings before July 1, 1985, to adopt standards for safety of operations of motor carriers and motor vehicles pursuant to 44-1-1005(1). The standards may include those previously adopted by the public service commission, but the division may modify or expand the standards as necessary to conform to 44-1-1005(1) and other applicable sections. The division shall make the standards pursuant to 44-1-1005(1) effective on July 1, 1985.

Section 6. **Effective date.** This section and section 5 are effective on passage and approval. The remaining provisions of this act are effective July 1, 1985.

Section 7. **Transfer of personnel.** It is the intention of the legislature that, for the continuity of an ongoing truck safety program, persons employed by the public service commission solely for truck safety under the motor carrier safety assistance program on January 1, 1985, must be employed by the department of justice, division of motor vehicles, in the performance of duties similar to those they performed before January 1, 1985.

Approved May 9, 1985.

CHAPTER NO. 687

[SB 236]

AN ACT PROVIDING THAT A RENEWED STATE LEASE MAY BE CANCELED FOR VIOLATIONS BY THE SAME LESSEE DURING THE PRIOR LEASE TERM; AMENDING SECTION 77-6-205, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-6-205, MCA, is amended to read:

"77-6-205. Renewal leases. (1) A lessee of state land classed as agricultural, grazing, town lot or city lot who has paid all rentals due from him to the state is entitled to have his lease renewed for a 5- or 10-year period at any time within 30 days prior to its expiration if no other applications for lease of the land have been received 30 days prior to the expiration of his lease. The renewal shall be at the rental rate provided by law for the renewal period and subject to any other conditions at the time of the

HeinOnline -- 1985 vol. II 1536 1985

renewal imposed by law as terms of the lease. If other applications have been received, the holder of the lease has the preference right to lease the land covered by his former lease by meeting the highest bid made by any other applicant. Applications for lease of lands in this section shall be given preference in the order of their receipt at the office of the department.

(2) The board shall accept the highest bid. If the lessee exercises the preference right and believes the bid to be excessive, he may request an administrative hearing. Such request must contain a statement of reasons why the lessee believes the bid not to be in the state's best interest and must be accompanied by a deposit equal to 20% of the competitive bid in the case of grazing lands and $1 per acre in the case of agricultural lands. The department shall grant the request for a hearing if it determines that the statement indicates evidence that the bid may not be in the state's best interests. The board may, after the hearing, reduce the rental from the amount bid if the lessee shows that the bid is not in the best interest of the state because it is above community standards for a lease of such land, would cause damage to the tract, or impair its long-term productivity. If the board reduces the bid, it shall set forth its findings and conclusions in writing and so inform the lessee and competitive bidder. It is the duty of the board to secure the best lessees possible, so that the state may receive the maximum return possible with the least injury occurring to the land.

(3) A renewal lease may be canceled pursuant to 77-6-113, 77-6-208, 77-6-209, or 77-6-210 for a violation by the lessee that occurred during the previous lease term but no more than 3 years prior to the date on which the notice of cancellation required by 77-6-211 is issued. Cancellation procedures instituted but not completed before renewal are applicable to the renewal lease."

Section 2. **Extension of authority.** Any existing authority of the board or department of state lands to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Approved May 9, 1985.

Section 4. **Initial licensure and additional assessment.** (1) A person initially licensed under the provisions of this chapter in 1986 or thereafter shall, in addition to paying any license fee required under this chapter, be assessed the sum of $35 at the time of licensure, to be credited to the real estate recovery account.

(2) If at any time the balance in the real estate recovery account is less than $100,000, every person licensed under this chapter may be assessed a sum, which sum is determined by the board to be sufficient to maintain the balance of the account at a minimum of $100,000.

Section 5. **Claims against fund — orders for payment.** (1) Whenever a person obtains a final judgment in any court of competent jurisdiction against any person licensed under this chapter for the conversion of trust funds or arising directly out of any act or transaction occurring on or after July 1, 1985, for which a license is required under this chapter, he may after executing on such final judgment file an application, in accordance with this section and [section 6], with the board for an order directing payment out of the account for any actual and direct loss unpaid on the judgment.

(2) No application or order for payment from the account may be made for:

(a) a judgment which has been satisfied;

(b) any amount in excess of $25,000 for any one licensee, regardless of the number of persons injured by acts of the licensee or number of parcels of real estate involved in the transaction or transactions;

HeinOnline -- 1985 vol. II 1539 1985

(c) attorney fees and exemplary or punitive damages; or

(d) amounts remaining unpaid on any final judgment entered more than 2 years prior to the date of application.

(3) The application must be:

(a) served by certified mail, return receipt requested, upon the board, the licensee, and any other party to the transaction referred to in the application; and

(b) filed with the board along with an affidavit of service.

Section 6. **Form of application.** The person making application for payment from the account must show in the application:

(1) that he is not the spouse of the judgment debtor or the personal representative of such spouse;

(2) that he has obtained a judgment which satisfies the requirements of [section 5], stating the amount of the judgment and the amount unpaid on the date of the application;

(3) that he has, on the dates and at the times shown by the applicant, diligently pursued the remedies of execution and proceedings in aid of execution provided in Title 25, chapters 13 and 14, respectively;

(4) the amount of any money obtained as a result of the proceedings required to be shown in subsection (3) and the balance of the judgment remaining unpaid for which application is made; and

(5) that he has diligently pursued his remedies of execution and proceedings in aid of execution against any other person against whom he has a judgment as a result of the transaction for which he seeks recovery from the account.

Section 7. **Motion to dismiss application.** The licensee may request the board at any time to dismiss the application if it appears that the application is without merit. The motion may be supported by the affidavit of any person having knowledge of the facts and may be made on the basis that the application and the judgment referred to therein do not form the basis for a payable claim under [sections 5 and 6]. The board shall give the applicant at least 10 days' written notice of any motion to dismiss.

Section 8. **Hearing on application.** (1) Within 30 days of the filing of the affidavit of service, the board shall conduct a hearing upon the application. Upon the motion of either party, the board may continue the hearing up to 60 days and upon a showing of good cause may continue the hearing such further period as the board considers appropriate.

(2) At the hearing the board shall determine by a preponderance of the evidence the truth of any allegations made in the application and supporting documents that are challenged by the licensee.

Section 9. **Payment from account.** If the board finds after the hearing that an applicant has proved a valid claim against the account, the board shall enter an order requiring payment from the account of whatever sum it finds to be due under the provisions of [sections 3 through 14].

HeinOnline -- 1985 vol. II 1540 1985

Section 10. **Limitation of payment — pro rata distribution.** (1) The liability of the account may not exceed $25,000 for any one licensee until that licensee has repaid the account. If the $25,000 liability of the account is insufficient to pay in full the valid claims of all applications that have been filed against any one licensee and ordered to be paid, the $25,000 must be distributed among those claimants in the ratio that the amount ordered to be paid to any one claimant bears to the total amounts ordered to be paid or in such other manner as the board considers equitable; and upon such a distribution, all claims are considered satisfied by the amount so distributed. Distribution of such money must, at any time, be among the persons ordered to receive the same, without regard to the order or priority in which their respective judgments were obtained or their applications filed.

(2) Upon petition of any person, the board may require all existing applications for payment of claims against one licensee to be joined in one proceeding for the purpose of a timely determination of their respective rights to the money in the account.

(3) An application for payment of a claim against a licensee filed after the distribution of the full amount for which the account is liable for that licensee must be denied by the board.

Section 11. **Claims satisfied in order of filing.** If account funds are insufficient to satisfy any claim or portion of a claim ordered to be paid on behalf of a licensee for whom the account liability of $25,000 has not been exceeded, the board shall, when sufficient money has been deposited in the account, satisfy such unpaid claims or portions of them in the order that the applications for such claims were originally filed pursuant to [section 5]. The board shall pay accumulated interest beginning on the date of the order to pay at the judgment rate on each such unpaid claim.

Section 12. **Deposits by board.** Money received by the board under [section 13] must be deposited in the account and allocated exclusively for the purposes provided in [sections 3 through 14].

Section 13. **Subrogation rights of board.** Upon payment of money from the account, the board is subrogated to all of the rights of the judgment creditor to the extent of the amount so paid and the judgment creditor is considered to have assigned to the board all of his right, title, and interest in the judgment to the extent of the amount paid from the account. Any amount and interest recovered by the board on the judgment must be deposited in the account.

Section 14. **Other disciplinary powers unimpaired — effect of repayment to fund.** Nothing contained in [sections 3 through 14] limits the authority of the board to take disciplinary action against any licensee under other provisions of this chapter, nor does the repayment in full of all obligations to the account by any licensee nullify or modify the effect of any other disciplinary action taken by the board under the provisions of this chapter.

Section 15. **Repealer.** Section 37-51-304, MCA, is repealed.

Section 16. **Initial transfer of funds — assessment of all licensees — retransfer.** (1) The amount of $100,000 is transferred from the

HeinOnline -- 1985 vol. II 1541 1985

state special revenue fund to the real estate recovery account for the use of the board.

(2) Notwithstanding the provisions of 37-51-311, the board shall charge a fee of $35 in addition to any other fee due under the provisions of Title 37, chapter 51, to all licensees paying a renewal fee for the 1986 calendar year.

(3) Notwithstanding the provisions of [section 3], $100,000 is transferred from the real estate recovery account on March 1, 1986, or when the total balance of the account exceeds $200,000, whichever occurs last, to the state special revenue fund for the use of the board.

Section 17. **Codification instruction.** Sections 3 through 14 are intended to be codified as an integral part of Title 37, chapter 51, and the provisions of Title 37, chapter 51, apply to sections 3 through 14.

Section 18. **Extension of authority.** Any existing authority of the board of realty regulation to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 19. **Coordination instruction.** If this act and HB 12 are both passed and approved, a citation to section 3 of this act is added to the list of statutory citations in section 2 of HB 12. If HB 12 is not passed and approved, the bracketed language in section 3 of this act is void.

Section 20. **Effective date.** This act is effective July 1, 1985.

Approved May 9, 1985.

[SB 288]

AN ACT REMOVING THE REQUIREMENT THAT THE STATE MARKUP ON LIQUOR MANUFACTURED, DISTILLED, RECTIFIED, BOTTLED, OR PROCESSED IN MONTANA BE 10 PERCENT LESS THAN THE MARKUP ON THE PRODUCTS OF OUT-OF-STATE MANUFACTURERS, DISTILLERS, RECTIFIERS, AND PROCESSORS; PROVIDING A LOWER LIQUOR EXCISE AND LICENSE TAX FOR COMPANIES THAT MANUFACTURE, DISTILL, RECTIFY, BOTTLE, OR PROCESS, AND SELL NOT MORE THAN 200,000 PROOF GALLONS OF LIQUOR ANNUALLY; AMENDING SECTIONS 16-1-401 AND 16-1-404, MCA; REPEALING SECTION 16-2-202, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Montana Legislature recognizes the need to foster small business growth and development as an essential component of the Montana economy; and

HeinOnline -- 1985 vol. II 1543 1985

WHEREAS, the Montana Legislature finds that small, emerging companies engaged in the business of manufacturing, distilling, rectifying, bottling, and processing liquor are particularly vulnerable to variables in the marketplace in comparison to larger well-established companies; and

WHEREAS, tax reductions to such smaller, emerging companies are a means of fostering their economic growth without impinging upon interstate commerce.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-1-401, MCA, is amended to read:

"16-1-401. Liquor excise tax. *(1)* The department is hereby authorized and directed to charge, receive, and collect at the time of the sale and delivery of any liquor as authorized under any provision of the laws of the state of Montana an excise tax at the rate of:

(a) 16% of the retail selling price on all liquor sold and delivered *in the state by a company that manufactured, distilled, rectified, bottled, or processed, and sold more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section;*

(b) 13.8% of the retail selling price on all liquor sold and delivered in the state by a company that manufactured, distilled, rectified, bottled, or processed, and sold not more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section.

(2) The department shall retain the amount of such excise tax received in a separate account and shall deposit with the state treasurer, to the credit of the general fund, such sums collected and received not later than the 10th day of each and every month."

Section 2. Section 16-1-404, MCA, is amended to read:

"16-1-404. License tax on liquor — amount — distribution of proceeds. (1) The department is hereby authorized and directed to charge, receive, and collect at the time of sale and delivery of any liquor under any provisions of the laws of the state of Montana a license tax of:

(a) 10% of the retail selling price on all liquor sold and delivered *in the state by a company that manufactured, distilled, rectified, bottled, or processed, and sold more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section;*

(b) 8.6% of the retail selling price on all liquor sold and delivered in the state by a company that manufactured, distilled, rectified, bottled, or processed, and sold not more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section.

(2) The license tax shall be charged and collected on all liquor brought into the state and taxed by the department. The retail selling price shall

HeinOnline -- 1985 vol. II 1544 1985

be computed by adding to the cost of said liquor the state markup as designated by the department. *The* license tax shall be figured in the same manner as the state excise tax and shall be in addition to said state excise tax. The department shall retain in a separate account the amount of *the* license tax so received. Thirty percent of these revenues shall be allocated to the counties according to the amount of liquor purchased in each county to be distributed to the incorporated cities and towns, as provided in subsection *(3)*. Four and one-half percent of these revenues shall be allocated to the counties according to the amount of liquor purchased in each county, and this money may be used for county purposes. The remaining revenues shall be deposited in the state special revenue fund to the credit of the department of institutions for the treatment, rehabilitation, and prevention of alcoholism. Provided, however, in the case of purchases of liquor by a retail liquor licensee for use in his business, the department shall make such regulations as are necessary to apportion that proportion of license tax so generated to the county where the licensed establishment is located, for use as provided in 16-1-405. The department shall pay quarterly to each county treasurer the proportion of the license tax due each county to be allocated to the incorporated cities and towns of the county.

(3) The license tax proceeds allocated to the county under subsection *(2)* for use by cities and towns shall be distributed by the county treasurer to the incorporated cities and towns within 30 days of receipt from the department. The distribution of funds to the cities and towns shall be based on the proportion that the gross sale of liquor in each city or town is to the gross sale of liquor in all of the cities and towns of the county.

(4) The license tax proceeds that are allocated to the department of institutions for the treatment, rehabilitation, and prevention of alcoholism shall be credited quarterly to the department of institutions. The legislature may appropriate a portion of the license tax proceeds to support alcohol programs. The remainder shall be distributed as provided in 53-24-206."

CHAPTER NO. 694

[SB 377]

AN ACT PROVIDING FOR 100 PERCENT RECOVERY OF EQUIPMENT ABOVE GROUND, 200 PERCENT RECOVERY OF OTHER WELL COSTS, AND 100 PERCENT RECOVERY OF OPERATING COSTS ON OIL AND GAS WELLS IN POOLED SPACING UNITS IF AN OWNER OF AN INTEREST IN THE UNIT REFUSES TO JOIN THE UNIT; AMENDING SECTION 82-11-202, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-11-202, MCA, is amended to read:

"82-11-202. Pooling of interest within spacing unit. (1) When two or more separately owned tracts are embraced within a spacing unit or when there are separately owned interests in all or a part of the spacing unit, then the persons owning those interests may pool their interests for the development and operation of the spacing unit. In the absence of voluntary pooling within the spacing unit, the board, upon the application of an interested person, may enter an order pooling all interests in the spacing unit for the development and operation thereof. The pooling order shall be made after hearing and shall be upon terms and conditions that

HeinOnline -- 1985 vol. II 1550 1985

are just and reasonable and that afford to the owner of each tract or interest in the spacing unit the opportunity to recover or receive without unnecessary expense his just and equitable share of the oil or gas produced and saved from the spacing unit. Operations incident to the drilling of a well upon any portion of a spacing unit covered by a pooling order shall be considered, for all purposes, the conduct of the operations upon each separately owned tract in the spacing unit by the several owners thereof. That portion of the production allocated to each tract included in a spacing unit covered by a pooling order shall when produced be considered for all purposes to have been produced from the tract by a well drilled thereon.

(2) *(a)* The pooling order shall provide for the drilling and operating of a well on the spacing unit and for the payment of the cost thereof, which cost may include a reasonable charge for supervision, handling, and storage. As to each owner who refuses to pay his share of the costs of drilling and operating the well, the order shall provide for payment of his share of the cost out of and only out of production from the well allocable to his interest in the spacing unit, excluding royalty or other interest not obligated to pay any part of the cost thereof, *and excluding the royalty provided for in subsection (2)(c) of this section.* If a dispute arises as to the cost, the board by order shall determine the proper cost. The order may provide in substance that the owners who agree to share in the cost of drilling and operating the well are, unless they agree otherwise, entitled to receive, subject to royalty or similar obligations, all of the production of the well until they have recovered all of the costs out of the production, and thereafter all of the owners in the spacing unit are entitled to receive their respective shares of the production of the well as their interest may appear after deducting their respective shares of current operating costs.

(b) If an owner refuses to pay his share of the costs of drilling and operating the well, the order must include as cost:

(i) 100% of the refusing owner's share of the cost of newly acquired surface equipment beyond the wellhead connections, including but not limited to stock tanks, separators, treaters, pumping equipment, and piping, plus 100% of the refusing owner's share of the cost of operation of the well commencing with first production and continuing until the agreeing owners have recovered such costs; and

(ii) 200% of the refusing owner's share of the costs and expenses of staking, well site preparation, obtaining rights-of-way, rigging up, drilling, reworking, deepening or plugging back, testing, and completing the well, after deducting any cash contributions received from the refusing owners by the agreeing owners, and 200% of that portion of the cost of equipment in the well, including the wellhead connections.

(c) A refusing owner of an oil and gas interest in a spacing unit which is not subject to any lease or other contract for development of oil and gas is considered to own a landowner royalty equal to one-eighth of his proportionate share of production from the well until such time as the consenting owners recover the costs specified in subsection (2)(b). Any interest in production from the spacing unit to which the interest of the refusing owner may be subject must be deducted from the royalty considered to be owned by the refusing owner. After costs have been recovered by the agreeing

owners, the refusing owner owns his proportionate share of the well, surface facilities, and production and is liable for further costs as if he had originally agreed to drilling of the well.

(d) The operator of a well under a pooling order in which there is a refusing owner shall upon demand furnish such owner with a monthly statement of all costs incurred, together with the quantity of oil or gas produced and the amount of proceeds realized from the sale of production during the preceding month."

Statement of sales proceeds. *(1) Except as provided in subsection (2), each* operator or producer of natural gas, petroleum, or other crude or mineral oil must on or before April 15 in each year make out and deliver to the department of revenue a statement of the gross sales proceeds of such natural gas, petroleum, or other crude or mineral oil from each well owned or worked by such person during the next preceding calendar year. The gross sales proceeds shall be determined by multiplying the units of production sold from the well times the royalty unit value of that production at the well. Such statement shall be in the form prescribed by the department and must be verified by the oath of the operator or producer or the manager, superintendent, agent, president, or vice-president of such corporation, association, or partnership. Such statement shall show the following:

(a) the name and address of the operator, together with a list in duplicate of the names and addresses of any and all persons owning or claiming any royalty interest in the production from the well or the proceeds derived from the sale thereof, and the amount or amounts paid or yielded as royalty to each of such persons during the period covered by the statement;

(b) the description and location of the well;

(c) the number of cubic feet of natural gas, barrels of petroleum or other crude or mineral oil sold from the well during the period covered by the statement;

(ii) cost of construction, repairs, and betterments;

(iii) actual cost of fire insurance and workers' compensation insurance;

(iv) the amount paid or withheld in satisfaction of liability for excise taxes imposed by the U.S. government on the production, sale, or removal of the natural gas, petroleum, or other crude or mineral oil reported pursuant to subsection *(1)(c)*, including a separate statement of the amount of such taxes paid or withheld from each royalty owner.

(2) Each operator having new production as defined in 15-23-601 shall, on or before the last day of the months of October, January, April, and July, make out and deliver to the department of revenue a statement of the gross sales proceeds of such new production from each well owned or worked by such person during the preceding calendar quarter. Section 3. Section 15-23-603, MCA, is amended to read:

"15-23-603. Net proceeds — how computed. (1) *Except as provided in subsection (3), the* department of revenue shall calculate and compute from the returns the gross sales proceeds of the product yielded from such well for the year covered by the statement and shall calculate the net proceeds of the well yielded to the producer, which net proceeds shall be determined by subtracting from the gross sales proceeds thereof the following:

(a) all royalty paid in cash by the operator or producer and the gross value of all royalty apportioned in kind by the operator or producer that shall be determined by using as the value of a barrel of oil or a cubic foot of gas the average selling price for the calendar year of a barrel of oil or a cubic foot of gas from the well out of which the royalty was paid;

(b) all moneys expended for necessary labor, machinery, and supplies needed and used in the operation and development;

(c) all moneys expended for improvements, repairs, and betterments necessary in and about the working of the well;

(d) all moneys expended for fire insurance and workers' compensation insurance and for payments by operators to welfare and retirement funds when provided for in wage contracts between operators and employees;

(e) 70% of the amount paid or withheld in satisfaction of liability for excise taxes imposed by the U.S. government on the production, sale, or removal of the natural gas, petroleum, or other crude or mineral oil yielded from such well, other than the amount of such taxes paid by or withheld from each royalty owner.

(2) No moneys invested in the well and improvements during any year except the year for which such statement is made may be included in such expenditures, except as provided in 15-23-604, and such expenditures may not include the salaries or any portion thereof of any person or officer not actually engaged in the working of the well or superintending the management thereof.

(3) For new production, net proceeds are the equivalent of the gross sales proceeds, without deduction for excise taxes, of the product yielded from such well for the year covered by the statement, except that in computing the total number of barrels of petroleum and other mineral or crude oil or cubic feet of natural gas produced, there shall be deducted therefrom so much thereof as is used in the operation of the well from which the petroleum or other mineral or crude oil or natural gas is produced for pumping the petroleum or other mineral or crude oil or natural gas from the well to a tank or pipeline."

Section 4. Section 15-23-605, MCA, is amended to read:

"15-23-605. Assessment of royalties. *(1)* The amount of royalty received, valued as provided in 15-23-603(1)(a), less 70% of the amount of excise taxes paid by or withheld from the royalty owner as reported pursuant to 15-23-602(8), shall be considered net proceeds to the recipient and shall be assessed as follows: upon receipt of the lists or schedules setting

HeinOnline -- 1985 vol. II 1554 1985

forth the names and addresses of any and all persons owning or claiming royalty and the amount paid or yielded as royalty to such royalty owners or claimants during the year for which such return is made, the department of revenue shall proceed to assess and tax the same as net proceeds of mines.

(2) Net proceeds for new production, as defined in 15-23-601, includes royalties received without deduction for excise taxes."

Section 5. Section 15-23-607, MCA, is amended to read:

"15-23-607. County assessors to compute taxes. (1) Immediately after the board of county commissioners has fixed tax levies on the second Monday in August, the county assessor shall compute the taxes on such net proceeds, except as provided in 15-36-121 *and in subsection (2)*, and royalty assessments and shall deliver the book to the county treasurer on or before September 15. The county treasurer shall proceed to give full notice thereof to such operator and to collect the same in manner provided by law.

(2) For new production, as defined in 15-23-601, the county assessor may not levy or assess any mills against the value of such new production, but shall instead levy a tax as follows:

(a) for new production of petroleum or other mineral or crude oil, 7% of net proceeds, as described in 15-23-603(3); or

(b) for new production of natural gas, 12% of net proceeds, as described in 15-23-603(3).

(3) The amount of tax levied in subsections (2)(a) and (2)(b), divided by the appropriate tax rate and multiplied by 60%, shall be treated as taxable value for county bonding purposes.

(4) The operator or producer shall be liable for the payment of said taxes and same shall, *except as provided in [section 20]*, be payable by and shall be collected from such operators in the same manner and under the same penalties as provided for the collection of taxes upon net proceeds of mines; provided, however, that the operator may at his option withhold from the proceeds of royalty interest, either in kind or in money, an estimated amount of the tax to be paid by him upon such royalty or royalty interest. After such withholding any deviation between the estimated tax and the actual tax may be accounted for by adjusting subsequent withholdings from the proceeds of royalty interests."

Section 6. Section 7-7-2101, MCA, is amended to read:

"7-7-2101. Limitation on amount of county indebtedness. (1) No county may become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 23% of the *total of the* taxable value of the property therein subject to taxation, *plus the amount of new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%*, as ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness.

(2) No county may incur indebtedness or liability for any single purpose to an amount exceeding $150,000 without the approval of a majority of the

Section 7. Section 7-7-2203, MCA, is amended to read:

"7-7-2203. Limitation on amount of bonded indebtedness. (1) Except as provided in subsections (2) and (3), no county may issue general obligation bonds for any purpose which, with all outstanding bonds and warrants except county high school bonds and emergency bonds, will exceed 11.25% of the *total of the* taxable value of the property therein, *plus the amount of new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%*, to be ascertained by the last assessment for state and county taxes prior to the proposed issuance of bonds.

(2) A county may issue bonds which, with all outstanding bonds and warrants, will exceed 11.25% but will not exceed 37% of the *total of the* taxable value of such property, *plus the amount of new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%*, when necessary to do so, for the purpose of acquiring land for a site for county high school buildings and for erecting or acquiring buildings thereon and furnishing and equipping the same for county high school purposes.

(3) The foregoing limitation shall not apply to refunding bonds issued for the purpose of paying or retiring county bonds lawfully issued prior to January 1, 1932."

Section 8. Section 7-14-2524, MCA, is amended to read:

"7-14-2524. Limitation on amount of bonds issued — excess void. (1) Except as otherwise provided hereafter and in 7-7-2203 and 7-7-2204, no county shall issue bonds which, with all outstanding bonds and warrants except county high school bonds and emergency bonds, will exceed 11.25% of the *total of the* taxable value of the property therein, *plus the amount of new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%*. The taxable property *and the amount of new production taxes levied* shall be ascertained by the last assessment for state and county taxes prior to the issuance of such bonds.

(2) A county may issue bonds which, with all outstanding bonds and warrants except county high school bonds, will exceed 11.25% but will not exceed 22.5% of the *total of the* taxable value of such property, *plus the amount of new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multipled by 60%*, when necessary for the purpose of replacing, rebuilding, or repairing county buildings, bridges, or highways which have been destroyed or damaged by an act of God, disaster, catastrophe, or accident.

(3) The value of the bonds issued and all other outstanding indebtedness of the county, except county high school bonds, shall not exceed 22.5% of the *total of the* taxable value of the property within the county, *plus the amount of new production taxes levied divided by the appropriate tax rates*

HeinOnline -- 1985 vol. II 1556 1985

described in 15-23-607(2)(a) or (2)(b) and multipled by 60%, as ascertained by the last preceding general assessment."

Section 9. Section 7-14-2525, MCA, is amended to read:

"7-14-2525. Refunding agreements and refunding bonds authorized. (1) Whenever the total indebtedness of a county exceeds 22.5% of the *total of the* taxable value of the property therein, *plus the amount of new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%,* and the board determines that the county is unable to pay such indebtedness in full, the board may:

(a) negotiate with the bondholders for an agreement whereby the bondholders agree to accept less than the full amount of the bonds and the accrued unpaid interest thereon in satisfaction thereof;

(b) enter into such agreement;

(c) issue refunding bonds for the amount agreed upon.

(2) These bonds may be issued in more than one series, and each series may be either amortization or serial bonds.

(3) The plan agreed upon between the board and the bondholders shall be embodied in full in the resolution providing for the issue of the bonds."

Section 10. Section 7-16-2327, MCA, is amended to read:

"7-16-2327. Indebtedness for park purposes. (1) Subject to the provisions of subsection (2), a county park board, in addition to powers and duties now given under law, shall have the power and duty to contract an indebtedness in behalf of a county, upon the credit thereof, for the purposes of 7-16-2321(1) and (2).

(2) (a) The total amount of indebtedness authorized to be contracted in any form, including the then-existing indebtedness, must not at any time exceed 13% of the *total of the* taxable value of the taxable property in the county, *plus the amount of new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%,* ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness.

(b) No money may be borrowed on bonds issued for the purchase of lands and improving same for any such purpose until the proposition has been submitted to the vote of those qualified under the provisions of the state constitution to vote at such election in the county affected thereby and a majority vote is cast in favor thereof."

Section 11. **Disposition of taxes in lieu of net proceeds taxes.** The county treasurer shall credit all taxes on new oil or gas production, as provided for in 15-23-607, in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as property taxes were distributed in the year preceding the budget year.

Section 12. Section 20-9-141, MCA, is amended to read:

HeinOnline -- 1985 vol. II 1557 1985

"20-9-141. Computation of general fund net levy requirement by county superintendent. (1) The county superintendent shall compute the levy requirement for each district's general fund on the basis of the following procedure:

(a) Determine the total of the district's nonisolated school foundation program requirement to be met by a district levy as provided in 20-9-303, the district's permissive levy amount as provided in 20-9-352, and any additional levies authorized by the electors of the district under the provisions of 20-9-353, except that the total of the permissive and additional levies shall not exceed the total amount of the final general fund budget less the foundation program.

(b) Determine the total of the moneys available for the reduction of the property tax on the district for the general fund by totaling:

(i) anticipated federal moneys received under the provisions of Title I of Public Law 81-874 or other anticipated federal moneys received in lieu of such federal act;

(ii) anticipated tuition payments for out-of-district pupils under the provisions of 20-5-303, 20-5-307, 20-5-312, and 20-5-313;

(iii) general fund cash reappropriated, as established under the provisions of 20-9-104;

(iv) anticipated state impact aid received under the provisions of 20-9-304;

(v) anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536;

(vi) anticipated net proceeds taxes for new production, as defined in 15-23-601;

(vii) anticipated interest to be earned by the investment of general fund cash in accordance with the provisions of 20-9-213(4); and

(viii) any other revenue anticipated by the trustees to be received during the ensuing school fiscal year which may be used to finance the general fund.

(c) Subtract the total of the moneys available to reduce the property tax required to finance the general fund that has been determined in subsection (1)(b) from the total levy requirement determined in subsection (1)(a).

(2) The net general fund levy requirement determined in subsection (1)(c) shall be reported to the county commissioners on the second Monday of August by the county superintendent as the general fund levy requirement for the district, and a levy shall be made by the county commissioners in accordance with 20-9-142."

Section 13. Section 20-9-331, MCA, is amended to read:

"20-9-331. Basic county tax and other revenues for county equalization of the elementary district foundation program. (1) It

HeinOnline -- 1985 vol. II 1558 1985

shall be the duty of the county commissioners of each county to levy an annual basic tax of 28 mills on the dollars of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of the elementary school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the sum of the estimated revenues identified in subsections (2)(a) through (2)(f) below shall be subtracted from the sum of the county elementary transportation obligation and the total of the foundation programs of all elementary districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus funds to the state treasurer for deposit to the state special revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed by this section and the revenues from the following sources shall be used for the equalization of the elementary district foundation programs of the county as prescribed in 20-9-334, and a separate accounting shall be kept of such proceeds and revenues by the county treasurer in accordance with 20-9-212(1):

(a) the portion of the federal Taylor Grazing Act funds distributed to a county and designated for the common school fund under the provisions of 17-3-222;

(b) the portion of the federal flood control act funds distributed to a county and designated for expenditure for the benefit of the county common schools under the provisions of 17-3-232;

(c) all money paid into the county treasury as a result of fines for violations of law and the use of which is not otherwise specified by law;

(d) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's account for the various sources of revenue established or referred to in this section;

(e) any federal or state money, including anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, distributed to the county as payment in lieu of the property taxation established by the county levy required by this section; *and*

(f) net proceeds taxes for new production, as defined in 15-23-601."

Section 14. Section 20-9-333, MCA, is amended to read:

"20-9-333. Basic special levy and other revenues for county equalization of high school district foundation program. (1) It shall be the duty of the county commissioners of each county to levy an annual basic special tax for high schools of 17 mills on the dollar of the taxable

value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of high school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the estimated revenues identified in subsections (2)(a) and (2)(b) below shall be subtracted from the sum of the county's high school tuition obligation and the total of the foundation programs of all high school districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus to the state treasurer for deposit to the state special revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

(2) The proceeds realized from the county's portion of the levy prescribed in this section and the revenues from the following sources shall be used for the equalization of the high school district foundation programs of the county as prescribed in 20-9-334, and a separate accounting shall be kept of these proceeds by the county treasurer in accordance with 20-9-212(1):

(a) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's account for deposit of the proceeds from the levy established in this section;

(b) any federal or state moneys, including anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, distributed to the county as a payment in lieu of the property taxation established by the county levy required by this section; *and*

(c) net proceeds taxes for new production, as defined in 15-23-601."

Section 15. Section 20-9-352, MCA, is amended to read:

"20-9-352. Permissive amount and permissive levy. (1) Whenever the trustees of any district shall deem it necessary to adopt a general fund budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedules in 20-9-316 through 20-9-321, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program amount shall be known as the "permissive amount", and it shall be financed by a levy on the taxable value of all taxable property within the district as prescribed in 20-9-141, supplemented with any biennial appropriation by the legislature for this purpose.

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding 6 mills on all the taxable property in the

HeinOnline -- 1985 vol. II 1560 1985

district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by 6 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of 20-9-351 and subsection (3) of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding 4 mills on all taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by 4 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536, *and plus net proceeds taxes for new production, as defined in 15-23-601,* is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the state special revenue fund according to the provisions of 20-9-351 and subsection (3) of this section. The superintendent of public instruction shall, if the appropriation by the legislature for the permissive account [program] for the biennium is insufficient, request the budget director to submit a request for a supplemental appropriation in the second year of the biennium.

(3) Such distribution shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the appropriation is not sufficient to finance the deficiencies of the districts as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the second year of the biennium may be used to reduce the appropriation required for the next succeeding biennium or may be transferred to the state equalization aid state special revenue fund if revenues in that fund are insufficient to meet foundation program requirements."

Section 16. Section 20-9-501, MCA, is amended to read:

"20-9-501. Retirement fund. (1) The trustees of any district employing personnel who are members of the teachers' retirement system or the public employees' retirement system or who are covered by unemployment insurance or who are covered by any federal social security system requiring employer contributions shall establish a retirement fund for the purposes of budgeting and paying the employer's contributions to such systems. The district's contribution for each employee who is a member of the teachers' retirement system shall be calculated in accordance with Title 19, chapter 4, part 6. The district's contribution for each employee who is a member of the public employees' retirement system shall be calculated in

HeinOnline -- 1985 vol. II 1561 1985

accordance with 19-3-801. The district may levy a special tax to pay its contribution to the public employees' retirement system under the conditions prescribed in 19-3-204. The district's contributions for each employee covered by any federal social security system shall be paid in accordance with federal law and regulation. The district's contribution for each employee who is covered by unemployment insurance shall be paid in accordance with Title 39, chapter 51, part 11.

(2) The trustees of any district required to make a contribution to any such system shall include in the retirement fund of the preliminary budget the estimated amount of the employer's contribution and such additional moneys, within legal limitations, as they may wish to provide for the retirement fund cash reserve. After the final retirement fund budget has been adopted, the trustees shall pay the employer contributions to such systems in accordance with the financial administration provisions of this title.

(3) When the final retirement fund budget has been adopted, the county superintendent shall establish the levy requirement by:

(a) determining the sum of the moneys available to reduce the retirement fund levy requirement by adding:

(i) any anticipated moneys that may be realized in the retirement fund during the ensuing school fiscal year, including anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536;

(ii) net proceeds taxes for new production, as defined in 15-23-601; and

(iii) any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the retirement fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the retirement fund. The retirement fund cash reserve shall not be more than 35% of the final retirement fund budget for the ensuing school fiscal year and shall be used for the purpose of paying retirement fund warrants issued by the district under the final retirement fund budget.

(b) subtracting the total of the moneys available for reduction of the levy requirement as determined in subsection (3)(a) from the budgeted amount for expenditures in the final retirement fund budget.

(4) The county superintendent shall total the net retirement fund levy requirements separately for all elementary school districts, all high school districts, and all community college districts of the county, including any prorated joint district or special educational cooperative agreement levy requirements, and shall report each such levy requirement to the county commissioners on the second Monday of August as the respective county levy requirements for elementary district, high school district, and community college district retirement funds. The county commissioners shall fix and set such county levy in accordance with 20-9-142.

(5) The net retirement fund levy requirement for a joint elementary district or a joint high school district shall be prorated to each county in which a part of such district is located in the same proportion as the district ANB of the joint district is distributed by pupil residence in each such

HeinOnline -- 1985 vol. II 1562 1985

county. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county as provided in 20-9-151.

(6) The net retirement fund levy requirement for districts that are members of special educational cooperative agreements shall be prorated to each county in which such district is located in the same proportion as the budget for the special education cooperative agreement of the district bears to the total budget of the cooperative. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county in the same manner as provided in 20-9-151 and fix and levy the net retirement fund levy for each county in the same manner as provided in 20-9-152."

Section 17. Section 20-10-144, MCA, is amended to read:

"20-10-144. Computation of revenues and net tax levy requirements for the transportation fund budget. Before the fourth Monday of July and in accordance with 20-9-123, the county superintendent shall compute the revenue available to finance the transportation fund budget of each district. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the preliminary budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 shall be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate per bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by such district); plus

(b) the total of all individual transportation per diem reimbursement rates for such district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted on the preliminary budget for the contingency amount permitted in 20-10-143, except if such amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or $100, whichever is larger, the contingency amount on the preliminary budget shall be reduced to such limitation amount and used in this determination of the schedule amount.

(2) The schedule amount determined in subsection (1) or the total preliminary transportation fund budget, whichever is smaller, shall be divided by 3 and the resulting one-third amount shall be used to determine the available state and county revenue to be budgeted on the following basis:

(a) the resulting one-third amount shall be the budgeted state transportation reimbursement, except that the state transportation reimbursement for the transportation of special education pupils under the provisions

HeinOnline -- 1985 vol. II 1563 1985

of 20-7-442 shall be two-thirds of the schedule amount attributed to the transportation of special education pupils;

(b) the resulting one-third amount, except as provided for joint elementary districts in subsection (2)(e), shall be the budgeted county transportation reimbursement for elementary districts and shall be financed by the basic county tax under the provisions of 20-9-334;

(c) the resulting one-third amount multiplied by 2 shall be the budgeted county transportation reimbursement amount for high school districts financed under the provisions of subsection (5) of this section, except as provided for joint high school districts in subsection (2)(e), and except that the county transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 shall be one-third of the schedule amount attributed to the transportation of special education pupils;

(d) when the district has a sufficient amount of cash for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of such district revenue and cash reappropriated shall be used to reduce the county financing obligation in subsections (2)(b) or (2)(c) and, if such county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a); and

(e) the county revenue requirement for a joint district, after the application of any district moneys under subsection (2)(d) above, shall be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each such county.

(3) The total of the moneys available for the reduction of property tax on the district for the transportation fund shall be determined by totaling:

(a) anticipated federal moneys received under the provisions of Title I of Public Law 81-874 or other anticipated federal moneys received in lieu of such federal act; plus

(b) anticipated payments from other districts for providing school bus transportation services for such district; plus

(c) anticipated payments from a parent or guardian for providing school bus transportation services for his child; plus

(d) anticipated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4); plus

(e) anticipated motor vehicle fees and reimbursement under the provisions of 61-3-532 and 61-3-536; plus

(f) net proceeds taxes for new production, as defined in 15-23-601; plus

(g) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year which may be used to finance the transportation fund; plus

HeinOnline -- 1985 vol. II 1564 1985

(h) any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the transportation fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the transportation fund. Such cash reserve shall not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and shall be for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund shall be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount and, for an elementary district, adding such difference to the district obligation to finance one-third of the schedule amount as determined in subsection (2); and

(b) subtracting the amount of moneys available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a) above.

(5) The county levy requirement for the financing of the county transportation reimbursement to high school districts shall be computed by adding all such requirements for all the high school districts of the county, including the county's obligation for reimbursements in joint high school districts.

(6) The transportation fund levy requirements determined in subsection (4) for each district and in subsection (5) for the county shall be reported to the county commissioners on the second Monday of August by the county superintendent as the transportation fund levy requirements for the district and for the county, and such levies shall be made by the county commissioners in accordance with 20-9-142."

The purpose to cause reasonable apprehension or the knowledge that reasonable apprehension would be caused shall be presumed in any case in which a person knowingly points a firearm at or in the direction of a family member or household member, whether or not the offender believes the firearm to be loaded.

(2) For the purposes of this section and 46-6-401, "family member or household member" means a spouse, former spouse, adult person related by blood or marriage, or adult person of the opposite sex residing with the defendant or who formerly resided with the defendant.

(3) A person convicted of domestic abuse for the first or second time shall be fined not to exceed $500 or be imprisoned in the county jail not to exceed 6 months, or both. On a third or subsequent conviction for domestic abuse, the person convicted shall be fined not to exceed $50,000

Section 3. **Notice of rights.** Whenever a peace officer arrests a person for domestic abuse, as defined in [section 1], if the victim is present, the officer shall advise the victim of the availability of a shelter or other services in the community and give the victim immediate notice of any legal rights and remedies available. The notice must include furnishing the victim with a copy of the following statement:

"IF YOU ARE THE VICTIM OF DOMESTIC ABUSE, the county attorney's office can file criminal charges against your abuser. You have the right to go to court and file a petition requesting any of the following orders for relief:

"46-6-105. Time of making arrest. An arrest may be made on any day and at any time of the day or night, except that a person cannot be arrested in his home or private dwelling place at night for a misdemeanor committed at some other time and place unless upon the direction of a magistrate endorsed upon a warrant of arrest. *However, a person may be arrested in his home or private dwelling at night if he is being arrested pursuant to 46-6-401(2) for the offense of domestic abuse or aggravated assault against a family member or household member. A summons of a peace officer to the home or private dwelling by a family or household member constitutes an exigent circumstance for making an arrest pursuant to 46-6-401(2).*"

(c) he believes on reasonable grounds that a felony warrant for the person's arrest has been issued in another jurisdiction; or

(d) he believes on reasonable grounds that the person is committing an offense or that the person has committed an offense and the existing circumstances require his immediate arrest.

(2) A peace officer may arrest a person anywhere, including his place of residence, if the peace officer has probable cause to believe the person is committing or has committed domestic abuse or aggravated assault against a family member or household member even though the offense did not take place in the presence of the peace officer. A summons of a peace officer to a place of residence by a family or household member constitutes an exigent circumstance for making an arrest. Arrest is the preferred response in domestic abuse cases involving injury to the victim, use or threatened use of a weapon, violation of a restraining order, or other imminent danger to the victim."

Section 6. Section 46-9-302, MCA, is amended to read:

"46-9-302. Bail schedule for minor offenses — acceptance by peace officer. (1) A justice of the peace or city judge may, in his discretion, establish and post a schedule of cash bail for offenses, *except for offenses amounting to felonies and the offense of domestic abuse.*

In the event the peace officer accepts bail, he shall give a signed receipt to the offender setting forth the bail received. The peace officer shall then deliver the bail to the justice of the peace or city judge before whom the offender is to appear, and the justice of the peace or city judge shall give a receipt to the peace officer for the bail delivered."

CHAPTER NO. 701

[HB 812]

AN ACT CREATING A MONTANA SCIENCE AND TECHNOLOGY DEVELOPMENT BOARD TO FOSTER ECONOMIC GROWTH; APPROPRIATING MONEY TO THE BOARD FROM THE ALTERNATIVE ENERGY AND ENERGY CONSERVATION RESEARCH DEVELOPMENT AND DEMONSTRATION ACCOUNT; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** It is the purpose of [this act] to strengthen and diversify Montana's economy by establishing a public-private sector partnership to encourage scientific and technological development within the state in order to keep pace with a transforming economic structure and to create new jobs and expand small business opportunities. Because the alternative energy and energy conservation research development and demonstration program, administered by the department of natural resources and conservation, which presently receives 4 ½% of the coal severence taxes allocated pursuant to 15-35-108, would overlap and supplement the program created by [this act] and because the alternative energy and energy conservation research development and demonstration account has a carryover from the 1985 biennium and the department of natural resources and conservation is not presently planning to utilize the entire allocated amount it will receive during the 1987 biennium, [this act] contemplates a temporary, one-time appropriation of a portion of the allocation to the alternative energy and energy conservation research development and demonstration account for funding the science and technology research program of the Montana science and technology development board created in [this act]. The use of funds appropriated from the alternative energy and energy conservation research development and demonstration account established by 90-4-103 for the purposes of [this act] for the 1987 biennium is specifically authorized.

Section 2. **Definitions.** As used in [this act] the following definitions apply:

(1) "Board" means the Montana science and technology development board provided for in [section 3].

(2) "Business and industry" means a privately owned and operated agricultural or commercial enterprise or association that maintains a research, development, commercial, or manufacturing facility in Montana. The enterprise or association need not have its headquarters within the state.

(3) "Department" means the department of commerce created in 2-15-1801.

(4) "Private sector" means any entity or individual, not principally a part of or associated with a governmental unit, that is associated with or involved in commercial activity.

HeinOnline -- 1985 vol. II 1578 1985

(5) "Technology development project" means an activity designed to discover, develop, transfer, utilize, or commercialize existing or new technology in order to strengthen and enhance economic development in Montana.

(6) "Technology investment" means an award of funds for a technology development project, including technology transfer, to stimulate Montana's economy. The technology investments authorized by this act are not investments of public funds for purposes of Article VIII, section 13, of the Montana constitution, or Title 17, chapter 6, relating to the unified investment of public funds, but are investments of public resources intended to encourage technologically based economic development that may eventually result in a financial return on those investments.

Section 3. **Montana science and technology development board — allocation — composition — quasi-judicial powers.** (1) There is a Montana science and technology development board. The board is allocated to the department of commerce. The department shall select, prescribe the duties for, and supervise staff to administer board activities.

(2) The board consists of 15 members appointed by the governor as prescribed in 2-15-124.

(3) In making appointments to the board, the governor shall consider people with broad interest and experience in science and technology and the application of such interest and experience to economic development in Montana. At least 11 members must be from the private sector.

(4) The board is designated a quasi-judicial board for purposes of 2-15-124, except that 2-15-124(1) does not apply.

Section 4. **Meetings.** The board shall meet quarterly and at other times to be determined by the chairman or a majority of the board, subject to the availability of funds.

Section 5. **Organization.** In addition to the chairmanship, the board may establish other offices and select board members to fill these offices.

Section 6. **Powers and duties of the board.** The board shall:

(1) establish policies and priorities that will expand and develop the use of science and technology for economic development in Montana;

(2) provide technical assistance for the transfer of technology to Montana businesses in order to encourage the use of new technology by Montana business and industry;

(3) make technology investments in technology development projects in the following areas that have short- or long-term potential to stimulate economic development in Montana:

(a) research capability development;

(b) applied technological research;

(c) technology assistance and transfer; and

(d) seed capital awards for development and commercialization of new products and processes;

(4) accept grants or receive devises of money or property to be used in Montana for investments described in [this act];

(5) submit to the governor and the legislature a report describing the board's programs and accomplishments by November 1 of each even-numbered year or at the request of the governor; and

(6) adopt rules necessary to implement the provisions of [this act], including but not limited to rules:

(a) governing the conduct of board business;

(b) establishing matching fund requirements for capability, basic research, and seed capital investment programs;

(c) establishing criteria for determining the eligibility of projects and programs for technology investments; and

(d) establishing methods of committing funds, types and amounts of fees, and types of research investments to be made.

Section 7. **Investments to board members prohibited.** (1) Board members may not personally apply for or receive board funds, except as provided in 2-15-124. If an organization with which a member is affiliated applies for board funds, the member must disclose the nature of the affiliation and may not participate in the decisionmaking process of the board regarding the application.

(2) The provisions of 2-2-201 do not apply to board members.

Section 8. **Appropriation authority and funding.** (1) The board has authority to accept and expend all funds received by it as grants, donations, or other private or public income. [These funds are statutorily appropriated as provided in [section 2 of House Bill No. 12].] No award may be made for activities for which matching funds or participation of financial intermediaries is required until such funds have been committed.

(2) Dollar-for-dollar matching funds are required prior to any expenditure of state funds for research capability development, applied technological research, or seed capital awards or investments provided for in [section 6].

(3) The appropriations and investments made to and by the board are in addition to and separate from general fund appropriations to the university system and other state agencies.

Section 9. **Return-on-investment agreements.** (1) The board shall enter into return-on-investment agreements for those products or processes that are to be developed and commercialized as a result of a technology investment. As a part of such an agreement, the board shall require payment of a return that it considers commensurate with the risk of its original investment. The private sector company shall own any patent rights obtained as a result of work done by the private sector company.

HeinOnline -- 1985 vol. II 1580 1985

(2) All income received by the board is appropriated to its use. [This income is statutorily appropriated, as provided in [section 2 of House Bill No. 12].] As this income is received, it will supplant the appropriation of coal tax revenues to the board. Such income received by the board in excess of the amount appropriated to it from coal severance tax revenues accrues to a science and technology research and development account in the state special revenue fund.

Section 10. **Accountability.** (1) The board shall develop independent review and audit procedures to ensure that investments made by it are used for the purposes identified in its investment agreements.

(2) The board's technology investment agreements must contain provisions considered necessary by the board to ensure the proper inspection and review of projects, the attainment of project goals, and the maintenance of adequate financial records by recipients of board funds.

Section 11. **Technical advisory councils.** (1) The chairman of the board may recommend to the governor the appointment of technical advisory councils pursuant to 2-15-122 for the purpose of providing advice to the board on selected topics. In making these recommendations, the chairman shall consider the scientific and technological expertise of various candidates and seek appropriate representation from the scientific and academic community, business and industry, agriculture, and the general public.

(2) Advisory council members are entitled to receive reimbursement for travel expenses, as provided in 2-15-122.

Section 12. **Initial board appointments.** The terms of office of the initial appointments to the board are as follows:

(1) seven members must be appointed to terms ending January 1, 1987, subject to the appointment and confirmation of their successors; and

(2) eight members must be appointed to terms ending January 1, 1989, subject to the appointment and confirmation of their successors.

Section 13. **Appropriation.** (1) There is appropriated to the Department of Commerce for the use of the Montana Science and Technology Development Board $2,000,000 from the alternative energy and energy conservation research development and demonstration account of the state special revenue fund for the biennium ending June 30, 1987.

(2) No more than $300,000 of the appropriation may be used over the biennium for the administrative expenses of the Board and staff expenses incurred by the Department. The balance of the appropriation must be used for technology investments. The Board is also given spending authority for all grants, donations, and income it receives.

Section 14. **Coordination instruction.** The bracketed sentences in sections 8(1) and 9(2) are effective only if House Bill No. 12 of the 49th legislature is passed and approved. In addition, if House Bill No. 12 is

HeinOnline -- 1985 vol. II 1581 1985

passed and approved, references to sections 8 and 9 are included in the subsection of House Bill No. 12 listing all sections containing statutory appropriations.

Section 15. **Effective date.** This act is effective on passage and approval and applies to coal mined on or after April 1, 1985.

Approved May 10, 1985.

Section 3. Section 2-9-202, MCA, is amended to read:

"2-9-202. Apportionment of costs — creation of deductible reserve. (1) The department of administration shall apportion the costs of all insurance purchased under 2-9-201 to the individual state participants, and the costs shall be paid to the department subject to appropriations by the legislature.

(2) The department, if it elects to utilize a deductible insurance plan, is authorized to charge the individual state participants an amount equal to the cost of a full-coverage insurance plan until such time as a deductible reserve is established. In each subsequent year, the department may charge a sufficient amount over the actual cost of the deductible insurance to replenish such deductible reserves.

(3) The department may accumulate a self-insurance reserve fund sufficient to provide self-insurance for all liability coverages that in its discretion the department considers should be self-insured. Payments into the self-insurance reserve fund must be made from a legislative appropriation for that purpose. Proceeds of the fund *are statutorily appropriated, as provided in [section 2], to the department* to pay claims under parts 1 through

HeinOnline -- 1985 vol. II 1586 1985

"2-17-105. Insurance on state buildings — use of proceeds — building replacement. (1) Moneys received by the state as indemnification for damage to state buildings, except buildings procured by the department of highways by purchase or condemnation for right-of-way purposes, shall be deposited in the state special revenue fund.

(2) These moneys *are statutorily appropriated as provided in [section 2] and* may only be:

(a) used to repair the damaged property;

(b) used to replace the damaged property, subject to the limitations in subsection (3) of this section; or

(c) transferred to the fund and account from which the premiums were paid on the policy covering the building. Moneys transferred in this manner may not be spent by the institution or agency having custody of the damaged property but shall be available for future legislative appropriation. If the moneys are not spent or committed within 2 years from the time they are received, they shall automatically revert to the fund and account from which the premiums were paid.

(3) If an insured building is totally destroyed or so badly damaged that repair is impractical, the governing board or officer responsible for the building may authorize any moneys received by the state as indemnification for property damage to be used to replace the building only if the proposed replacement is designed to be used for the same general purposes as the damaged or destroyed building, *and for this purpose the amounts available therefor are statutorily appropriated as provided in [section 2].* If the governing board or officer determines that the building should not be replaced, any moneys received by the state as indemnification for property damage over and above any outstanding debt on the building shall be transferred as provided in subsection (2)(c) of this section."

Section 5. Section 2-18-812, MCA, is amended to read:

"2-18-812. Alternatives to conventional insurance for providing state employee group benefits authorized — requirements. The department may establish alternatives to conventional insurance for providing state employee group benefits. The requirements for providing alternatives to conventional insurance are as follows:

(1) The department must maintain state employee group benefit plans on an actuarially sound basis.

(2) The department must maintain reserves sufficient to liquidate the unrevealed claims liability and other liabilities of state employee group benefit plans.

HeinOnline -- 1985 vol. II 1587 1985

(3) The department must deposit all reserve funds and premiums paid to a state employee group benefit plan, *and such deposits are statutorily appropriated, as provided in [section 2], to the department to be expended for claims under the plan.*

(4) The department must deposit income earned from the investment of a state employee group benefit plan's reserve fund into the account established under subsection (3) of this section in order to offset the costs of administering the plan.

(5) The department shall, prior to implementation of any alternative to conventional insurance, present to the advisory council the evidence upon which the department has concluded that the alternative method will be more efficient, less costly, or otherwise superior to contracting for conventional insurance. The department may not implement any full self insurance alternative prior to July 1, 1981.

(6) The provisions of Title 33 shall not apply to the department when exercising the powers and duties provided for in this section."

Section 6. Section 10-3-203, MCA, is amended to read:

"10-3-203. Acceptance of services, gifts, grants, and loans. *(1)* Whenever the federal government or any agency or officer thereof or any person, firm, or corporation shall offer to the state, or through the state to any political subdivision thereof, services, equipment, supplies, materials, or funds by way of gift, grant, or loan for purposes of emergency or disaster services, the state, acting through the governor, or the political subdivision, acting through its executive officer or governing body, may accept the offer and upon the acceptance the governor of the state or executive officer or governing body of the political subdivision may authorize any officer of the state or of the political subdivision, as the case may be, to receive the services, equipment, supplies, materials, or funds on behalf of the state or such political subdivision and subject to the terms of the offer and the rules, if any, of the agency making the offer.

(2) The funds, items, and services set forth in subsection (1) are statutorily appropriated, as provided in [section 2], to the governor for the purposes set forth in subsection (1)."

Section 7. Section 10-3-312, MCA, is amended to read:

"10-3-312. Maximum expenditure in biennium. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-7-201, MCA, is amended to read:

"15-7-201. (Effective January 1, 1986) Legislative intent — value of agricultural property. (1) Since the market value of many agricultural properties is based upon speculative purchases which do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties shall be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land shall be classified according to its use, which classifications shall include but not be limited to irrigated use, nonirrigated use, and grazing use.

(3) Within each class, land shall be assessed at a value that is fairly based on its *productive capacity.*

HeinOnline -- 1985 vol. II 1604 1985

(4) in computing the agricultural land valuation schedules to take effect on January 1, 1991, or on the date that the revaluation cycle commencing January 2, 1986, takes effect pursuant to 15-7-111, the department of revenue shall determine the productive capacity value of all agricultural lands using the formula V = I/R where:

(a) V is the per-acre productive capacity value of agricultural land in each land use and production category;

(b) I is the per-acre net income of agricultural land in each land use and production category and is to be determined by the department using the formula I = (P - C) U where:

(i) I is the per-acre net income;

(ii) P is the per-unit price of the commodity being produced;

(iii) C is the per-unit production cost of the commodity being produced; and

(iv) U is the yield in units per acre; and

(c) R is the capitalization rate to be determined by the department as provided in subsection (11).

(5) Net income shall be:

(a) calculated for each year of a base period, which is the most recent 3-year period for which data are available, prior to a revaluation of property as provided in 15-7-111; and

(b) based on commodity price and production cost data for the base period from such sources as may be considered appropriate by the department, which sources shall include Montana state university.

(6) To the degree available, the department shall compile:

(a) commodity price data reflecting the average prices received per unit of measure by Montana farmers and ranchers. Such data may be obtained from all geographical areas of the state. Commodity prices may include wheat, barley, alfalfa hay, grass hay, corn for grain, corn for silage, sugar beets, dry beans, potatoes, cattle, and sheep. Government payments may be considered. Typical rental arrangements may be considered.

(b) production cost data reflecting average costs per unit of measure paid by Montana farmers and ranchers. Such data may be obtained from all geographical areas of the state. Such production costs may include costs relating to irrigation, fertilization, fuel, seed, weed control, hired labor, management, insurance, repairs and maintenance, and miscellaneous items. Variations in specific production cost data, when affected by different levels of production, and typical rental arrangements may be considered.

(7) The department shall appoint an advisory committee of persons knowledgeable in agriculture and agricultural economics to review the data prepared by Montana state university and advise the department on the implementation of subsections (2) through (6). The advisory committee shall include one member of the Montana state university staff.

HeinOnline -- 1985 vol. II 1605 1985

(8) Net income shall be determined separately for lands in irrigated use, nonirrigated use, and grazing use and shall be calculated for each use and production level according to the provisions of subsections (4) through (7).

(9) The capitalization rate shall be calculated for each year of the base period and is the annual average interest rate on agricultural loans as reported by the federal land bank association of Spokane, Washington, plus the effective tax rate in Montana.

(10) The effective tax rate shall be calculated by the department for each year of the base period by dividing the total estimated tax due on agricultural land in the state by the total productive capacity value of agricultural land in the state."

Section 2. **Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 3. **Effective date — applicability date.** This act is effective January 1, 1986, and applies to any revaluation of property as provided in 15-7-111 after January 1, 1986.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-18-618, MCA, is amended to read:

"2-18-618. Sick leave. (1) Each permanent full-time employee shall earn sick leave credits from the first day of employment. For calculating

Sick leave credits shall be earned at the rate of 12 working days for each year of service without restriction as to the number of working days that may be accumulated. Employees are not entitled to be paid sick leave until they have been continuously employed 90 days.

(2) An employee may not accrue sick leave credits while in a leave-without-pay status.

(3) Permanent part-time employees are entitled to prorated leave benefits if they have worked the qualifying period.

(4) Full-time temporary and seasonal employees are entitled to sick leave benefits provided they work the qualifying period.

The payment therefor shall be the responsibility of the agency wherein the sick leave accrues. However, no employee forfeits any sick leave rights or benefits he had accrued prior to July 1, 1971. However, where an employee transfers between agencies within the same jurisdiction, he shall not be entitled to a lump-sum payment. In such a transfer the receiving agency shall assume the liability for the accrued sick leave credits earned after July 1, 1971, and transferred with the employee.

(6) An employee who receives a lump-sum payment pursuant to this section and who is again employed by any agency shall not be credited with any sick leave for which the employee has previously been compensated.

(7) Abuse of sick leave is cause for dismissal and forfeiture of the lump-sum payments provided for in this section.

(8) An employee may contribute any portion of his accumulated sick leave to a nonrefundable sick leave fund for state employees and thereby become eligible to draw upon the fund if an extensive illness or accident exhausts his accumulated sick leave. The department of administration shall, in consultation with the sick leave advisory council provided for in [section 2], administer the sick leave fund and adopt rules to implement this subsection."

Section 2. **State employee sick leave advisory council.** (1) There is a state employee sick leave advisory council appointed by the governor.

WHEREAS, current law provides that the review of subdivisions conducted by the Department of Health and Environmental Sciences is funded entirely through the collection of lot fees paid on subdivisions; and

WHEREAS, a marked decline in the number of subdivision parcels created has resulted in a level of funding inadequate to maintain a core staff capable of fulfilling the requirements of Title 76, chapter 4, on an ongoing basis; and

WHEREAS, it is necessary to provide adequate funding to insure retention of a well-qualified staff to review subdivisions as the statutes require; and

WHEREAS, it is in the public interest to require subdividers to financially contribute to the review process.

THEREFORE, the Legislature intends that a biennial appropriation from the general fund be made to support a well-qualified core staff to review subdivisions and that reimbursement to the general fund be made to the greatest extent possible by the collection of lot fees that adequately cover the cost of review.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-4-105, MCA, is amended to read:

"76-4-105. Lot fees. (1) The department shall adopt rules setting forth fees, not to exceed $48 per parcel, for services rendered in the review of plats and subdivisions. The rules shall provide for a schedule of fees to be paid by the applicant for plat or subdivision review to the department

(c) the type of sewage disposal to serve the development; and

(d) the degree of environmental research necessary to supplement the review procedure.

(2) The department shall adopt rules to determine the distribution of lot fees between the local governing body and the *state general fund* as provided in 76-4-128. When a subdivision is reviewed under the master plan provisions of 76-4-124, the local governing body shall, within 20 days after receiving an application under the Montana Subdivision and Platting Act, distribute the lot fees as determined by this subsection.

(3) A fee as described in this section is not required for the review of subdivisions in which divisions are made for the purpose of relocating common boundary lines unless the division will result in the installation of additional water supply or sewage disposal facilities."

Section 2. **General fund support for subdivision review.** Costs of implementing this part must be paid from the state general fund as provided by legislative appropriation.

Section 3. **Appropriation.** There is appropriated from the general fund $136,787 for fiscal year 1986 and $139,825 for fiscal year 1987 to the Department of Health and Environmental Sciences for the subdivision review required by Title 76, chapter 4, part 1.

Section 4. **Codification instruction.** Section 2 is intended to be codified as an integral part of Title 76, chapter 4, part 1, and the provisions of Title 76, chapter 4, part 1, apply to section 2.

Section 4. **Emergency action.** If the department determines that immediate response to an imminent threat to public health, public welfare, or the environment is necessary to avoid substantial injury or damage to persons, property, or resources, remedial action may be taken pursuant to [section 3(1) and (2)] without the prior written notice required by [section 3(3)(b)]. In such a case, the department must give subsequent written notice to the responsible party within 5 days after the action is taken, describing the circumstances which required the action to be taken without prior notice.

(a) the department failed to follow the notice provisions of [section 3] when required; or

(b) the release did not emanate from any vessel, vehicle, or facility over which the party had any authority or control and was not caused by any action or omission of the party; or

The board may not grant an extension to exceed 180 days.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Appropriations from the water development state special revenue account.** (1) There is appropriated to the Department of Natural Resources and Conservation up to $196,550 from the water development state special revenue account during the biennium ending June 30,

HeinOnline -- 1985 vol. II 1629 1985

1987, for grants to private persons for water development projects and activities pursuant to the provisions of Title 85, chapter 1, part 6. This appropriation is from money available in the water development state special revenue account for grants for water development projects and activities under 85-1-604(3)(c) and sections 3 and 4 of this act.

(2) There are appropriated to the Department of Natural Resources and Conservation the interest earnings from the proceeds of water development bonds and renewable resource development bonds issued to finance loans authorized by this act. Interest earnings must be deposited in the water development state special revenue account and the renewable resource development account, respectively.

(3) There are appropriated to the Department of Natural Resources and Conservation all other funds not appropriated under subsection (1) and available for grants to state and local government entities from the water development state special revenue account during the biennium ending June 30, 1987. This appropriation is from money available in the water development state special revenue account and renewable resource development account for grants and from the water development or renewable resource accounts for loans for water development projects and activities under 85-1-604(3)(c) and section 13 of this act. The funds appropriated in this subsection must be awarded by the Department of Natural Resources and Conservation to the following entities for the described purposes and in the described grant amounts, subject to the conditions set forth in this act. The Legislature, pursuant to 85-1-605, approves the grants listed below, with grants to be made in the order indicated in the following prioritized list of projects and activities. Funds must be awarded up to the amounts approved in this section in order of priority until available funds are expended. Funds not accepted or utilized by higher ranked projects and activities must be provided for projects and activities farther down the priority list that would not otherwise receive funding. If the total expenditure of funds appropriated under this subsection results in a cutoff that ends at a point at which more than one project or activity is ranked equal in priority, the decision regarding which project or projects will receive funding must be made by the Department of Natural Resources and Conservation, with the advice of the water development advisory committee formed pursuant to 2-15-122. Actual rank and score of the various projects and activities are contained within the Department's renewable resource and water development program project evaluations and recommendations report for the 1986-87 biennium.

Section 2. **Appropriations under the renewable resource development program.** (1) There are appropriated to the Department of Natural Resources and Conservation all available funds from the renewable resource development account during the biennium ending July 30, 1987, for projects under the renewable resource development program.

(2) The Department of Natural Resources and Conservation shall award grants to the following entities for the described purposes and in the described amounts. The Legislature, pursuant to 90-2-111, approves the grants listed below, with grants to be made in order of priority ranking within each renewable resource development category, except renewable resource development grants for water development projects and activities, which must be made with the order of priority listed in section 1. The funds appropriated under this section must be divided among the categories and in the percentages as required by 90-2-113. Funds not accepted or used by higher ranked projects in each category must be provided for projects further down the priority list in each category that would not otherwise receive funding. If the total expenditure of funds appropriated under this section results in a cutoff that ends at a point at which more than one project is ranked equal in priority, the decision regarding which project or projects will receive funding must be made by the Department of Natural Resources and Conservation, with the advice of the water development advisory committee formed pursuant to 2-15-122. If the projects approved in the categories of "timber stand improvement" and "conservation districts, for development of their water reservations" do not use up the total allocations for those categories, as provided in 90-2-113(1)(a) and (1)(d), any excess funds must first be used for the project approved in the category of "other". After the project in "other" is funded, any remaining funds must be used for the projects approved in the category of "improvements on agricultural land" and then for the projects approved in the category of "water development". Any projects in the category of "improvements on agricultural land" that are fully funded by House Bill 922 must not be funded under this act. Actual rank and score of the various projects are contained within the Department's renewable resource and water development programs project evaluations and recommendations report for the 1986-87 biennium.

Section 3. **Opportunity to receive loans for projects that do not receive grants.** Sponsors of recommended projects and activities on the prioritized lists in sections 1 and 2 that are not recipients of available grant funds must be offered the opportunity to receive loan funds for up to the total recommended project, subject to the conditions described in this act. The interest rate applicable to these loans must be the rate paid on bonds issued pursuant to this act.

Section 4. **Approval of loans from bond proceeds and completion of appropriation.** (1) The Legislature, pursuant to 85-1-605 and 90-2-107, hereby approves loans to private sponsors approved by the Director of the Department of Natural Resources and Conservation during the 1985-86 biennium and the loans identified and described in section 1 for projects and activities to public entities from water development bond proceeds [and interest earnings on such proceeds deposited in the water development account] and loans from renewable resource development bond proceeds deposited in the renewable resource development account. Bond proceeds may be used for the payment of bond issuance costs. Funds are appropriated for these costs to a maximum of 4% of the amount of each bond sale.

(2) The approval of specific loans completes an appropriation of the coal severance tax proceeds allocated by 15-35-108 to the water development bond account for the purpose of paying, in the manner established by 85-1-619, principal of and interest and redemption premiums on any water development bonds issued to provide the proceeds for the loans to private and public entities approved in section 1, and also an appropriation to the renewable resource debt service fund for the purpose of paying, in the manner established by 90-2-124, principal of and interest and redemption premium on any renewable resource development bonds issued to provide the proceeds for the loans to public entities approved in sections 1 and 2.

Section 5. **Reauthorization of loans approved by the 1983 Legislature.** The 1983 Legislature in House Bill 897 approved loans from the water development bond account for the Antelope water and sewer district in the amount of $100,000, the Geraldine water district in the amount of $100,000, the town of Culbertson in the amount of $100,000, and the town of Hamilton in the amount of $182,000. Eighty-two thousand dollars of the Hamilton loan was a grant for which revenues were not collected and which was offered and accepted as a loan. Loans for the entities described in this section, from proceeds of the water development program general obligation bond, October 1983, are hereby authorized.

Section 6. **Coal severance tax bond authorized.** (1) The Legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved water resource development projects and activities as part of the state water development program. The Legislature finds that the water development projects in this section meet the provisions of 17-5-702. The Board of Examiners may issue State of Montana coal severance tax bonds in an amount not to exceed $51,652,528 for the purposes of making loans and financing state projects, establishing a reserve for the bonds, and of paying the costs of issuance. Funds are appropriated for these costs of issuance to a maximum of 4% of the amount of each bond sale.

HeinOnline -- 1985 vol. II 1636 1985

(2) The Board of Examiners may issue State of Montana coal severance tax bonds for loans to political subdivisions and local government entities not to exceed the loan amount listed for the project.

(3) State of Montana coal severance tax bonds to finance the gravity-fed sprinkler system project for the East Bench irrigation district were authorized by the 1983 Legislature in an amount not to exceed $3,230,000. The district plans to borrow $1,250,000, and the district is still expecting to receive confirmation of a federal loan for the remainder. The Legislature reauthorizes the Board of Examiners to issue State of Montana coal severance tax bonds in an amount not to exceed $1,980,000 if the loan from the U.S. Bureau of Reclamation is not authorized. The loan must carry the interest rate of 3% for the term of the loan, as authorized by the 1983 Legislature. Remaining grant funds approved for this project by the 47th Legislature in House Bill 709 are reappropriated for the project for the biennium ending June 30, 1987.

(4) (a) The Legislature finds that the following state water projects for rehabilitation and repair for which coal severance tax bonds were authorized by the 1983 Legislature in House Bill 885 have not been completed. Further, inflation or additional feasibility studies have precipitated revised cost estimates for some of these projects. The Board of Examiners is authorized to issue State of Montana coal severance tax bonds for these projects to a maximum amount listed in this section. The state bond rate must be paid on these loans. The list describes both the 1983 authorized amount and a revised amount when appropriate.

YELLOW WATER DAM in Petroleum County 1985 authorization amount	$110,000
COTTONWOOD DAM in Park County 1985 authorization amount	230,000

(b) Bonds may be issued by the Board of Examiners after the water users for each project have entered into contractual agreements providing for the repayment of the cost of repair and rehabilitation at a rate of interest equal to that which must be paid on bonds issued pursuant to this section. The repayment money from each project is pledged, dedicated, and appropriated to the special debt service bond account established in the state treasury for the benefit of the bonds approved for such projects.

(5) The Legislature finds that the following state hydroelectric projects for which coal severance tax bonds were authorized by the 1983 Legislature in House Bill 885 have not been completed; further, inflation and additional feasibility studies have precipitated revised cost estimates for some of these projects:

HeinOnline -- 1985 vol. II 1639 1985

(a) The Board of Examiners is authorized to issue State of Montana coal severance tax bonds for these projects up to the amounts listed in this section.

PAINTED ROCK DAM under the authorization granted by the federal energy regulatory commission for project number 4657:
1985 authorization $10,047,000

BROADWATER DAM under authorization pending before the federal energy regulatory commission for project number 2853:
1985 authorization 23,044,000

COONEY DAM under an authorization from the federal energy regulatory commission to be applied for pursuant to the preliminary permit issued for project number 4700:
1985 authorization 4,512,000

(b) Bonds approved in this section may not be issued by the Board of Examiners until the Board of Natural Resources and Conservation has determined that a project is feasible and has otherwise complied with the requirements of Title 85, chapter 1, part 5, for the development of hydropower at water projects under the control of the Department. The Board of Natural Resources and Conservation and the Board of Examiners must find that on the average, over the life of the project, revenues will be generated to repay a loan at the rate at which the state bond is sold. However, in some years the appropriation of funds from the coal severance tax bond account may be required.

(c) The Board of Examiners may allocate a portion of the bond proceeds for a specific project for the operation and maintenance of the hydropower facility.

(d) The maximum amount of bond proceeds for each project approved in this section must also include all and any relocation, reconstruction, rehabilitation, or other costs for which the Department is legally liable that affect existing irrigation systems, private lands, utility lines, mines, roads, highways, and railroads which are subsequently affected by the development of a respective hydroelectric project.

(e) The hydropower revenues from each project are pledged, dedicated, and appropriated to a debt service account established in the state treasury for the benefit of bonds approved to finance the project. Revenues in excess of the amount required to meet the debt service requirements may be allocated to the water development special revenue account to operate, maintain, and rehabilitate state-owned projects.

(6) There is approved a loan for the amount of $484,270 for improving the water supply to the town of East Glacier. The Department of Natural Resources and Conservation is directed to classify this loan into one of the groups set forth in subsection (2) and report this classification to the Legislative Finance Committee.

Section 7. **Appropriation and creation of debt for coal severance tax bonds.** (1) The Legislature, through the enactment of this section by a vote of three-fourths of the members of each house of the Legislature as

HeinOnline -- 1985 vol. II 1640 1985

required by Article IX, section 5, of the Montana Constitution, pledges, dedicates, and appropriates from the coal severance tax bond subfund all money necessary for the payment of principal and interest not otherwise provided for on the State of Montana coal severance tax bonds authorized by this act to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the further provisions of this act.

(2) The Legislature, through the enactment of this section, in accordance with Article VIII, section 8, of the Montana Constitution, authorizes the creation of a state debt in an amount not to exceed $37,603,000 for the development of the state hydroelectric projects approved in section 6, in an amount not to exceed $3,840,000 for the rehabilitation of state water projects approved in section 6, and in an amount not to exceed $47,652,528 for loans to political subdivisions of the state and local government entities for water development projects approved in section 6, all for the issuance of State of Montana coal severance tax bonds authorized by this act.

(3) In connection with the issuance of coal severance tax bonds, the Board of Examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The Board of Examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(4) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the water development state special revenue account and may be used for the purposes allowed under 85-1-604(3)(b).

(5) Notwithstanding provisions in section 6(5)(e), loan repayments from loans financed with State of Montana coal severance tax bonds, loan principal, interest, and bond issuance fees borrowed from bond proceeds are pledged, dedicated, and appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under this section. Repayment, both principal and interest, of administrative fees borrowed from bond proceeds must be made to the water development state special revenue account created in 85-1-604 to be reused for the administration of the water development loan and grant program.

Section 8. **Projects not completing requirements — loans reauthorized.** The Legislature finds that the following water development projects for which coal severance tax bonds were authorized to be issued by the 1983 Legislature in House Bill 885 might not complete the requirements necessary for the loan transaction prior to June 30, 1985. State of Montana, Coal Severance Tax Bonds, 1984 Series A, were sold in August 1984 to finance these loans. Loans from the proceeds of the State of Montana, Coal Severance Tax Bonds, 1984 Series A, for the projects described in this section are reauthorized in the amounts listed at the interest rates authorized by the 1983 Legislature in House Bill 885 and described in this section to enable financing during the 1986-87 biennium, if necessary.

Section 9. **Reallocation of resource indemnity trust account interest income.** Except for special departmental appropriation and notwithstanding any provisions of 85-1-604 to the contrary, all remaining interest income allocated to the water development state special revenue account from the resource indemnity trust fund by 15-38-202(2) during the biennium ending June 30, 1987, may be used only for the purposes set out in 85-1-604(3)(c).

Section 10. **Emergency grants.** There is appropriated to the Department of Natural Resources and Conservation up to $125,000 from the water development state special revenue account to be used for emergency projects pursuant to Senate Bill 283. If these funds are not needed for emergencies, they may be used for grants approved in section 1 of this act.

Section 11. **Conditions of loans and grants.** Disbursement of funds under this act for both loans and grants is subject to the following conditions, which must be met by project sponsors:

(1) approval of a scope of work and budget for the project by the Department; reductions in a scope of work or budget must not affect priority activities or improvements;

(2) other funds required for project completion have been committed and the commitment is documented;

(3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource and water development program project evaluations and recommendations report for

HeinOnline -- 1985 vol. II 1642 1985

the 1986-87 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved loan authority;

(4) execution of a loan or grant agreement with the Department of Natural Resources and Conservation; and

(5) other specific requirements are accomplished as considered necessary by the Department of Natural Resources and Conservation to accomplish the purpose of the loan or grant as evidenced from the application to the Department of Natural Resources and Conservation or the proposal to the Legislature.

Section 12. **Conditions for grants.** Notwithstanding the conditions described in section 1, grant funds are disbursed in the order of priority listed in section 1 as coal tax revenues are received. No project approved by this act is entitled to receive grant funds not collected and allocated to the water development state special revenue account or the renewable resource development account.

Section 13. **Conditions for loans.** Each sponsor authorized for a loan from water development bond proceeds, renewable resource development bond proceeds, or coal severance tax bond proceeds may be required to pay to the Department of Natural Resources and Conservation a pro rata share of the bond issuance costs and the administrative costs incurred by the Department to complete the loan transaction.

Section 14. **Interest rates on loans.** Loans made from proceeds of State of Montana coal severance tax bonds must be at interest rates specified in section 6, except that when loan requests are reduced, interest rates must be recalculated based on the methodology described in the renewable resource and water development program project evaluations and recommendations report for the 1986-87 biennium. If the bonds or notes bear interest at an adjustable rate, the Department shall establish, at the time of the sale of the bond, an assured rate of interest thereon as if the bonds bore interest at a fixed rate. The assured rate of interest so established must be the rate of interest on the bonds for the purpose of calculating the interest rates on the loans pursuant to section 6.

Section 15. **Private and discount purchase of loans.** Loans to local government entities and political subdivisions and bonds, warrants, and notes issued in evidence thereof may be made and purchased by and sold to the Department at a discount and at private negotiated sale, notwithstanding the provisions of any other law applicable to such local government entities or political subdivisions.

Section 16. Section 90-2-107, MCA, is amended to read:

"90-2-107. State and local renewable resource development loans. (1) The department of natural resources and conservation may recommend to the governor that loans be made from the renewable resource development account established by this part to any department, agency, board, commission, or other division of state government or to any city, county, or other political subdivision or local government body of the state.

HeinOnline -- 1985 vol. II 1643 1985

(2) The department shall solicit and consider in its evaluation of proposed projects the views of interested and affected departments, boards, agencies, and other subdivisions of state and federal government and of other interested and affected persons.

(3) The governor shall submit those loan proposals having his approval to the legislature by *January 1 of the year of* any *regular* legislative session. Those loan proposals approved by the legislature shall be administered by the department.

(4) The provisions of 90-2-104, 90-2-108, 90-2-109, and 90-2-128 shall govern and apply to the local renewable resource loans herein provided for.

(5) Both the loans provided for by this section and the grants provided for by 90-2-111 may be submitted to the governor and approved by the legislature as may be necessary to jointly finance any project."

Section 17. **Water development program direction — future preference for appropriations.** (1) The Department of Natural Resources and Conservation is directed to recognize in particular the primary role of agriculture in the state's economy and the needs of its agricultural constituency when it formulates its promotion, assistance, and development programs.

(2) In evaluating proposals for use of funds from the water development state special revenue account for the biennium ending June 30, 1989, the Department of Natural Resources and Conservation and the Legislature shall give preferential consideration to proposals that promote:

(a) the water reservation program established by 85-2-316;

(b) the development of the state water plan required by 85-1-203; and

(c) other state water programs recommended by the Legislative Water Policy Committee established in section 19 of House Bill 680.

Section 18. **Coordination instruction.** (1) If Senate Bill 283 is not passed and approved, including its provisions authorizing the deposit of interest earned on water development bond proceeds and renewable resource development bond proceeds in the water development state special revenue account and the renewable resource development account, respectively, section 1(2) and the bracketed material in section 4 are void.

(2) If Senate Bill 283 is not passed and approved, including its provisions authorizing the department to use for emergency grants, pursuant to 85-1-605, up to 10% of the funds available for grants from the water development state special revenue account, section 10 is void.

Section 19. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 20. **Effective date.** This act is effective on passage and approval.

WHEREAS, the purpose of this act is to maintain and improve the quality of the prosecution function in Montana by adjusting the salary of part-time county attorneys, requiring the state to pay one-half of the salary of two deputy county attorneys authorized by 7-4-2703, and providing longevity pay for deputy county attorneys; and

HeinOnline -- 1985 vol. II 1645 1985

WHEREAS, it is appropriate that necessary funding be derived from a charge to be assessed upon persons convicted of a crime or who forfeit bail or bond, thus providing that costs of maintaining and improving the quality of the prosecution function will be borne, in part, by those who necessitate the operation of the criminal justice system.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Imposition of charge upon conviction or forfeiture — administration.** (1) Except as provided in subsection (2), there must be imposed by all courts of original jurisdiction on a defendant upon his conviction for any conduct made criminal by state statute or upon forfeiture of bond or bail a charge that is in addition to other taxable court costs, fees, or fines, as follows:

(a) $10 in each misdemeanor case; and

(b) the greater of $20 or 10% of the fine levied in each felony case.

(2) If a convicting court determines under 46-18-231 and 46-18-232 that the defendant is not able to pay the fine and costs or that he is unable to pay within a reasonable time, the court must waive payment of the charge imposed by this section.

(3) The charge imposed by this section is not a fine and may not be used in determining the jurisdiction of any court.

(4) The total of the charge imposed by this section and any fine assessed may not exceed the maximum fine authorized by law for the offense.

(5) The charges collected under subsection (1) must be deposited with the appropriate local government finance officer or treasurer. If a city municipal court or city or town court is the court of original jurisdiction, the charges collected under subsection (1) must be deposited with the city or town finance officer or treasurer. On or before the 10th day of each month, the county finance officer or treasurer shall remit to the state treasurer for deposit to the state general fund $10 for each misdemeanor case and the greater of $20 or 10% of the fine levied in each felony case. A county may retain up to 10% of the funds remitted to the state treasurer to cover only the costs of administering this section. A city or town finance officer or treasurer may retain the charges collected under subsection (1) by a city municipal court or a city or town court and may use that money for the payment of salaries of the city or town attorney and his deputies.

Section 2. Section 7-4-2502, MCA, is amended to read:

"7-4-2502. Payment of salaries of county officials and assistants. (1) Except as provided in subsection (2), the salaries of the county officers and their assistants may be paid monthly, twice monthly, or every 2 weeks out of the general fund of the county and upon the order of the board of county commissioners.

HeinOnline -- 1985 vol. II 1646 1985

(2) (a) The *salaries* of the county attorney *and deputy county attorneys authorized by 7-4-2703 are* payable monthly, with *the salaries of the county attorney and no more than two deputies payable* one-half from the general fund of the county and the other one-half from the state treasury upon the warrant of the state auditor. *Such salaries for the deputy county attorneys include the longevity increases provided by 7-4-2503(3)(d).*

(b) The county commissioners of each county shall, within 30 days after the election or appointment to fill a vacancy for any cause in the office of county attorney *or within 30 days after the appointment of a deputy county attorney authorized by 7-4-2703,* certify the election or appointment to the state auditor, who shall thereafter draw warrants for such salary in the same manner as for state officers. In case of a vacancy, the county commissioners shall immediately notify the state auditor, and the auditor shall compute the salary due on the basis of the notification.

(3) The board has jurisdiction and power, under such limitations and restrictions as are prescribed by law, to fix the compensation of all county officers not otherwise fixed by law and to provide for the payment of the same."

Section 3. Section 7-4-2503, MCA, is amended to read:

"7-4-2503. Salary schedule for certain county officers. (1) The salary paid to the county treasurer, county clerk and recorder, clerk of the district court, county assessor, county superintendent of schools, and county sheriff; the county surveyor in counties where county surveyors receive salaries as provided in 7-4-2812; and the county auditor in all counties wherein such office is authorized, for the fiscal year beginning July 1, 1981, is computed by adding the annual base salary of:

(b) In those counties where the office of the county attorney has been established as a full-time position pursuant to 7-4-2706, the salary of the county attorney for the fiscal year beginning July 1, 1981, shall be $36,500.

(c) Beginning on July 1, 1982, and on July 1 of each succeeding year, each county attorney shall be entitled to an increase in salary calculated by adding to his annual salary on July 1, 1981, an increment of 70% of the last previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. The cost-of-living increment for the fiscal year beginning July 1, 1983, and for each subsequent fiscal year shall be added to all cost-of-living increments granted for previous years.

(ii) The years of service as a deputy county attorney accumulated prior to [the effective date of this act] must be included in the calculation of the longevity increase.

(4) For each 10th year after the fiscal year beginning July 1, 1981, the latest federal decennial census statistics shall be the basis for computation of population increments under this section. During the intervening 9 years, the computation of population increments applicable on July 1 of each year shall be based on the last calendar year's annual estimates of counties' populations compiled by the federal-state cooperative program for estimates of the university of Montana bureau of business and economic research and the U.S. bureau of the census or other estimate that the bureau of business and economic research may certify."

Section 4. Section 7-4-2505, MCA, is amended to read:

(c) Deputy assessors' salaries shall be the same as paid the deputy clerk and recorder."

Section 5. **Effective date.** This act is effective July 1, 1985.

Section 6. **Nonseverability.** It is the intent of this legislature that each part of this act is essentially dependent upon every other part and if one part is held unconstitutional or invalid, all other parts are invalid.

(5) "Video draw poker machine" means an electronic video game machine that, upon insertion of cash, is available to play or simulate the play of the game of draw poker, as provided in [sections 1 through 12], utilizing a video display and microprocessors in which, by the skill of the player or by chance, or both, the player may receive free games or credits that can be redeemed for cash. The term does not include a machine that directly dispenses coins, cash, tokens, or anything else of value.

Section 3. **Description and specifications.** Each video draw poker machine must:

Section 12. **Used video draw poker machines.** A used video draw poker machine may be licensed under [section 10] without meeting the requirements of [subsections (4)(j), (4)(k), and (4)(o) of section 3] if the applicant for licensure can establish to the satisfaction of the department that, on the date of application, he owns or possesses a machine which was owned or operated in the state prior to February 3, 1984. A license issued under this section expires 1 year from the date of issuance or on July 1, 1987, whichever occurs first.

CHAPTER NO. 724

[HB 636]

AN ACT TO REDUCE THE TAX RATE ON PETROLEUM PRODUCED BY TERTIARY RECOVERY METHODS FROM 5 PERCENT TO 2.5 PERCENT; REQUIRING AMORTIZATION OVER 10 YEARS OF THE COSTS OF NECESSARY CHEMICAL SUPPLIES USED IN APPROVED TERTIARY RECOVERY PROJECTS; AMENDING SECTIONS 15-23-603 AND 15-36-101, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Legislature recognizes that it is essential to the continued growth in production and development of the petroleum resources of this state and to the continued prosperity and welfare of the people of this state that tertiary recovery operations be encouraged; and

WHEREAS, the Legislature further recognizes that tertiary recovery methods are experimental and more costly than traditional enhanced recovery operations, thus preventing recovery of oil in many fields because of economic infeasibility.

THEREFORE, it is the policy of the Legislature to provide an economic incentive to petroleum producers who invest in tertiary recovery projects enhancing Montana's crude oil production to the ultimate benefit of the state.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-36-101, MCA, is amended to read:

"15-36-101. Definitions and rate of tax. (1) Every person engaging in or carrying on the business of producing petroleum, other mineral or crude oil, or natural gas within this state or engaging in or carrying on the business of owning, controlling, managing, leasing, or operating within this state any well or wells from which any merchantable or marketable petroleum, other mineral or crude oil, or natural gas is extracted or produced sufficient in quantity to justify the marketing of the same must, except as provided in 15-36-121, each year when engaged in or carrying on any such business in this state pay to the department of revenue for the exclusive use and benefit of the state of Montana a severance tax computed at the following rates:

(a) *except as provided in subsections (1)(b) and (1)(c),* 5% of the total gross value of all the petroleum and other mineral or crude oil produced by such person from each lease or unit on or after April 1, 1981, and on or

before March 31, 1983; 6% of the total gross value of all the petroleum and other mineral or crude oil produced by such person from each lease or unit on or after April 1, 1983, and on or before March 31, 1985; and 5% of the total gross value of all the petroleum and other mineral or crude oil produced by such person from each lease or unit thereafter; but in determining the amount of such tax there shall be excluded from consideration all petroleum or other crude or mineral oil produced and used by such person during such year in connection with his operations in prospecting for, developing, and producing such petroleum or crude or mineral oil;

(b) 2.65% of the total gross value of natural gas produced from each lease or unit; but in determining the amount of such tax there shall be excluded from consideration all gas produced and used by such person during such year in connection with his operations in prospecting for, developing, and producing such gas or petroleum or crude or mineral oil; and there shall also be excluded from consideration all gas, *including carbon dioxide gas,* recycled or reinjected into the ground;

(c) 2.5% of the total gross value of the incremental petroleum and other mineral or crude oil produced from each lease or unit in a tertiary recovery project after [the effective date of this act]. For purposes of this section, a tertiary recovery project must meet the following requirements:

(i) the project must be approved as a tertiary recovery project by the department of revenue. Such approval may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(ii) the property to be affected by the project must be adequately delineated according to the specifications required by the department; and

(iii) the project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the department to be significant in light of all the facts and circumstances, in the amount of crude oil which may potentially be recovered. For the purpose of this section, tertiary recovery methods include but are not limited to:

(A) miscible fluid displacement;

(B) steam drive injection;

(C) micellar/emulsion flooding;

(D) in situ combustion;

(E) polymer augmented water flooding;

(F) cyclic steam injection;

(G) alkaline or caustic flooding;

(H) carbon dioxide water flooding;

(I) immiscible carbon dioxide displacement;

(J) any other method approved by the department as a tertiary recovery method.

HeinOnline -- 1985 vol. II 1660 1985

(d) For purposes of this section, the term "incremental petroleum and other mineral or crude oil" means the amount of oil, as determined by the department of revenue, to be in excess of what would have been produced by primary and secondary methods. The determination arrived at by the department must be made only after notice and hearing and shall specify through the life of a tertiary project, calendar year by calendar year, the combined amount of primary and secondary production that must be used to establish the incremental production from each lease or unit in a tertiary recovery project.

(2) Nothing in this part may be construed as requiring laborers or employees hired or employed by any person to drill any oil well or to work in or about any oil well or prospect or explore for or do any work for the purpose of developing any petroleum or other mineral or crude oil to pay such severance tax, nor may any work done or the drilling of any well or wells for the purpose of prospecting or exploring for petroleum or other mineral or crude oils or for the purpose of developing same be considered to be the engaging in or carrying on of any such business. If, in the doing of any such work, in the drilling of any oil well, or in such prospecting, exploring, or development work, any merchantable or marketable petroleum or other mineral or crude oil in excess of the quantity required by such person for carrying on such operation is produced sufficient in quantity to justify the marketing of the same, such work, drilling, prospecting, exploring, or development work is considered to be the engaging in and carrying on of such business within this state within the meaning of this section.

(3) Every person required to pay such tax hereunder shall pay the same in full for his own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments, and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of such extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the aforesaid interests that are owned by the federal, state, county, or municipal governments shall be exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements under said lease or leases or division of proceeds orders or other contracts."

Section 2. Section 15-23-603, MCA, is amended to read:

"15-23-603. Net proceeds — how computed. (1) The department of revenue shall calculate and compute from the returns the gross sales proceeds of the product yielded from such well for the year covered by the statement and shall calculate the net proceeds of the well yielded to the producer, which net proceeds shall be determined by subtracting from the gross sales proceeds thereof the following:

(a) all royalty paid in cash by the operator or producer and the gross value of all royalty apportioned in kind by the operator or producer that shall be determined by using as the value of a barrel of oil or a cubic foot

HeinOnline -- 1985 vol. II 1661 1985

of gas the average selling price for the calendar year of a barrel of oil or a cubic foot of gas from the well out of which the royalty was paid;

(b) all moneys expended for necessary labor *and* machinery needed and used in the operation and development;

(c) except as provided in subsection (3), all moneys expended for necessary supplies needed and used in the operation and development;

(d) all moneys expended for improvements, repairs, and betterments necessary in and about the working of the well;

(e) all moneys expended for fire insurance and workers' compensation insurance and for payments by operators to welfare and retirement funds when provided for in wage contracts between operators and employees;

(f) 70% of the amount paid or withheld in satisfaction of liability for excise taxes imposed by the U.S. government on the production, sale, or removal of the natural gas, petroleum, or other crude or mineral oil yielded from such well, other than the amount of such taxes paid by or withheld from each royalty owner.

(2) No moneys invested in the well and improvements during any year except the year for which such statement is made may be included in such expenditures, except as provided in 15-23-604, and such expenditures may not include the salaries or any portion thereof of any person or officer not actually engaged in the working of the well or superintending the management thereof.

(3) In calculating the deduction for moneys expended for necessary chemical supplies needed and used in a tertiary recovery project approved by the department of revenue, as provided in 15-36-101, the department shall require that the necessary chemical supplies, which include but are not limited to carbon dioxide supplies, be amortized over a 10-year period beginning with the year in which the moneys were expended."

Section 3. **Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 4. **Effective date.** This act is effective July 1, 1985.

Approved May 13, 1985.

CHAPTER NO. 726

[HB 704]

AN ACT ALLOWING THE EXCLUSION OF THE TAXABLE VALUE OF PROPERTY UNDER A PROTEST PROCEEDING FROM THE TAXABLE VALUATION OF A COUNTY, MUNICIPALITY, AND SCHOOL DISTRICT FOR THE PURPOSE OF SETTING PROPERTY TAX LEVIES IF THE TAXABLE VALUE OF SUCH PROPERTY UNDER PROTEST EXCEEDS 5 PERCENT OF THE TAXING JURISDICTION'S TAXABLE VALUATION; PROVIDING THAT PAYMENT TO THE COUNTY, MUNICIPALITY, AND SCHOOL DISTRICT FROM THE PROTEST FUND ON SUCH PROPERTY MUST BE USED TO LOWER SUBSEQUENT TAX LEVIES; REQUESTING THE REVENUE OVERSIGHT COMMITTEE TO CONSIDER THE ADVISABILITY OF CREATING A STATEWIDE PROTEST FUND; AMENDING SECTIONS 7-6-2321, 7-6-4232, 15-10-202, AND 20-9-142, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-6-2321, MCA, is amended to read:

"7-6-2321. Fixing of tax levy. (1) On the second Monday in August and after the approval and adoption of the final budget, the board of county commissioners shall fix the tax levy for each fund at a rate which will raise the amount set out in the budget as the amount necessary to be raised by tax levy for the fund during the current fiscal year. *Except as provided in subsection (2), the* taxable valuation of the county for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund. Each tax levy shall be at a rate no higher than is required on that basis, without including any amount for anticipated tax delinquency, to produce the amount set out in the budget, without including any amount for anticipated tax delinquency, as being the amount to be raised by tax levy.

(2) (a) The taxable value of property which is the subject of a protest and which remains under protest on the first Monday in August of the current year may be excluded from the county's taxable valuation if the taxable value of such property remaining under protest exceeds 5% of the county's taxable valuation in computing mill levies to fund the amounts necessary to be raised under the provisions of subsection (1) or fund amounts necessary under any other provision of law providing for a levy on the taxable valuation of the county or any district or portion thereof.

(b) If tax money that was collected on property excluded under subsection (2)(a) is not required to be refunded to the taxpayer from the protest fund at the conclusion of a protest proceeding, such money must be used to reduce subsequent property tax levies of the appropriate funds or levies from which it was previously withheld in protest, except for statewide education and university mill levies. The county shall calculate such levies by

HeinOnline -- 1985 vol. II 1664 1985

crediting the revenue from released protest funds directly to the revenue section of the budget and not to the cash reserves. If the crediting of such revenue reduces to zero the amount necessary to be raised by tax levy, the county treasurer shall refund any excess protest fund revenue to the taxpayers. If a taxpayer is delinquent in the payment of prior taxes, the county may offset the delinquency rather than make a refund. A copy of the calculations made in fixing the tax levies under this subsection and calculations of any refunds must be delivered to the legislative auditor, the office of public instruction, and the department of revenue.

(3) The tax levy shall be made in the manner provided by 15-10-201."

Section 2. Section 7-6-4232, MCA, is amended to read:

"**7-6-4232. Fixing of tax levy.** (1) On the second Monday in August and after the approval and adoption of the final budget, the council shall fix the tax levy for each fund at a rate, not exceeding limits prescribed by law, which will raise the amount set out in the budget as the amount necessary to be raised by tax levy for that fund during the current fiscal year. *Except as provided in subsections (2) and (4), the* taxable valuation of the city for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund, and each tax levy shall be at a rate no higher than is required on that basis, without including any amount for anticipated tax delinquency, to raise the amount set out in the budget.

(2) If the council considers that a levy made for a bond sinking or interest fund will not provide a sufficient amount to pay all bond principal and interest becoming due during the current fiscal year or within 6 months after the current fiscal year because of anticipated tax delinquency, the council may fix the levy at a rate it considers necessary to raise the amount for making the payments of principal and interest over and above the anticipated tax delinquency.

(3) Each levy shall be made in the manner provided by 15-10-201.

(4) (a) The taxable value of property which is the subject of a protest and which remains under protest on the first Monday in August of the current year may be excluded from the city's taxable valuation if the taxable value of such property remaining under protest exceeds 5% of the city's taxable valuation in computing mill levies to fund the amounts necessary to be raised under the provisions of subsection (1).

(b) If tax money that was collected on property excluded under subsection (4)(a) is not required to be refunded to the taxpayer from the protest fund at the conclusion of a protest proceeding, such money shall be used to reduce subsequent property tax levies of the appropriate funds or levies from which it was previously withheld in protest. The city shall calculate such levies by crediting the revenue from released protest funds directly to the revenue section of the budget and not to the cash reserves. If the crediting of such revenue reduces to zero the amount necessary to be raised by tax levy, the city shall refund any excess protest fund revenue to the taxpayers. If a taxpayer is delinquent in the payment of prior taxes, the city may offset the delinquency rather than make a refund. A copy of the calculations made in fixing the tax levies under this subsection and calculations

HeinOnline -- 1985 vol. II 1665 1985

of any refunds must be delivered to the legislative auditor, the office of public instruction, and the department of revenue."

Section 3. Section 20-9-142, MCA, is amended to read:

"20-9-142. Fixing and levying taxes by board of county commissioners. *(1)* On the second Monday in August, the county superintendent shall place before the board of county commissioners the final adopted budget of the district and any emergency budget adopted by the district during the previous school fiscal year. It shall be the duty of the board of county commissioners to fix and levy on all the taxable value of all the real and personal property within the district, *except as provided in subsection (2),* all district and county taxation required to finance, within the limitations provided by law, the final budget and any emergency budget of the district.

(2) (a) The taxable value of property which is the subject of a protest and which remains under protest on the first Monday in August of the current year may be excluded from the district's taxable valuation if the taxable value of such property remaining under protest exceeds 5% of the district's taxable valuation in computing the mill levies to fund the final adopted budget of the district and any emergency budget adopted by the district during the previous school fiscal year.

(b) If tax money that was collected on property excluded under subsection (2)(a) is not required to be refunded to the taxpayer from the protest fund at the conclusion of a protest proceeding, such money shall be used to reduce subsequent property tax levies. The district shall calculate such levies by crediting the revenue from released protest funds directly to the revenue section of the budget and not to the cash reserves. If the crediting of such revenue reduces to zero the amount necessary to be raised by tax levy, the county treasurer shall refund on behalf of the district any excess protest fund revenue to the taxpayers. If a taxpayer is delinquent in the payment of prior taxes, the county treasurer may offset the delinquency rather than make a refund. A copy of the calculations made in fixing the tax levies under this subsection and calculations of any refunds must be delivered to the legislative auditor, the office of public instruction, and the department of revenue."

Section 4. Section 15-10-202, MCA, is amended to read:

"15-10-202. Certification of taxable values and millage rates. *(1)* At the time that the assessment roll is prepared and published, the department of revenue shall certify to each taxing authority the taxable value within the jurisdiction of the taxing authority. The department shall also send to each taxing authority a written statement of its best estimate of the total assessed value of all new construction and improvements not included on the previous assessment roll and the value of deletions from the previous assessment roll. Exclusive of such new construction, improvements, and deletions, *and the taxable value of property which is the subject of a protest and which remains under protest on the first Monday in August of the current year if the taxable value of such property remaining under protest exceeds 5% of that taxing jurisdiction's taxable valuation, and*

HeinOnline -- 1985 vol. II 1666 1985

if requested to do so by the county commissioners, the department shall certify to each taxing authority a millage rate which will provide the same ad valorem revenue for each taxing authority as was levied during the prior year. For the purpose of calculating the certified millage, the department shall use 95% of the taxable value appearing on the roll, exclusive of properties appearing for the first time on the assessment roll.

(2) The county commissioners shall inform the department of revenue in writing by July 15 as to whether the county wishes to exclude protested values from the tax base for the purpose of calculating certified mill levies. The decision of the county commissioners shall apply to all taxing jurisdictions within the county."

Section 5. **Revenue oversight committee consideration of advisability of statewide protest fund.** The revenue oversight committee is requested to consider the advisability of creating a statewide protest fund for taxes paid under protest and to suggest procedures for payment into the fund, administration of the fund, payment of litigation costs associated with protests based on state law, and satisfaction from the fund of judgments against taxing jurisdictions. If the revenue oversight committee accepts this request, it shall report its findings and recommendations and any proposed legislation to the 50th legislature.

Section 6. **Effective date.** This act is effective July 1, 1985.

Approved May 13, 1985.

CHAPTER NO. 727

[HB 717]

AN ACT TO AMEND THE CHILD SUPPORT AND CUSTODY STATUTES; TO REQUIRE THE SUBMISSION TO THE COURT OF A PLAN IMPLEMENTING ANY CUSTODY AWARD; TO REQUIRE THE COURT TO STATE THE FACTORS AND REASONS IT CONSIDERED IN MAKING A CUSTODY AWARD AND IN NOT ORDERING CHILD SUPPORT TO BE PAID; AUTHORIZING THE COURT TO REQUIRE CONSULTATION WITH PROFESSIONALS IN FORMULATING OR IMPLEMENTING A CUSTODY PLAN OR ORDER; AMENDING SECTIONS 40-4-204, 40-4-223, AND 40-4-224, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-204, MCA, is amended to read:

"**40-4-204. Child support.** *(1)* In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court may order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for his support, without regard to marital misconduct, after considering all relevant factors including:

(a) the financial resources of the child;

HeinOnline -- 1985 vol. II 1667 1985

(b) the financial resources of the custodial parent;

(c) the standard of living the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child and his educational needs;

(e) the financial resources and needs of the noncustodial parent; and

(f) for the purposes of determining a minimum amount for support, the amount received by children under the AFDC program, as defined in 53-2-702.

(2) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state the reasons for not ordering child support."

Section 2. Section 40-4-223, MCA, is amended to read:

"40-4-223. Award of joint or separate custody. *(1)* In custody disputes involving both parents of a minor child, *the court shall award custody* according to the best interests of the child as set out in 40-4-212:

(a) to both parents jointly*; the court shall inquire whether a joint custody agreement was made knowingly and voluntarily; or*

(b) to either parent. In making an award to either parent, the court shall consider, along with the factors set out in 40-4-212, which parent is more likely to allow the child frequent and continuing contact with the noncustodial parent and may not prefer a parent as custodian because of the parent's sex.

(2) In making an award, the court shall require the submission of a plan for the implementation of the custody order.

(3) In making an award, the court shall state in its decision the reasons and factors considered in making the award."

Section 3. Section 40-4-224, MCA, is amended to read:

"40-4-224. Joint custody — modification — consultation with professionals. (1) Upon application of either parent or both parents for joint custody, the court shall consider whether or not joint custody is in the best interests of a minor child. If the court declines to enter an order awarding joint custody, the court shall state in its decision the reasons for denial of an award of joint custody.

(2) For the purposes of this section, "joint custody" means an order awarding custody of the minor child to both parents and providing that the residency of the child shall be shared by the parents in such a way as to assure the child frequent and continuing (but not necessarily equal) contact with both parents.

(3) Any order for joint custody may be modified pursuant to 40-4-219 to terminate the joint custody.

HeinOnline -- 1985 vol. II 1668 1985

(2) Any disciplinary action by the board must be conducted as a contested case hearing under the provisions of the Montana Administrative Procedure Act.

(3) A board may maintain an action to enjoin a person from engaging in the drilling, making, or construction of water wells until a license to practice is procured. A person who has been enjoined and who violates the injunction is punishable for contempt of court.

Section 4. Section 37-43-302, MCA, is amended to read:

"37-43-302. License required. *(1)* The drilling, making, or construction of water wells into the groundwater resources of this state is declared to be a business and activity affecting the public interest, requiring reasonable standards of competence. *Except as provided in subsection (2), it* is unlawful for any contractor *or driller*, as defined in this chapter, to construct a water well without first having obtained a valid license therefor as provided for in this chapter.

(2) A license is not required for:

(a) a person who drills a water well on land that is owned or leased by him and is used by him for farming, ranching, or agricultural purposes or as his residence and who obtains a permit from the board; or

(b) a person who performs labor or services for a licensed water well contractor or driller in connection with the drilling of a water well at the direction and under the personal supervision of a licensed water well contractor or driller.

(3) (a) To obtain a permit under subsection (2)(a), a person shall file with the department an application containing the applicant's name, mailing address, the location of the proposed well, the nature of the applicant's

(3) A license to construct water wells shall be issued to an applicant if, in the opinion of the board, the applicant is qualified to conduct water well construction operations. In the granting of licenses, the board shall have due regard for the interest of this state in the protection of its underground waters."

Section 6. Section 37-43-304, MCA, is amended to read:

The temporary license entitles the holder to engage in the business of drilling, making, or constructing water wells until the time of the next examination given under 37-43-305. On the applicant's successfully meeting the board's requirements on examination, the temporary license shall be returned to the department and a regular license issued. If the holder of a temporary license fails, after notice of the holding of an examination, to submit himself for examination or to meet the board's requirements, the temporary license expires and shall be returned to the department for cancellation."

"37-43-305. Examination and qualifications. (1) Under rules pertaining to the business of drilling and contracting for drilling of water wells which the board adopts, the department shall inquire by examination or otherwise into the qualifications of applicants for licenses to drill or make wells for the production of underground waters in this state. Examinations may be oral, written, or both. The qualifications required by the board are:

(a) familiar knowledge of groundwater laws of this state and sanitary standards for water well drilling and construction of water wells;

HeinOnline -- 1985 vol. II 1672 1985

(b) knowledge of types of water well construction;

(c) knowledge of types of drilling tools and their uses;

(d) knowledge of underground geology in its relation to well construction;

(e) possession of adequate equipment by the applicant to complete satisfactory water wells under the standards of the board;

(f) financial responsibility of the applicant;

(g) successful completion of an examination given by the department; and

(h) the applicant must have completed a minimum of 1 year apprenticeship under the direct supervision of a licensed water well contractor.

(2) The department shall give examinations at times and places the board determines. Failure of an applicant to successfully complete the examination disqualifies him from making further application for a period of 3 months. The board shall act within a reasonable time on applications for licenses. An application shall be accompanied by the initial fee, and failure to successfully meet the requirements of the board does not entitle the applicant to a refund of the fee."

Section 8. Section 37-43-306, MCA, is amended to read:

"**37-43-306. Bond to be required.** The department, on issuance of a *contractor's* license under this chapter, shall require, before the person commences operations in this state, a good and sufficient surety bond or in lieu thereof its equivalent in a certificate of deposit, cashier's check, bank draft, or certified check, to be approved by the board, in the penal sum of $4,000, conditioned that the licensee will comply with the rules of the board."

Section 9. **Appropriation.** There is appropriated from the general fund to the Department of Natural Resources and Conservation for the biennium ending June 30, 1987, $13,000 to provide staff to assist the Board of Water Well Contractors in carrying out the provisions of this act.

Section 10. **Repealer.** Section 37-43-103, MCA, is repealed.

Section 11. **Extension of authority.** Any existing authority of the board of water well contractors to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 13. **Effective date.** This act is effective July 1, 1985.

Approved May 13, 1985.

CHAPTER NO. 729

[HB 826]

AN ACT ALLOWING A DEFINED RESORT COMMUNITY TO ESTABLISH A RESORT TAX AFTER A VOTE OF ITS ELECTORS; ESTABLISHING CATEGORIES OF GOODS AND SERVICES SUBJECT TO THE TAX; PROVIDING RESORT COMMUNITY PROPERTY TAX RELIEF; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, many municipalities in the State of Montana rely upon tourism for the bulk of their livelihood; and

WHEREAS, the tourist industry tends to be seasonally cyclical; and

WHEREAS, such cycles are reflected in demands for services and capital expenditures that do not occur for a community with a steady economy; and

WHEREAS, tourist income, tending to be spent for services and consumables originating in communities other than the resort community, is not translated into taxable real property; and

WHEREAS, the resort community must provide services not only for tourists but for its own residents, and those services are not commensurate with the taxable value of the resort community as compared with steady income municipalities of similar populations.

THEREFORE, it is the intent of this act to rectify this inequity by providing for a resort tax that may be locally enacted which would tax tourists to reimburse the resort community for the services provided to tourists.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [this act], the following definitions apply:

(1) "Luxuries" means any gift item, luxury item, or other item normally sold to the public or to transient visitors or tourists. The term does not include food purchased unprepared or unserved, medicine, medical supplies and services, or any necessities of life.

(2) "Medical supplies" means items that are sold to be used for curative, prosthetic, or medical maintenance purposes, whether or not prescribed by a physician.

(3) "Medicine" means substances sold for curative or remedial properties, including both physician prescribed and over-the-counter medications.

(4) "Resort community" means a community that:

(a) is an incorporated municipality;

HeinOnline -- 1985 vol. II 1674 1985

(b) has a population of less than 2,500 according to the most recent federal census or federal estimate;

(c) derives the major portion of its economic well-being from businesses catering to the recreational and personal needs of persons traveling to or through the municipality for purposes not related to their income production; and

(d) has been designated by the department of commerce as a resort community.

Section 2. **Taxing authority — specific delegation.** As required by 7-1-112, [this act] specifically delegates to the electors of each respective resort community the power to authorize their municipality to impose a resort tax within the corporate boundary of the municipality as provided in [this act].

Section 3. **Limit on tax rate — goods and services subject to tax.** (1) The rate of the resort tax must be established by the election petition or resolution provided for in [section 4], but the rate may not exceed 3%.

(2) The resort tax is a tax on the retail value of all goods and services sold within the resort community by the following establishments:

(a) hotels, motels, and other lodging or camping facilities;

(b) restaurants, fast food stores, and other food service establishments;

(c) taverns, bars, night clubs, lounges, and other public establishments that serve beer, wine, liquor, or other alcoholic beverages by the drink; and

(d) establishments that sell luxuries must collect a tax on such luxuries.

Section 4. **Election required — procedure.** (1) A resort community may not impose or, except as provided in [section 5], amend or repeal a resort tax unless the resort tax question has been submitted to the electorate of the resort community and approved by a majority of the electors voting on the question.

(2) The resort tax question may be presented to the electors of the resort community by:

(a) a petition of the electors as provided by 7-1-4130, 7-5-132, and 7-5-134 through 7-5-137; or

(b) a resolution of the governing body of the resort community.

(3) The petition or resolution referring the taxing question:

(a) must state the exact rate of the resort tax;

(b) must state the duration of the resort tax;

(c) must state the date when the tax becomes effective, which date may not be earlier than 35 days after the election; and

(d) may specify the purposes that may be funded by the resort tax revenue.

HeinOnline -- 1985 vol. II 1675 1985

(4) Upon receipt of an adequate petition the governing body may:

(a) call a special election on the resort tax question; or

(b) have the resort tax question placed on the ballot at the next regularly scheduled election.

(5) The question of the imposition of a resort tax may not be placed before the electors more than once in any fiscal year.

Section 5. **Tax administration.** (1) Not less than 30 days prior to the date the resort tax becomes effective, the governing body of the resort community shall enact an administrative ordinance governing the collection and reporting of the resort taxes. This administrative ordinance may be amended at any time thereafter as may be necessary to effectively administer the resort tax.

(2) The administrative ordinance shall specify:

(a) the times taxes collected by business are to be remitted to the resort community;

(b) the local government office, officer, or employee responsible for receiving and accounting for the resort tax receipts;

(c) the local government office, officer, or employee responsible for enforcing the collection of resort taxes and the methods and procedures to be used in enforcing the collection of resort taxes due; and

(d) the penalties for failure to report taxes due, failure to remit taxes due, and violations of the administrative ordinance. The penalties may include:

(i) criminal penalties not to exceed a fine of $1,000 or 6 months imprisonment or both the fine and imprisonment;

(ii) civil penalties if the resort community prevails in a suit for the collection of resort taxes, not to exceed 50% of the resort taxes found due plus the costs and attorney fees incurred by the resort community in the action;

(iii) revocation of the offender's municipal business license; and

(iv) any other penalties that may be applicable for violation of an ordinance.

(3) The administrative ordinance may include:

(a) further clarification and specificity in the categories of goods and services that are subject to the resort tax consistent with [section 3];

(b) authorization for business administration and prepayment discounts. The discount authorization may allow each vendor and commercial establishment to:

(i) withhold up to 5% of the resort taxes collected to defray their costs for the administration of the tax collection; or

(ii) receive a refund of up to 5% of the resort tax payment received from them by the resort community 10 days prior to the collection due date established by the administrative ordinance; and

HeinOnline -- 1985 vol. II 1676 1985

(c) other administrative details necessary for the efficient and effective administration of the tax.

Section 6. **Use of tax revenues.** Unless otherwise restricted by the voter-approved tax authorization provided for in [section 4], a resort community may appropriate and expend revenues derived from a resort tax for any activity, undertaking, or administrative service that the municipality is authorized by law to perform, including costs resulting from the imposition of the tax.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 90-4-102, MCA, is amended to read:

"90-4-102. Definitions. As used in this part, the following definitions apply:

(1) "Alternative renewable energy source" means a form of energy or matter, such as solar energy, wind energy, or methane from solid waste, capable of being converted into forms of energy useful to mankind, and the technology necessary to make this conversion, when the source is not exhaustible in terms of this planet and when the source or the technology are not in general commercial use.

(2) "Energy conservation" means reducing waste or dissipation of energy or reducing the amount of energy required to accomplish a given quantity of work through increases in efficiency of energy use, production, or distribution.

HeinOnline -- 1985 vol. II 1677 1985

(3) "Person" means a natural person, corporation, partnership, or other business entity, association, trust, foundation, any educational or scientific institution, or any governmental unit.

(4) "Department" means the Montana department of natural resources and conservation.

(5) (a) "State governmental unit" means:

(i) the state;

(ii) the legislature;

(iii) any executive branch department, office, or agency;

(iv) the university system; or

(v) the supreme court or any office thereof.

(b) The term does not include:

(i) a county, incorporated city, town, or other local governmental unit or a public corporation or district created pursuant to state law; or

(ii) any other public body of the state not described in subsection (5)(a)."

Section 2. Section 90-4-104, MCA, is amended to read:

"**90-4-104. General powers of department.** The department may:

(1) employ a staff adequate to administer this part;

(2) retain professional consultants and advisors;

(3) adopt rules governing applications, granting, *administration, and repayment* of funds;

(4) adopt rules governing applications for and administration and awarding of loans;

(5) adopt rules governing the application for and administration and awarding of grants to state governmental units under [section 4];

(6) consider applications and award grants or loans, subject to the availability of funds and to the appropriation of such funds by the legislature, from the alternative energy and energy conservation research development and demonstration funds for projects that will further the purposes of this part;

(7) appoint an alternative energy advisory committee composed of representatives of state agencies and citizen members with expertise in alternative energy and energy conservation matters. The appointment of any such advisory committee shall be in keeping with 2-15-122."

Section 3. Section 90-4-106, MCA, is amended to read:

"**90-4-106. Criteria for grant or loan awards.** The department may award grants or loans to applicants under 90-4-105 in accordance with the following criteria:

HeinOnline -- 1985 vol. II 1678 1985

(1) A grant may cover a period exceeding 1 year, provided that all funds for the grant must be encumbered or accrued from the program appropriation for the year the grant is authorized.

(2) The department may give preference to projects which are also supported by funding from the federal government or other persons, provided the projects are consistent with the other objectives of the department. The purpose of this preference is to use the alternative energy and energy conservation research development and demonstration account for matching moneys in order to support more substantial research or commercialization.

(3) The department may give preference to research centers unattached to existing educational institutions where several investigators can share supporting services. However, this shall not be interpreted to prohibit the department from awarding grants or loans to existing educational institutions.

(4) The department may give preference to research centers which make information available to individuals, small businesses, and small communities seeking the use of renewable energy sources and energy conservation in their homes, plants, places of business, and small communities.

(5) All information resulting from such research shall be made available to the public.

(6) The department may expend or commit available alternative energy and energy conservation research development and demonstration funds. The department may commit funds for demonstration purposes only when in its judgment such expenditures or commitments have good potential for producing savings of nonrenewable energy sources. The department may not commit funds for demonstration purposes when any of the following conditions are present:

(a) previous commitments of a similar nature were not productive;

(b) a similar demonstration has been conducted within close geographic proximity of the geographic location of the proposed demonstration project, *other than a project proposed for funding under [section 4]*;

(c) the proposed demonstration project would not further the purpose of this part."

Section 4. **State governmental unit grants.** (1) (a) Prior to July 1, 1987, the department may award grants from the alternative energy and energy conservation research development and demonstration account to state governmental units. These grants must be used to further the purposes of this part by providing money for state governmental units for energy conservation measures.

(b) State governmental units must apply to the department for grants.

(c) The department shall prescribe the form for applications and develop criteria for awarding grants under this section, including provisions requiring matching funds or repayment of grant funds to the alternative energy and energy conservation research development and demonstration account.

HeinOnline -- 1985 vol. II 1679 1985

(2) (a) After June 30, 1987, the department may award grants from the alternative energy and energy conservation development and demonstration account to such state governmental units that have had projects approved by the legislature.

(b) (i) State governmental units must apply to the department for grants.

(ii) The department shall prescribe the form for applications and develop criteria for prioritizing grants.

(iii) The department shall prioritize grant applications submitted to it and shall submit its recommendations on the granting of awards to state governmental units with its budget request as provided in 17-7-111. The recommendations must include the names of proposed projects, their cost, and the expected annual energy savings, if any, resulting from the grant.

(c) Each agency awarded a grant by the legislature under the provisions of subsection (2) will have its budget reduced commensurate with the estimated energy savings resulting from the grant.

Section 5. **Codification instruction.** Section 4 is intended to be codified as an integral part of Title 90, chapter 4, part 1, and the provisions of Title 90, chapter 4, part 1, apply to section 4.

CHAPTER NO. 731

[HB 924]

AN ACT CREATING RETAIL ALCOHOLIC BEVERAGES LICENSES IN EXCESS OF STATE QUOTA LIMITATIONS TO BE ISSUED TO TRIBAL ALCOHOLIC BEVERAGES LICENSEES DOING BUSINESS ON MONTANA INDIAN RESERVATIONS AND TO ENLISTED MEN'S, NONCOMMISSIONED OFFICERS', AND OFFICERS' CLUBS LOCATED ON STATE OR FEDERAL MILITARY RESERVATIONS; AMENDING SECTIONS 16-4-105, 16-4-201, AND 16-4-204, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND APPLICABILITY DATES.

WHEREAS, on July 1, 1983, the United States Supreme Court rendered its opinion in the case entitled Rice, Director, Department of Alcoholic Beverage Control of California v. Rehner, and held that Congress had delegated authority to the states, as well as to Indian tribes, to regulate the use and distribution of alcoholic beverages in Indian country; and

HeinOnline -- 1985 vol. II 1680 1985

WHEREAS, the Montana Alcoholic Beverage Code limits the number of all-beverages licenses available in corporate city and county quota areas and the number of on-premises consumption retail beer licenses available in corporate city quota areas; and

WHEREAS, the enforcement of Montana's alcoholic beverages license quota creates a hardship on tribal alcoholic beverages licensees in quota areas where no state licenses are available; and

WHEREAS, the enlisted men's, noncommissioned officers', and officers' clubs located on state or federal military reservations in Montana have operated for many years as federal enclaves beyond the jurisdiction of state laws relating to licensing and regulation of alcoholic beverages; and

WHEREAS, effective December 1, 1984, Air National Guard Regulation 215-2 requires enlisted men's, noncommissioned officers', and officers' clubs to comply with state laws relating to licensing and regulation of alcoholic beverages; and

WHEREAS, the enforcement of Montana's alcoholic beverage license quota creates a hardship for enlisted men's, noncommissioned officers', and officers' clubs, which have historically operated as social clubs without profit motive and which do not have the economic capacity to compete for licenses.

THEREFORE, the Legislature of the State of Montana determines it appropriate to make available retail alcoholic beverages licenses in excess of state quota limitations to be issued to persons holding tribal alcoholic beverages licenses and doing business on Montana Indian reservations and to enlisted men's, noncommissioned officers', and officers' clubs located on state or federal military reservations.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Exceptions to limit on retail beer licenses — tribal alcoholic beverages licensees and enlisted men's, noncommissioned officers', and officers' clubs.** (1) Upon application and qualification, the department shall issue a license to sell beer for consumption on the premises to:

(a) a tribal alcoholic beverages licensee who operates such business within the exterior boundaries of a Montana Indian reservation under a tribal license issued prior to January 1, 1985;

(b) an enlisted men's, noncommissioned officers', or officers' club located on a state or federal military reservation in Montana on [the effective date of this act].

(2) A license issued under the provisions of subsection (1) is not subject to the quota limitations of 16-4-105.

(3) Upon application and approval by the department, a license issued under subsection (1)(a) may be transferred to another qualified applicant, but only to a location within the quota area and the exterior boundaries

HeinOnline -- 1985 vol. II 1681 1985

of the Montana Indian reservation for which the license was originally issued.

(4) A license issued under this section is subject to all statutes and rules governing licenses to sell beer at retail for on-premises consumption.

Section 2. **Exceptions to limit on all-beverages licenses — tribal alcoholic beverages licensees and enlisted men's, noncommissioned officers', and officers' clubs.** (1) Upon application and qualification, the department shall issue an all-beverages license to:

(a) a tribal alcoholic beverages licensee who operates such business within the exterior boundaries of a Montana Indian reservation under a tribal license issued prior to January 1, 1985;

(b) an enlisted men's, noncommissioned officers', or officers' club located on a state or federal military reservation in Montana on [the effective date of this act].

(2) A license issued under the provisions of subsection (1) is not subject to the quota limitations of 16-4-201.

(3) Upon application and approval by the department, a license issued under subsection (1)(a) may be transferred to another qualified applicant, but such license may only be transferred to a location within the quota area and the exterior boundaries of the Montana Indian reservation for which the license was originally issued.

(4) A license issued under this section is subject to all statutes and rules governing all-beverages licenses.

Section 3. Section 16-4-105, MCA, is amended to read:

"16-4-105. Limit on retail beer licenses — wine license amendments — off-premises consumption. (1) Except as otherwise provided by law, a license to sell beer at retail or beer and wine at retail, in accordance with the provisions of this code and the rules of the department, may be issued to any person, firm, or corporation who is approved by the department as a fit and proper person, firm, or corporation to sell beer, except that:

(a) the number of retail beer licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities and towns shall be determined on the basis of population prescribed in 16-4-502 as follows:

(i) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than one retail beer license, which may not be used in conjunction with a retail all-beverages license;

(ii) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities or towns, one retail beer license for each 500 inhabitants, which may not be used in conjunction with retail all-beverages licenses;

HeinOnline -- 1985 vol. II 1682 1985

(iii) in incorporated cities of over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities, four retail beer licenses for the first 2,000 inhabitants, two additional retail beer licenses for the next 2,000 inhabitants or major fraction thereof, and one additional retail beer license for each additional 2,000 inhabitants, which may not be used in conjunction with retail all-beverages licenses;

(b) the number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail beer licenses that may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail beer licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined populations of both of such municipalities and may not exceed the foregoing limitations. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town.

(c) retail beer licenses of issue on March 7, 1947, *and retail beer licenses issued under [section 1]*, which are in excess of the foregoing limitations shall be renewable, but no new licenses may be issued in violation of such limitations;

(d) such limitations do not prevent the issuance of a nontransferable and nonassignable retail beer license to *an enlisted men's, noncommissioned officers', or officers' club located on a state or federal military reservation on [the effective date of this act] or to* a post of a nationally chartered veterans' organization or a lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949;

(e) the number of retail beer licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits thereof or for use at premises situated within any unincorporated town shall be as determined by the department in the exercise of its sound discretion, except that no retail beer license may be issued for any premises so situated unless the department determines that the issuance of such license is required by public convenience and necessity.

(2) A person holding a license to sell beer for consumption on the premises at retail may apply to the department for an amendment to the license permitting the holder to sell wine as well as beer. The division may issue such amendment if it finds, on a satisfactory showing by the applicant, that the sale of wine for consumption on the premises would be supplementary to a restaurant or prepared-food business. A person holding a beer-and-wine license may sell wine for consumption on or off the premises. Nonretention of the beer license, for whatever reason, shall mean automatic loss of the wine amendment license.

HeinOnline -- 1985 vol. II 1683 1985

(3) A retail license to sell beer or table wine, or both, in the original packages for off-premises consumption only may be issued to any person, firm, or corporation who is approved by the department as a fit and proper person, firm, or corporation to sell beer or table wine, or both, and whose premises proposed for licensing are operated as a bona fide grocery store or a drugstore licensed as a pharmacy. The number of such licenses that the department may issue is not limited by the provisions of subsection (1) of this section but shall be determined by the department in the exercise of its sound discretion, and the department may in the exercise of its sound discretion grant or deny any application for any such license or suspend or revoke any such license for cause."

Section 4. Section 16-4-201, MCA, is amended to read:

"16-4-201. All-beverages license quota. (1) Except as otherwise provided by law, a license to sell liquor, beer, and wine at retail (an all-beverages license) in accordance with the provisions of this code and the rules of the department may be issued to any person who is approved by the department as a fit and proper person to sell such beverages, except that the number of all-beverages licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities and towns shall be determined on the basis of population prescribed in 16-4-502 as follows:

(a) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than two retail licenses;

(b) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 3,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities and towns, three retail licenses for the first 1,000 inhabitants and one retail license for each additional 1,000 inhabitants;

(c) in incorporated cities of over 3,000 inhabitants and within a distance of 5 miles from the corporate limits thereof, five retail licenses for the first 3,000 inhabitants and one retail license for each additional 1,500 inhabitants.

(2) The number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail licenses that may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined populations of both of such municipalities and may not exceed the foregoing limitations. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of the city or town.

HeinOnline -- 1985 vol. II 1684 1985

(3) Retail all-beverages licenses of issue on March 7, 1947, *and all-beverages licenses issued under [section 2]*, which are in excess of the foregoing limitations shall be renewable, but no new licenses may be issued in violation of such limitations.

(4) Such limitations do not prevent the issuance of a nontransferable and nonassignable (as to ownership only) retail license to *an enlisted men's, noncommissioned officers', or officers' club located on a state or federal military reservation on [the effective date of this act] or to* any post of a nationally chartered veterans' organization or any lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949.

(5) The number of retail all-beverages licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits thereof may not be more than one license for each 750 population of the county after excluding the population of incorporated cities and incorporated towns in such county."

Section 5. Section 16-4-204, MCA, is amended to read:

"16-4-204. Transfer — catering endorsement. (1) (a) Except as provided in subsection (1)(b), a license may be transferred to a new ownership and to a location outside the quota area for which it was originally issued only when the following criteria are met:

(i) the total number of all-beverages licenses in the original quota area exceeded the quota for that area by at least 25% in the most recent census prescribed in 16-4-502;

(ii) the total number of all-beverages licenses in the quota area to which the license would be transferred, *exclusive of those issued under [subsections (1)(a) and (1)(b) of section 2]*, did not exceed that area's quota in the most recent census prescribed in 16-4-502:

(A) by more than 33%; or

(B) in an incorporated city of more than 10,000 inhabitants and within a distance of 5 miles from its corporate limits by more than 43%; and

(iii) the department finds, after a public hearing, that the public convenience and necessity would be served by such a transfer.

(b) A license within an incorporated quota area may be transferred to a new ownership and to a new unincorporated location within the same county on application to and with consent of the department when the quota of the all-beverages licenses in the original quota area, *exclusive of those issued under [subsections (1)(a) and (1)(b) of section 2]*, exceeds the quota for that area by at least 25% in the most recent census and will not fall below that level because of the transfer.

(c) For 5 years after the transfer of a license between quota areas under subsection (1)(a), the license may not be mortgaged or pledged as security

HeinOnline -- 1985 vol. II 1685 1985

and may not be transferred to another person except for a transfer by inheritance upon the death of the licensee.

(d) Once a license is transferred to a new quota area under subsection (1)(a), it may not be transferred to another quota area or back to the original quota area.

(e) A license issued under [subsection (1)(a) of section 2] may not be transferred to a location outside the quota area and the exterior boundaries of the Montana Indian reservation for which it was originally issued.

(2) (a) Any all-beverages licensee is, upon the approval and in the discretion of the liquor division, entitled to a catering endorsement to his all-beverages license to allow the catering and sale of alcoholic beverages to persons attending a special event upon premises not otherwise licensed for the sale of alcoholic beverages, such beverages to be consumed on the premises where the event is held.

(b) A written application for a catering endorsement and an annual fee of $250 must be submitted to the department for its approval.

(c) A written application for each event for which the licensee intends to provide catering services, the written approval of the catering application by the sponsor of the special event, and a fee of $35 must be filed with the department at least 3 days prior to the event and shall describe the location of the premises where the event is to be held, the nature of the event, and the period during which the event is to be held. An all-beverages licensee who holds an endorsement granted under this subsection (2) may not receive approval to cater an event of which he is the sponsor. The catered event must be within 100 miles of the licensee's regular place of business. If obtained, the licensee shall display in a prominent place on those premises, the written approval from the department for each event which is catered pursuant to this subsection.

(d) The licensee shall file with each application for an event to be catered a written statement of approval of the premises where the event is to be held issued by the department of health and environmental sciences and the local law enforcement agency that has jurisdiction over the premises where the event is to be held.

(e) The sale of alcoholic beverages pursuant to a catering endorsement is subject to the provisions of 16-6-103.

(f) The sale of alcoholic beverages pursuant to a catering endorsement is subject to the provisions of 16-3-306, unless entities named in 16-3-306 give their written approval."

Section 8. **Effective date — applicability.** This act is effective on passage and approval and applies only to tribal licensees who hold tribal licenses issued prior to January 1, 1985, and to enlisted men's, noncommissioned officers', and officers' clubs located on state and federal military reservations in Montana on [the effective date of this act].

CHAPTER NO. 732

[HB 938]

AN ACT PROVIDING FOR ADMINISTRATION OF THE CULTURAL AND AESTHETIC GRANTS PROGRAM BY THE MONTANA ARTS COUNCIL; PROVIDING FOR GRANT CONDITIONS AND EXPENDITURES; AMENDING SECTIONS 22-2-303 AND 22-2-306, MCA; APPROPRIATING MONEY FOR CERTAIN PROJECTS; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Application procedure — grant criteria.** (1) As set forth in subsections (1)(a) and (1)(b), certain grants require local financial or in-kind support. The grant application form, which must be prescribed by the Montana arts council, must request specific information about the level of local support for the project. In the following circumstances, local support is required:

(a) To receive cultural and aesthetic grant funds, county or municipally owned facilities must obtain financial and in-kind support from their respective local governments.

(b) To receive grant funding for all grants except the first grant from the cultural and aesthetic grant program, private museums, art centers, and cultural facilities must obtain county or municipal financial or in-kind support.

(2) An applicant for a historic preservation project must cooperate with the state historic preservation office. A letter from the state historic preservation office, stating any agreements reached with the applicant, must be received by the Montana arts council before the grant funds may be released.

Section 2. **Grant categories.** (1) The following categories are established for grant funds:

(a) special projects which are specific cultural and aesthetic activities, services, or events of limited duration;

HeinOnline -- 1985 vol. II 1687 1985

(b) operational support for cultural institutions that have been in existence for at least 2 years;

(c) capital expenditures for acquisition, construction, or renovation of facilities; and

(d) challenge grants for permanent endowments to benefit cultural nonprofit grant recipients.

(2) Capital expenditures may not exceed 25% of the total grant funds appropriated. Capital expenditure grants require a match of at least $3 in cash or donated goods and services, which goods and services must be donated specifically for the capital expenditure project, to receive each dollar of grant funds.

(3) Challenge grants require a match of at least $3 in cash or irrevocable planned or deferred gifts to receive each dollar of grant funds. Challenge grants are available upon meeting the specified match.

Section 3. Section 22-2-306, MCA, is amended to read:

"22-2-306. Grant conditions — additional funds — accounts and reports. (1) No grant may be awarded unless the grantee accepts the Montana arts council's conditions of the grant and signs a contract stipulating those conditions.

(2) A grantee must agree in writing that:

(a) the grantee is the official and sole agency for the administration of the project described in the grant agreement; and

(b) no person will, on the grounds of race, color, national origin, sex, or age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity that results from the expenditure of grant funds.

(3) The grantee must agree that the funds granted will be expended solely for the purpose and activities described in the approved proposal. All *funds* granted to the grantee must be spent or encumbered during the grant period.

(4) *Disbursements to grantees must be as follows, based upon the cash flow needs of the projects and the revenues available:*

(a) Projects that are to receive more than $10,000 may receive an amount not exceeding 25% of the grant award in the first 6 months of the biennium, 50% in the first year of the biennium, 75% in the first 18 months of the biennium, and the balance in the remainder of the biennium. Within such limitations, the amount of each payment must be determined by the Montana arts council in its discretion. Each payment may be made only after an examination of the costs incurred in the project and the amount, if any, of the unencumbered or unexpended balance of prior grant payments for the project.

(b) Projects that are to receive $10,000 or less may receive the total grant in any fiscal quarter if the Montana arts council determines that the cultural and aesthetic project account has funds available and that, after an

HeinOnline -- 1985 vol. II 1688 1985

examination of the costs incurred by the project, total payment is appropriate.

(5) The grantee must maintain accounts, records, and other pertinent material pertaining to the costs incurred and expenditures made under the grant. The system of accounting employed by the grantee must be in accordance with generally accepted accounting principles and be applied in a consistent manner so that project costs and expenditures can be clearly identified. Accounts, records, and other pertinent material must be maintained for 3 years from the official termination date of the grant period or until an audit, approved by the council, has been completed and any questions arising from the audit have been resolved to the satisfaction of the council.

(6) Grantees must submit to the council semiannual reports of expenditures during the course of the project and such other financial and descriptive reports as the council may require. The grantee must submit, within 30 days after completion of the project, a final financial report and a narrative report stating what was accomplished with the grant. Five percent of the total grant award must be held pending receipt of final reports by the council.

(7) The council may, at the principal place of business of the grantee and during regular business hours, examine any directly pertinent records, accounts, and documents of the grantee involving transactions related to the grant."

Section 4. Section 22-2-303, MCA, is amended to read:

"**22-2-303. Rulemaking authority.** *(1)* The Montana historical society and the Montana arts council shall adopt rules that specify the criteria the advisory committee shall use when evaluating and making recommendations on cultural and aesthetic grant proposals submitted to the legislature.

(2) The Montana arts council shall adopt rules that implement the provisions of 22-2-306 and [sections 1 and 2], relating to local support, matching requirements, application procedures, and disbursements of grants."

(1) If the funds in the cultural and aesthetic projects account were insufficient in the biennium ending June 30, 1985, to fund projects in the amount for which they were appropriated, the funds appropriated for such projects are reappropriated from such account until funds have been disbursed to fully cover such appropriations or until January 1, 1986, whichever occurs first.

HeinOnline -- 1985 vol. II 1689 1985

(4) There is appropriated $16,643 to the oral history project of the Montana Historical Society and $9,778 to the folklife project of the Montana Arts Council from any funds that revert to the cultural and aesthetic projects account after the appropriations in subsections (2) and (3) have been fully funded. Sixty-three percent of the reverted funds must be disbursed to the oral history project, and 37% must be disbursed to the folklife project until both projects are fully funded.

Section 6. **Reversion of granted funds.** (1) On January 1, 1986, all project funds reappropriated from the 1985 biennium, but not disbursed, shall revert to the cultural and aesthetic projects account provided for in 15-35-108.

(2) Money appropriated in subsection (1) is for use of the foundation program in the fiscal year beginning July 1, 1985, and is exempt from the provisions of 17-7-304.

Section 2. Section 90-6-205, MCA, is amended to read:

"90-6-205. Coal board — general powers. The board may:

(1) retain professional consultants and advisors;

(2) adopt rules governing its proceedings;

(3) consider applications for grants from the local impact and education trust fund account;

(4) consider applications for loans from the local impact and education trust fund account for periods and interest rates to be determined by the board; and

(5) award grants and loans, subject to 90-6-207, not to exceed in any one year seven-elevenths and after June 30, 1979, seven-fifteenths of the revenue paid into the local impact and education trust fund account, *less the appropriation provided in [section 1]*, to local governmental units, state agencies, and governing bodies of federally recognized Indian tribes to assist local governmental units and federally recognized Indian tribes in meeting the local impact of coal development by enabling them to adequately provide governmental services and facilities which are needed as a direct consequence of coal development. As used in the preceding sentence, "revenue paid" does not include interest income from the account reinvested in the account in trust for the public schools and the university system. Grants and loans may be from current allocations only, and no part of the principal or income of the trust referred to in 90-6-211 may be used for this purpose. HeinOnline -- 1985 vol. II 1693 1985

the state of Montana under the provisions of 85-2-702 on [date of filing] is ratified. The compact is as follows:

FORT PECK — MONTANA COMPACT

This Compact is entered into by and between THE STATE OF MONTANA and THE ASSINIBOINE AND SIOUX TRIBES OF THE FORT PECK INDIAN RESERVATION (herein called the "Parties") and shall become effective as set forth hereinafter.

The Parties agree as follows:

ARTICLE I
GENERAL PURPOSES

The basic purposes of this Compact are to determine finally and forever all rights of the Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation in the State of Montana to water on, under, adjacent to, or otherwise appurtenant to the Reservation, to settle existing disputes and remove causes of future controversy between the Tribes and the State and between Indians of the Fort Peck Reservation and other persons concerning waters of the Missouri River, its tributaries, and ground water, and to settle all claims by the Tribes and by the United States on behalf of the Tribes in United States v. Aageson, Civ. No. 79-21-GF (D. Mont.), United States v. Aasheim, Civ. No. 79-40-BLG (D. Mont.) and the pending adjudication in the state water court initiated pursuant to the provisions of Chapter 697, Laws of Montana 1979.

ARTICLE II
DEFINITIONS

For purposes of this Compact, and for no other purposes, the following definitions apply:

(1) "Acre-foot" means the amount of water necessary to cover one acre to a depth of one foot and is equivalent to 43,560 cubic feet.

(2) "Annual" or "per year" means the calendar year commencing January 1 and ending December 31.

(3) "Board" means the Fort Peck-Montana Compact Board established by Article VI.

(4) "Conservation (carry-over) storage" is storage provided in a reservoir to capture and hold water that would otherwise go downstream. Such storage holds the water for beneficial use later in the season or is carried over to a subsequent season or seasons. Evaporation from the surface of such reservoir is considered to be a consumptive use to the extent that it exceeds the evaporative and transpirational losses which occurred in the reservoir area prior to its construction.

(5) "Consumptive use" means the amount of irrigation water that is transpired by vegetation, converted in the processes of photosynthesis and plant tissue growth, and evaporated from adjacent soils, water surfaces and

HeinOnline -- 1985 vol. II 1694 1985

foliage. For uses other than irrigation, consumptive use means the quantity of water diverted less the quantity of reusable return flow within the State.

(6) "Court of competent jurisdiction" means a state or federal district court which otherwise has jurisdiction of the subject matter and the parties, or a tribal court which otherwise has such jurisdiction provided that all parties to the case consent to tribal court jurisdiction.

(7) "Diversion" means the removal of water from its natural course or location by means of a ditch, canal, flume, bypass, pipeline, conduit, well, pump, or other structure or device, or the impoundment of water in a reservoir. Where a reservoir is constructed or operated on a stream, the annual diversion shall be the greater of:

(a) the inflow into the reservoir minus the outflow for releases or spills downstream from the reservoir, or

(b) withdrawals of water from the reservoir for actual use.

(8) "Domestic use" means the diversion of water by one or more individuals, family units or households for drinking, cooking, laundering, sanitation and other personal comforts and necessities; and for the irrigation of a family garden or orchard not exceeding one-half acre in area.

(9) "Fort Peck Irrigation Project" means those irrigation systems and works constructed pursuant to the Act of May 30, 1908, 35 Stat. 558, and all lands receiving water from such systems and works.

(10) "Fort Peck Reservoir" means that body of surface water impounded by Fort Peck Dam, at the current spillway elevation.

(11) "Full service irrigation" means any form of irrigation that distributes water on a regularly scheduled basis in order to satisfy the full seasonal crop and soil water requirements.

(12) "Ground water" means any water located under the surface of the land or the bed of any stream, lake, reservoir, or other body of surface water. All other water shall be considered surface water.

(13) "Indian" means any person who:

(a) is an enrolled member of the Tribes; or

(b) is a member of a tribe that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians; or

(c) holds or is recognized by the Secretary of the Interior as eligible to hold trust or restricted property on the Reservation.

(14) "Industrial" means the use of water for any uses that benefit an industrial enterprise including, but not limited to, industrial cooling, energy production, and evaporation associated with any industrial operation. Among the purposes excluded from the industrial use category are irrigation, stockwater, and domestic uses.

(15) "Instream flow" means that quantity of water scheduled to remain in a stream to maintain fish and wildlife resources.

HeinOnline -- 1985 vol. II 1695 1985

(16) "Missouri River" means the river formed by the confluence of the Gallatin, Jefferson and Madison Rivers in southwestern Montana, and flowing easterly beyond the eastern boundary of Montana.

(17) "Partial service irrigation" means the diversion of flood runoff from natural channels or water courses and spreading such water for the purpose of applying as much water as practicable to the land during periods of high stream flow to increase crop production.

(18) "Parties" means the Tribes and the State.

(19) "Person" means an individual or any other entity, public or private, including the State, the Tribes, and the government of the United States and all officers, agents, and departments thereof.

(20) "Regulatory Storage" is storage provided as a part of a water distribution system for operational purposes. Evaporation loss from the distribution system itself is accounted for and is a part of the unit consumptive use rate established in this Compact and is therefore not considered to be a separate item of consumptive use.

(21) "Reservation" means the Fort Peck Indian Reservation as established in the agreement of December 28 and December 31, 1886, and confirmed by the Act of May 1, 1888, 25 Stat. 113.

(22) "Reusable" means capable of further beneficial use.

(23) "State" means the State of Montana and all officers, agents, departments, and political subdivisions thereof. Unless otherwise indicated, for purposes of notification or consent, "State" means the Director of the State Department of Natural Resources and Conservation or its successor agency.

(24) "Transfer" means any authorization for the delivery or use of water by a joint venture, service contract, lease, sale, exchange or other similar agreement.

(25) "Tribal Water Right" means the right to divert and use water as confirmed by Article III of this Compact.

(26) "Tribes" means the Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation and all officers, agents and departments thereof. Unless otherwise indicated, for purposes of notification or consent, "Tribes" means the Tribal Chairman or the Chief Executive Official of the Tribes at the time.

(27) "Tributary" or "tributaries of the Missouri River that flow through or adjacent to the Reservation" means those tributaries of the Missouri River that traverse the Reservation, generally in a north to south direction, including:

(a) streams that form the east and west boundaries of the Reservation (Big Muddy Creek, Porcupine Creek and the Milk River);

(b) streams that originate outside the Reservation but empty into the Missouri River within the boundaries of the Reservation (the Poplar River and its tributaries);

HeinOnline -- 1985 vol. II 1696 1985

(c) streams that are wholly contained within the boundaries of the Reservation (Chelsea Creek, Tule Creek, Wolf Creek, Oswego Creek, and Little Porcupine Creek); and

(d) all other watercourses that traverse the Reservation.

(28) "Wasteful" means the unreasonable loss of water through the design or negligent operation of a diversion or of a water distribution facility.

ARTICLE III
TRIBAL WATER RIGHT

A. General Statement of the Tribal Water Right. The Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation have the right to divert annually from the Missouri River, certain of its tributaries, and ground water beneath the Reservation the lesser of (i) 1,050,472 acre-feet of water, or (ii) the quantity of water necessary to supply a consumptive use of 525,236 acre-feet per year for the uses and purposes set forth in this Compact with a priority date of May 1, 1888, provided that no more than 950,000 acre-feet of water, or the quantity of water necessary to supply a consumptive use of 475,000 acre-feet may be diverted annually from surface water sources. This right is held in trust by the United States for the benefit of the Tribes and is further defined and limited as set forth in this Compact.

B. Persons Who May Use the Tribal Water Right. All uses of water authorized under any applicable law by the following persons shall be considered and calculated as uses of the Tribal Water Right:

1. the Tribes within or outside the Reservation;

2. all individual Indians using water within the Reservation including, but not limited to, Indians exercising uses established pursuant to state law prior to the effective date of this Compact;

3. all non-Indian successors-in-interest to any allottee actually using water within the Reservation by virtue of a water right arising under the laws of the United States, which water right was acquired directly or indirectly from an Indian predecessor-in-interest;

4. all other persons receiving water from the Fort Peck Irrigation Project including, but not limited to, persons exercising uses established pursuant to state law prior to the effective date of this Compact;

5. all other persons authorized to use water by the Tribes pursuant to this Compact, within or outside the Reservation;

6. the United States as trustee for the Tribes or any Indian including, but not limited to, persons exercising uses established pursuant to state law prior to the effective date of this Compact.

C. Measure of Consumptive Use for Irrigation. Irrigation usage of the Tribal Water Right shall be conclusively deemed to cause a consumptive use of 1.8 acre-feet per acre per year for full service irrigation and 0.48 acre-feet per acre per year for partial service irrigation. Any loss of water

HeinOnline -- 1985 vol. II 1697 1985

due to evaporation from reservoirs constructed in the future for conservation (carry-over) storage rather than for regulatory storage by the United States for the benefit of the Tribes or any Indian, or constructed for such conservation storage by the Tribes or by any Indian, shall be counted as a consumptive use.

D. Purposes for Which the Tribal Water Right May be Used. Within the Reservation, use of water in the exercise of the Tribal Water Right for any purpose may be authorized by the Tribes without regard to whether such use is beneficial as defined by valid state law. No use of the Tribal Water Right may be wasteful or inconsistent with the terms of this Compact. Outside the Reservation, any use of water in the exercise of the Tribal Water Right shall be beneficial as defined by valid state law on the date the Tribes give notice to the State of a proposed use outside the Reservation.

E. Facilities Diverting or Using the Tribal Water Right Outside the Reservation. All persons diverting or using the Tribal Water Right outside the Reservation, including the Tribes as sovereign, shall apply for all permits, certificates, variances and other authorizations required by valid state laws regulating, conditioning or permitting the siting, construction, operation, alteration or use of any equipment, device, facility or associated facility proposed to use or transport water located outside the Reservation, and shall comply with all applicable provisions of this Compact. A diversion or use of water in the exercise of the Tribal Water Right may be made only after all permits, certificates, variances or other authorizations applied for pursuant to this paragraph have been obtained, and the diversion or use has not been found unlawful by a court of competent jurisdiction.

F. Amounts To Be Diverted from the Missouri River.

1. Diversions of water for use within or outside the Reservation may be made in the exercise of the Tribal Water Right from Fort Peck Reservoir and the mainstem of the Missouri River—but without utilization of the conservation (carry-over) storage of Fort Peck Reservoir—in the following amounts:

(a) during the months of November, December, January, February and March, not to exceed 40,000 acre-feet per month;

(b) during the months of April and October, not to exceed 50,000 acre-feet per month;

(c) during the months of May and September, not to exceed 105,000 acre-feet per month;

(d) during the month of June, not to exceed 145,000 acre-feet;

(e) during the month of July, not to exceed 215,000 acre-feet;

(f) during the month of August, not to exceed 180,000 acre-feet.

Provided that the aggregate of monthly diversions in the exercise of the Tribal Water Right from surface water shall not exceed 950,000 acre-feet per year, and the total annual consumptive use shall not exceed 475,000 acre-feet.

HeinOnline -- 1985 vol. II 1698 1985

2. The Tribes shall report the amount of all actual diversions from Fort Peck Reservoir and the mainstem of the Missouri River to the United States Army Corps of Engineers by April 1st of the calendar year following the year in which such diversions are made in accordance with paragraph 5 of section J of this Article.

3. All diversions authorized by paragraph 1 of this section may be made without payment to the United States, but the Tribes and any user of the Tribal Water Right shall otherwise comply with all generally applicable laws and regulations of the United States.

G. Export of the Tribal Water Right Outside the State. Use of the Tribal Water Right outside the State shall be in compliance with all valid provisions of state law in effect at the time of the proposed transfer that prohibit, regulate, condition, or permit the transportation of water outside the State.

H. Non-use of the Tribal Water Right not a Forfeiture. Non-use of any part of the Tribal Water Right shall not constitute a relinquishment, forfeiture or abandonment of the right to such use.

I. Sources of Diversions of the Tribal Water Right. In the exercise of the Tribal Water Right water may be diverted:

1. Within the Reservation for use within the Reservation from:

(a) the mainstem of the Missouri River within or adjacent to the Reservation;

(b) any tributary of the Missouri River that flows through or adjacent to the Reservation, except the mainstem of the Milk River; and

(c) any ground water source.

2. Outside the Reservation for use within the Reservation from:

(a) Fort Peck Reservoir;

(b) any tributary of the Missouri River that flows through or adjacent to the Reservation, except the mainstem of the Milk River; and

(c) the mainstem of the Missouri River below Fort Peck Dam.

Diversions authorized by subparagraphs (a) and (c) shall comply with paragraph 1 of section J of this Article.

3. Within or outside the Reservation for use outside the Reservation from:

(a) Fort Peck Reservoir;

(b) any tributary of the Missouri River that flows through or adjacent to the Reservation, except the mainstem of the Milk River, provided that water from these sources shall not be transported outside the respective watershed of each stream;

(c) the mainstem of the Missouri River below Fort Peck Dam; and

(d) the mainstem of the Missouri River above Fort Peck Reservoir.

HeinOnline -- 1985 vol. II 1699 1985

Diversions authorized by subparagraphs (a) and (c) shall comply with paragraph 1 of section J of this Article. Diversions authorized by subparagraph (b) shall comply with paragraph 4 of section K of this Article. Diversions authorized by subparagraph (d) shall comply with paragraph 3 of section J of this Article.

J. Notice of and Conditions upon Diversions and Uses of the Tribal Water Right.

1. The Tribes shall give the State not less than 180 days advance written notice of any proposed diversion or use of the Tribal Water Right authorized by subparagraphs 2(a) and 2(c) and subparagraphs 3(a) and 3(c) of section I of this Article and shall, in the case of any transfer of the Tribal Water Right, except agreements on the tributaries pursuant to paragraph 4 of section K of this Article, offer the State an opportunity to participate as provided in paragraph 2 of section K of this Article. Such notice shall include sufficient documentation to demonstrate that:

(a) the proposed use of water complies with section D of this Article;

(b) for diversions outside the Reservation, the proposed means of diversion and the construction and operation of the diversion works are adequate;

(c) the proposed use and diversion will not adversely affect, except with the consent of the owner of such right, any of the following rights to the use of water existing at that time:

(i) any water right arising under the laws of the United States;

(ii) any appropriative right to the use of water established pursuant to the laws of the State that has not been abandoned, but excluding any reservation of water made pursuant to the laws of the State which has not been put to actual beneficial use by the date notice is given;

(d) the proposed use does not cause any unreasonable significant adverse environmental impact; and

(e) proposed diversions in excess of 4,000 acre-feet per year and 5.5 cubic feet per second of water will not:

(i) substantially impair the quality of water for existing uses in the source of water from which the diversion is made;

(ii) be made where low quality water which can economically be used is legally and physically available to the Tribes for the proposed use;

(iii) create or substantially contribute to saline seep; or

(iv) substantially injure fish or wildlife populations in the source of water from which the diversion is made.

The requirements of subparagraph (c) of this paragraph may be satisfied by a showing that the owner of such right has consented to the adverse effect. Subparagraph (c) shall not be construed to alter or avoid in any way the consequences resulting from such consent under state law.

HeinOnline -- 1985 vol. II 1700 1985

2. A proposed diversion or use of the Tribal Water Right outside the Reservation authorized by subparagraphs 2(a) and 2(c) and subparagraphs 3(a) and 3(c) of section I of this Article may be challenged only:

(a) within 30 days after the expiration of the notice period provided in paragraph 1 of this section;

(b) in a court of competent jurisdiction; and

(c) by the State or by a person whose rights are adversely affected by the proposed diversion or use.

In any such case, the Tribes shall have the burden of going forward and the burden of proving by a preponderance of the evidence that they have satisfied the requirements of paragraph 1 of this section.

3. Diversions of water in the exercise of the Tribal Water Right outside the Reservation from the mainstem of the Missouri River above Fort Peck Reservoir, as authorized in subparagraph 3(d) of section I of this Article, may be made so long as the Tribes or any user of the Tribal Water Right:

(a) comply with all the laws of the State in effect at the time the diversion is proposed, including but not limited to state water use statutes;

(b) give not less than 180 days advance written notice of any proposed diversion in the manner required in paragraph 5 of this section:

(i) if the diversion is to be made from a reservoir, to the operator of the reservoir; or

(ii) if the diversion is not to be made from a reservoir, to the operator of the first dam, upstream and downstream, if any, from the point of diversion;

(c) obtain approval of the diversion from the State legislature.

4. For purposes of demonstrating compliance with subparagraph 1(c) and subparagraph 3(a) of this section and paragraph 6 of Section K of this Article, the portion of the Tribal Water Right to be diverted will be deemed an appropriative right which has:

(a) been acquired on May 1, 1888;

(b) a point of diversion and use where the water is actually being diverted and used or, if not actually being diverted, where the water would first flow on or adjacent to the Reservation;

(c) the existing use or, if not actually in use, an irrigation use provided, however, that the use can be transferred to a purpose other than irrigation without restriction as to period of use so long as the requirements of Section F of this Article are observed;

(d) the actual consumptive use or, if not actually in use or if being used for irrigation purposes, a consumptive use of 1.8 acre-feet per acre per year; and

(e) not been abandoned or forfeited.

HeinOnline -- 1985 vol. II 1701 1985

5. Any notice of a diversion required by paragraph 3 of this section and any report of a diversion required by paragraph 2 of section F of this Article shall specify:

(a) the person authorized to make the diversion;

(b) the amount of water proposed or authorized to be diverted annually;

(c) the amount proposed or authorized for annual consumptive use;

(d) the point of diversion;

(e) the period of use;

(f) the place of use; and

(g) the purposes for which the water may be used.

K. Transfers of the Tribal Water Right.

1. As an incident to and in the exercise of the Tribal Water Right, the Tribes may transfer within or outside the Reservation, as authorized by federal law and this Compact, the right to use water but may not permanently alienate such right or any part thereof. Any such transfer of water by the Tribes shall be subject to all provisions of this Compact.

2. Prior to making any transfer which authorizes use of water outside the Reservation to be diverted from the mainstem of the Missouri River, including Fort Peck Reservoir, the Tribes shall give not less than 180 days advance written notice to the State of the proposed terms and conditions of the transfer, and shall offer the State the opportunity to participate in the transfer as a substantially equal partner with the Tribes, assuming obligations and receiving benefits of the transfer under terms and conditions agreed to by the Parties. If the State does not accept the opportunity within the 180-day notice period, or if the State unreasonably delays the institution or completion of approval processes required by state law or unreasonably delays resolution of any litigation arising from its decision to accept the opportunity, the Tribes may proceed with the proposed transfer without State participation, provided that the proposed transfer shall be subject to all other provisions of this Compact. If the State does not accept the opportunity, or if State participation in the joint transfer is not approved, the State shall not later pursue the opportunity, except in accordance with all the terms of this Compact, including paragraph 3 of this section.

3. Prior to making any transfer allowing use or diversion of water from Fort Peck Reservoir or from the mainstem of the Missouri River below Fort Peck Dam, the State shall give not less than 180 days advance written notice to the Tribes of the proposed terms and conditions of the transfer and shall offer the Tribes the same opportunity to participate in the transfer as a substantially equal partner with the State, assuming obligations and receiving benefits of the transfer on terms and conditions agreed to by the Parties. If the Tribes do not accept the opportunity within the 180 day notice period, the State may proceed with the proposed transfer without the Tribes' participation, and the Tribes shall not later pursue the opportunity except in accordance with all the terms of this Compact, including paragraph 2 of this section.

HeinOnline -- 1985 vol. II 1702 1985

4. If otherwise authorized by federal law, the Tribes may enter into an agreement with any person who is exercising or proposing to exercise a right under the laws of the State to use surface water outside the Reservation on any tributary of the Missouri River that flows through or adjacent to the Reservation, except the mainstem of the Milk River, which agreement allows such person's diversion and use and protects it from any other exercise of the Tribal Water Right provided, however, that:

(a) before use of such water, the person shall have complied with all applicable state laws concerning the acquisition of a water right;

(b) subsequent to acquisition of the state water right, regulation of its use shall be subject to state law;

(c) the amount of water subject to the agreement shall be considered a consumptive use of the Tribal Water Right;

(d) the agreement shall not permanently alienate the Tribal Water Right or any part thereof.

5. The Tribes may transfer annually only the following amounts of water for consumptive use outside the Reservation:

(a) 50,000 acre-feet;

(b) plus 35 percent of any amount over 200,000 acre-feet but less than 300,000 acre-feet authorized by state law to be transferred annually by the State from waters within the State;

(c) plus 50 percent of any amount over 300,000 acre-feet authorized by state law to be transferred annually by the State from waters within the State.

Transfers of the Tribal Water Right shall not be considered as part of any amounts authorized by state law to be transferred annually by the State.

6. In no event shall the Tribes be authorized to transfer less than 50,000 acre-feet of water per year outside the Reservation. The limits established in paragraph 5 of this section shall apply so long as the State is authorized to transfer annually at least 50,000 acre-feet of water pursuant to state law. If statutory authorization for the State to transfer water is not enacted, is repealed, or is held invalid, or if the amount of water authorized by state law to be transferred by the State is less than 50,000 acre-feet per year, then for any period in which the authorization or the limitation is not in force the Tribes may transfer water in accordance with all terms and conditions of this Compact other than paragraph 5 of this section. However, such transfers will be subject to any volume limitations provided by federal law or, in the absence of any federal volume limitations, the Tribes may transfer water in accordance with all terms and conditions in this Compact other than paragraph 5 of this section and with any volume limitations imposed by state law which would apply to a holder of a right to the use of water established pursuant to state law. For the purposes of complying with volume limitations imposed by state law, the Tribal Water Right will be deemed to have the characteristics set forth in paragraph 4 of section J of this Article.

HeinOnline -- 1985 vol. II 1703 1985

7. Unless authorized by federal law, the State shall not in any manner whatsoever tax any proceeds received by the Tribes as consideration for any transfer of the Tribal Water Right.

L. Instream Flows.

1. At any time within five years after the effective date of this Compact, the Tribes may establish a schedule of instream flows to maintain any fish or wildlife resource in those portions of streams, excluding the mainstem of the Milk River, which are tributaries of the Missouri River that flow through or adjacent to the Reservation. These instream flows shall be a part of the Tribal Water Right with a priority date of May 1, 1888. Water remaining in a stream to maintain instream flows pursuant to such a schedule shall be counted by the Tribes as a consumptive use of surface water.

2. Instream flows may be established by the Tribes only in accordance with this section. The Tribes may change the use of water for maintenance of instream flows to another purpose only with the consent of the State.

M. No Other Diversion or Use of the Tribal Water Right. No other diversion or use of the Tribal Water Right shall be made other than those authorized or recognized by this Article.

ARTICLE IV
PROTECTION OF USES UNDER STATE LAW

A. Uses Protected.

1. The following existing and proposed uses of water by Indians within the Reservation are protected and shall not be subordinated to any other uses by subsequent provisions of this Article:

(a) a maximum of 113 acres of irrigated land within the Wolf Creek watershed;

(b) a maximum of 11 acres of irrigated land within the Poplar River watershed;

(c) a maximum of 523 acres of irrigated land within the Big Muddy Creek watershed; and

(d) a maximum of 300 acres of land irrigated with ground water near the confluence of Porcupine Creek and the Milk River.

2. Uses of water by Indians within the Reservation for stockwatering purposes not in excess of 20 acre-feet per year for each impoundment and for all domestic uses are protected and shall not be subordinated to any other uses by subsequent provisions of this Article.

3. With the exception of the uses protected in paragraphs 1 and 2 of this section, diversion and use of water in the exercise of the Tribal Water Right except from the mainstem of the Missouri River, including water allocated to instream flow purposes, shall be subordinate to the following uses of water in the Porcupine Creek, Poplar River, Big Muddy Creek, Little Porcupine Creek, Wolf Creek, Tule Creek, and Chelsea Creek watersheds, including all tributary streams within those watersheds, and all

HeinOnline -- 1985 vol. II 1704 1985

underlying ground water whether or not hydrologically connected with the surface water:

(a) the beneficial uses of water with a priority date of December 31, 1984 or earlier established under the laws of the State and identified in Appendix A to this Compact;

(b) such rights of the United States Fish and Wildlife Service to the waters of Big Muddy Creek for the Medicine Lake National Wildlife Refuge as may be finally determined by the state water court;

(c) beneficial uses of water for domestic purposes;

(d) beneficial uses of water for stock watering purposes in existence prior to December 31, 1984, and beneficial uses of water for stock watering subsequent to that date not in excess of 20 acre-feet per year for each impoundment.

4. Except as to the rights protected in paragraph 3 of this section, the Tribal Water Right shall be prior to all rights to the use of surface and ground water established under the laws of the State with a priority date later than May 1, 1888.

B. Changes of Protected Uses.

1. The rights to the use of water protected by paragraph 3 of section A of this Article may be changed in accordance with state law as to point of diversion, period of use, place of use, purpose of use, or ownership of the right provided that:

(a) the proposed change will not adversely affect any use of the Tribal Water Right existing at the time of the proposed change;

(b) the amount of surface water flowing onto the Reservation within the Poplar River, the Big Muddy Creek, or the Porcupine Creek watersheds, will not be changed; and

(c) the source of the water will not be changed from surface to ground water, or from ground to surface water, or from one watershed to another.

2. Upon receiving an application for a proposed change authorized by paragraph 1 of this section, the State shall give the Tribes such advance written notice as is required by state law.

3. If an irrigation use is changed in any manner, or if a reservoir is constructed or operated which results in the consumptive use of water by evaporation, the following limitations apply:

(a) no more than 1.8 acre-feet of consumptive use per year may be authorized for each acre of land retired from full service irrigation; and

(b) no more than 0.48 acre-feet of consumptive use per year may be authorized for each acre of land retired from partial service irrigation;

(c) evaporation from any reservoir shall be charged as a consumptive use in accordance with definition 4 in Article II.

4. If an irrigation use is changed to an industrial use, all diversions and return flows shall be measured by a device acceptable to and subject to

HeinOnline -- 1985 vol. II 1705 1985

periodic inspection and testing by the State and the Tribes at the expense of the owner. The owner shall also have the quality of the return flows sampled and tested by a laboratory acceptable to the State and the Tribes as often as reasonably required by the State and the Tribes and at the expense of the owner.

ARTICLE V
ADMINISTRATION OF WATER RIGHTS

A. United States Administration. All rights to the use of water received from the Fort Peck Irrigation Project shall be administered by the United States, and the United States has the final and exclusive jurisdiction to resolve all disputes concerning uses of water received from the Fort Peck Irrigation Project subject to any judicial review provided by applicable law.

B. Tribal Administration.

1. The Tribal Water Right shall be administered by the Tribes, and the Tribes have the final and exclusive jurisdiction to resolve all disputes between users of the Tribal Water Right, except for disputes concerning uses of water received from the Fort Peck Irrigation Project and disputes involving users of the Tribal Water Right pursuant to agreements authorized in Article III, section K, paragraph 4.

2. Administration and enforcement of the Tribal Water Right shall be pursuant to a water code, which shall be adopted by the Tribes and submitted for approval to the Secretary of the Interior within one year after ratification of this Compact by the Parties. Such code shall take effect 18 months after ratification of this Compact unless sooner disapproved by the Secretary of the Interior. Pending the adoption and approval of the tribal water code, administration and enforcement of the Tribal Water Right shall be by the Secretary of the Interior as trustee for the Tribes. The Tribes shall not administer the Tribal Water Right in a manner which denies any person a water right owned by that person which arises under the laws of the United States.

3. Within six months after the tribal water code takes effect or within six months after disapproval of the code by the Secretary, the Tribes or the Secretary of the Interior shall provide the State with notice of each existing use of the Tribal Water Right which shall show:

(a) the person authorized to make the diversion;

(b) the amount of water authorized to be diverted annually;

(c) the amount of water authorized for annual consumptive use;

(d) the point of diversion;

(e) the period of use;

(f) the place of use;

(g) the uses for which the water may be diverted; and

(h) the relative priority of the use as against other uses of the Tribal Water Right.

HeinOnline -- 1985 vol. II 1706 1985

4. The Tribes shall thereafter notify the State within sixty days after the end of each quarter year of all new uses of surface and ground water authorized by the Tribes during the preceding quarter year and of all new uses of the Tribal Water Right actually commenced during that quarter year.

C. State Administration.

1. The State shall administer all rights to the use of surface water and ground water within or outside the Reservation which are not a part of the Tribal Water Right to the fullest extent allowed by law. The State shall have the final and exclusive jurisdiction to resolve all disputes between users of rights established under state law.

2. Within two years after ratification of this Compact, the State shall notify the Tribes of all existing uses authorized by the State on the mainstem of the Missouri River below Fort Peck Dam and on all tributaries of the Missouri River that flow through or adjacent to the Reservation, except the mainstem of the Milk River. The State shall notify the Tribes within sixty days after the end of each quarter year of all new uses of surface and ground water permitted by the State on each of these sources during the preceding quarter year and of all new uses of water actually commenced pursuant to the laws of the State during that quarter year on each of these sources. Notices required by this paragraph shall include the information required by paragraph 3 of section B of this Article.

3. No agency of the State shall administer any part of the Tribal Water Right. From and after the effective date of this Compact, unless the Tribal Water Right confirmed in Article III is fully utilized at the time application is made for a permit or other authorization, the State shall issue no permit or other authorization to divert or use water within the Reservation to the following persons:

(a) the Tribes;

(b) any Indian;

(c) any non-Indian successor-in-interest to any allottee on the Reservation by virtue of that person's assertion of a right arising under the laws of the United States; or

(d) the United States for the benefit of the Tribes or any Indian or any non-Indian successor-in-interest to any allottee.

D. Regulation of Ground Water.

1. With the exception of uses protected in Article IV, neither the State nor the Tribes shall authorize or continue the use of ground water without the consent of the other if such use will:

(a) result in degradation of instream flows established pursuant to section L of Article III; or

(b) contribute to the permanent depletion or the significant degradation of the quality of a ground water source which in whole or in part underlies the Reservation.

HeinOnline -- 1985 vol. II 1707 1985

2. With the exception of uses protected in Article IV, the State shall not, without the Tribes' consent, authorize or continue the use of ground water that unreasonably interferes with a use of ground water authorized by the Tribes. The Tribes shall not, without the consent of the State, authorize or continue the use of ground water that unreasonably interferes with a use of ground water authorized by the State and protected by Article IV of this Compact.

ARTICLE VI
FORT PECK-MONTANA COMPACT BOARD

A. Board established. There is hereby established the Fort Peck-Montana Compact Board, which shall exercise powers and responsibilities as set forth in this Article.

B. Membership.

1. The Board shall consist of three members. One member shall be appointed by the Governor of the State of Montana or, in lieu of such appointment, shall be the Governor. The salary and expenses of that member shall be paid by the State. One member shall be appointed by the Chairman of the Tribes, or in lieu of such appointment, shall be the Tribal Chairman. The salary and expenses of that member shall be paid by the Tribes. The third member shall be selected by agreement of the other two members. The salary and expenses of that member and all other expenses of the Board shall be shared equally by the State and the Tribes subject to the availability of funds. Each member duly appointed or selected shall hold office for a term of six years, and for so long thereafter until a successor shall be appointed or selected. The initial term of each member shall be staggered, with one member serving a six-year term, one a four-year term, and one a two-year term. The initial term of each member shall be chosen by lot, or by any other procedure and agreed upon in writing by the first three members of the Board. If the Governor or the Tribal Chairman serves on the Board, such person shall not serve on the Board beyond his or her term as Governor or Tribal Chairman.

2. Should the two appointed members fail to agree within sixty days of the effective date of this Compact or within thirty days after any vacancy occurs, on the selection of the third member, the following procedure shall be utilized:

(a) within five days each member shall nominate no more than five and no less than three persons to serve as a member of the Board;

(b) within fifteen days thereafter each member shall reject all but one of the persons nominated by the other member;

(c) the chief judge of the United States District Court for the District of Montana shall select the third member of the Board from the remaining two nominees. If the chief judge declines for any reason to select the third member, the chief justice of the Montana Supreme Court shall make the selection from the remaining two nominees.

3. Vacancies on the board shall be filled by appointment of a person to serve the unexpired term of the member whose seat has become vacant. If

HeinOnline -- 1985 vol. II 1708 1985

the member appointed by the Governor becomes unable or unwilling to serve on the Board, the Governor shall make the appointment within fifteen days. If the member appointed by the Tribal Chairman becomes unable or unwilling to serve, the Tribal Chairman shall make the appointment within fifteen days. If the third member of the Board becomes unable or unwilling to serve on the Board, the remaining members shall fill the vacancy under the procedure set forth in paragraphs 1 and 2 of this section.

C. Quorum and Vote Required. Two members of the Board shall constitute a quorum if reasonable notice has been provided in advance to the absent member. Meetings may be in person or, in appropriate circumstances, by telephone. All Board decisions shall be by a majority of the Board, shall be in writing and, together with any dissenting opinions, shall be delivered to all parties in the proceeding before the Board, and to both Parties to this Compact.

D. Jurisdiction of the Board. The Board shall have exclusive jurisdiction, only as provided in this Compact, to resolve any controversy over the use of ground water to which this Compact pertains, any controversy over the use of surface water within the Reservation or from any tributary of the Missouri River that flows through or adjacent to the Reservation, except the mainstem of the Milk River, and any controversy as to the meaning of this Compact between: (i) on the one hand, the Tribes or any person or persons claiming a right to use the Tribal Water Right; and (ii) on the other hand, the State or any person or persons claiming a right to use water under the laws of the State.

E. Powers and Duties of the Board.

1. The Board shall have power to administer oaths to witnesses, to take evidence under oath, and to issue subpoenas to compel the attendance of witnesses or for the production of books, records, documents and other evidence. The courts of the Tribes and the State shall enforce any subpoena issued by the Board in the same manner as prescribed by the laws of the Tribes and the State for enforcing a subpoena issued in a civil action by courts of the Tribes and the State.

2. The Board shall hold hearings in proceedings before it and shall give advance notice to the Tribes, the State and all parties to any proceeding personally or by registered mail not less than five days before any hearing. Appearance at a hearing waives such notice. The Board may hear and determine the controversy upon the evidence produced notwithstanding the failure of a party duly notified to appear. The Tribes, the State and all parties to the proceeding are entitled to be heard, to present evidence material to the controversy, to cross-examine witnesses appearing at the hearing, and to be represented by counsel at their own expense.

3. The Board may enter an order after hearing granting any party to the dispute before it temporary or preliminary injunctive relief, or any other relief which the Board deems appropriate except money damages. The Board or any party to a proceeding before the Board may invoke the jurisdiction of a court of competent jurisdiction to enforce any temporary or preliminary injunction so issued by the Board by filing a petition for

HeinOnline -- 1985 vol. II 1709 1985

enforcement naming the enjoined person as respondent. Upon filing the petition, the court shall enter any order it deems appropriate for enforcement of the injunction ordered by the Board, including but not limited to injunctive relief on such terms as to bond or otherwise as it deems proper for the security of the rights of the enjoined party. The United States, the State, and the Tribes shall not be required to post any bond. The court may appoint a water commissioner or master to monitor compliance with such relief.

4. The Board shall adopt rules and regulations to govern its procedures and to carry out its responsibilities under this Compact. Such rules and regulations must be consistent with all provisions of this Compact. All records of the Board shall be open to public inspection except for privileged information.

5. The Board may employ or seek assistance of such clerical or other personnel and may establish such offices as it deems necessary for the performance of its functions according to this Compact. Pending the establishment of a principal office, the Board's office shall be located at Fort Peck Agency of the Bureau of Indian Affairs.

6. The annual budget of the Board shall be subject to approval of the Parties to this Compact and to the availability of funds appropriated by the Parties.

F. Review and Enforcement of Board Decisions.

1. Decisions by the Board shall be effective immediately, unless stayed for a period of time prescribed by the Board. On application of a party within a reasonable time, but in any event no more than ninety days after a decision is rendered, the Board may modify or correct any decision:

(a) where there was an evident material miscalculation of figures or an evident material mistake in the description of any person, thing or property referred to in the decision;

(b) where the decision is imperfect in a matter of form not affecting the merits of the controversy; or

(c) where the decision requires clarification.

2. Any party before the Board may, within ten days of any final decision, apply to the Board to modify or set aside any aspect of the decision. Notice of such application shall be served personally or by registered mail upon all parties to the proceeding. Any other party shall have ten days within which to respond to the application. The Board shall act on such application within ten days after a response is filed or, if no response is filed, within fifteen days after the application is filed. If the Board fails to act within the time limitations set forth in this paragraph, the application shall be deemed denied. The time for appeal provided in paragraph 3 of this section shall not begin to run until the application is determined as provided in this paragraph.

3. Any party before the Board may appeal any final decision by the Board to a court of competent jurisdiction within thirty days of such decision. The notice of appeal shall be filed with the Board and served personally or by registered mail upon the Tribes, the State and all parties to the

HeinOnline -- 1985 vol. II 1710 1985

proceeding before the Board, and all such persons shall thereafter have the right to participate in the appeal.

4. In any appeal, the Board's decision shall be presumed to be valid, and may be vacated by the court only on one of the following grounds:

(a) the decision is not supported by substantial evidence;

(b) the decision was procured by corruption, fraud or undue means;

(c) there was evident partiality or corruption by the Board or by any member;

(d) the Board was guilty of misconduct in refusing to hear the dispute, or in refusing to hear evidence pertinent and material to the controversy, or any other clear misbehavior by which the rights of any party have been substantially prejudiced;

(e) the Board exceeded its authority under the terms of this Compact; or

(f) the decision is contrary to law.

5. Unless an appeal is timely filed as provided in paragraph 3 of this section, any decision of the Board shall be confirmed or enforced by any court of competent jurisdiction on petition of the Board, the Tribes, the State or any party before the Board in the proceeding in which the decision was made.

6. A court of competent jurisdiction in which a timely appeal is filed pursuant to paragraph 3 of this section, or in which a petition to confirm or enforce is filed pursuant to paragraph 5 of this section, may order such temporary or permanent relief as it considers just and proper.

7. An appeal may be taken from any decision of the court in which a timely appeal is filed pursuant to paragraph 3 of this section, or in which a petition to confirm or enforce is filed pursuant to paragraph 5 of this section, in the manner and to the same extent as from orders or judgments of the court in a civil action.

8. In any appeal or petition to confirm or enforce the Board's decision, the Board shall file with the court the record of the proceedings before the Board.

G. Waiver of Immunity. The Tribes and the State hereby waive their respective immunities from suit, including any defense the State shall have under the Eleventh Amendment of the Constitution of the United States, to permit the appeal or judicial enforcement of Board decisions as provided in this Compact, except that such waivers shall not extend to any action for money damages including costs and attorneys' fees as a result of such judicial action.

ARTICLE VII
FINALITY AND EFFECTIVENESS OF COMPACT

A. Ratification. This Compact shall become effective as to both parties when ratified by the Legislature of the State of Montana and the Fort Peck

Tribal Executive Board and approved by the United States Departments of Justice and the Interior. Ratification by the State and by the Tribes is irrevocable, and this Compact may not be modified in any manner whatsoever except with the joint consent of the legislative body of both Parties.

B. Incorporation into Decrees and Disposition of Federal Suits.

1. The Parties and the United States shall petition for incorporation of this Compact into the preliminary decrees and final decrees in any state water court proceedings to adjudicate any right to the use of water to which this Compact pertains, and this Compact may not be modified in any manner whatsoever without the consent of both Parties as provided in section A of this Article. The United States shall not be bound by provisions of this Compact until it is incorporated into the final decree, as provided in this section.

2. This Compact shall only be filed as a proposed consent decree in United States v. Aageson, Civ. No. 79-21-GF (D. Mont.), or United States v. Aasheim, Civ. No. 79-40-BLG (D. Mont.) if there is a final determination by the state courts that they lack jurisdiction over, or that the state proceedings are inadequate to adjudicate, some or all of the water rights asserted in either of the above cases. Upon a final determination that the state courts have jurisdiction over, and that the state proceedings are adequate to adjudicate all of the water rights in the above cases, the United States and the Parties will immediately execute a joint motion pursuant to Rule 41(a) of the Federal Rules of Civil Procedure to dismiss with prejudice and on their merits all claims by the Tribes and the United States on behalf of the Tribes in the pending cases.

ARTICLE VIII
DISCLAIMERS AND RESERVATION OF RIGHTS

A. Disclaimers. Nothing in this Compact shall be so construed or interpreted:

1. to establish the nature, extent, transferability, or manner of enforcement of water rights of any Indian reservation other than the Fort Peck Indian Reservation;

2. to preclude the acquisition or exercise of an appropriative right to the use of water under state law by the Tribes or any individual Indian outside the Reservation by purchase of such right or by purchase of land, or by application to the State;

3. to preclude the acquisition or exercise of an appropriative right to the use of water under state law by the Tribes or any individual Indian within the Reservation:

(a) by purchase of such right or by purchase of land, provided that water rights acquired by such purchase after ratification of this Compact shall be deemed to be an exercise of the Tribal Water Right; or

(b) by application to the State, provided that the Tribal Water Right confirmed in Article III has been fully utilized at the time an application is made;

HeinOnline -- 1985 vol. II 1712 1985

4. to determine the relative rights inter sese of persons using water under the authority of the State or the Tribes;

5. to limit in any way the rights of the Parties or any other person to litigate any issues or questions not resolved by this Compact;

6. to authorize the taking of a water right which is vested under state or federal law;

7. to create or deny substantive rights through headings or captions used in this Compact; or

8. to address or prejudge whether, in any interstate apportionment of the waters of the Missouri River Basin, the Tribal Water Right shall be counted as a part of the waters apportioned to the State.

B. Reservation of Rights. The Parties expressly reserve all rights not granted, recognized or relinquished in this Compact.

ARTICLE IX
TRIBAL RELINQUISHMENT OF OTHER WATER CLAIMS

The Tribal Water Right confirmed in Article III shall be final and conclusive. With the exception of the Tribal Water Right recognized herein and rights established under state law as authorized by this Compact, the Tribes and the United States as trustee for the Tribes hereby relinquish forever any and all existing and future claims to water from any source and for any purpose. This relinquishment includes, but is not limited to, any claim for water derived from: aboriginal use of land or water; any Indian treaties; any act of Congress; and any executive act of the United States.

ARTICLE X
BINDING EFFECT

A. Persons Bound. Upon the effectiveness of this Compact, its terms will be binding:

1. upon the State and any person or entity of any nature whatsoever using, claiming or in any manner asserting any right under the authority of the State to the use of water in the State of Montana, provided that for purposes of consent, ratification, or authorization the validity of consent, ratification, or authorization is to be determined by Montana law; and

2. upon the Tribes and any person or entity of any nature whatsoever using, claiming or in any manner asserting any right to the use of the Tribal Water Right, or any right arising under any doctrine of reserved or aboriginal water rights for the Tribes, or any right arising under tribal law, provided that for purposes of consent, ratification, or authorization the validity of consent, ratification or authorization is to be determined by Tribal law. Notwithstanding any other provision of law, the Tribal Water Right confirmed in Article III of the Fort Peck-Montana Compact includes conclusively and forever the water rights arising under the laws of the United States of all persons on the Fort Peck Reservation by virtue of the ownership or purchase of any Indian allotment, and the courts of the State

HeinOnline -- 1985 vol. II 1713 1985

shall not have jurisdiction to adjudicate or decree any such right claimed by any such person.

B. Effect on Other Laws. The provisions of the Fort Peck-Montana Compact shall supersede any present or future enactment or common law rule inconsistent with such Compact including but not limited to Montana Code Annotated 28-2-708.

ARTICLE XI
SEVERABILITY

Should any part of this Compact other than Articles III, IV, VII, or IX be held to be invalid, all other parts thereof shall continue to be in full force and effect. Should any part of Articles III, IV, VII, or IX be held invalid, either party may withdraw from the remaining provisions of this Compact by action of its legislative body taken within one year from the determination of such invalidity.

ARTICLE XII
LEGISLATION

A. Future legislation. The parties agree to seek enactment of further legislation if it becomes necessary to effectuate the provisions and purposes of this Compact, and to protect such provisions and purposes from challenge and attack, provided that no provisions of the Compact shall be modified as to substance except as provided in Article VII.

B. Petition to Congress.

1. The Parties hereby request the Montana legislature to petition Congress to enact the following legislation in substantially the following form:

"Sec. 2. For purposes of this Act, the term:

(a) "Fort Peck-Montana Compact" means that Compact pertaining to the reserved water rights of the Assiniboine and Sioux Tribes of the Fort Peck Reservation ratified by the legislature of the State of Montana on _____, 1985 and by the Tribes on _____, 1985.

HeinOnline -- 1985 vol. II 1714 1985

Section 2. **Effective date.** This act is effective on passage and approval.

Approved May 15, 1985.

CHAPTER NO. 736

[HB 701]

AN ACT ALLOWING THE DEPARTMENT OF REVENUE, AFTER CONSULTATION WITH THE REVENUE OVERSIGHT COMMITTEE AND APPROVAL BY THE LEGISLATURE, TO ACCEPT IN-KIND PAYMENTS OF CERTAIN INHERITANCE AND ESTATE TAXES WITH OBJECTS, SITES, OR ITEMS OF UNIQUE HISTORICAL AND CULTURAL SIGNIFICANCE OR WITH INTERESTS IN REAL PROPERTY HAVING CONSERVATION, RECREATION, OR WILDLIFE PRESERVATION VALUE; APPROVING ACCEPTANCE BY THE DEPARTMENT OF IN-KIND PAYMENT OF THE DALY MANSION; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Intent.** It is the intent of [this act] to allow the payment of inheritance and estate taxes by the transfer to the state of unique objects of significant historical or artistic interest, extremely unique sites or buildings of historical interest, and easements and other recognized interests in land to conserve unique open space and to preserve wildlife habitat, park, recreational, historic, aesthetic, cultural, and natural values on or related to land, while limiting the impact of such transfers on the revenue collected under this chapter. It is the intent of [this act] to allow in-kind payment for a short period of time to evaluate the impact of [this act] on revenue, to evaluate the types of in-kind payments which are recommended by the department of revenue, and to evaluate the ability of receiving entities to manage the in-kind payments. It is not the intent of [this act] to create a right in any donor to pay estate or inheritance taxes with an in-kind payment.

Section 2. **Definitions.** As used in [this act], the following definitions apply:

competent and qualified employees in order to perform the services the state is required to provide to its citizens.

(2) It is the intent of the legislature that, for the biennium ending June 30, *1987*, the:

(a) pay schedules provided for in 2-18-311 through 2-18-315 supersede any other plan or systems established through collective bargaining after the adjournment of the *49th* legislature;

(b) pay levels provided for in 2-18-311 through 2-18-315 may not be increased through collective bargaining after adjournment of the *49th* legislature; and

(4) The department may promulgate rules not inconsistent with the provisions of this part, collective bargaining statutes, or negotiated contracts to carry out the purposes of this part."

Section 2. Section 2-18-303, MCA, is amended to read:

matrix for fiscal year *1987*. However, if the employee's anniversary date falls between (inclusive) July 1 and the first day of the first pay period of fiscal year *1987*, he will advance one step on the first day of that pay period.

(2) The pay schedules provided in 2-18-311 and 2-18-312 and the provisions of subsection (1) of this section do not apply to those institutional teachers, liquor store occupations, or blue-collar occupations compensated under the pay schedules provided in 2-18-313, 2-18-314, or 2-18-315.

(3) The pay schedules provided in 2-18-313, 2-18-314, or 2-18-315 shall be implemented as follows:

(a) (i) The pay schedules provided in 2-18-313 indicate the annual compensation for the contracted school term for teachers employed by institutions under the authority of the department of institutions for fiscal years *1986* and *1987*.

(iii) The compensation of each teacher on the first day of the first pay period in July, *1986*, shall be that amount which corresponds to his level of achievement and the step occupied on June 30, *1985*.

(b) (i) The pay schedules provided in 2-18-314 indicate the maximum hourly compensation for fiscal years ending June 30, *1986*, and June 30, *1987*, for those employees in liquor store occupations who have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year *1986* or *1987*, as the case may be, shall be that amount which corresponds to that grade occupied on the last day of the preceding fiscal year.

(c) (i) The pay schedules provided in 2-18-315 indicate the maximum hourly compensation for fiscal years ending June 30, *1986*, and June 30, *1987*, for employees in apprentice trades and crafts and other blue-collar occupations recognized in the state blue-collar classification plan who are members of units that have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year *1986* or *1987*, as the case may be, shall be that amount which corresponds to that grade occupied on the last day of the preceding fiscal year.

(4) (a) (i) No member of a bargaining unit may receive the amounts indicated in the respective pay schedules provided in 2-18-311 through 2-18-315 until the bargaining unit of which he is a member ratifies a completely integrated collective bargaining agreement covering the biennium ending June 30, *1987*.

(ii) In the event that negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) of this section are not completed by July 1, *1985*, retroactivity to that date may be negotiated.

(iii) In the event that negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) of this section are not completed by July 1, *1985*, members of the bargaining

(b) Methods of administration not inconsistent with the purpose of this part and necessary to properly implement the pay schedules provided in 2-18-313 through 2-18-315 may be provided for in collective bargaining agreements.

(5) The current wage or salary of an employee shall not be reduced by the implementation of the pay schedules provided for in 2-18-311 through 2-18-315.

(6) The department may authorize a separate pay schedule for medical doctors if the rates provided in 2-18-311 and 2-18-312 are not sufficient to attract and retain fully licensed and qualified physicians at the state institutions.

(7) The department may develop programs which will enable the department to mitigate problems associated with difficult recruitment, retention, transfer, or other exceptional circumstances. Insofar as the program may apply to employees within a collective bargaining unit, it shall be a negotiable subject under 39-31-305."

(2) The county election administrator shall refer a copy of the sample petition to the county attorney, who shall review the sample petition to ensure compliance with the requirements of this part. The county attorney shall cooperate with and provide necessary services to the person who submitted the petition to ensure that an adequate and valid legal description is written for the proposed new county boundaries.

(3) If the petition is rejected as to form, the county election administrator shall within 10 days after submission of the sample send written notice to the person who submitted the petition.

(4) If the petition is approved as to form, the election administrator shall within 21 days after submission of the sample send written notice to the person who submitted the petition. Thereafter the petition may not be challenged except with regard to the number and validity of signatures appended to it.

Section 6. **Number of signatures required — time allowed for collecting them.** (1) For the purpose of determining the number of signatures needed on a petition to meet the percentage requirements of this part, the number of registered electors in a territory proposed to be included in a new county is the number of people registered to vote in that territory in the most recent general election.

(3) each of such persons so signing was, at the date of such signing, a qualified elector of *the proposed new county or of the portion thereof taken from an existing county.*"

Section 8. **Verification of signatures by county clerk.** The clerk of the county receiving the petition shall check the names of all signers to verify that they are registered electors of the proposed territory to be taken from the county. In addition, the county clerk shall randomly select signatures on each sheet or section of the petition and compare them with the signatures of the electors as they appear on the registration records of the office. If all of the randomly selected signatures appear to be genuine, the number of signatures of registered electors on the sheet or section may be certified without further comparison of signatures. If any of the randomly selected signatures do not appear to be genuine, all signatures on that sheet or section must be compared with the registration records of the office.

Section 9. Section 7-2-2215, MCA, is amended to read:

"**7-2-2215. Election on question of creating new county — proclamation and notice.** (1) Within 2 weeks after its determination of the truth of the allegations of the petition, the board of county commissioners shall order and give proclamation and notice of an election to be held on a specified day, not less than *60* days thereafter, for the purpose of determining whether *the* territory *proposed to be taken from the county* shall be established and organized into a new *or enlarged* county and for the election of officers and location of a county seat therefor in case the vote at the election is in favor of the establishment and organization of *a* new county *formed from a portion of one existing county or from portions of two or more existing counties.*

(2) The question of determining whether the proposed territory shall be taken from the county and added to the proposed new county must be included on the ballot for the next countywide primary, general, or school election scheduled not less than 60 days after the date of the proclamation and notice.

(3) All registered electors of the county shall be entitled to vote at the election. Registration and transfers of registration shall be made and shall close in the manner and at a time provided by law for registration and transfers of registration for a general election in Montana.

(4) If the proposed new county is an existing county to be enlarged by territory taken from the county in which the petition was filed, the board of county commissioners of the proposed new county shall hold an election in the manner described in subsections (1) through (3)."

Establishment of election precincts.** *The* board of county commissioners *of the county in which the petition was filed* shall also, if necessary for the purpose of the election provided for in 7-2-2215*(1)*, change the boundaries of the election precincts in *the* old county to make the same conform to the boundaries of the proposed new county, provided that the boundary lines of no such precinct shall extend beyond the boundary lines of the then-existing county in which it is located and from which the territory is proposed to be taken."

Section 11. Section 7-2-2217, MCA, is amended to read:

(b) The ballots shall also contain the names of individuals to be voted for to fill the various elective offices designated in the proclamation for counties of the class to which the proposed county will belong, as determined by the board of county commissioners, as herein otherwise provided.

(c) There shall also be printed upon the ballot the words "For the county seat" and the names of all cities or towns which may have filed with the election administrator a petition, signed by at least 25 registered electors, nominating any city or town within the proposed new county for the county seat. The elector shall designate his choice for county seat by marking a cross (X) opposite the name of the city or town for which he desires to cast his ballot.

(2) If the proposed new county is to be an existing county enlarged by territory taken from one or more other counties, the proclamation and notice required by 7-2-2215(1) shall require the electors to cast ballots which shall contain the legal description of the territory to be taken from the county in which the election is held, together with any name or names for the territory that may be in common use, and the words "For the territory described (or commonly known as ....) to be detached from .... (b) The election administrator of each county from which territory is taken for the proposed new county shall, not less than 5 days before the date of the election, furnish for each precinct within the proposed new county a precinct register for the precincts of the proposed new county which are within their respective counties.

(2) The *elections* provided for in 7-2-2215 shall be governed and controlled by the general election laws of the state, so far as the same are applicable and except as otherwise provided herein. The provisions of the election laws relating to preparation, printing, and distribution of sample ballots, except the provisions of these laws relating to primary elections in this state, apply to any election provided for in this part. All returns of an election shall be made to and canvassed by the board of county commissioners calling the election.

(2) (a) In case any city or town fails to receive a majority of all the votes cast, then the city or town receiving the highest number of all votes cast shall be designated as the temporary county seat. The temporary county seat selected upon the organization of such county shall remain as such county seat until the permanent county seat shall be established as provided by law.

(b) In case any city or town is not the choice of the election for the county seat by a majority of all the votes cast, the question of choice between the two cities or towns for which the highest number of votes shall have been cast shall be submitted in like manner to the qualified electors at the next general election thereafter.

(c) When the county seat shall have been selected as herein provided, it shall not thereafter be changed except in the manner provided by law.

County, and, *if appropriate,* that the city or town receiving the highest number of votes cast at the election for county seat shall be the county seat of the county until removed in the manner provided by law and designate and declare the individuals receiving, respectively, the highest number of votes for the several offices to be filled at the election to be duly elected to the offices.

(2) However, if upon such canvass it appears that more than 50% of the votes cast on the issue *by those voting in the county, or by those voting in the territory proposed to be taken from the county, or by those voting in an election held under 7-2-2215(4) are negative,* the board canvassing the vote as provided herein shall pass a resolution in accordance therewith, and thereupon the proceedings relating to division of such county or counties shall cease. No other proceedings in relation to any other division of the old county or counties shall be instituted for at least *4* years after such determination."

Section 16. Section 7-2-2223, MCA, is amended to read:

(2) The election administrator of the county with which the petition was filed must immediately make out and deliver to each of the individuals declared and designated to be elected a certificate of election authenticated by his signature and the seal of the county. The individuals elected members of the board and the county clerk shall, immediately upon receiving their certificates of election, assume the duties of their respective offices."

Section 17. Section 7-2-2224, MCA, is amended to read:

"7-2-2224. Offices and supplies for new county. *If the new county has a new county seat under 7-2-2221, the* board of county commissioners of the new county may provide a suitable place for the county officers and purchase supplies necessary for the proper conduct of the county government."

HeinOnline -- 1985 vol. II 1744 1985

Section 18. Section 7-2-2243, MCA, is amended to read:

WHEREAS, state tax policy is best determined by the state's primary policymaking body, which is the Legislature; and

HeinOnline -- 1985 vol. II 1745 1985

WHEREAS, the Legislature wishes to retain as much as possible the sovereignty guaranteed to the state by the 10th amendment to the Constitution of the United States; and

WHEREAS, the 48th Legislature of the State of Montana adopted House Joint Resolution 31, requiring a study of Montana's property tax classification system; and

WHEREAS, the Revenue Oversight Committee has examined Montana's property tax system; and

WHEREAS, that examination causes the Revenue Oversight Committee to recommend a revision of Montana's property tax classification system.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-101, MCA, is amended to read:

"15-1-101. Definitions. (1) When terms mentioned in this section are used in connection with taxation, they are defined in the following manner:

(a) The term "agricultural" refers to the raising of livestock, swine, poultry, field crops, fruit, and other animal and vegetable matter for food or fiber.

(b) The term "assessed value" means the value of property as defined in 15-8-111.

(c) The term "average wholesale value" means the value to a dealer prior to reconditioning and profit margin shown in national appraisal guides and manuals or the valuation schedules of the department of revenue.

(d) (i) The term "commercial", when used to describe property, means any property used or owned by a business, a trade, or a nonprofit corporation as defined in 35-2-102 or used for the production of income, except that property described in subsection (ii).

(ii) The following types of property are not commercial:

(A) agricultural lands;

(B) timberlands;

(C) single-family residences and ancillary improvements and improvements necessary to the function of a bona fide farm, ranch, or stock operation;

(D) mobile homes used exclusively as a residence except when held by a distributor or dealer of trailers or mobile homes as his stock in trade;

(E) all property described in 15-6-135;

(F) all property described in 15-6-136; and

(G) all property described in [section 6].

HeinOnline -- 1985 vol. II 1746 1985

(e) The term "comparable property" means property that has similar use, function, and utility; that is influenced by the same set of economic trends and physical, governmental, and social factors; and that has the potential of a similar highest and best use.

(f) The term "credit" means solvent debts, secured or unsecured, owing to a person.

(g) The term "improvements" includes all buildings, structures, fences, and improvements situated upon, erected upon, or affixed to land. When the department of revenue or its agent determines that the permanency of location of a mobile home or housetrailer has been established, the mobile home or housetrailer is presumed to be an improvement to real property. A mobile home or housetrailer may be determined to be permanently located only when it is attached to a foundation which cannot feasibly be relocated and only when the wheels are removed.

(h) The term "leasehold improvements" means improvements to mobile homes and mobile homes located on land owned by another person. This property is assessed under the appropriate classification and the taxes are due and payable in two payments as provided in 15-24-202. Delinquent taxes on such leasehold improvements are a lien only on such leasehold improvements.

(i) The term "mobile home" means forms of housing known as "trailers", "housetrailers", or "trailer coaches" exceeding 8 feet in width or 45 feet in length, designed to be moved from one place to another by an independent power connected to them, or any "trailer", "housetrailer", or "trailer coach" up to 8 feet in width or 45 feet in length used as a principal residence.

(j) The term "personal property" includes everything that is the subject of ownership but that is not included within the meaning of the terms "real estate" and "improvements".

(k) The term "poultry" includes all chickens, turkeys, geese, ducks, and other birds raised in domestication to produce food or feathers.

(l) The term "property" includes moneys, credits, bonds, stocks, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership. This definition must not be construed to authorize the taxation of the stocks of any company or corporation when the property of such company or corporation represented by the stocks is within the state and has been taxed.

(m) The term "real estate" includes:

(i) the possession of, claim to, ownership of, or right to the possession of land;

(ii) all mines, minerals, and quarries in and under the land subject to the provisions of 15-23-501 and 15-23-801; all timber belonging to individuals or corporations growing or being on the lands of the United States; and all rights and privileges appertaining thereto.

(n) The term "taxable value" means the percentage of market or assessed value as provided for in 15-6-131 through 15-6-140.

HeinOnline -- 1985 vol. II 1747 1985

(2) The phrase "municipal corporation" or "municipality" or "taxing unit" shall be deemed to include a county, city, incorporated town, township, school district, irrigation district, drainage district, or any person, persons, or organized body authorized by law to establish tax levies for the purpose of raising public revenue.

(ii) a widow or widower of any age with dependent children who qualifies under the income limitations of (iii) of this subsection; or

(iii) a recipient or recipients of retirement or disability benefits whose total income from all sources including otherwise tax-exempt income of all types is not more than $8,000 for a single person or $10,000 for a married couple;

(d) all golf courses, including land and improvements actually and necessarily used for that purpose, that:

(i) consist of at least 9 holes and not less than 3,000 lineal yards; and

(ii) were used as a golf course on January 1, 1979, and were owned by a nonprofit Montana corporation.

7,601 - 8,000	9,001 - 10,000	90%

HeinOnline -- 1985 vol. II 1748 1985

(c) Property described in subsection (1)(d) is taxed at one-half the taxable percentage established in subsection (2)(a).

(3) Within the meaning of comparable property as defined in 15-1-101, property assessed as commercial property is comparable only to other property assessed as commercial property, and property assessed as other than commercial property is comparable only to other property assessed as other than commercial property."

(2) Class eight property is taxed at 11% of its market value."

Section 4. Section 15-6-141, MCA, is amended to read:

"15-6-141. Class eleven property — description — taxable percentage. (1) Class eleven property includes:

(a) centrally assessed electric power companies' allocations;

(b) allocations for centrally assessed natural gas companies having a major distribution system in this state;

(c) centrally assessed companies' allocations except:

(i) electric power and natural gas companies' property;

(ii) property owned by cooperative rural electric and cooperative rural telephone associations and classified in class five;

(iii) property owned by organizations providing telephone communications to rural areas and classified in class seven; *and*

(iv) airline and railroad transportation property included in class thirteen.

HeinOnline -- 1985 vol. II 1749 1985

(2) Class eleven property is taxed as follows:

(a) Property described in *subsections* (1)(a) and *(1)*(b) is taxed at 12% of market value.

(b) Except as provided in 15-23-202, property described in subsection (1)(c) is taxed at 15% of market value."

Section 5. **Class thirteen property — description — taxable percentage.** (1) Class thirteen property includes:

(a) all railroad transportation property as described in the Railroad Revitalization and Regulatory Reform Act of 1976 as it read on [the effective date of this act]; and

(b) all airline transportation property as described in the Tax Equity and Fiscal Responsibility Act of 1982 as it read on [the effective date of this act].

(2) For the taxable year beginning January 1, 1986, and for each taxable year thereafter, class thirteen property is taxed at the percentage rate "R", to be determined by the department as provided in subsection (3).

(3) R = A/B where:

(a) A is the total statewide taxable value of all commercial property as commercial property is described in 15-1-101(1)(d), including class 1 and class 2 property; and

(b) B is the total statewide market value of all commercial property as commercial property is described in 15-1-101(1)(d), including class 1 and class 2 property.

(4) (a) For the taxable year beginning January 1, 1986, and for every taxable year thereafter, the department shall conduct a sales assessment ratio study of all commercial and industrial real property and improvements. The study must be based on:

(i) assessments of such property as of January 1 of the year for which the study is being conducted; and

(ii) a statistically valid sample of sales using data from realty transfer certificates filed during the same taxable year or from the immediately preceding taxable year, but only if a sufficient number of certificates is unavailable from the current taxable year to provide a statistically valid sample.

(b) The department shall determine the value-weighted mean sales assessment ratio "M" for all such property and reduce the taxable value of property described in subsection (4) only, by multiplying the total statewide taxable value of property described in subsection (4) by "M" prior to calculating "A" in subsection (3).

(c) The adjustment referred to in subsection (4)(b) will be made beginning January 1, 1986, and in each subsequent tax year to equalize the railroad and airline taxable values.

HeinOnline -- 1985 vol. II 1750 1985

(5) For the purpose of complying with the Railroad Revitalization and Regulatory Reform Act of 1976 and the Tax Equity and Fiscal Responsibility Act of 1982, as they read on [the effective date of this act], the rate "R" referred to in this section is the equalized average tax rate generally applicable to commercial and industrial property as commercial property is defined in 15-1-101(1)(d).

Section 6. **Class fourteen property — description — taxable percentage.** (1) Class fourteen property includes:

(a) motorcycles;

(2) Class fourteen property is taxed at 11% of its market value.

Section 7. Section 15-8-111, MCA, is amended to read:

"15-8-111. Assessment — market value standard — exceptions. (1) All taxable property must be assessed at 100% of its market value except as provided in subsection (5) of this section and in 15-7-111 through 15-7-114.

(2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) The market value of all motor trucks, agricultural tools, implements, and machinery; and vehicles of all kinds, including but not limited to motorcycles, aircraft, and boats and all watercraft, is the average wholesale value shown in national appraisal guides and manuals or the value of the vehicle before reconditioning and profit margin. The department of revenue shall prepare valuation schedules showing the average wholesale value when no national appraisal guide exists.

(3) The department of revenue or its agents may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property in 15-6-134 through 15-6-140, *[section 5], and [section 6]*. For purposes of taxation, assessed value is the same as appraised value.

(4) The taxable value for all property in classes four through eleven, *[section 5], and [section 6]* is the percentage of market value established for each class of property in 15-6-134 through 15-6-141, *[section 5], and [section 6]*.

(5) The assessed value of properties in 15-6-131 through 15-6-133 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503.

(b) Properties in 15-6-132 under class two are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133 under class three are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(6) Land and the improvements thereon are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town.

(7) The taxable value of all property in 15-6-131 and classes two and three is the percentage of assessed value established in 15-6-131(2), 15-6-132, and 15-6-133 for each class of property."

Section 8. Section 15-23-202, MCA, is amended to read:

"15-23-202. Assessment — how made. (1) The department must assess the franchise, roadway, roadbed, rails, rolling stock, and all other operating properties of all railroads operated in more than one county or more than one state. All rolling stock must be assessed in the name of the person owning, leasing, or using the same. Assessment must be made to the person owning or leasing or using the same and must be made upon the entire railroad within the state. The depots, stations, shops, and buildings erected upon the space covered by the right-of-way and all other property owned or leased by such person, except as above provided, shall be assessed by the department.

(2) In determining the taxable value of railroad property, the department *shall determine* the percentage *rate "R"* provided for in *[section 5]* in order to achieve compliance with the requirements of the federal Railroad Revitalization and Regulatory Reform Act of 1976, as amended."

Section 9. Section 15-8-104, MCA, is amended to read:

"15-8-104. Department audit of taxable value — costs of audit paid by department. (1) When in the judgment of the director of revenue it is necessary, audits may be made for the purpose of determining the taxable value of net proceeds of mines and oil and gas wells and all other types of property subject to ad valorem taxation.

(2) The department of revenue shall conduct audits of the assessment of all commercial personal property to assure that the value of the property in those classes reflects market value. Because the assessed value of commercial personal property is defined as market value under 15-8-111(2), the

HeinOnline -- 1985 vol. II 1752 1985

audits conducted by the department shall be primarily directed toward ensuring that all taxable personal property is reported to the department.

(3) The cost of *any* audit *performed under subsection (1) or (2)* shall be paid by the department."

Section 10. **Rulemaking authority — extension of existing authority.** (1) The department of revenue shall adopt rules specifying which types of property within the several classes are considered "comparable property" as described in 15-1-101.

(2) The department shall also adopt rules specifying the methodology to be used in conducting sales assessment ratio studies and in determining the value-weighted mean sales assessment ratio for all commercial and industrial real property and improvements.

(3) Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

(4) The department may initiate rulemaking proceedings under this section on or after the date on which this act is passed and approved, but no rule adopted under this section may be made effective before January 1, 1986.

Section 11. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. **Effective dates.** (1) This act, except section 10 and this section, is effective January 1, 1986.

(2) Section 10 and this section are effective on passage and approval.

Approved May 24, 1985.

CHAPTER NO. 744

[HB 295]

AN ACT TO GENERALLY REVISE THE NEW MOTOR VEHICLE WARRANTY REMEDY LAW; INCREASING MINIMUM WARRANTY PERIODS; PROVIDING FOR REMEDIES, DISCLOSURES, AND PENALTIES; CREATING AN ARBITRATION PROCEDURE; AMENDING SECTIONS 61-4-501 THROUGH 61-4-503 AND 61-4-505 THROUGH 61-4-507, MCA; AND PROVIDING AN APPLICABILITY PROVISION AND AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-4-501, MCA, is amended to read:

"61-4-501. Definitions. For purposes of this part, the following definitions apply:

(1) "Collateral charge" means all governmental charges, including but not limited to sales tax, property tax, license and registration fees, and fees in lieu of tax.

(2) "Consumer" means the purchaser, other than for purposes of resale, of a motor vehicle that has not been brought into nonconformity as the result of abuse, neglect, or unauthorized modifications or alterations by the purchaser, any person to whom the motor vehicle is transferred during the duration of an express warranty applicable to the motor vehicle, or any other person entitled by the terms of the warranty to the benefits of its provisions.

(3) "Department" means the department of commerce created in 2-15-1801.

(4) "Division" means the division of motor vehicles defined in 61-1-301.

(5) "Incidental damage" means incidental and consequential damage as defined in 30-2-715.

(6) "Motor vehicle" means a vehicle propelled by its own power, designed primarily to transport persons or property upon the public highways, and sold in this state. The term does not include a motor home as defined in 61-1-130, *a truck with 10,000 pounds or more gross vehicle weight rating, or a motorcycle as defined in 61-1-105.*

(7) "Reasonable allowance for use" is an amount directly attributable to use of the motor vehicle by the consumer and any previous consumers prior to the first written notice of the nonconformity to the manufacturer or its agent and during any subsequent period when the vehicle is not out of service because of nonconformity. The reasonable allowance for use shall be computed by multiplying the total contract price of the vehicle by a fraction having as its denominator 100,000 and having as its numerator the number of miles that the vehicle traveled prior to the manufacturer's acceptance of its return.

(8) "Warranty period" means the period ending *2 years* after the date of the original delivery to the consumer of a new motor vehicle *or during the first 18,000 miles of operation,* whichever is earlier."

Section 2. Section 61-4-502, MCA, is amended to read:

"61-4-502. Notice — warranty enforceable after warranty period — when. (1) If a consumer notifies in writing the manufacturer or its agent during the warranty period that a new motor vehicle does not conform to all applicable express warranties, the repairs necessary to conform the new motor vehicle to the express warranties shall be made by or at the expense of the warrantor, regardless of the expiration of the warranty period after notification of nonconformity is given by the consumer.

(2) The warranty period of an express warranty is extended to equal the time that repair services are not available because of war or invasion or because of strike or fire, flood, or other natural disaster. The presumption provided herein may not apply against a manufacturer who has not received prior written notification from or on behalf of the consumer and has not had an opportunity to cure the alleged defect.

HeinOnline -- 1985 vol. II 1754 1985

(3) The manufacturer must clearly and conspicuously disclose to the consumer in the warranty or owner's manual that written notification of a nonconformity is required before a consumer may be eligible for a refund or replacement of the vehicle. The manufacturer must include with the warranty or owner's manual the name and address where the written notification must be sent."

Section 3. Section 61-4-503, MCA, is amended to read:

"61-4-503. Replacement for nonconformity to warranty. (1) If after a reasonable number of attempts the manufacturer or its agent or authorized dealer is unable, during the warranty period, to conform the new motor vehicle to any applicable express warranty by repairing or correcting any defect or condition that substantially impairs the use and market value or safety of the motor vehicle to the consumer, the manufacturer shall replace it with a new motor vehicle of the same model and style and of equal value, unless for reasons of lack of availability such replacement is impossible, in which case the manufacturer shall replace it with a vehicle of comparable market value.

(2) As an alternative to replacement, the manufacturer may accept return of the new motor vehicle from the consumer upon refund to him of the full purchase price, *plus reasonable collateral charges and incidental damages*, less a reasonable allowance for the consumer's use of the motor vehicle. The refund shall be paid to the consumer and to a lienholder, if any, in proportion to their interests."

Section 4. Section 61-4-505, MCA, is amended to read:

"61-4-505. Dealer exemption — liability to manufacturer. *(1)* Nothing in this part imposes any liability on a dealer or creates a cause of action by a consumer against a dealer under 61-4-503.

(2) A dealer is not liable to a manufacturer for any refunds or vehicle replacements in the absence of evidence indicating that repairs made by the dealer were carried out in a manner inconsistent with the manufacturer's instructions."

Section 5. Section 61-4-506, MCA, is amended to read:

"61-4-506. Provisions nonexclusive — applicability of UCC — defenses. *(1)* The provisions of this part do not limit the rights or remedies available to a consumer under any other law.

(2) All express warranties arising from the sale of a new motor vehicle are subject to the provisions of Title 30, chapter 2, part 3.

(3) It is an affirmative defense to a claim brought under this part that an alleged nonconformity does not substantially impair the use, market value, or safety of the vehicle or that the nonconformity is the result of abuse, neglect, or unauthorized modification or alteration of a motor vehicle by the consumer."

Section 6. Section 61-4-507, MCA, is amended to read:

"61-4-507. Exhaustion of remedies under federal law. The provisions of 61-4-503 are not applicable against a manufacturer who has established an informal dispute settlement procedure *certified by the department*

HeinOnline -- 1985 vol. II 1755 1985

to be in substantial compliance with the provisions of Title 16, Code of Federal Regulations, part 703, as those provisions read on October 1, 1983, unless the consumer has first resorted to that procedure without satisfaction."

Section 7. **Manufacturer's dispute settlement procedure — certification — prohibited contents.** (1) A manufacturer who has established an informal dispute settlement procedure under the provisions of Title 16, Code of Federal Regulations, part 703 (16 CFR, part 703), as those provisions read on October 1, 1983, shall submit a copy of the procedure to the department. The department shall issue a certificate of approval to a manufacturer whose procedure complies in all respects with such federal regulations and subsection (2). The department shall report to the division all manufacturer's procedures certified. The department may issue subpoenas requiring the attendance of witnesses and the production of records, documents, or other evidence necessary to it in an investigation related to the certification of a manufacturer's informal dispute settlement procedure.

(2) A manufacturer's informal dispute settlement procedure must afford the consumer or his representative an opportunity to appear and present evidence in Montana at a location reasonably convenient to the consumer, and further may not include any practices that:

(a) delay a decision in any dispute beyond 60 days after the date on which the consumer initially resorts to the dispute settlement procedure;

(b) delay performance of remedies awarded in a settlement beyond 10 days after a decision, except that a manufacturer may have 30 days following the date of decision to replace a motor vehicle or make refund to the consumer as provided in 61-4-503;

(c) require the consumer to make the vehicle available for inspection by a manufacturer's representative more than once;

(d) fail to consider in decisions any remedies provided by this part; or

(e) require the consumer to take any action or assume any obligation not specifically authorized under the federal regulations referred to in subsection (1).

Section 8. **Annual audit — revocation or suspension of certification.** (1) A manufacturer establishing an informal dispute resolution procedure shall file with the department a copy of the annual audit required under Title 16, Code of Federal Regulations, part 703 (16 CFR, part 703), as those provisions read on October 1, 1983, along with any additional information the department may require, including the number of refunds and replacements made by the manufacturer during the period audited.

(2) The department may, after notice and hearing as provided in Title 2, chapter 4, suspend or revoke the certification of a manufacturer's informal dispute resolution procedure upon a finding that the procedure is being used to create hardship to consumers. The department shall notify the division of any revocation or suspension of a certification. The division may consider the revocation or suspension in licensing manufacturers under Title 61, chapter 4, part 2.

HeinOnline -- 1985 vol. II 1756 1985

Section 9. **Notice on resale of replaced vehicle.** A motor vehicle which is returned to the manufacturer and which requires replacement or refund may not be sold in the state without a clear and conspicuous written disclosure of the fact that the vehicle was returned. The division may prescribe by rule the form and content of the disclosure statement and a procedure by which the disclosure may be removed upon a determination that the vehicle is no longer defective.

Section 10. **Arbitration procedure.** (1) The department shall provide an independent forum and arbitration procedure for the settlement of disputes between consumers and manufacturers of motor vehicles that do not conform to all applicable warranties under the provisions of this part. The procedure must conform to [Title 27, chapter 5]. All arbitration shall take place in Montana at a place reasonably convenient to the consumer.

(2) Except as provided in [section 16], a consumer owning a motor vehicle that fails to conform to all applicable warranties may bring a grievance before an arbitration panel only if the manufacturer of the motor vehicle has not established an informal dispute settlement procedure which has been certified by the department under [section 7].

Section 11. **Composition of arbitration panel.** An arbitration panel hearing a grievance under this part must consist of three members. One member must be chosen by the consumer, one member must be chosen by the manufacturer, and one member must be chosen by mutual agreement of the parties. The department may maintain a list of persons willing to serve on panels from which the third member may be chosen.

Section 12. **Implementation of arbitration.** (1) A consumer may initiate a request for arbitration by filing a notice with the department. The consumer shall file, on a form prescribed by the department, any information considered relevant to the resolution of the dispute and shall return the form, along with a $50 filing fee, within 5 days after receiving it. The complaint form must offer the consumer the choice of presenting any subsequent testimony orally or in writing, but not both.

(2) The department shall determine whether the complaint alleges the violation of any applicable warranty under this part. If the department determines that a complaint does not allege a warranty violation, it must refund the filing fee.

(3) Upon acceptance of a complaint, the department shall notify the manufacturer of the filing of a request for arbitration and shall obtain from the manufacturer, on a form prescribed by the department, any information considered relevant to the resolution of the dispute. The manufacturer must return the form within 15 days of receipt, with a filing fee of $250.

(4) Fees collected under this section shall be deposited in a special revenue fund for the use of the department in administering [this act].

(5) The manufacturer's fee provided in subsection (3) is due only if the department arbitration procedures are utilized.

Section 13. **Role of department — expert.** (1) The department shall investigate, gather, and organize all information necessary for a fair and

HeinOnline -- 1985 vol. II 1757 1985

timely decision in each dispute. The department may, on behalf of the arbitration panel, issue subpoenas to compel the attendance of witnesses and the production of documents, papers, and records relevant to the dispute.

(2) If requested by the panel, the department may forward a copy of all written testimony and documentary evidence to an independent technical expert certified by the national institute of automotive excellence. The expert may review the material and be available to advise and consult with the panel. The expert may sit as a nonvoting member of the panel whenever oral testimony is presented. The division may suggest an expert at the request of the department.

Section 14. **Action by arbitration panel — decision.** (1) The arbitration panel shall, as expeditiously as possible, but not later than 60 days after the department has accepted a complaint, render a fair decision based on the information gathered and disclose its findings and its reasoning to the parties.

(2) The decision shall provide appropriate remedies, including but not limited to:

(a) repair of the vehicle;

(b) replacement of the vehicle with an identical vehicle or a comparable vehicle acceptable to the consumer;

(c) refund as provided in 61-4-503(2);

(d) any other remedies available under the applicable warranties or 15 U.S.C. 2301 through 2312, as in effect on October 1, 1983; or

(e) reimbursement of expenses and costs to the prevailing party.

(3) The decision shall specify a date for performance and completion of all awarded remedies. The department shall contact the prevailing party within 10 working days after the date for performance to determine whether performance has occurred. The parties shall act in good faith in abiding by any decision. In addition, if the decision is not accepted, the parties shall follow the provisions of [Title 27, chapter 5, part 3]. If it is determined by the court that the appellant has acted without good cause in bringing an appeal of an award, the court, in its discretion, may grant to the respondent his costs and reasonable attorney fees.

Section 15. **Records of disputes.** The department shall maintain records of each dispute as it determines, including an index of disputes by brand name and model. The department shall, at intervals of no more than 6 months, compile and maintain statistics indicating the record of compliance with arbitration decisions and the number of refunds or replacements awarded. A copy of the statistical summary must be filed with the division and must be considered by it in determining the issuance of any manufacturer license required under Title 61, chapter 4, part 2.

Section 16. **Nonconforming procedure — arbitration de novo.** A consumer injured by the operation of any procedure that does not conform with procedures established by a manufacturer pursuant to [section 7] and the provisions of Title 16, Code of Federal Regulations, part 703, as in

HeinOnline -- 1985 vol. II 1758 1985

effect on October 1, 1983, may appeal any decision rendered as the result of such a procedure by requesting arbitration de novo of the dispute by a department panel. Filing procedures and fees for appeals must be the same as those required in [sections 10 through 12]. The findings of the manufacturer's informal dispute settlement procedure are admissible in evidence at the department arbitration panel hearing and in any civil action arising out of any warranty obligation or matter related to the dispute.

Section 17. **Nondelegable.** The liabilities and obligations contained in this act may not be delegated or assigned to or assumed by any other person or entity.

Section 18. **Rulemaking.** The department may adopt rules to implement the provisions of this part.

Section 19. **Penalty.** A violation of any provision of this part is an unfair or deceptive trade practice under Title 30, chapter 14, part 2, and the penalties provided in 30-14-224(1) apply.

Section 20. **Applicability.** This act applies to automobiles sold on or after October 1, 1985.

Section 21. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 22. **Codification instruction.** Sections 7 through 19 are intended to be codified as an integral part of Title 61, chapter 4, part 5, and the provisions of Title 61, chapter 4, part 5, apply to sections 7 through 19.

Section 23. **Coordination.** If this act and Senate Bill No. 110 are both passed and approved, including sections 10 and 12 of this act, the bracketed language in sections 10 and 14 is replaced with a reference to Senate Bill No. 110.

Section 24. **Effective date.** This act is effective on passage and approval.

Section 1. **Title.** This act may be cited as the "General Appropriations Act of 1985".

Section 2. **Definitions.** For the purposes of this act, unless otherwise stated, the following definitions apply:

(1) "Agency" means each state office, department, division, board, commission, council, committee, institution, university unit, or other entity or instrumentality of the executive branch, office of the judicial branch, or office of the legislative branch of state government.

(2) "Approving authority" means the Governor or his designated representative for executive branch agencies; the Chief Justice of the Supreme Court for judicial branch agencies; appropriate legislative committees for legislative branch agencies; or the Board of Regents or its designated representative for the university system.

Employees added through the appropriation of federal or state special revenues or proprietary funds in this act shall not be included in the current level budget presented to the 1987 Legislature if their continuance requires general fund support.

Section 6. **Detailed budget information.** Within 2 days after submission of the preliminary executive budget to the Legislative Fiscal Analyst, the Budget Director shall give the Legislative Fiscal Analyst the Governor's preliminary expenditure recommendations by object of expenditure to the second level of detail and by funding source detailed by accounting entity. Within 1 day after the Legislative Finance Committee presents the budget analysis to the 50th Legislature, the Budget Director and the Legislative Fiscal Analyst shall mutually exchange expenditure recommendations by object of expenditure to the second level of detail and by funding sources detailed by accounting entity. This final information must be filed in the respective offices and available to members of the Legislature and the general public.

Section 7. **Operating budgets.** Expenditures may be made only in accordance with operating budgets approved by the approving authority. The respective appropriations are contingent upon approval of the operating budget by July 1 of each fiscal year. Each operating budget shall include expenditures for each agency program detailed at least by personal services, operating expenses, equipment, benefits and claims, transfers, and local assistance. However, if any agency allocates its appropriations to the second expenditure level in the state accounting system, separate operation plans need not be submitted to the approving authority.

Section 8. **Program transfers.** The approving authority may approve agency requests for program transfers, within each fiscal year, not to exceed 5% of the total agency budget unless such a transfer is specifically prohibited by this act or by statute. A request for a transfer accompanied by a justification explaining the reason for the transfer must be submitted by the requesting agency to the approving authority and the Legislative Fiscal Analyst. Upon approval of the transfer, the approving authority shall inform the fiscal analyst of the approved transfer and the justification for the transfer.

Section 9. **Reduction of appropriation.** In the event of a shortfall in revenue, the Governor may reduce any or all appropriations. No appropriation may be reduced by more than 15%. The following appropriations may not be reduced:

(1) payment of interest and retirement of state debt;

(2) the legislative branch;

(3) the judicial branch;

(4) school foundation program; or

(5) salaries of elected officials during their terms of office.

HeinOnline -- 1985 vol. II 1773 1985

Section 10. **Access to records of contracting entities.** (1) Unless a contract to provide a service to members of the public on behalf of the state, either written or oral, made with a nonstate entity complies with subsection (2), no money appropriated by this act may be expended for such contract.

(2) Every contract described in subsection (1) must contain a provision to allow access, for legislative audit and fiscal analysis, to the records of the contracting nonstate entity sufficient to determine whether the parties to the contract have complied with the terms of the contract. Such an audit and fiscal analysis requires access to records necessary to carry out the legislative audit and analysis functions set out in Title 5, chapters 12 and 13.

(3) The state may unilaterally terminate any contract upon refusal by the contracting nonstate entity to allow access to its records necessary to carry out such a legislative audit or analysis.

Section 11. **Coal tax trust income.** Interest income from the coal tax constitutional trust fund established under Article IX, section 5, of the Montana Constitution is hereby appropriated to the general fund for use during the biennium ending June 30, 1987. The portion of the general fund which represents this appropriation is appropriated to the Department of Commerce in House Bill 500, items 8, 9, 11, and 15, the vocational-technical centers in House Bill 500, and any funds not otherwise designated shall be considered part of the university system's appropriation in House Bill 500.

Section 12. **Severability.** If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision does not affect the validity of the remaining portions of this act.

Section 13. **Audit costs.** Amounts appropriated for audits may be transferred between fiscal years. Agencies shall reserve enough cash in each fund to pay for audit costs and shall to the maximum extent allowable under federal regulations charge audit costs to federal funds.

Section 14. **Pay plan appropriation coordination.** From the appropriation for the pay plan act in House Bill 375, the Office of Budget and Program Planning is authorized to increase the expenditure authority of the vocational-technical centers, community colleges, and the Department of Institutions for the community mental health centers.

Section 15. **Totals not appropriations.** The totals shown in this act are for informational purposes only and are not appropriations.

Section 16. **Expenditures to be restrained.** State agencies shall restrain year-end expenditures to those prudent and necessary to provide authorized services. They shall not make expenditures which would be considered trivial by reasonable people. The Office of Budget and Program Planning shall monitor year-end expenditures, and a report shall be made to the Legislative Finance Committee.

Section 17. **Appropriations.** The following money is appropriated for the respective fiscal years:

Item 1c shown in the proprietary fund column is appropriated each year of the biennium from nongeneral fund sources which the Office of Budget and Program Planning shall distribute, for the sole purpose of paying the Legislative Auditor's charges for the statewide audit, to those agencies who derive a benefit from the statewide audit.										
If three FTEs are authorized for the Clark Fork River project, they will be restricted to that project and cannot be transferred to any other program within the Governor's Office.										
The appropriation for the coal lobby effort (item 11) is for the purpose of defending the state's right to establish and levy a tax on coal mined within Montana's borders, to oppose federal legislation that would diminish the state's revenue through discriminatory formula or funding allocations, and to monitor federal actions regarding coal transportation and the Clean Air Act. This appropriation also funds the Legislative Oversight Committee established in HB 828, Laws of 1981. In addition, any balance remaining from item 2(c) of the Governor's Office appropriations contained in HB 447 of the 48th Legislature is reappropriated for use in the 1987 biennium. The Governor's Office shall report quarterly on the coal lobby effort to the Revenue Oversight Committee.

In the event additional federal highway funds become available, additional spending authority and additional FTEs may be requested through budget amendment.

The Department shall manage the program with the intent to end the 1987 biennium with approximately a $10 million cash balance in the highway special revenue account in the state special revenue fund.

Funding may be transferred among all programs, including stores inventory, to reflect personal services expenditures.

The Department is appropriated $32,050,000 in fiscal year 1986 and $29,600,000 in fiscal year 1987 for a cash transfer for the highway special revenue account to the highway reconstruction trust account.

The Department of Highways is directed to submit to the 1987 Legislature a construction work plan for the 1989 biennium that is detailed by year, project phase, and fund. This work plan must specify, by road system or project area, proposed projects on which $1 million or more would be spent during the 1989 biennium and an aggregate cost for projects with anticipated expenditures of less than $1 million. Costs must be detailed by year, fund, and project phase.

The Legislature anticipates the Department will proceed during the 1987 biennium with the projects and right-of-way acquisitions listed in its revised work plan presented to the legislative subcommittee on general government and highways and spend funds substantially in accordance with the estimated expenditures shown on that work plan. The Department shall report to the 1987 Legislature any significant deviation in projects undertaken or funds expended from that work plan. The Department will be allowed to adjust appropriations in the construction and preconstruction programs between fiscal years and funding sources to reflect actual expenditures related to the projected work plan.

The internal service program contains $210,000 in fiscal year 1987 for overhaul of the Department's airplane. In the event the repair is not required, the Department shall revert this spending authority.

The Legislature anticipates that the Maintenance Division will receive, by budget amendment, spending authority for any funds in excess of $394,098 in fiscal 1986 and $400,073 in fiscal 1987 that it collects from damage situations.

The Department is authorized to transfer $3,700,000 from the highway special revenue account to the stores program account as contributed capital in fiscal 1986. The Department is instructed to develop a pricing structure in the stores inventory program to maintain a cash balance and prepare budgets for the 1989 biennium in accordance with this plan.

It is to be a priority that primary care givers who provide direct service under case management for the Medicaid home and community-based services waiver be acquainted with the mental health needs of the elderly.

Further, case management teams, care givers, and the Aging Services Network are to be acquainted with appropriate means for referral and intervention. Aging information and referral technicians are to be informed of the local services available to address mental health needs.

In each fiscal year, 10% of the low income energy block grant shall be transferred to the social services block grant. If the transfer is greater than $1,169,510 in either fiscal year, a like amount of general fund shall revert. Eight and six-tenths percent of the low income energy block grant shall be used for the weatherization program in each fiscal year.

No funds may be transferred into or out of the nonresident general assistance program, the emergency general assistance program, or the state general assistance program.

Except for 5% in fiscal 1986 and 5% in fiscal 1987 that the Department may use for administrative expenses, all other funds appropriated for the community services block grant must be allocated to the Human Resource Development Councils.

Funds appropriated under item 1bvi are for a contract with the Montana Legal Services Corporation to provide legal assistance to all supplemental security income clients, with the intent of reducing the state general assistance caseload by a minimum of 180 clients by the end of the 1987 biennium.

If third-party payments or reimbursement from any source received by the Department to offset costs of the foster care program are in excess of $320,000 in fiscal 1986 or $320,000 in fiscal 1987, these excess payments shall revert to the general fund.

The Department may not consider donated or nondepartmental contracted funds obtained by developmental disabilities providers or foster care providers when allocating or contracting state payments for developmental disabilities services or foster care services.

No FTE or spending authority may be transferred into or out of the eligibility determination program or the disability determination program.

Item 4b is a biennial appropriation.

The Department may provide coverage of heart transplant surgery under the medicaid-other program. This coverage shall expire on June 30, 1987, unless specifically extended by the next Legislature.

Except as provided for coverage of heart transplant surgery as set forth in this narrative, the Department shall not expand or reduce the amount, scope, or duration of the benefits available to recipients under the medicaid-other program during the 1987 biennium unless Title XIX of the federal Social Security Act is amended to require expansion or reduction of benefits as a condition of the state receiving federal financial participation. This provision does not prohibit the Department from amending reimbursement procedures to contain costs providing there are no reductions in the types of services provided to recipients or increases in the amount paid by recipients under copayment rules.

No funds may be transferred out of item 5bii.

If collections of county mill levy funds from state-assumed counties exceed $6,527,941 in fiscal 1986 and $6,593,221 in fiscal 1987, the excess will be deposited to the general fund.

Item 5bv is a biennial appropriation.

Item 7a is a biennial appropriation.

Funds appropriated under item 10b include $2,890,123 for reduction of the developmental disabilities waiting list. The Department shall adopt as a priority development of residential services for autistic children.

Funds appropriated under item 11b must be expended for direct services in accordance with recommendations of the Developmental Disabilities Planning and Advisory Council.

The general fund appropriations in item 7 include $100,000 per year for litigation cost on McCarty Farms/Staggers 229. The Department shall seek to recover the general fund expenditures plus interest at a rate of 10% from any settlement in this case.

The appropriation in item 12 is for the biennium.

Understanding that education of enforcement personnel and enforcement will be an extremely important need in the success of an energy code enforcement program and the exact needs will not be known until after the administrative hearings process for the energy code adoption is completed, the necessary funding may be added by budget amendment. The budget amendment will be for the purposes of allowing the Department to receive and expend federal funds made available for educational and enforcement purposes and the necessary supervisory staff to administer the same. Should the economy improve to the point there is a need for more building standard inspectors, a maximum of 3 FTEs and operating expenses and equipment for the 3 FTEs may be added by budget amendment to the Building Codes Division.

The Department of Commerce is authorized to expend funds deposited to the state special revenue account as a result of House Bill 295, the "Lemon Law".

All revenues received in the state traffic education account under the provisions of section 20-7-504, MCA, are appropriated to be distributed as provided in section 20-7-506, MCA.

The appropriations in items 4b and 9 are for the biennium.

State and federal funds appropriated in items 1 through 5 include internal transfers of indirect costs. The amount of indirect costs in excess of $445,666 in fiscal 1986 and $443,738 in fiscal 1987 that are recovered shall cause a like reversion of general fund.

Special education funds in item 11 are for foundation and permissive support of the maximum-budget-without-a-vote for special education.

Special education contingency funds in item 12 are for emergencies that may arise in special education programs at local districts. A district's board of trustees may apply for an allocation from these funds by presenting to the Superintendent of Public Instruction, for each child, a child-study team report and an individual education plan relating to this unforeseen expense and a current listing of program, case loads, and related costs. The contingency appropriation is for the biennium, and the specific amounts may be transferred between fiscal years.

Notwithstanding other provisions of law, the Superintendent may not approve a maximum-budget-without-a-vote for special education which, in the aggregate, exceeds $57,613,533 in the 1987 biennium.

Wildlife Habitat Acquisition	1,000,000	FWP License Fees
	750,000	Federal

Expenditures from these sources may not exceed $1,000,000 in aggregate and the federal funds, subject to their appropriation for ongoing operations as provided in House Bill No. 500 and for previously appropriated capital construction projects as provided in section 4, must be expended prior to the FWP license fees revenue.

(1) a purchase price of not more than $300,000 is negotiated for ranch buildings, not less than 40 acres, and creek frontage;

(2) private donations of $150,000 have been pledged toward the purchase price or maintenance trust;

(3) all matters relating to federal Superfund designation have been resolved and the purchase would not involve any state Superfund liability;

(4) in September 1986, the Office of Budget and Program Planning has estimated that revenues are available in the 1987 biennium in the coal tax park acquisition account in excess of the amounts appropriated in House Bill Nos. 500 and 928;

(5) an appraisal of the property under negotiation is completed by an appraiser acceptable to the Department of Fish, Wildlife, and Parks and the owner, with the cost to be paid by the owner; and

(6) the purchase agreement provides that the option will be refunded if the 50th Legislature does not appropriate the remainder of the negotiated purchase price. The authority of the Department of Fish, Wildlife, and Parks to negotiate and enter a purchase agreement for the Kleffner Ranch does not constitute approval of the Kleffner Ranch as approval is contemplated in House Bill No. 500, and does not void the appropriation for operation and maintenance of state parks contained in item 6b of House Bill No. 500.

If the cost of repairing the deficiencies would preclude reasonable restoration and refurbishing efforts, the Director of the Department of Administration may grant an order to proceed with demolition if:

(a) a successful contractor or bidder agrees to demolish or remove the building and reclaim the building site based on the salvage value of the building itself; and

Sale proceeds must be deposited in the capital projects fund. The Board is authorized to pay costs of necessary surveys and appraisals and all other costs associated with the sale of land from the proceeds of the sale. The land that may be sold is:

(2) The Department of Fish, Wildlife, and Parks shall purchase such property and shall lease it to the city of Fort Benton for $1 a year for as long as the city of Fort Benton provides for development, operation, and maintenance of the facility without cost to the state of Montana.

Section 12. **Authorizing inmate labor for construction of prison warehouse.** For the purposes of expediting the acquisition and construction of a warehouse building at Montana state prison, authorized in [section 6], the department of institutions may use inmate labor to construct the building and is exempt, for the purposes of completing this project, from the provisions of 53-1-301(7).

Section 13. Section 7, House Bill No. 833, L. 1983, is amended to read:

"Section 7. **Appropriation for Mansfield Center for Pacific Affairs.** There is appropriated $1 million from the BPICA to the Department of Commerce to assist in the erection of a memorial in honor of one of Montana's great citizens, Mike Mansfield. The department shall enter into an agreement with the Maureen and Mike Mansfield Foundation pursuant to which the department shall agree to pay the funds appropriated by this section to the foundation upon the receipt of at least $6 million by the foundation from other sources. The funds appropriated by this section must be used exclusively for the construction of the Mansfield Center for Pacific Affairs *in Lake County*, Montana. By this appropriation, the 48th Legislature indicates that it has determined that the state's support of the erection of a memorial through the establishment of the Mansfield Center for Pacific Affairs *in Lake County* is a lawful public purpose of statewide importance in that it will serve to inspire sentiments of respect for a man of great stature and importance to the state, will generate important economic development of the state by direct employment, attraction of visitors, and establishment of expanded trade opportunities."

Section 14. **Special session reauthorization.** The appropriations for capital projects authorized in section 6, House Bill 5, enacted by the 47th Legislature, second special session, are reappropriated through the biennium ending June 30, 1987. sale of bonds or the receipt of other appropriated funds. The Department may use interaccount loans in accordance with 17-2-107 to pay such planning and design costs incurred prior to the receipt of bond proceeds or other appropriated funds.

Section 16. **Capital projects — contingent funds.** If any capital project is financed in whole or in part with appropriations contingent upon the receipt of other appropriated funds, the Department of Administration may not let such projects for bid until the agency has submitted a financial plan for approval by the director of the Department of Administration. No such financial plan may be approved by the director if:

(1) the level of funding provided under the financial plan deviates substantially from the funding levels provided in this act for that project; or

(2) the scope of the project must be substantially altered or revised from the preliminary plans presented for that project in the 1985-87 Long-Range Building Program presented to the 49th Legislature.

Section 17. **Legislative consent.** The appropriations authorized in sections 1 through 11 and 13 through 19 constitute legislative consent for the capital projects contained in sections 1 through 11 and 13 through 19 within the meaning of 18-2-102.

Section 18. **HJR 50 study.** There is appropriated $5,000 from the capital projects fund for the biennium ending June 30, 1987, to the Legislative Council for the purpose of conducting the study requested by House Joint Resolution No. 50.

If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 20. **Effective date.** This act is effective on passage and approval.

The presiding officer of each house shall take the chair on every legislative day at the hour to which that house adjourned at the last sitting. After call to order, prayer by the chaplain, and roll call, a report on the journal for the preceding legislative day shall be given in the presence of a quorum, and each house shall proceed with the regular order of business.

2-6. Unless he is excused, a member of the House or Senate shall be present at every sitting of the house of which he is a member.

2-9. On a call of either house, a member who refuses to attend may be arrested by the sergeant-at-arms or any other person, as the majority of such members present shall direct. When the attendance of an absent member is secured after a call of either house, if the house of which he is a member refuses to excuse his absence, he shall not be paid any expense payments during his absence and is liable for the expenses incurred in procuring his attendance.

2-10. During a call of either house, all business of that house shall be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote.

All staff employed jointly shall be appointed by the joint Legislative Administration Committees.

3-7. The duties of the engrossing and enrolling staff are:

(a) to engross or enroll all bills delivered to them within 48 hours after they have been received, unless further time is granted, in writing, by the presiding officer of the house in which the bill originated;

(b) to correct clerical errors, absent the objection of the sponsor of a bill or amendment and the secretary of the Senate or chief clerk of the House of Representatives, in any bill or amendment originating in the house by which they are employed. Clerical errors such as the following may be corrected:

HeinOnline -- 1985 vol. II 1830 1985

(iii) adding or deleting underlining or lines through matter to be stricken

(iv) material copied incorrectly from the Montana Code Annotated.

The secretary of the Senate or chief clerk of the House and the sponsor of the bill or amendment shall be notified in writing of the clerical correction. An objection to the correction may be registered by the secretary of the Senate, chief clerk of the House, or sponsor by filing it in writing within 24 hours after receipt of the notice.

When a committee is the sponsor of a bill, any member thereof so designated by the chairman may be the principal sponsor for the purpose of this section. When a committee has proposed an amendment, the chairman is the principal sponsor for the purpose of this section.

3-8. (1) The sergeants-at-arms are responsible to the presiding officers of their respective houses. Their duties are to:

(a) maintain order under the direction of the presiding officer;

(b) execute commands and serve all processes;

(c) receive, distribute, and have custody of supplies.

3-9. The assistant sergeants-at-arms, doorkeepers, watchmen, janitors, pages, and other employees responsible for general housekeeping functions are immediately responsible to the sergeant-at-arms, subject to the general supervision of the presiding officer.

3-10. The duty of the chaplain of each house is to open each day's session with a prayer.

3-11. A legislative aide is a person who has registered with the clerk of the House or secretary of the Senate and has been issued a distinctive identification form such as a name tag. Such identification may be issued only upon receiving written verification from a member that the person involved is serving him as an aide. A person may not represent himself to be a legislative aide unless he carries such identification. The sergeants-at-arms and doorkeepers shall enforce this rule. Legislative aides must be of legal age unless otherwise approved by the presiding officer.

No member may designate more than one aide without the approval of the rules committee of the house involved.

Qualifications for legislative interns are specified in Title 5, chapter 6, MCA.

3-12. An employee, legislative aide, or legislative intern of either house is prohibited from lobbying as defined in Section 5-7-102(1), MCA. However, such person may testify before a committee of either house on the request of the committee. Any person violating this rule shall be discharged.

3-13. Disputes or complaints involving the competency or decorum of a legislative employee shall be referred to the committee on legislative administration of the house by which the employee is employed. The committee,

HeinOnline -- 1985 vol. II 1831 1985

in its discretion, may dismiss, suspend, or retain the employee. The committee on legislative administration shall periodically review the roster of employees and shall dismiss surplus employees.

3-14. The offices of the Legislative Council shall serve both the Senate and House of Representatives as required.

The Council staff shall prepare payrolls for certification and signature by the presiding officer and prepare a monthly financial report and distribute the report to legislative leaders in each house and to members of the Senate committee on finance and claims and House committee on appropriations.

3-15. Contracts for purchase or lease of equipment and supplies made during the legislative session shall be made on the approval of the committee on legislative administration of each house, subject to the review of the presiding officer of the respective house. Purchase orders shall be issued by Legislative Council staff and accounting records kept in that office.

CHAPTER 4
Order of Business

4-1. After prayer, roll call, and report on the journal, the order of business of the Senate and House of Representatives is as follows:

(1) Communications and petitions

(2) Reports of standing committees

(3) Reports of select committees

(4) Messages from the governor

(5) Messages from the other house

(6) Motions

(7) First reading and commitment of bills

(8) Second reading of bills (Committee of the Whole)

(9) Third reading of bills and consent calendar bills

(10) Unfinished business

(11) Special orders of the day

(12) Announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the house involved shall revert to Order of Business No. 1 when reconvening after a recess.

CHAPTER 5
Motions

5-1. When a motion is made it shall be restated by the presiding officer and, if requested by the presiding officer or a member, shall be reduced to writing and read aloud. A motion may be withdrawn by the member making it at any time before it is amended or voted upon.

HeinOnline -- 1985 vol. II 1832 1985

5-2. When a question is under debate no motion may be made except the following privileged and subsidiary motions, which have precedence in the order listed:

(1) to adjourn

(2) for a call of the house

(3) to recess

(4) question of privilege

(5) to lay on the table

(6) for the previous question

(7) to postpone to a certain day

(8) to refer or commit

(9) to amend

(10) to postpone indefinitely.

A question may be indefinitely postponed by a majority roll call vote of all members present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again during the biennium except upon a motion of reconsideration made pursuant to Rule 5-4.

5-3. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment or substitute.

5-4. Any member may, on the day the vote was taken or on the next day the house in which the action was taken is in session, move to reconsider the question. A motion to reconsider may not be withdrawn after such next legislative day without the unanimous consent of the house concerned, and thereafter any member may call it up for consideration; however, a motion to reconsider made after the 54th day of the session shall be disposed of when made. A motion to recall a bill from the other house constitutes notice to reconsider and shall be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the other house may be made only under Order of Business No. 6 and under that order of business takes precedence over all motions except motions to recess or adjourn.

5-5. When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

5-6. (1) Except as provided in subsection (2) of this rule, the effect of moving the previous question, if adopted, is to close debate immediately, to prevent the moving of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half

HeinOnline -- 1985 vol. II 1833 1985

hour, one-half of such time to be given to the proponents and one-half to the opponents.

5-7. A call of the house is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

5-8. The following motions are not debatable:

(1) to adjourn

(2) for a call of the house

(3) to recess

(4) for parliamentary inquiry

(5) for suspension of the rules

(6) to lay on the table

(7) for the previous question

(8) to limit, extend the limits of, or to close debate

(9) to amend an undebatable motion

(10) to divide a question

(11) to pass business in Committee of the Whole

(12) to take from the table

(13) a decision of the presiding officer, unless appealed or unless he submits the question to the house for advice or decision

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

5-9. A member may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

5-10. No more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

CHAPTER 6
Bills and Resolutions

A. Form of Bills — Definition of Resolutions — General Provisions

6-1. The only types of instruments other than bills which may be introduced in either house of the legislature are as follows:

(1) A simple resolution is a formalized motion passed by one house only and bears the heading "House Resolution" or "Senate Resolution". It may be used only to adopt or amend the rules of one house, to make recommendations concerning the districting and apportionment plan as provided by Article V, section 14, subsection (3), of the Montana Constitution, or to

HeinOnline -- 1985 vol. II 1834 1985

provide for the internal affairs of the house adopting it. It does not require three readings or a roll call vote. A member offering a simple resolution may read it in his place before introduction. When a simple resolution has been introduced, it shall be referred to a committee. Final action shall be taken on the Committee of the Whole report. The transmittal of copies of simple resolutions is the responsibility of the chief clerk or secretary of the house of origin.

A copy of every simple resolution is to be transmitted after adoption to the secretary of state by the secretary of the Senate or chief clerk of the House.

(2) A joint resolution must be adopted by both houses and is not approved by the governor. It may be used to:

(a) express desire, opinion, sympathy, or request of the legislature;

(b) request an interim study by a legislative subcommittee;

(c) adopt or amend the joint rules;

(d) set salaries and other terms of employment for Legislative employees;

(e) approve construction of a state building under section 18-2-102 or 20-25-302, MCA;

(f) deal with disasters and emergencies under Title 10, specifically as provided in sections 10-3-302(3), 10-3-303(3), 10-3-303(4), and 10-3-505(5), MCA;

(g) submit a negotiated settlement under section 39-31-305(3), MCA;

(h) declare or terminate an energy emergency under section 90-4-310, MCA;

(i) ratify or propose amendments to the United States Constitution; or

(j) advise or request the repeal, amendment, or adoption of a rule in the Administrative Rules of Montana.

Except as otherwise provided in these rules or the Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

A copy of every joint resolution is to be transmitted after adoption to the secretary of state by the secretary of the Senate or chief clerk of the House.

6-2. All bill drafting requests shall require a legislative sponsor. Bills shall be printed on paper with numbered lines and shall be introduced in triplicate. Bills shall be numbered at the foot of each page (except page 1) and the original copy shall have a white cover of a substantial material. In sections amending existing statutes, matter to be stricken out shall be indicated with a line through the words or part to be deleted, and new matter shall be underlined. Sections of the Montana Code Annotated repealed or amended in a bill shall be stated in the title, except for general appropriation bills and bills for the codification and general revision of the laws. Introduced bills will be reproduced on white paper and distributed to legislators.

HeinOnline -- 1985 vol. II 1835 1985

6-3. No bill, except general appropriation bills and bills for the codification and general revision of the laws, shall contain more than one subject, which shall be clearly expressed in the title. The enacting clause of every law shall be as follows: "Be it enacted by the legislature of the state of Montana".

A bill shall be used to propose amendments to the Constitution of the State of Montana and shall not be subject to the veto of the governor (Montana Constitution, Art. VI, Sec. 10(1)).

6-4. All appropriation bills shall originate in the House of Representatives.

The general appropriation bills shall embrace nothing but appropriations for the ordinary expenses of the legislative, executive, and judicial branches of state government, interest on public debt, and for public schools. All other appropriations shall be made by separate bills, each embracing but one subject (Montana Constitution, Art. V, Sec. 11(4)). Appropriation bills for the operation of the legislature shall be introduced by the chairman of the House committee on appropriations.

6-5. Every statute, unless a different time is prescribed therein, takes effect on October 1 following its passage and approval, except one that provides for appropriation by the legislature of public funds for a public purpose, which takes effect on July 1 following its passage and approval unless a different time is prescribed therein. Every joint resolution, unless a different time is prescribed therein, takes effect on its passage (Sections 1-2-201 and 1-2-202, MCA).

B. Introduction — Bill Limit

6-6. (1) A legislator may not request more than five bills from the Legislative Council nor may a legislator introduce more than five bills. This limit does not apply to:

(a) bills requested prior to the convening date of each session;

(b) interim committee bills;

(c) state agency bills;

(d) code commissioner bills;

(e) resolutions;

(f) standing committee bills;

(g) appropriation bills; or

(h) revenue bills.

(2) Bills and joint resolutions will be checked by the staff of the Legislative Council prior to introduction for proper format, style, and legal form. Bills will be stored on the automated bill drafting equipment, printed, and delivered in triplicate to the requesting legislator. A stamp shall be affixed to the original bill cover and signed to indicate Council review. If such stamp is not affixed, the bill may not be introduced.

HeinOnline -- 1985 vol. II 1836 1985

(3) During a session a bill may be introduced by endorsing it with the name of a member and presenting it to the chief clerk of the House of Representatives or secretary of the Senate in triplicate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill shall be introduced in the house in which the legislator whose name appears first on the bill is a member. The chief joint sponsor's name shall appear immediately to the right of the first sponsor's name. Bills, joint resolutions, and simple resolutions shall be numbered consecutively in each session of the legislature in separate series in the order of their receipt.

(4) Any bill proposed by a legislative committee or introduced by request of an administrative or executive agency or department shall be so indicated following the names of the sponsors, "By Request of the ..... (Name of agency or committee)".

(5) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Council. Actual signatures may appear on the face of the preintroduced bill, or signatures may be obtained on a consent form from the Legislative Council and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Council to be included on the face of the bill following standing committee approval.

All preintroduced bills will be made available to the public.

6-7. The following schedule must be followed for submission of drafting requests and introduction of bills and resolutions.

	Request Deadline 5:00 P.M.	Introduction Deadline 5:00 P.M.
	Legislative Day	
General Bills and Resolutions	10 (or 2 legislative days after delivery if delivery is after 14th day)	14
Revenue Bills	17	21
Committee Bills and Resolutions	36	40
Committee Revenue Bills	62	66
Appropriation Bills	No deadline	No deadline
Interim Study Resolutions	No deadline	No deadline
Bills repealing or directing the amendment or adoption of Administrative Rules and Joint Resolutions advising or requesting the repeal, amendment, or adoption of Administrative Rules	No deadline	No deadline

6-8. No bill may be introduced or received in a house after that house has finally rejected a bill during that session designed to accomplish the

HeinOnline -- 1985 vol. II 1837 1985

same purpose save upon approval by the rules committee of the house in which the bill is offered for introduction or reception.

Failure to override a veto does not constitute final rejection.

6-9. At least three-fourths of a standing committee must consent to the introduction of a committee bill.

C. First Reading and Referral

6-10. No motion affecting a bill is in order on its first reading except as provided in Joint Rule 6-6(5).

Upon introduction or reception of a bill, the chief clerk of the House or the secretary of the Senate shall publicly post upon a listing that bill by a summary of its title in the house of origin and by a summary of its title and by its history in the second house, together with a notation of the committee to which it has been assigned, and such posting shall constitute the first reading of the bill.

6-11. No bill shall be considered or become a law unless referred to a committee and returned therefrom.

6-12. Upon introduction or reception of a bill, it shall be referred to a committee by the presiding officer.

6-13. A bill may be rereferred at any time before its passage.

D. Amendments and Substitute Bills

6-14. No law shall be revised or amended or the provisions thereof extended by reference to its title only, but so much thereof as is revised, amended, or extended shall be reenacted and published at length.

6-15. No law shall be passed except by bill, and no bill shall be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

6-16. A committee may recommend that every clause in a bill be changed and that entirely new matter be substituted so long as the new matter is relevant to the title and subject of the original bill. A substitute bill shall be considered as an amendment and not as a new bill.

6-17. The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the bill following the enacting clause and to substitute the new bill, recommending also any necessary changes in the title. If a committee report recommending a substitute for a bill originating in the other house is adopted, the substitute bill shall be printed and reproduced.

6-18. Amendments to a bill by the second house shall not be further amended by the house in which the bill originated, but must either be accepted or rejected. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill shall again be placed on third reading in

HeinOnline -- 1985 vol. II 1838 1985

the house of origin. The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

6-19. If a majority of a house adopts a recommendation for the passage of a bill originating in that house after it has been returned from a committee with amendments, the bill shall be reproduced on yellow paper with all amendments incorporated into the copies. If the bill has been returned from a committee without amendments, only the first sheet need be reproduced on yellow paper, and the remainder of the text incorporated by reference to the preceding version of the entire bill. Bills referred to the bills committee of the house of origin for reproduction must be reported within three days unless further time is granted by that house.

E. Engrossing and Enrolling

6-20. When a bill has been reported favorably by Committee of the Whole of the house of origin and the report has been adopted, the bill shall be engrossed under the direction of the bills committee, and when reported correctly engrossed by the committee shall be placed on the calendar for third reading on the succeeding legislative day. Committee of the Whole amendments shall be included in the engrossed bill. Copies of the engrossed bill to be distributed to legislators will be reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it may be engrossed without reprinting, and only the first sheet need be reproduced on blue paper with the remainder of the text incorporated by reference to the preceding version of the entire bill.

If a bill is amended by the standing committee or Committee of the Whole in the second house, the amendments will be included in a salmon-colored reference bill and distributed in the second house for third reading consideration. The amendments will also be reproduced and attached to the reference bill. If the bill passes on third reading, copies of the reference bill and second house amendments will be distributed in the original house.

6-21. When a bill has passed both houses it shall be enrolled under the direction of the bills committee of the house of origin. An original and two duplicate printed copies of the bill shall be enrolled, free from all corrections and errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter shall be underlined and matter stricken with a line through it shall be omitted. The original and two copies of the bill shall be red lined. The history of the bill shall also be enrolled and placed with the bill in a white manuscript cover, upon which is written the number of the bill and the title. The Legislative Council staff shall file a copy of the history with the law library.

When the enrolling has been completed, the bill shall be examined by the sponsor and the bills committee and reported correctly enrolled.

The correctly enrolled bill shall be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill delivered to him not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which event it shall be signed that

HeinOnline -- 1985 vol. II 1839 1985

day. The fact of signing shall be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies his desire to examine the bill, he shall be permitted to do so. The bill shall then be transmitted to the other house where the same procedure shall be followed.

A bill that has passed both houses of the legislature by the 90th day may be enrolled; clerically corrected by the presiding officers, if necessary; signed by the presiding officers; and delivered to the governor not later than 5 days after the 90th legislative day. All journal entries authorized under this rule will be entered on the journal for the 90th day.

The original and two copies signed by the presiding officer of each house shall be presented by the bills committee to the governor. The bills committee shall take a receipt from the governor and shall report to the house the day and hour of such presentation, which shall be entered in the journal. The original shall be filed with the secretary of state. Signed copies with chapter numbers assigned pursuant to Section 5-11-204, MCA, shall be filed with the clerk of the supreme court and the Legislative Council.

F. Second Reading — Committee of the Whole

6-22. All bills, except consent calendar bills, which have been reported by a committee, accepted by the house concerned, and reproduced shall be posted on the calendar for consideration by Committee of the Whole. The secretary of the Senate or chief clerk of the House shall record the time each bill is received and the time the bill is placed on members' desks. Until the 50th legislative day, one day must elapse between the time a committee approved bill is placed on the members' desks and consideration by Committee of the Whole. Bills shall be arranged on the calendar in numerical order unless they are companion bills or are otherwise ordered by the house or Committee of the Whole of the house concerned.

6-23. Every bill considered in Committee of the Whole shall be read by a summary of its title. Proposed amendments shall be considered; then the bill shall be considered in its entirety.

All Committee of the Whole amendments shall be prepared and delivered to the clerk for reading before the amendment is voted on. The amendment form will include the date and time of the amendment. Each rejected proposed amendment shall be identified and kept in the office of the chief clerk of the House or secretary of the Senate. Upon adjournment, the text of such amendments shall be delivered to the state archives.

6-24. Prior to adoption of a Committee of the Whole report, a member may move to segregate a bill. If the motion prevails, the bill remains on second reading.

6-25. When a Committee of the Whole report on a bill is rejected, the bill shall remain on second reading.

6-26. Either house may resolve itself into a Committee of the Whole by approval of a motion for that purpose. So far as may be applicable, the rules governing each house shall be observed when that house resolves itself into a Committee of the Whole, except as follows:

HeinOnline -- 1985 vol. II 1840 1985

(1) The only motions in order are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) rise;

(g) rise and report; or

(h) rise and report progress and ask leave to sit again.

(2) The committee may not appoint subcommittees.

(3) The committee may not punish its members for misconduct, but may report disorder to the house concerned.

(4) Unless otherwise prescribed by either house before going into Committee of the Whole, a member may speak as often as he is recognized and for as long each time as is allowed in debate in the particular house.

6-27. After a Committee of the Whole has been formed, the presiding officer shall appoint a chairman to preside. Upon resuming the chair, the presiding officer shall receive the report of the chairman of the committee and the house shall take action on the report.

G. Third Reading — Consent Calendar — Governor's Veto

6-28. No bill shall become a law except by vote of a majority of all the members present and voting in each house. On final passage the vote shall be taken by ayes and noes, and the names of those voting entered on the journal (Montana Constitution, Art. V, Sec. 11(1) and (2)).

Any vote in one house on a bill proposing an amendment to the Montana Constitution where the mathematical possibility exists of obtaining the necessary two-thirds vote of the legislature will cause the bill to progress as though it had received the majority vote.

6-29. Except for consent calendar bills, every bill shall be read three times prior to passage, either by title or by summary of title as provided in these rules. The first reading shall be as prescribed in Joint Rule 6-10; the second prior to debate in Committee of the Whole; and the third prior to final passage. No bill shall receive more than one reading on the same day except on the last legislative day. No amendment may be offered on the third reading.

6-30. (1) Each bill passed by the legislature, except bills proposing amendments to the Montana Constitution, bills ratifying proposed amendments to the United States Constitution, resolutions, and referendum measures of the legislature, shall be submitted to the governor for his signature. If he does not sign or veto the bill within 5 days after its delivery to him if the legislature is in session or within 25 days if the legislature is

HeinOnline -- 1985 vol. II 1841 1985

adjourned, it shall become law. The governor shall return a vetoed bill to the legislature with a statement of his reasons therefor.

(2) The governor may return any bill to the legislature with his recommendation for amendment. If the legislature passes the bill in accordance with the governor's recommendation, it shall again return the bill to the governor for his reconsideration. The governor shall not return a bill for amendment a second time.

(3) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it shall become law.

(4) If the legislature is not in session when the governor vetoes a bill, he shall return the bill with his reasons therefor to the legislature as provided by law. The legislature may be polled on a bill approved by two-thirds of the members present or reconvened to reconsider any bill so vetoed. (Montana Constitution, Art. VI, Sec. 10.)

(5) The governor may veto items in appropriation bills, and in such instances the procedure shall be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

6-31. Upon receipt of a veto message the presiding officer shall read the message. After the reading a member may move that the governor's veto shall be overridden. A vote on the motion shall be determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

6-32. If the governor returns a bill to the originating house with his recommendations for amendment, such house shall reconsider the bill under its rules relating to amendment offered in Committee of the Whole. The bill is then subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the governor's recommendations.

(b) If both houses approve the governor's recommendations, the bill shall be returned to the governor for his reconsideration.

(c) If both houses disapprove the governor's recommendations, the bill shall be returned to the governor for his reconsideration.

(d) If one house disapproves the governor's recommendations and the other house approves, then either house may request a conference committee which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report shall be returned to the governor for his reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the governor's recommendations shall be considered not approved and the bill shall be returned to the governor for further consideration.

HeinOnline -- 1985 vol. II 1842 1985

H. Transmittal of Bills — Revenue and Appropriation Bills

6-33. Each house shall transmit to the other with any bill all relevant papers. When a house bill is transmitted from the House of Representatives to the Senate, the secretary of the Senate shall give a dated receipt for the bill to the chief clerk of the House. When a Senate bill is transmitted to the House of Representatives, the chief clerk of the House shall give a dated receipt to the secretary of the Senate.

6-34. No bill, except for appropriation bills, revenue bills, and amendments considered by joint committee, need be acted upon (save for reference to a committee by the presiding officer) if transmitted from one house to the other after the 45th legislative day, but shall be held pending in the house to which it is transmitted unless two-thirds of the members present and voting determine that the bill shall be acted upon. Amendments, except to appropriation bills and revenue bills, shall likewise be deferred for consideration if transmitted after the 70th legislative day.

A revenue bill is one which would either increase or decrease tax collections.

Revenue bills originating in the Senate shall be transmitted to the House on or before the 60th day, unless two-thirds of the members present and voting in the House determine that the bill may be transmitted after the 60th day. House amendments to such bills shall be transmitted by the House to the Senate on or before the 70th day unless two-thirds of the members present and voting in the Senate determine that such an amendment may be transmitted after the 70th day.

Appropriation and revenue bills originating in the House shall be transmitted to the Senate on or before the 70th day unless two-thirds of the members present and voting in the Senate determine that the bill may be transmitted after the 70th day. Senate amendments to such bills shall be transmitted by the Senate to the House on or before the 85th legislative day unless two-thirds of the members present and voting in the House determine that such an amendment may be transmitted after the 85th day.

Interim study resolutions, bills repealing or directing the amendment or adoption of administrative rules, and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

6-35. When a bill has received its third reading or has been rejected, the house that considered the bill shall as soon as possible transmit it to the other house with notice of its action.

I. Fiscal Notes

6-36. All bills reported out of a committee of the legislature having an effect on the revenues, expenditures, or fiscal liability of the state, except appropriation measures carrying specific dollar amounts, shall include a fiscal note incorporating an estimate of such effect. The Legislative Council staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes shall be requested by the presiding officer of either house, who shall determine the need for

HeinOnline -- 1985 vol. II 1843 1985

the note at the time of introduction, based on the Legislative Council staff recommendation.

The state budget director, in cooperation with the agency or agencies affected by the bill, is responsible for the preparation of the fiscal note and shall return the same within six days, unless further time is granted by the presiding officer or committee making the request based upon a written statement from the budget director that additional time is necessary to properly prepare the note.

A completed fiscal note shall be submitted by the budget director to the presiding officer who requested it, who shall refer it to the committee considering the bill. All fiscal notes shall be reproduced and placed on the members' desks.

Fiscal notes shall, where possible, show in dollar amounts the estimated increase or decrease in revenues or expenditures, costs which may be absorbed without additional funds, and long-range financial implications. No comment or opinion relative to merits of the bill shall be included; however, technical or mechanical defects may be noted.

A fiscal note also may be requested on a bill and on an amendment by:

(1) a committee considering the bill, or

(2) a majority of the members of the house in which the bill is to be considered, at the time of second reading, or

(3) the chief sponsor through the presiding officer.

The budget director shall make available on request to any member of the legislature all background information used in developing a fiscal note (Title 5, chapter 4, part 2, MCA).

CHAPTER 7
Committees

7-1. The committee on legislative administration of each house shall consider all matters concerned with seating, mileage and expenses, legislative employees, the control of the legislative property, and the budgeting for and expenditure of appropriations for the operation of the legislature, in cooperation with the Legislative Council staff.

7-2. Upon request of any member of the house in which a bill is pending, a standing committee shall submit a written report in triplicate on any bill or matter referred to it within seven days after the request, unless, at the request of the committee and for good cause shown, further time is granted by the house concerned.

7-3. If the members of a committee cannot agree on a report, the majority and minority of the committee present at a committee meeting may submit separate reports. Only one minority report may be submitted. Such reports shall be entered at length on the journal, unless otherwise ordered by the house concerned.

7-4. All committees, joint committees, and subcommittees shall keep minutes of their meetings. The chairman of each such committee must designate a secretary to take and transcribe minutes. The chairman must

HeinOnline -- 1985 vol. II 1844 1985

authenticate the minutes by his signature. At the close of the session, the chairman shall turn the original and two complete copies of the minutes over to the chief clerk of the House or secretary of the Senate. The original minutes shall be delivered to the historical society. The Legislative Council and the law library shall each be given one copy of the minutes.

7-5. The committee on bills and journal, the rules committee, and conference committees may report at any time, except during a call of the house or when a vote is being taken. Reports from the bills and journal committee shall stand approved without formal action.

7-6. All bills providing for an appropriation of public money may first be considered by a joint committee composed of the members of the Senate committee on finance and claims and the House committee on appropriations, and then by each separately. Meetings of the joint committee shall be held upon call of the chairman of the House committee on appropriations who shall be chairman of the joint committee.

7-7. The chairman of each committee has general control and direction of the hall and committee room of the committee over which he presides, subject to the control of the presiding officer under Rule 1-3. Except as provided in Joint Rule 7-6, the chairman of the Senate committee shall be chairman of all joint committees.

7-8. If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the Senate and the House of Representatives cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings shall be agreed upon by their chairman and be announced from the rostrum. This announcement is in order at any time. Failure to make this announcement shall not affect the validity of the legislation. The conference committees, having conferred, shall report to their respective houses the result of their conference. A conference committee shall confine itself to the disputed amendment.

If either house requests a free conference committee and the other house concurs, appointments will be made the same as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

7-9. In joint committees other than conference committees, members vote individually and not by houses. Because conference committees are joint meetings of separate committees, in conference committees the committees from each house vote separately. A majority of each committee must agree before any action may be taken unless otherwise specified by individual house rules.

7-10. Conference committee reports must give clerical instructions for enrolling by referring to the reference bill version.

When a conference committee report is filed with the secretary of the Senate or chief clerk of the House of Representatives, the same shall be read under Order of Business No. 3, select committees, and placed on the calendar for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the

HeinOnline -- 1985 vol. II 1845 1985

same legislative day. On the final legislative day a conference committee report shall be placed on the calendar for immediate consideration on second reading and shall be further considered on third reading the same legislative day. If a conference committee report is adopted on third reading and the bill is of a type requiring more than a majority vote for passage, the bill shall again be placed on third reading in each house. This third reading vote must be used to determine if the required number of votes has been cast.

7-11. Accredited press representatives may not be excluded from any public legislative meeting or hearing and may not be prohibited from taking photographs, televising, or recording the committee or house hearings, subject to the discretion of the presiding officer in all matters of decorum and order.

7-12. A committee block scheduling system will be implemented in the Senate and House of Representatives. The schedule will be coordinated between houses and will be adjusted according to the legislature's work load.

CHAPTER 8
Rules and Journal

8-1. Each house shall keep a journal of its proceedings and may, in its discretion, from time to time, publish the same, and the ayes and noes on any question shall, at the request of any two members, be entered on the journal.

8-2. The proceedings of each house which shall be entered on its journal include:

(1) the number of each bill when it is introduced and subsequently considered;

(2) every motion and the name of the member making it;

(3) proposed constitutional amendments which have been voted for by two-thirds of the members (Montana Constitution, Art. XIV, Sec. 8);

(4) committee reports;

(5) roll call votes;

(6) messages from the governor and the other house;

(7) an entry of the oath taken by the members (Sec. 5-2-214, MCA).

The title of each bill shall be listed in the index of the permanent journals.

8-3. The bills and journal committee of each house shall supply the Legislative Council with the contents of the daily journal to be stored on an automated system, examine its journal, distribute a daily journal to all legislators, order correction of any errors, and report each legislative day immediately after roll call.

HeinOnline -- 1985 vol. II 1846 1985

8-4. The journal of the Senate must be authenticated by the signature of the president, and the journal of the House of Representatives, by the signature of the speaker. The distribution of the completed journals shall be made by the Legislative Council (Sec. 5-11-201 through 5-11-203, MCA).

8-5. (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any rules committee report recommending a change in joint rules shall be referred to the other house for concurrent action. Any new rule or any change in the rules of either house shall be transmitted to the other house for informational purposes.

8-6. Mason's Manual of Legislative Procedure governs the proceedings of the Senate and House of Representatives in all cases not covered by these rules.

8-7. The Legislative Council shall codify and publish in one volume the rules of the Senate, the rules of the House of Representatives, and the joint rules of the Senate and House of Representatives. Upon adoption, the secretary of the Senate and the chief clerk of the House of Representatives shall provide the office of the Legislative Council with one copy of all motions or resolutions amending Senate, House, or joint rules, and with copies of all minutes and reports of the rules committees. After the rules have been published, the Legislative Council shall distribute copies as directed by the Senate and House of Representatives.

8-8. Pursuant to the authority established in Sections 5-11-211 through 5-11-214, MCA, the following fee schedule is established for the legislative proceedings:

One complete set of the proceedings of any regular session, $400; an additional $150 is required for mailing.

One complete set of the proceedings of any special session, $25.

Single copies of bills, resolutions, amendments, status sheets, or other documents may be purchased according to the length of the document as follows:

1-5 pages	$ .25
6-15 pages	$ .50
16-40 pages	$1.00
41-100 pages	$1.50
101-200 pages	$2.00
Over 200 pages	$4.00
Copies of enacted bills	cost of reproduction.

HeinOnline -- 1985 vol. II 1847 1985

CHAPTER 9
Voting Procedure

9-1. Except as provided in Joint Rule 9-2, every member present when a question is put shall vote unless the house of which he is a member excuses him.

9-2. A member who has a personal or private interest in any measure or bill proposed or pending before the legislature shall disclose the fact to the house of which he is a member.

9-3. Amendments to the constitution may be proposed by any member of the legislature. If adopted by an affirmative roll call vote of two-thirds of all the members of the legislature, the amendment shall be deemed approved by the legislature (Montana Constitution, Art. XIV, Sec. 8).

9-4. When a measure requiring the concurrence of two-thirds of the members is under consideration, a majority vote is sufficient to decide any question relating to the measure short of third reading.

9-5. A roll call vote shall be taken on the request of two members, if the request occurs before the vote is taken.

9-6. On a roll call vote the names of the members shall be called alphabetically, unless an electronic voting system is used. A member may not vote or change his vote after the decision is announced from the chair. A member may not explain his vote until after the decision is announced from the chair.

9-7. (1) On third reading the question shall be stated as follows: "Senate (or House) bill number ..... having been read three several times, the question is, shall the bill pass (or be concurred in)."

(2) If an electronic voting system is used, the signal shall be sounded after the question is stated and then the presiding officer shall state "Those in favor vote yes and those opposed vote no." After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause) "Does any member wish to change his or her vote?" (reasonable pause) "The clerk (secretary) will now record the vote."

9-8. Two members may pair on a measure that will be determined by a majority vote. On a measure requiring a two-thirds vote for adoption three members may pair, with two members for the measure and one member against. Pairing is permitted only when one of the paired members is excused when the vote is taken.

9-9. An agreement to pair must be in writing and dated and signed by the members agreeing to be bound, and must specify the duration of the pair. When an agreement to pair is filed with the secretary of the Senate or chief clerk of the House of Representatives, it shall bind the members signing until the expiration of time for which it was signed, unless the paired members sooner appear and ask that the agreement be cancelled.

9-10. Every vote of each member of the legislature on each substantive question in the legislature, in any committee, or in Committee of the Whole shall be recorded and made public. On final passage of any bill or

HeinOnline -- 1985 vol. II 1848 1985

joint resolution the vote shall be taken by ayes and noes and the names entered on the journal. Roll call votes shall be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole referred to in Joint Rule 6-26(1)(a) through (d). A roll call vote shall be taken on nonsubstantive questions on the request of two members, who may likewise on any vote, request that the ayes and noes be spread upon the journal. Roll call votes and other votes which are to be made public but are not specifically required to be spread upon the journal shall be entered in the minutes of the appropriate committee or of the appropriate house and a copy of such minutes shall be filed with the Montana state historical society (Montana Constitution, Art. V, Sec. 11(2)).

CHAPTER 10
Consent Calendar

10-1. Noncontroversial bills and simple and joint resolutions qualifying for the consent calendar may be processed by a standing committee according to the following provisions:

(1) To be eligible for the consent calendar, the legislation must receive unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. No appropriation or revenue bills may be recommended for the consent calendar.

(2) The legislation is then sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(3) Legislation shall be immediately posted (as soon as it is received as a third reading version) on the consent calendar and must remain there for one legislative day before consideration under Order of Business No. 11, Special Orders of the Day. At that time, the presiding officer will announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate will be allowed.

(4) Any three members may submit written objections and the legislation must then be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be voted on following third reading.

(6) Legislation on the consent calendar will be voted on individually with the roll call vote spread on the journal as the final vote on those bills and resolutions.

(7) Legislation passed on the consent calendar will then be transmitted to the second house.

CHAPTER 11
Statement of Legislative Intent

11-1. Definition. For the purpose of compliance with the Legislative History Act (Title 5, chapter 4, part 4, MCA), a statement of legislative intent regarding a bill will express the common understanding of those

HeinOnline -- 1985 vol. II 1849 1985

components of the legislature voting on the bill. This statement differs from a purpose clause, which is used in general to describe the broad overall objectives of a bill, while a statement of intent is used to guide the details of interpretation by those charged with implementation of the bill and is phrased in terms of contingencies, examples, or other matter inappropriate for expression as statutory language.

11-2. Limitation. A statement of intent may not accompany any bill that does not statutorily require one unless a committee (standing committee, committee of the whole or conference committee) agrees by a two-thirds vote to attach the statement.

11-3. Statement of intent to accompany bill — when — how. A statement shall accompany a bill as follows:

(1) Statements of intent are required for bills delegating rulemaking or licensing authority. The statement shall be stored on ALTER, printed, and reproduced on paper of the same color and in the same manner as the bill, and shall be attached to the bill. The statement shall be reproduced on paper of the same color as the bill and attached to the bill on all subsequent reproductions of the bill.

(2) The standing committee of the house in which the bill originates is responsible for authoring a statement of intent for a bill requiring one.

11-4. Modification. Any committee subsequently considering the bill may amend a previous statement. The statement of intent will be reflected in the history of the bill.

11-5. Conference committee on intent only. When the second house concurs in a bill without amendments but amends or supersedes a previous statement of intent, the bill may not be enrolled until both houses have agreed on a statement of intent. If the statement is attached to a bill that does not statutorily require one, the conference committee can delete the statement in its entirety.

A new statement of intent written by the second house will be processed in the same manner as a second house amendment.

A regular conference committee may be appointed solely to resolve differences of intent if the second house's statement of intent is not so accepted.

Approved January 18, 1985.

SENATE JOINT RESOLUTION NO. 8

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE CONGRESS OF THE UNITED STATES TO ENACT LEGISLATION REVISING THE FEDERAL CONDEMNATION PROCEDURES TO AFFORD GREATER CONSIDERATION TO THE INTERESTS OF THE LANDOWNER.

WHEREAS, the federal procedures for the exercise of the power of eminent domain provide fewer protections for the landowner than do the condemnation procedures of Montana and many other states; and

WHEREAS, the federal condemnation procedures provide in 40 U.S.C.A. 258(a) through 258(f) for taking of possession and title by declaration of taking in advance of final judgment in a condemnation proceeding; and

HeinOnline -- 1985 vol. II 1854 1985

WHEREAS, the declaration of taking procedure is not necessary because Rule 71(a) 28 U.S.C.A. (Condemnation of Property), Federal Rules of Civil Procedure, provides a fair and complete procedure without the supplemental declaration of taking provisions; and

WHEREAS, the purpose of the declaration of taking provisions is to provide means by which the United States can acquire quickly fee simple absolute title to land for use of the United States; and

WHEREAS, that purpose is either abused by a condemning agency hoping to intimidate a landowner to accept a low condemnation offer or is greatly outweighed by the interests of the landowner in maintaining possession and title until a condemnation hearing is completed under Rule 71A, Federal Rules of Civil Procedure; and

WHEREAS, Rule 71A(l), Federal Rules of Civil Procedure, prohibits an award of costs and attorney fees to the prevailing party in condemnation cases, although Montana and other states provide for an award of costs and attorney fees and at least one federal court has stated that the federal approach may no longer be the wisest law; and

WHEREAS, federal law precludes reversion to the landowner of condemned property subsequently abandoned or used for a purpose other than the original condemnation purpose, although Montana and other states have provisions for reversion in certain instances.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States is most earnestly requested to repeal 40 U.S.C.A. 258(a) through 258(f), which provides for taking of possession and title by declaration of taking in advance of final judgment in a condemnation proceeding; and

BE IT FURTHER RESOLVED, that the Congress of the United States is most earnestly requested to enact legislation providing for a court award of necessary expenses of litigation to the condemnee when the landowner prevails by receiving an award in excess of the final offer of the condemnor, thus superseding Rule 71A(l), Federal Rules of Civil Procedure, Title 28, U.S.C.A., which presently prohibits such an award; and

BE IT FURTHER RESOLVED, that the Congress of the United States is most earnestly requested to enact legislation providing for reversion of condemned property to the condemnee or his successor in interest upon abandonment or discontinuance of the use for which the property was condemned; and

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States and to each member of the Congress of the United States.

Approved March 11, 1985.

HeinOnline -- 1985 vol. II 1855 1985

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO SEND DELEGATES TO THE WESTERN STATES LEGISLATIVE FORESTRY TASK FORCE.

WHEREAS, the forests of the Western States play a vital role in the economic development of these states; and

WHEREAS, there is an obvious need for developing means to protect and foster these forests to maximize yield while protecting the resource for future generations; and

WHEREAS, proper forest management and use are necessary for the protection and conservation of other important resources, such as wildlife, recreation, and scenic beauty; and

WHEREAS, the subjects that require interstate cooperation include but are not limited to insect infestations, conservation, production, and marketing, all of which know no state boundaries.

BE IT FURTHER RESOLVED, that the Chief Clerk of the House of Representatives send copies of this resolution to the presiding officers of the Legislatures of Washington, Idaho, Oregon, Wyoming, Alaska, and California and to the Executive Director of the Western States Legislative Forestry Task Force.

Approved March 15, 1985.

SENATE JOINT RESOLUTION NO. 14

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ASSIGNING THE REVENUE OVERSIGHT COMMITTEE TO REVIEW PROCEDURES FOR THE PAYMENT OF PROPERTY TAXES AND FOR THE SALE OF REAL AND PERSONAL PROPERTY FOR DELINQUENT TAXES.

WHEREAS, the Legislature has charged County Treasurers with responsibility for the collection of property taxes; and

WHEREAS, property taxes are payable in two installments during the year and the amount to be paid in each installment is a burden to certain classes of property taxpayers; and

HeinOnline -- 1985 vol. II 1856 1985

WHEREAS, the Montana Code Annotated provides procedures for the sale of real and personal property for delinquent taxes; and

WHEREAS, the procedures for tax sales set forth in Title 15, chapter 17, MCA, fail to take into account an orderly and efficient administration of tax sales.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the revenue oversight committee be assigned to study:

(1) methods for allowing property taxes to be paid in a greater number of installments or through other payment procedures that may be adopted as an option by the tax collecting jurisdiction;

(3) the establishment of uniform and equitable procedures and safeguards for the public and private sectors in the taking and disposal of real and personal property for taxes.

BE IT FURTHER RESOLVED, that the committee cooperate with local government representatives and other appropriate public and private institutions involved in taxation.

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 50th Legislature and, if necessary, draft legislation to implement such findings.

Approved March 25, 1985.

WHEREAS, the Congressional Budget Office has projected a federal budget deficit of $263 billion by fiscal year 1989; and

WHEREAS, in November 1983, the debt ceiling was raised by $101 billion to $1.490 trillion in order to allow the Department of the Treasury to increase its legal borrowing capacity to pay the expenses for programs previously written into law; and

WHEREAS, in May 1984, the debt ceiling was increased another $30 billion to $1.520 trillion; and

SENATE JOINT RESOLUTION NO. 25

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO HONOR SENATOR DAVE MANNING UPON HIS RETIREMENT AFTER 52 YEARS OF SERVICE TO MONTANA BY REMEMBERING HIS DISTINGUISHED CAREER AND BY NAMING THE HIGHWAY BUILDING THE "DAVE MANNING HIGHWAY BUILDING".

WHEREAS, in the early months of 1932, Dave Manning, a young Hysham contractor, told his wife Ruth that serving in the Legislature " . . . would be an education and I'd like to try it just once"; and

WHEREAS, Dave Manning's "just once" legislative experiment led to 52 years of unbroken service to the people of Montana; and

WHEREAS, at the time of his resignation, Dave Manning had the longest period of continuous legislative service of any state legislator in the United States; and

WHEREAS, Dave Manning's legislative career exemplified leadership, both for the Legislature and for the people of his district, as he held the following positions during his career:

(1) Speaker of the House, 1939;

(2) Senate Minority Leader, 1951;

(3) Senate President Pro Tempore (ad interim), 1959 and 1963;

(4) Acting President of the Senate, 1959 and 1963;

(5) Acting Governor under Governors Ayers, Aronson, and Babcock;

(6) Chairman of numerous legislative committees; and

WHEREAS, Dave Manning always remained loyal to the interests and needs of his rural constituency, recognizing that he represented a lifestyle embracing acres of land, trees, coal, and cattle, and fought to save the "little federal system" of apportionment to protect our rural heritage; and

HeinOnline -- 1985 vol. II 1867 1985

WHEREAS, Dave Manning's leadership was of critical importance in the formulation of public policies relating to the development of the coal mining industry in southeastern Montana to assure that such development would be for the long-term benefit of the state; and

WHEREAS, Dave Manning played an important role in the enactment of Montana's 30% coal severance tax and was one of its strongest supporters; and

WHEREAS, Dave Manning quickly recognized the need for money from the coal tax to pay for one of the most expensive impacts of coal development, namely, roads; and

WHEREAS, Dave Manning was responsible for persuading the Legislature to set aside over $15,000,000 for coal area highway improvements; and

WHEREAS, Dave Manning once declared, in defense of the coal tax, that he didn't believe it would drive the coal companies out of the state, but if it did, at least they would leave on good roads; and

WHEREAS, Dave Manning put his many years of experience as an engineer and contractor to good use in the Legislature when addressing the question of the development of Montana's water and challenged the state to look to the future and undertake far-reaching plans for the development of this vital resource; and

WHEREAS, Dave Manning was a leader in the fight to get Montana out of the mud. When Dave was first elected, Hysham, like many Montana communities, was served only by a gravel and mud track, while today our communities are linked by modern paved highways and interstate thoroughfares passable with hardly a thought to the weather. Courageous, farsighted leadership from public servants like Dave Manning was vital to achieving the highway system we enjoy today.

WHEREAS, Dave Manning, working with his fellow legislators, was instrumental in creating an efficient modern headquarters for the managers of Montana's highway system; and

WHEREAS, the headquarters remains today without a name; and

WHEREAS, it is fitting to provide a permanent memorial to commemorate the distinguished career of Dave Manning.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislature commends Senator Dave Manning for his long and distinguished career of service to the people of the State of Montana.

WHEREAS, the Legislature recognizes the necessity to protect the public by preventing persons who are under the influence of intoxicants from operating vehicles on the public highways; and

WHEREAS, the Designated Driver Program is intended to reduce the incidence of cases of driving while under the influence of intoxicants by encouraging at least one passenger of every vehicle to refrain from using alcoholic beverages so that person may safely operate the vehicle conveying the group; and

WHEREAS, the beverage industry has indicated its willingness to participate in this program by providing the designated driver with complimentary nonalcoholic beverages on that occasion or with a coupon redeemable for a complimentary beverage of his choice on a later occasion when he is not the designated driver and thereby reduce the potential liability of operators of licensed establishments.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Designated Driver Program offers a significant opportunity to improve traffic safety by reducing hazards caused by intoxicated drivers.

(2) That the Legislature encourages any group of persons participating in an activity involving consumption of alcoholic beverages to act responsibly by designating one member of the group to refrain from drinking alcoholic beverages on that occasion and to operate the vehicle conveying the group, to avoid endangering the lives of others.

(4) That the Division of Motor Vehicles cooperate with the beverage industry and with other concerned citizens to publicize the Designated Driver Program.

WHEREAS, the 47th Montana Legislature passed House Bill No. 861 directing an evaluation of a concept envisioned by Senator Dave Manning for developing off-stream hydropower generation in the Yellowstone River Basin; and

WHEREAS, the evaluation administered by the Department of Natural Resources and Conservation and conducted by Morrison-Maierle, Inc., identified 30 potential projects which satisfied the concept of gravity diversion of excess Yellowstone River flows to off-stream hydropower generation sites with eventual return of water to the Yellowstone River; and

WHEREAS, the dedicated and persistent efforts of Senator Dave Manning resulted in a substantial foundation of information supporting the concept, including assessments of hydropower potential, land ownership, site identification, preliminary engineering reports, cost estimates, and various informational reports; and

WHEREAS, a series of off-stream gravity diversion facilities along the Yellowstone River could harness the substantial energy-generation potential of the river's floodwaters and provide multipurpose benefits resulting from off-stream storage without restricting the normal river flows; and

WHEREAS, it is the policy of the State of Montana to promote the conservation, development, and beneficial use of the state's water resources to secure maximum economic and social prosperity for its citizens; and

WHEREAS, it is in the best interest of the state to protect Montana's water in any future interstate proceedings by documenting future water requirements of the gravity diversion concept and by pursuing project planning and financing discussions with the federal government.

SENATE JOINT RESOLUTION NO. 30

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA HONORING THE RURAL ELECTRIFICATION ADMINISTRATION ON ITS 50TH ANNIVERSARY.

WHEREAS, President Franklin Delano Roosevelt signed Executive Order Number 7037 on May 11, 1935, establishing the Rural Electrification Administration to bring lights and power to rural America; and

WHEREAS, at that time less than 6% of Montana's farms and ranches had central station electricity available to them; and

WHEREAS, since the first rural electric cooperative in Montana (at Sidney) energized its lines on December 17, 1937, 25 rural electric cooperatives and 16 rural telephone systems have been established in Montana that now serve over 90,000 farm and other rural and small town consumers with over 40,573 miles of line; and

WHEREAS, one Montana newspaper described the arrival of electrical power in rural Montana in this way:

"It was an excitement—a feeling of escaping from darkness and drudgery— a feeling of equality, of joining the modern world. This is what propelled those men and women into action—from dreaming to planning to action—walking the dusty roads signing up members and knowing the joy of seeing the lines and poles that brought lights and power come creeping over the mountains and across the endless plains. It was turning darkness into daylight and drudgery into the press of a button or flick of a switch. It was a rebirth, the likes of which will never be seen again in rural and small town Montana."

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That May 11, 1985, be named "Rural Electrification Day" in Montana in honor of the 50th anniversary of the Rural Electrification Administration.

BE IT FURTHER RESOLVED, that such day will recognize and honor the thousands of Montanans who worked at no profit and with no goal except to make a better way of life for their fellow citizens. It will honor the rural pioneers who, through their many years of often unrecognized

HeinOnline -- 1985 vol. II 1871 1985

labor, worked together to bring the blessings of modern electricity and telephone service to the Montana countryside and to the 300,000 Montanans now served by rural electric and telephone cooperatives.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the publisher of each newspaper in the state.

Approved April 1, 1985.

SENATE JOINT RESOLUTION NO. 31

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF MONTANA'S LIEN LAWS.

WHEREAS, Montana adopted its basic lien laws from the "Field Code" shortly after becoming a state; and

WHEREAS, the Legislature has added to and amended the basic lien laws of Montana, including the adoption of the Uniform Commercial Code in 1963, without comprehensive analysis of the various statutes that provide for liens; and

WHEREAS, there have been introduced in the 49th Legislative Session numerous and conflicting bills dealing with delayed recording, lien priorities, place of filing, centralized filing, purchase free of lien, and other subjects which indicate that Montana's lien laws are confusing and that relative lien priorities are possibly unfair; and

WHEREAS, it is essential to the economic growth of the State of Montana that the lien laws not hinder or obstruct the free flow of credit, especially in the agricultural area; and

WHEREAS, there is insufficient time during a regular legislative session to resolve the conflicting legislation or to provide a comprehensive, careful study of the existing lien laws, after considering all relevant factors, and there is insufficient time to receive information from the public, those concerned with the lien laws, and those obtaining and providing credit.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF EDUCATIONAL TELEVISION IN MONTANA; REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 50TH LEGISLATURE.

WHEREAS, Montana is the only state in the union that does not have state educational television; and

WHEREAS, most educational television viewed in Montana comes in the form of public television from the states of Washington, North Dakota, and Utah, is accessible to a limited number of Montanans, and carries a very limited amount of programming concerned with Montana issues; and

WHEREAS, educational television has proven to be an effective educational resource, yet few of our schools have access to it in any form; and

WHEREAS, state agencies and institutions, as well as private citizen groups, are pursuing many avenues to develop this educational resource locally; and

WHEREAS, there is no coordination of these projects, no plan for access for all citizens of Montana, and no coordination for best utilization of state funding.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study educational television in order to develop a plan that assures a coordinated effort by public agencies and institutions to provide access, including communication of Montana issues, for all citizens of the state.

BE IT FURTHER RESOLVED, that the study committee seek and receive the advice of the Department of Administration; the Office of the

SENATE JOINT RESOLUTION NO. 33

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE APPROPRIATE ROLE OF THE STATE IN REGULATING AND LICENSING CONTRACTORS AND PROMULGATING AND ENFORCING BUILDING CODES; REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 50TH LEGISLATURE.

WHEREAS, the Legislature, in Title 50, chapter 60, MCA, created a program for the enforcement of a state building code; and

WHEREAS, the current statutes provide inadequate enforcement authority to properly carry out the intent of the statutes; and

WHEREAS, the requirement for but lack of adequate building code enforcement could expose the state to substantial liability; and

WHEREAS, the Legislature, in Title 37, chapter 71, MCA, created a program for the licensing and regulation of public contractors; and

WHEREAS, the requirement for but lack of regulation of contractors could expose the state to substantial liability.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study:

(1) the need for the state to adopt and enforce statewide uniform building codes;

(2) the types of publicly and privately owned structures that should be subject to inspection for code compliance;

(3) the need for state certification of local building code enforcement personnel;

(4) the need for the state to certify local building code enforcement programs;

(6) the need for and appropriate scope of regulation and licensing of contractors in public or private construction work, or both.

BE IT FURTHER RESOLVED, that the Committee report the findings of the study to the 50th Legislature and, if necessary, draft legislation to implement its recommendations.

SENATE JOINT RESOLUTION NO. 36

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA EXPRESSING SUPPORT FOR LIMITING APPLICATION OF THE CARGO PREFERENCE ACT OF 1954 BY THE UNITED STATES CONGRESS.

WHEREAS, agricultural exports are the lifeblood of American farmers; and

WHEREAS, agriculture accounts for 20% of this nation's gross national product, 20% of United States employment, and 20% of United States foreign exchange; and

WHEREAS, agricultural exports account for one-third of America's harvested cropland, 20% of all farm income, and one-fourth of all export shipping; and

WHEREAS, United States wheat production depends on export markets for more than 60% of annual utilization; and

WHEREAS, United States wheat exports have decreased steadily the past 3 years, from 48% of the world market in 1981 to only 37% in 1984; and

WHEREAS, a worldwide recession, heavy foreign debt burdens, limited foreign exchange, intense foreign competition, and the strong United States dollar have made American crops noncompetitive in the world marketplace; and

WHEREAS, the Cargo Preference Act of 1954 mandates shipment of certain concessional sales on United States flagships; and

WHEREAS, a recent court ruling has expanded the application of this act to blended credit sales and has opened the door to additional application in other concessional sales of United States commodities; and

WHEREAS, American flagships charge oceangoing rates that are two to four times higher than those of foreign vessels, and these higher rates add an average of 80 cents a bushel to the cost of American wheat, 76 cents a bushel for feed grains, and 80 cents a bushel for soybeans; and

HeinOnline -- 1985 vol. II 1875 1985

WHEREAS, costs associated with cargo preference subsidies are reflected in lower farmer income, higher farm program costs, and lost income to the allied agricultural industry; and

WHEREAS, higher ocean freight costs associated with cargo preference rules have already caused the cancellation of export sales to Egypt, Iraq, Morocco, and Tunisia and will in the future affect sales to many additional countries; and

WHEREAS, agricultural exports are the forerunner in combating this country's ever-growing imbalance of trade; and

WHEREAS, the purpose of the Cargo Preference Act of 1954 was to maintain a viable United States maritime fleet; and

WHEREAS, a strong United States maritime fleet is in the best interest, welfare, and security of the American public, and the cost incurred should be borne as such by the United States Department of Defense and not by a single component of our economy such as agriculture.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States is strongly urged to enact legislation limiting application of the Cargo Preference Act of 1954 to concessional sales, such as P.L. 480, and prohibiting application of cargo preference to the United States Department of Agriculture's blended credit program, guaranteed credit programs, and other competitive sales programs.

BE IT FURTHER RESOLVED, that all costs incurred by cargo preference rules be borne by the Department of Defense rather than the Department of Agriculture.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the United States Secretary of Agriculture, the Chairmen of the United States Senate and House Agriculture Committees, United States trade representatives, and to the Montana Congressional Delegation.

Approved April 25, 1985.

SENATE JOINT RESOLUTION NO. 37

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO EVALUATE THE FUNCTION OF LICENSING BOARDS FOR HEALTH-RELATED PROFESSIONS AND OCCUPATIONS AND TO MAKE RECOMMENDATIONS ON REDUCING THE NUMBER OF SUCH BOARDS.

WHEREAS, the Montana Department of Commerce administers separate licensing boards for 18 health-related professions and occupations; and

HeinOnline -- 1985 vol. II 1876 1985

WHEREAS, six of these boards issued or renewed approximately 25,000 licenses in 1984 while the other 12 issued or renewed only 2,700 licenses; and

WHEREAS, each licensing board incurs costs for board meetings, legal assistance, conducting examinations, issuing renewal notices and licenses, and bookkeeping and general administration, which are borne by licensees and passed on to their clients; and

WHEREAS, significant savings in the cost of licensing members of health-related professions and occupations could be achieved by creating a board of allied health professionals to license members of the smaller groups.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate interim committee be assigned to study the role and function of the 18 boards established to license and regulate members of health-related professions and occupations.

(2) That the committee include in its study a consideration of at least the following:

(a) the number of licensees served by each board and the probability that this number will change substantially in the next several years;

(b) the specific duties other than licensing performed by each board and the number of full-time equivalent employees required to perform these duties;

(c) the extent to which standards for licensing are set and administered by state or national professional organizations;

(d) the extent to which the licensing and regulating functions assigned to each board can be carried out by persons who are not members of the licensees' occupation or profession;

(e) the feasibility of combining the boards serving relatively few licensees into one or more comprehensive boards; and

(f) an estimate of the cost savings that could be achieved by combining these boards into one or more comprehensive boards.

BE IT FURTHER RESOLVED, that the committee report its findings to the 50th Legislature, together with recommendations for legislation, if any, necessary to implement its findings.

Approved April 18, 1985.

WHEREAS, Congress has passed legislation that provides for the federal cigarette excise tax to decrease by 8 cents, and thereby states would be allowed to assume the tax without imposing a new tax on consumers; and

WHEREAS, the Reagan Administration announced to the National Governor's Association winter meeting that it is interested in having states assume that portion of the federal cigarette excise tax that is scheduled to expire; and

HOUSE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING AGENCIES TO ADOPT POLICIES HAVING THE FORCE AND EFFECT OF LAW AS ADMINISTRATIVE RULES.

WHEREAS, Article II, section 9, of the Montana Constitution guarantees to the people the right to know; and

WHEREAS, the State of Montana is committed to the concept of open government where every person is allowed to participate; and

WHEREAS, the purpose of the Montana Administrative Procedure Act is to give notice of governmental action and the opportunity to express one's opinion regarding that action; and

WHEREAS, although government must be concerned about the proliferation of rules regulating the people, this concern is outweighed by considerations of openness and certainty in the public's dealings with government; and

WHEREAS, policies enforced as law but not formally adopted as rules have been held invalid by the courts; and

WHEREAS, a survey conducted by the Administrative Code Committee has shown that most agencies are utilizing policies not formally adopted as rules.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That policies having the force and effect of law but not formally adopted as rules must be adopted as rules by agencies by October 1, 1987.

Approved March 9, 1985.

HOUSE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO AMEND JOINT RULE 11-3, RELATING TO STATEMENTS OF INTENT, TO MAKE THE JOINT RULES COMPATIBLE WITH STATUTORY AMENDMENTS MADE BY HOUSE BILL NO. 9, WHICH PROVIDES THAT A STATEMENT OF INTENT NEED NOT ACCOMPANY A DELEGATION OF AUTHORITY EXTENDING PREVIOUSLY ENACTED RULEMAKING AUTHORITY TO NEWLY ENACTED OR AMENDED AGENCY DUTIES.

WHEREAS, the Legislative History Act now requires that a statement of intent accompany certain delegations of authority to administrative agencies, including delegations of rulemaking authority; and

WHEREAS, section 5-4-402, MCA, of that Act was amended in 1983 to provide that a statute enacted or amended may not be implemented by an administrative rule, even in an area in which a state agency has existing rulemaking authority, unless the statute enacted or amended is accompanied by a delegation of authority extending such authority to the statute as enacted or amended; and

WHEREAS, this amendment, in addition to its intended purpose of providing notice that a bill involves rulemaking, creates a strong implication that a statement of intent must accompany every bill that merely extends an existing delegation of rulemaking authority; and

WHEREAS, House Bill No. 9 has been introduced to provide that a statement of intent is not required for a bill containing an extension of an existing delegation of rulemaking authority; and

WHEREAS, the Joint Rules should be made compatible with the statutory changes proposed in House Bill No. 9.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That Joint Rule 11-3 be amended to read:

"11-3. Statement of intent to accompany bill — when — how. A statement shall accompany a bill as follows:

(1) Statements of intent are required for bills delegating *new* rulemaking or licensing authority. The statement shall be entered on ALTER, printed on paper of the same color and in the same manner as the bill, and shall be attached to the bill. The statement shall be printed on paper of the same color as the bill and attached to the bill on all subsequent printings of the bill.

(2) The standing committee of the house in which the bill originates is responsible for authoring a statement of intent for a bill requiring one."

(2) That this resolution applies retroactively to all bills introduced on or after January 7, 1985.

Approved February 13, 1985.

HOUSE JOINT RESOLUTION NO. 5

A RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS AND THE ARMY CORPS OF ENGINEERS TO COMPLETE A PROGRAM OF BANK PROTECTION, STABILIZATION, AND MAINTENANCE ALONG THE MISSOURI, YELLOWSTONE, AND BIGHORN RIVERS IN MONTANA.

WHEREAS, the Flood Control Act of 1944 assured all 10 states within the Missouri River Basin benefits under a control and management program, commonly known as the Pick-Sloan Plan; and

WHEREAS, the Pick-Sloan Plan provided for major flood control, navigational, recreational, and power supply benefits for states below Sioux City, Iowa, through construction of large reservoirs in states above that point; and

WHEREAS, the Pick-Sloan Plan provided that in return for sacrifices of land necessary to accommodate the flood control protection and other benefits, the states above Sioux City, Iowa, would be assured of adequate water supplies for domestic and agriculture use, as well as power supply and recreational benefits; and

WHEREAS, construction of facilities under the Pick-Sloan Plan has resulted, to date, in $1,659,000,000 of flood protection, which continues to accrue to downstream interests, and has allowed downstream interests to use the original floodplain of the Missouri for the development of industrial, municipal, and agricultural uses; and

WHEREAS, the Army Corps of Engineers has stabilized and continues to maintain the channel of the Missouri River from Sioux City, Iowa, to St. Louis, Missouri, in the name of navigation and at federal cost; and

WHEREAS, under the Pick-Sloan Plan, the state of Montana has sacrificed some 589,000 acres of land; and

WHEREAS, additional lands adjacent to the Missouri, Yellowstone below its confluence with the Bighorn, and Bighorn Rivers and their reservoirs have been and will continue to be seriously eroded and permanently lost to the citizens and state of Montana because of releases of clear water capable of eroding and transporting large amounts of soil; and

WHEREAS, the original Pick-Sloan Plan included protection and maintenance of the riverbanks:

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the United States Congress, with the assistance of the Army Corps of Engineers, the Montana Department of Natural Resources and Conservation, the Montana Department of Fish, Wildlife, and Parks, and the local soil and water conservation districts, is urged to reevaluate the bank stabilization program along the Missouri, Yellowstone below its confluence with the Bighorn, and Bighorn Rivers in Montana, to reexamine

the Pick-Sloan Program, to develop methods of financing for comprehensive bank stabilization along these rivers, and to provide funds sufficient to construct and maintain the works of improvement.

(2) That the Army Corps of Engineers is urged to diligently pursue implementation of the bank protection program, to be approved and monitored by the Montana Department of Natural Resources and Conservation and the Montana Department of Fish, Wildlife, and Parks.

(3) That the Secretary of State forward copies of this resolution to the Montana Congressional Delegation, the Army Corps of Engineers, the United States Department of the Interior, the Montana Association of Conservation Districts, the Montana Board of Natural Resources and Conservation, and the Governors of Montana, Nebraska, North Dakota, and South Dakota.

HOUSE JOINT RESOLUTION NO. 15

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE MONTANA AGRICULTURAL EXPERIMENT STATION TO DEVELOP A COMPREHENSIVE RESEARCH PROGRAM IN SUSTAINABLE AGRICULTURE.

WHEREAS, the costs of agricultural chemicals, including fertilizers, herbicides, insecticides, and fungicides, have risen dramatically; and

WHEREAS, the fertility of much of Montana soils is declining due to erosion, saline seep, depletion of nutrient reserves, declining levels of organic matter, soil compaction, and other factors; and

WHEREAS, agricultural research and the experience of low-chemical farmers in Montana and the United States have shown that farm operating costs can be lowered and soil fertility improved by adopting "sustainable agricultural" practices that are based on low- and no-chemical agricultural methods, crop rotations, nutrient recycling, etc.; and

WHEREAS, food safety and on-farm health are concerns shared by consumers and farmers alike; and

WHEREAS, low-chemical, sustainable agricultural practices are a promising means of addressing the problems stated above; and

WHEREAS, applicable research on low-chemical, sustainable agriculture is limited in Montana at this time; and

WHEREAS, knowledge on sustainable agriculture as it is applicable to Montana is difficult for farmers and ranchers to obtain.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Agricultural Experiment Station is requested to:

(1) identify areas of research needed by Montana farmers and ranchers desiring to make a transition to profitable, low-chemical farming techniques, including but not limited to alternative cropping practices; methods for building soil organic matter and natural soil fertility; nonchemical pest control; livestock production without hormones, growth stimulants, or antibiotics; comparative economics of chemical and nonchemical farming; and marketing of organically grown Montana agricultural products; and

HeinOnline -- 1985 vol. II 1893 1985

(2) incorporate, to the extent feasible, a comprehensive research program in low-chemical, sustainable agriculture applicable to Montana addressing the needs identified in subsection (1) into its existing research programs.

BE IT FURTHER RESOLVED, that the Montana Cooperative Extension Service is requested to make readily available all pertinent existing information on sustainable agriculture to Montana agriculturists and to widely disseminate future sustainable agriculture research findings of the Montana Agricultural Experiment Station.

HOUSE JOINT RESOLUTION NO. 17

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING REPEAL OF THE PROVISIONS OF THE 1984 TAX REFORM ACT AND INTERNAL REVENUE SERVICE REGULATIONS REQUIRING MILEAGE AND USE RECORDS FOR BUSINESS VEHICLES.

WHEREAS, the 1984 Tax Reform Act and recent IRS regulations implementing the act require records be kept for "each business use" of a vehicle, which must show date, mileage, destination, driver, and purpose; and

WHEREAS, a business failing to keep proper records is subject not only to loss of investment credit and deductions for depreciation, fuel, insurance, repairs, and other expenses, but also is subject to an automatic 5% negligence penalty; and

WHEREAS, because the law further requires that a person who employs a professional tax preparer must certify that he has kept the proper vehicle log for each vehicle for which credits or deductions are claimed, the person may also be subject to civil and criminal penalties for fraud and false swearing if the IRS later determines that such records were not kept, or were not kept properly; and

WHEREAS, in many situations it is technically necessary but practically impossible to ensure that employees maintain the proper records for vehicles they use; and

WHEREAS, most agricultural businesses have many vehicles used primarily for particular purposes, such as fuel transportation, livestock feeding, chemical application, etc., each of which would require separate logs if they are capable of being used for any other personal use; and

WHEREAS, for a farmer or rancher to record the date, mileage, destination, driver, and purpose for each trip to a field, each trip checking or feeding livestock, each trip along a fenceline, or each trip for machinery repairs is unduly burdensome and in many cases impossible; and

WHEREAS, many farmers and ranchers, being independent, may simply refuse to keep the records and will lose valuable credits and deductions merely for refusal to keep such records.

HeinOnline -- 1985 vol. II 1894 1985

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Congress and the IRS are urgently requested to repeal the provisions of the 1984 Tax Reform Act and the implementing IRS regulations requiring records for mileage and use for business vehicles.

BE IT FURTHER RESOLVED, that a copy of this resolution be sent by the Secretary of State to each member of Montana's Congressional delegation.

WHEREAS, the State of Montana sets a high priority on using available comprehensive services to assist young, single, pregnant women and young, single mothers and their children; and

WHEREAS, the State of Montana wishes to take advantage of the opportunity of assisting these young women and their children in improving their lives.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA COMMEMORATING 50 YEARS OF THE SOIL AND WATER CONSERVATION MOVEMENT IN MONTANA.

WHEREAS, much of Montana's heritage is based on agriculture; and

WHEREAS, agriculture, being the state's number one industry, has faced many problems and challenges due to climatic conditions, farming practices, wind and water erosion, soil characteristics, and economic hardships; and

HeinOnline -- 1985 vol. II 1896 1985

WHEREAS, the Soil Conservation Service and its employees have provided valuable assistance to farmers, ranchers, industry, municipalities, and private individuals to correct and avoid many of these problems and to lessen the impacts on all of Montana's citizens; and

HOUSE JOINT RESOLUTION NO. 21

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING COMPREHENSIVE FEDERAL TAX REFORM AND SIMPLIFICATION.

WHEREAS, under the current federal tax structure all taxpayers face higher taxes in order to make up for the revenue lost by numerous special preferences, exceptions, and tax shelters used by a relatively small number of taxpayers; and

WHEREAS, these tax shelters are the incentive for particular investments which may not be sound economic investments in their own right; and

WHEREAS, the current federal tax system promotes speculation in agriculture for the purposes of tax shelters; and

WHEREAS, such speculation may undercut the competitive position of family owned and operated farms and ranches; and

WHEREAS, the federal tax system is complex and inequitable, reduces economic incentives, hampers economic growth, and is perceived to be so unfair that taxpayer morale and voluntary compliance have been seriously undermined.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature supports comprehensive federal tax reform and simplification to broaden the tax base and lower tax rates for the majority of taxpayers.

HeinOnline -- 1985 vol. II 1897 1985

HOUSE JOINT RESOLUTION NO. 22

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY ON ALCOHOL REGULATION AND YOUTHS.

WHEREAS, Montana cannot comply with the federal mandate to establish a drinking age of 21 by the October 1986 deadline because it requires a state constitutional amendment; and

WHEREAS, statistics on the 21-year drinking age are contradictory, particularly as they relate to Montana; and

WHEREAS, both national and state studies have shown that when Montana raised its drinking age from 18 years to 19 years in 1979, fatal accidents and nighttime fatal accidents involving 18- and 19-year-old drivers increased substantially; and

WHEREAS, there is considerable evidence that the existence of a uniform drinking age itself causes increased highway deaths among young drivers of that same age; and

WHEREAS, there is some evidence that states with graduated drinking ages, typically 18 years for beer or light wine and 21 years for liquor, have fewer highway deaths involving young drivers, lower alcoholism rates, and no association between their drinking ages and increased highway deaths among any age group; and

WHEREAS, national experts have recommended a graduated approach based on decreasing stages of adult supervision of the youthful use of alcohol as the youth approaches the legal drinking age, and the literature on teenage alcohol use strongly shows that family supervision is a key factor in preventing alcohol problems among youths; and

WHEREAS, the federal bill mandating a drinking age of 21 years is currently under challenge by the State of South Dakota (State of South Dakota v. Elizabeth H. Dole, Secretary, U.S. Department of Transportation, Civil Action No. 84-5137, U.S. District Court, District of South Dakota, Western Division) as an intrusion on the rights of states to regulate intoxicating liquors as allegedly guaranteed by the Twenty-first Amendment to the United States Constitution; and

WHEREAS, Montana's current laws on alcohol regulation and youths are often archaic, contradictory, and ineffective; and

WHEREAS, neither these problems of law nor the design of legislation necessary to implement a new drinking age approach, whether graduated or

HeinOnline -- 1985 vol. II 1898 1985

uniform, can possibly be resolved during the 1985 legislative session because of the need for careful study and input from a variety of interests.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to:

(1) examine current Montana laws on alcohol regulation and youths;

(2) examine the various approaches to establishing a drinking age, whether graduated, uniform, or otherwise;

(3) obtain testimony and information relevant to the drinking age issue from all parties expressing an interest in the issue and compile a record of such testimony and information;

(4) draft legislation to implement its recommendations, if necessary; and

(5) report its findings and recommendations to the 50th Legislature.

Approved April 1, 1985.

HOUSE JOINT RESOLUTION NO. 23

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA CONGRATULATING THE CAMP FIRE ORGANIZATION ON ITS 75TH BIRTHDAY.

WHEREAS, the national Camp Fire organization will be celebrating its 75th birthday on March 17, 1985; and

WHEREAS, Camp Fire groups have been active in Montana since 1912; and

WHEREAS, the purpose of Camp Fire is to work to meet the needs of youth through a variety of programs; and

WHEREAS, in Camp Fire, recognition of accomplishments is combined with building a youth's skills, self-esteem, and recognition of personal abilities; and

WHEREAS, Camp Fire teaches its youth citizenship, responsibility, and an attitude of service to the community.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

WHEREAS, the State of Montana contains 16.7 million acres of national forest lands that are an important part of our heritage and economic base; and

WHEREAS, federal lands managed under multiple use offer many and varied resources of fossil fuels, rangeland, forests, wilderness, water, wildlife, fish, and many other valuable amenities and commodities; and

WHEREAS, these federal lands provide millions of hunters, fishermen, campers, picnickers, hikers, backpackers, snowmobilers, and boaters the opportunity to pursue recreational activities, including wilderness experiences; and

WHEREAS, these federal lands contain 12.9 million acres classified as commercial forests; and

WHEREAS, these national forest lands have been reviewed and studied for the past 14 years or more in accordance with the Roadless Area Review and Evaluation (RARE) process that started in 1970 to determine wilderness suitability and culminated in the RARE II report in 1979; and

WHEREAS, the 1979 RARE II report was contested in the 9th District Circuit Court in *California v. Block* in October 1982, and the Forest Service's RARE II procedure was declared deficient, resulting in the Forest Service having to repeat the RARE procedure; and

WHEREAS, this has affected and delayed, and continues to affect and delay, some recreational and resource development activities within the 5.2 million acres of roadless areas on federal lands in the Forest Service's Northern Region, including Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE BOARD OF TRUSTEES OF EACH SCHOOL DISTRICT IN THE STATE TO APPOINT A NONVOTING STUDENT MEMBER TO THE BOARD TO REPRESENT THE STUDENT BODY OF THE SCHOOL DISTRICT.

WHEREAS, the Legislature and the Montana education community recognize that the most valuable resource for achieving "excellence in education" in Montana is the student; and

WHEREAS, student representation on local school boards has never been implemented on a statewide basis, although the Board of Public Education and the Board of Regents currently have active student members on their respective boards; and

WHEREAS, the educational process dominates a large part of the life of a school-age person, and as a citizen, that person should be allowed representation in the major decisions governing the educational process; and

WHEREAS, when students feel that they have influence over their environment and that their opinions are respected, the result is an atmosphere of greater trust, civility, and mutual respect; and

WHEREAS, through involvement in the decisionmaking process of a school district, the student is not only contributing valuable input not otherwise available, but is also receiving first-hand knowledge of the governmental process and the educational process; and

WHEREAS, students are deeply concerned about the education they are receiving and wish to present their views on educational reform.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HOUSE JOINT RESOLUTION NO. 28

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO ENACT LEGISLATION THAT ESTABLISHES A LONG-TERM FOOD AND FIBER POLICY WITH PRICE, PRODUCTION, AND CONSERVATION GOALS THAT STRENGTHEN FAMILY FARM AGRICULTURE.

WHEREAS, farm legislation presently being considered by the United States Congress may determine the survival of family farm agriculture and the control of food production for decades to come; and

WHEREAS, current federal tax laws encourage speculation in agricultural land and tax sheltering in agriculture, giving off-farm investors a competitive advantage over bona fide owner-operators; and

WHEREAS, low commodity prices, high interest rates, export embargoes, and overproduction have resulted in a severe recession in the farm sector; and

WHEREAS, the current credit crisis further weakens the position of family-owned and operated farms and ranches; and

WHEREAS, family farm operators have been generally recognized as the most efficient producers of food and fiber; and

WHEREAS, the family-based farm system promotes good land stewardship; and

WHEREAS, agriculture is the leading industry in Montana, and Montana should take a leadership role in formulating national agricultural policy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Congress is strongly urged to incorporate the following policies in the national farm bills presently being considered by Congress:

HeinOnline -- 1985 vol. II 1902 1985

(1) revision of the federal tax laws to remove the tax advantages enjoyed by off-farm investors;

(2) targeting of federal agricultural credit and pricing policies to family-owned and operated farms and ranches;

(3) the establishment of pricing policies through an increase in nonrecourse loan rates that support a parity formula of at least 90%;

(4) full funding of the Farmers Home Administration to continue its function as a lender of last resort for family-owned and operated farms and ranches;

(5) a unified national program to increase the exporting of agricultural products; and

(6) recognition of the importance of sound soil and water conservation practices.

BE IT FURTHER RESOLVED, that Congress is urged to establish a national, long-term food and fiber policy with specific price, production, and conservation goals designed to strengthen family farm agriculture.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, Montana's United States Senators and Representatives, the United States Secretary of Agriculture, and the United States House Agriculture Committee and Senate Agriculture, Nutrition, and Forestry Committee.

HOUSE JOINT RESOLUTION NO. 32

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT LIVESTOCK GRAZING FEES CHARGED ON THE CHARLES M. RUSSELL WILDLIFE REFUGE BE MAINTAINED AT THE CURRENT RATE.

WHEREAS, the U.S. Fish and Wildlife Service is proposing to increase grazing fees on the Charles M. Russell Wildlife Refuge from $4.61 to $5.61 per animal unit month (AUM) in 1985 and $8.75 per AUM by 1987; and

WHEREAS, in 1980, the grazing fee on both land administered by the Bureau of Land Management and on the Charles M. Russell Wildlife Refuge was $2.36 per AUM; and

WHEREAS, the grazing fee on land administered by the Bureau of Land Management has since decreased to $1.35 per AUM, based on a formula that includes the cost of production, market price of beef, and a forage value index; and

WHEREAS, the grazing fee on state lands is $2.74 per AUM, based on a formula that includes the market price of beef; and

HeinOnline -- 1985 vol. II 1903 1985

WHEREAS, in addition to the general plight of agriculture resulting from low commodity prices, high production costs, and an agricultural credit crisis, the Charles M. Russell Wildlife Refuge area is in the midst of one of the most severe droughts in the history of the area; and

WHEREAS, maintaining the present grazing fee is one small, relatively painless step the federal government can take to ease the current plight of the livestock industry.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the U.S. Fish and Wildlife Service is requested to maintain the current rate of grazing fees charged on the Charles M. Russell Wildlife Refuge.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the manager of the Charles M. Russell Wildlife Refuge, the Secretary of the Interior, and each member of Montana's Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 35

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA IN SUPPORT OF THE NATIONAL EFFORT TO ADVANCE THE DEVELOPMENT OF MAGNETOHYDRODYNAMICS TECHNOLOGY TO A COMMERCIALLY VIABLE STAGE.

WHEREAS, Montana possesses one of the largest known recoverable deposits of coal within the United States; and

WHEREAS, the wise, efficient, and environmentally acceptable use of our national coal reserves is within the long-term best interests of Montana and the nation; and

WHEREAS, the use of coal in Montana and the United States will be essential to meet electrical energy needs; and

WHEREAS, it is within the long-term best interests of Montana and the nation to vigorously pursue the development of all highly promising, energy-efficient, and environmentally acceptable coal-fired electric generating technologies; and

WHEREAS, there exists a national effort, led by the federal government and supported by private industry, to provide for the development of a coal-fired electrical generation technology known as magnetohydrodynamics (MHD); and

WHEREAS, MHD is a significant new technology that promises more efficient generation of electricity from coal, substantial benefits to the nation through the conservation of the nation's coal resources, substantial reduction of the adverse environmental impacts associated with the conversion of coal to electricity, and the potential reduction of coal mining and transportation requirements.

HeinOnline -- 1985 vol. II 1905 1985

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That MHD is a technology worthy of further development in order to provide for the conversion of coal to electrical power in the cleanest and most efficient manner possible with minimal water use.

(2) That the 49th Montana Legislative Session strongly urges Congress to continue to support the Department of Energy's research and development effort to advance MHD technology to a commercially viable stage.

(3) That the 49th Montana Legislative Session strongly supports the Federal Emerging Clean Coal Technologies initiative and urges Congress to support the MHD retrofit proposal submitted to the Department of Energy.

(4) That the Secretary of State send copies of this resolution to the President of the United States, the Office of Management and Budget, the Secretary of the Department of Energy, the members of the United States House of Representatives Appropriations and Science and Technology Committees, the members of the United States Senate Appropriations and Energy and Natural Resource Committees, and the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 36

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF WAYS OF ALLEVIATING DAMAGE CAUSED BY WILD ANIMALS TO AGRICULTURAL CROPS, LAND, AND FIXTURES THEREON.

WHEREAS, the wild animals of the state are a public resource, held in trust by the state for the benefit and enjoyment of all its citizens; and

WHEREAS, good game management policy requires protecting the wildlife resource as well as mitigating damage caused by wildlife through appropriate and expeditious action of the Department of Fish, Wildlife, and Parks; and

WHEREAS, landowners possess their land with the recognition that wildlife may use the land and that they must tolerate a certain level of use by wildlife; and

WHEREAS, a combination of current game management techniques and policy and several recent mild winters has resulted in an overpopulation of big game animals in many parts of the state, with a consequent increase in damage to agricultural crops and land; and

WHEREAS, several surrounding states and Canadian provinces have instituted programs to compensate landowners for damage caused by wild animals; and

HeinOnline -- 1985 vol. II 1906 1985

WHEREAS, the wildlife resource provides a valuable source of revenue for both the State of Montana and local businesses through license sales and increased sales of goods and services to sportsmen; and

WHEREAS, the practice of certain landowners of closing their land to hunting directly affects the occurrence of game damage on adjoining lands.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study and determine:

(1) the types of damage caused by wildlife to agricultural crops, land, and fixtures thereon;

(2) desirable population levels of wild animals to adequately preserve the wildlife resource while at the same time minimizing damage to private property;

(3) needed changes in the wildlife management policies of the state that would alleviate damage to private property caused by overpopulation of wild animals;

(4) whether current game management techniques and capabilities of the Department of Fish, Wildlife, and Parks are adequate to properly assess game populations and habitat in determining hunting quotas and seasons;

(5) methods available to the Department for preventing and mitigating damage, including but not limited to:

(a) methods of dealing with landowners who do not permit hunting and whose neighbors suffer damage resulting from the concentrations of wild animals on such land;

(b) cooperative agreements with neighboring states concerning joint damage control measures;

(c) development of quick-response types of action by the Department to individual complaints;

(d) preventive measures currently available or which could be made available, such as new kinds of fencing or repellants, herding, special hunting seasons, use of blood meal, night hunting or herding, scare techniques, and others;

(6) methods available to landowners of preventing and mitigating damage to their land and information and assistance that may be provided in implementing such methods;

(7) the extent of damage that a landowner should be reasonably required to bear, realizing that excessive and unusual damage will be impossible to prevent in certain individual circumstances;

(8) the feasibility of providing direct compensation to landowners and circumstances when such compensation may be payable;

HeinOnline -- 1985 vol. II 1907 1985

(9) other, possibly alternative, compensation programs, such as purchase of conservation or habitat easements from landowners or providing tax or other incentives for maintaining wildlife habitat on private land; and

(10) the costs involved in any coordinated damage control program and how such costs should be allocated between landowners, sportsmen, and the general public.

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 50th Legislature and, if necessary, draft legislation to implement its recommendations.

Approved April 1, 1985.

HOUSE JOINT RESOLUTION NO. 37

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE SUPREME COURT STUDY THE QUESTION OF USE IN A CRIMINAL PROSECUTION OF OUT-OF-COURT STATEMENTS OF AN ALLEGED VICTIM OF THE OFFENSE OF SEXUAL ABUSE OF CHILDREN.

WHEREAS, nationwide, the incidence of sexual abuse of children has been increasing at an alarming rate; and

WHEREAS, in most cases, the only witnesses to sexual abuse of children are the victims themselves; and

WHEREAS, child victims of sexual abuse very often do not make good witnesses in a criminal prosecution because they may be traumatized by the incident, because they may have forgotten the details of the incident, or because they fear the adults participating in the prosecution; and

WHEREAS, criminal prosecutions against a person accused of sexual abuse of children may be dismissed or may be unsuccessful if the child victim cannot or will not testify; and

WHEREAS, when a suspected case of sexual abuse of children is reported to a law enforcement or social services agency, that agency often obtains a written or videotaped statement from the alleged victim; and

WHEREAS, when a child victim cannot or will not testify, the only evidence against the accused may be the child's statement to a third party; and

WHEREAS, House Bill No. 69 was introduced into the Forty-Ninth Legislature to resolve this problem by permitting under limited circumstances the use, in a criminal prosecution for sexual abuse of children, of out-of-court statements made by the victim; and

WHEREAS, House Bill No. 69 did not gain the approval of the House of Representatives, in part because of a concern that to allow this use of out-of-court statements would violate the accused's right of confrontation

HeinOnline -- 1985 vol. II 1908 1985

guaranteed by the sixth amendment to the United States Constitution and by Article II, section 24, of the Montana Constitution; and

WHEREAS, opponents of the bill recognized that the bill was a valid attempt to resolve a difficult social problem; and

WHEREAS, time and study should be spent on an attempt to solve this problem while protecting the rights of all those involved; and

WHEREAS, under Article VII, section 2 of the Montana Constitution, the Montana Supreme Court has the authority to promulgate rules of evidence for use in state courts; and

WHEREAS, the Montana Supreme Court has promulgated rules relating to hearsay, specifically Rules 801 through 806, Montana Rules of Evidence.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislature requests the Montana Supreme Court's Commission on Rules of Criminal Procedure to study, with a view toward amending its rules on hearsay, the evidentiary and constitutional problems created by the use in limited circumstances of out-of-court statements against those accused of sexual abuse of children, and that the Commission report the results of its study to the 50th Legislature.

(2) That if the results of the Commission's study of these problems indicate that the present hearsay rules need to be amended to resolve the problems in a manner that is constitutional, the Court be urgently requested to adopt such amendments.

(3) That a copy of this resolution be forwarded by the Secretary of State to the Honorable Jean Turnage, Chief Justice of the Montana Supreme Court for delivery to the Commission on Rules of Criminal Procedure.

Approved April 8, 1985.

HOUSE JOINT RESOLUTION NO. 38

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING CONTINUED FUNDING FOR AMTRAK.

WHEREAS, the National Railroad Passenger Corporation, known as Amtrak, serves the citizens of Montana; and

WHEREAS, Montanans' use of Amtrak has increased continuously since 1971, and in 1984, 121,502 persons used Amtrak to arrive at and depart from points in Montana; and

WHEREAS, Amtrak directly employs nine citizens of Montana who collectively earned $223,000 in 1984, and Amtrak supported the economy of Montana through the purchase of supplies and equipment totaling $893,657 in 1984; and

HeinOnline -- 1985 vol. II 1909 1985

WHEREAS, Amtrak has continually improved the quality of its service, its financial position, and the number of passengers carried to the point that it transported 22 million people in 1984 and expects to increase that amount by 2% to 3% in 1985; and

WHEREAS, the budget presented to the Congress of the United States by the President would, if enacted, deprive Amtrak of the federal funding required for its continued existence; and

WHEREAS, the effective elimination of Amtrak would result in serious adverse economic consequences to Montana and its citizens in terms of loss of investment, loss of income to contractors with Amtrak for equipment and supplies, loss of rail passenger service, loss of jobs, and a concomitant strain on the Railroad Retirement System by the loss of many contributors to that system.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That Amtrak be continued in operation to serve Montana as it has in the past.

(2) That the Congress of the United States be requested to provide sufficient funding through appropriation of the amount of money necessary to keep Amtrak in fiscal year 1986 in at least as sound a position operationally and financially as it has been in fiscal year 1985.

WHEREAS, the revenue from grazing fees constitutes a significant source for the support of Montana public schools; and

WHEREAS, the Legislature has historically established the formula for grazing fees on school trust lands; and

WHEREAS, the Legislative Auditor has recommended that the Board of Land Commissioners raise the grazing rate; and

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF JUVENILE DETENTION FACILITIES IN MONTANA; REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 50TH LEGISLATURE.

WHEREAS, placing juveniles in detention facilities in proximity to adult offenders creates the possibility of harm to the juveniles; and

WHEREAS, federal court decisions require that juveniles in detention be separated from adult offenders; and

WHEREAS, since the federal court decisions, juveniles detained with adult offenders in other states have initiated costly civil suits against state and local law enforcement and detention facilities; and

WHEREAS, federal law mandates separate detention facilities for juvenile and adult offenders by 1987; and

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE LAWS RELATING TO THE COLLECTION AND DISPOSITION OF FINES, FORFEITURES, COSTS, AND FEES IN CIVIL PENALTY AND CRIMINAL PROCEEDINGS.

WHEREAS, the law relating to the collection and disposition of fines, forfeitures, costs, and fees in civil penalty and criminal proceedings is complex, in many instances unclear or contradictory, and dispersed throughout the Montana Code Annotated; and

WHEREAS, the authority to impose, collect, and dispose of fines, forfeitures, costs, and fees resides in numerous types of courts and government agencies; and

WHEREAS, the disposition and use of fines, forfeitures, costs, and fees varies widely according to, among other things, the political subdivision in which the offense occurs, the type of offense, the type of law enforcement officer who arrests the person, the court or agency imposing the fine, forfeiture, cost, or fee, and whether the offender is an adult or a juvenile; and

HeinOnline -- 1985 vol. II 1913 1985

WHEREAS, there is no coherent, coordinated, overall plan for the disposition and use of fines, forfeitures, costs, and fees.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate interim committee be assigned to study the laws relating to the structure, imposition, collection, disposition, and use of fines, forfeitures, costs, and fees in civil penalty and criminal proceedings.

(d) an analysis of the policy decisions made when the statutes allocating the money were adopted;

(e) the problems involved in not disposing of the money pursuant to an overall plan encompassing all provisions relating to its disposal; and

HOUSE JOINT RESOLUTION NO. 48

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF JUDICIAL SELECTION METHODS AND COMPENSATION; REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 50TH LEGISLATURE.

WHEREAS, a competent, independent, and impartial judiciary is essential to our form of government in Montana; and

WHEREAS, judicial selection methods and compensation levels are major factors in attracting competent persons to the bench and in maintaining their independence and impartiality while in office; and

WHEREAS, popular election of judges has been the basis of judicial selection in Montana since statehood; and

WHEREAS, the Montana Legislature sets the salaries for Supreme Court Justices and District Judges and establishes the minimum salary

HeinOnline -- 1985 vol. II 1914 1985

requirements for Justices of the Peace, while the salaries of judges serving the courts of limited jurisdiction are set by local governing bodies, except for the Small Claims Court Judges, whose salaries are set by the District Judges; and

WHEREAS, public policy questions have been raised concerning the independence and impartiality of an elected judiciary and the adequacy of judicial salaries; and

WHEREAS, the matter of judicial selection has not been subject to a comprehensive examination since the 1972 Montana Constitutional Convention; and

WHEREAS, organizations such as the State Bar of Montana have expressed support for a legislative study on judicial selection and compensation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate interim committee be assigned to study:

(a) the current method used in Montana for selecting judges, including a consideration of the appropriateness of this selection method and an examination of alternative selection methods; and

(b) the current compensation levels for Montana judges, including a consideration of the appropriateness of these compensation levels and a review of past salary increases.

(2) That the committee solicit input from the State Bar of Montana and other interested persons and organizations.

(3) That the committee report its findings and recommendations to the 50th Legislature and, if necessary, draft legislation to implement its recommendations.

Approved April 23, 1985.

HOUSE JOINT RESOLUTION NO. 49

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE METHODS BY WHICH AN UNEMPLOYED INDIVIDUAL AND HIS DEPENDENTS MAY BE PROVIDED WITH COVERAGE FOR MEDICAL COSTS INCURRED DURING THE WAGE EARNER'S UNEMPLOYMENT; REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 50TH LEGISLATURE.

WHEREAS, most people receive health insurance coverage through their employment because group rates and employer contributions make such insurance affordable; and

HeinOnline -- 1985 vol. II 1915 1985

WHEREAS, when a person becomes unemployed, the cost of health insurance greatly increases in price while the income for family needs greatly decreases; and

WHEREAS, one cannot postpone illness or injury merely because of lack of insurance or money to pay hospital bills; and

WHEREAS, the cost of unavoidable major medical treatment may run into tens of thousands of dollars often causing personal bankruptcy and subsequent hardships for the family involved; and

WHEREAS, since the cost of such bankruptcies must be paid by some segment of society, the costs are passed along as higher medical bills, and this burden rests on those receiving medical care—the segment of society least likely to have the resources to bear such a burden; and

WHEREAS, projections of numbers of persons unemployed in Montana during the next biennium suggest that between 8,500 and 12,000 persons a month will be receiving unemployment compensation benefits; and

WHEREAS, if there were a method in Montana for paying or reimbursing some costs of medical care for the unemployed and their families, unnecessary suffering would be avoided because essential treatment for illness or injury that is considered too expensive without insurance would be received; payments made under a health care plan, by the plan and the individual each paying a share, would replace bankruptcy as a method of health care financing; and persons unable to work because of illness or injury would become employable more quickly.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study ways in which unemployed persons may be covered for medical costs incurred while unemployed. The study should consider:

(1) various alternatives to conventional health insurance;

(2) the relationship between coverage while employed and use of that coverage through conversion or continuation while unemployed;

(3) how many persons could be expected to elect to receive coverage if payments for coverage were deducted from unemployment insurance benefits and how such an election affects the group of the unemployed as a whole;

(4) whether health coverage should be administered directly by a state department, by a contract with private insurers, or a combination of both;

(5) sources of funding, including withholding of contributions from unemployment insurance benefits as authorized by federal law; and

(6) specifics for whatever plan is chosen, such as deductibles, payments, eligibility criteria, length and scope of coverage, treatment covered, coordination with similar coverage, and other matters that would affect the cost and effectiveness of the program.

HeinOnline -- 1985 vol. II 1916 1985

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 50th Legislature and, if necessary, draft legislation to implement its recommendations.

Approved April 19, 1985.

HOUSE JOINT RESOLUTION NO. 50

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE ISSUES RELATED TO THE APPROPRIATE PLACEMENT OF THE LAW ENFORCEMENT ACADEMY AND THE RELATED COSTS.

WHEREAS, the Attorney General has identified a need to provide improved facilities for the Montana Law Enforcement Academy; and

WHEREAS, persons from several communities around the state have expressed interest in having the Law Enforcement Academy moved to their area; and

WHEREAS, in several instances communities have shown that there are buildings and other facilities and services available at what seems to be a reasonable cost, making the possibility of moving the Academy seem attractive; and

WHEREAS, the Legislature has not had available to it a comprehensive analysis of the alternative sites to provide a comparison of all the facilities and services needed by the Academy and the relative costs of providing for those needs and services at the alternative locations proposed.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate interim committee be assigned to study the issues associated with the location of the Montana Law Enforcement Academy.

(2) That the study include at least the following:

(a) an assessment of the facility and service needs of the Academy; and

(b) an assessment of all costs of alternate sites, including the costs of the required physical facilities and the required academic services.

(3) That the committee report its findings to the 50th Legislature.

Approved April 23, 1985.

HOUSE JOINT RESOLUTION NO. 51

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE BONNEVILLE POWER ADMINISTRATION TO ESTABLISH FAIR, JUST, AND REASONABLE POWER RATES FOR THE NORTHWEST ALUMINUM INDUSTRY TO ALLOW THE INDUSTRY TO MEET COMPETITION IN THE WORLD MARKET.

WHEREAS, the continued viability of the Northwest aluminum industry is essential to the economic stability of Montana and the region; and

WHEREAS, in 1983 the Northwest aluminum industry provided 10,500 jobs, paid $28,000,000 in state and local taxes, provided $450,000,000 in revenues to the Bonneville Power Administration (BPA), and spent $409,000,000 for freight and material purchases; and

WHEREAS, the Columbia Falls smelter directly employs 1,000 persons and provides an annual payroll of approximately $30,000,000; purchases almost $7,000,000 worth of supplies and services from local vendors; pays $2,650,000 in taxes to Flathead County, which is 11% of the total county taxes; and makes other substantial contributions to the economies of Montana and the region generally; and

WHEREAS, the aluminum industry is paying 800% more for electricity than it did 7 years ago; and

WHEREAS, the aluminum industry is in serious economic difficulty because of competition from foreign aluminum manufacturers and domestic aluminum producers who pay significantly lower power rates than those paid by Northwest smelters; and

WHEREAS, power rates charged to Northwest aluminum producers are 50% higher than other free-world aluminum smelter prices for power; and

WHEREAS, over the past few years, the price of aluminum has fluctuated and declined; and

WHEREAS, in 1983 the aluminum industry paid 35.5% of the BPA's revenues but received only 29.5% of the power provided by the BPA; and

WHEREAS, without the aluminum industry's contribution to the BPA revenue requirement, power rates for all other customers would increase substantially; and

WHEREAS, loss of the region's aluminum producers would devastate the economies of Montana and of the Pacific Northwest.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Bonneville Power Administration establish fair, just, and reasonable rates for Northwest aluminum producers to allow the Northwest aluminum industry to compete effectively in the world aluminum market.

HeinOnline -- 1985 vol. II 1918 1985

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the Administrator of the Bonneville Power Administration, to the Governors of the States of Montana, Idaho, Washington, and Oregon, and to the Congressional Delegation of the State of Montana.

Approved April 19, 1985.

HOUSE JOINT RESOLUTION NO. 52

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF STATE GOVERNANCE AND FINANCING OF MONTANA'S POSTSECONDARY VOCATIONAL-TECHNICAL CENTERS.

WHEREAS, the five postsecondary vocational-technical centers are recognized as vital components of the Montana education system; and

WHEREAS, the governance of the centers is currently fragmented among the office of the Superintendent of Public Instruction, the Legislature, and local high school boards of trustees; and

WHEREAS, financing for the centers is in increasing jeopardy because federal funding is diminishing, because the Legislature is reluctant to increase funding when there is no unified method of accountability, and because the local school boards are having difficulty promoting local property tax funding for both the centers and for elementary and secondary education; and

WHEREAS, a statewide system of governance and funding has the potential for creating a more efficient postsecondary vocational-technical education system for addressing the funding crisis and meeting the demand for well-trained workers who can contribute to Montana's economic development; and

WHEREAS, prior to and during the 1985 regular legislative session, the many interested parties spent significant time and effort developing and considering options for state governance and funding for the postsecondary vocational-technical centers, but the Legislature could not achieve a consensus on this complex issue.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study:

(1) various governance structures for vocational-technical education;

(2) the funding needs and sources for postsecondary vocational-technical centers;

(3) curriculum evaluation to meet changing educational needs; and

(4) concerns arising from state governance, such as employee rights, state assumption of facilities, and program coordination and development.

HeinOnline -- 1985 vol. II 1919 1985

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 50th Legislature and, if necessary, draft legislation to implement its recommendations.

Approved April 23, 1985.

HOUSE JOINT RESOLUTION NO. 54

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF JOB TRAINING AND PLACEMENT PROGRAMS TO ATTEMPT TO COORDINATE EFFORTS TO PROVIDE MAXIMUM BENEFIT FOR UNEMPLOYED MONTANANS.

WHEREAS, some major employers in communities throughout Montana have ceased operations, thus leaving citizens without jobs; and

WHEREAS, long-term unemployment plagues many Montana citizens and a 7% to 8% unemployment rate has become commonplace; and

WHEREAS, many of the unemployed have had to use the state general assistance programs, thus increasing caseloads and creating a crisis in funding for the Department of Social and Rehabilitation Services; and

WHEREAS, as the average age of Montana citizens increases, unemployment becomes a greater problem because it is especially difficult for older persons to find employment; and

WHEREAS, federal assistance is decreasing for job training and employment programs that help Montanans develop necessary skills to secure employment; and

WHEREAS, the Build Montana program in the Department of Commerce has the mandate to promote economic development in this state, but has not to date impacted the basic unemployment problem; and

WHEREAS, several state agencies, such as the Department of State Lands, the Department of Natural Resources and Conservation, the Department of Fish, Wildlife, and Parks, and the Department of Highways have projects that could provide job training and jobs for participants while successfully completing the agencies' projects; and

WHEREAS, many state agencies have programs to assist the unemployed, and there is an increased need for coordination of efforts because of steadily decreasing resources; and

WHEREAS, the problem of skyrocketing costs of state public assistance is, to a great extent, a problem of lack of jobs.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

WHEREAS, legislation to provide a long-term solution to the problems of agriculture requires bipartisan support for a continuing program to assure equitable commodity prices that will allow farmers and ranchers to realize profits on their products and such legislation must include workable provisions capable of withstanding changes in administrations and capable of adjusting with domestic and international economic fluctuations; and

WHEREAS, assessment of the impact of factors such as federal deficits and high interest rates is necessary to an understanding of the plight of agriculture; and

HOUSE JOINT RESOLUTION NO. 58

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE STATUTORY EMPLOYMENT AT WILL RULE AND THE DOCTRINES OF WRONGFUL DISCHARGE IN VIOLATION OF PUBLIC POLICY AND THE IMPLIED COVENANT OF GOOD FAITH AND FAIR DEALING.

WHEREAS, section 39-2-503, MCA, provides that "an employment having no specified term may be terminated at the will of either party"; and

WHEREAS, this rule was strictly applied in Montana until 1980; and

HeinOnline -- 1985 vol. II 1924 1985

WHEREAS, since 1980, the Montana Supreme Court has applied two exceptions to the "employment at will rule", which are known as "the doctrine of wrongful discharge in violation of public policy" and "the implied covenant of good faith and fair dealing"; and

WHEREAS, since the mid-1970s, these exceptions have become increasingly popular in many states as limits upon the 100-year old "employment at will rule" applied nationwide; and

WHEREAS, the application of these exceptions has a far-reaching effect on the employment relationship and the parties to that relationship are unsure of the scope of the exceptions and the manner of their application; and

WHEREAS, it is essential that these parties know exactly how they stand in relation to each other.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

Approved Apr.l 25, 1985.

SENATE RESOLUTION NO. 1

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA TO ADOPT RULES TO GOVERN ITS PROCEEDINGS IN ADDITION TO THE JOINT RULES.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That the following rules be adopted:

HeinOnline -- 1985 vol. II 1925 1985

CHAPTER 1
Presiding Officer — Decorum, Order, and Debate

S1-1. The senate shall choose a president from its membership who shall be the presiding officer. In case of the absence or disqualification of the president, the president pro tempore of the senate shall perform the duties of the president until the vacancy is filled or the disability removed.

S1-2. The senate shall, at the beginning of each regular session, and at such other times as may be necessary, elect one of its members president pro tempore. The senate shall choose its other officers and shall be the judge of the elections, returns, and qualifications of its members.

S1-3. The president and president pro tempore, when acting as presiding officer of the senate, shall vote as any other member of the senate.

S1-4. The president may name a senator to perform the duties of the chair when the president pro tempore is not present in the senate chamber. The senator who is so named is vested during such time with all the powers of the president, but he does not lose the right to vote on any question while presiding.

S1-5. No senator shall speak more than twice on any one motion or question without unanimous consent of the senate, unless he has introduced or proposed the motion or question under debate, in which case he may speak twice and also close the debate. However, a senator who has spoken shall not speak again on the same motion or question to the exclusion of a senator who has not spoken.

S1-6. On order of business No. 8 (second reading of bills), in addition to other methods a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as such. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

S1-7. Only the following persons may be admitted to the floor of the senate during sessions: legislators, legislative officers and employees whose presence is necessary for the conduct of the business of the session, accredited members of the press, radio, and television, and former legislators. The rules committee shall be allowed to make exceptions for visiting dignitaries.

CHAPTER 4
Order of Business

S4-1. On order of business No. 2 (reports of standing committees), no debate shall be had on any report unless a minority report or a report without recommendation has been submitted. Any member seeking a reconsideration of the senate's action on the adoption of a committee report shall do so on order of business No. 6 by motion to reconsider. Any member may make such motion and need not have voted on the prevailing side. This rule shall apply notwithstanding any joint rule to the contrary.

and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the committee of the whole, it may be considered on third reading the same legislative day.

Standing and select committees may by a majority vote of the committee authorize members to vote in absentia while engaged in other legislative business. Authorization for such voting shall be reflected in the committee minutes.

S7-5. There is a select committee on long-range building. The select committee shall meet jointly with the Long-Range Building Subcommittee of the House Committee on Appropriations to make recommendations on issues assigned to the joint subcommittee. The majority and minority leaders of each house shall each designate one commissioner. INITIATIVE

INITIATIVE NO. 97

By Initiative, the people proposed that the state of Montana would permit the state licensing of denturists to make, fit, repair, and furnish

HeinOnline -- 1985 vol. II 1939 1985

dentures to the public. It would set standards for the issuing of licenses to denturists and for the conduct of their practice. It would create a State Board of Denturity to administer examinations to applicants for licenses, and to collect fees for issuing and renewing licenses. The Initiative would exempt licensed denturists from the Dental Practices Act and would amend sections 37-4-103, 37-14-102, and 37-14-301, MCA. The Initiative was approved by the following vote at the General Election held November 6, 1984:

For:	194,285

(2) Money collected in excess of expenses and salaries must be held by the department as a special fund for meeting the expenses of the board, the proper administration of (this act), and educational purposes approved by the board.

(3) The department is not obligated to pay claims which, in aggregate with claims already paid exceed the income to the department which has been derived by the application of (this act).

Section 10. **Board powers and duties.** The board has the following powers and duties:

However, no applicant may be licensed under the provisions of (this subsection) unless the state or territory in which he is licensed or certified extends a like privilege to denturists licensed by the state of Montana to practice denturitry. The board may enter into reciprocal relations with those boards in states or territories whose laws are compatible with (this act).

Section 12. **Examinations.** The board shall administer the examinations for licensure, subject to the following requirements:

(4) Applicants who fail to score a 75% average on the written and practical examinations may, upon payment of the appropriate fee, have a second opportunity to take the written or practical examinations, or both, provided that all applicants under (section 11(1) of this act) are examined on or before April 1, 1985.

Section 13. **Applications and fees.** The board is entitled to charge and collect the following fees:

(1) $200 application for licensing;

(5) $50 for a duplicate or replacement license or a license for a second address, provided that no denturist may hold licenses bearing more than two different addresses.

Section 14. **Licensing.** (1) A denturist license is valid for a period of 1 year. A renewal license must be issued upon payment of the renewal fee and the submission of proof of the completion of not less than 12 hours continuing education, which may include programs sponsored by an educational institution, state denturist board, or a recognized denturist organization. Hours pertain to clock hours actually attended by the licensee. In addition, the denturist shall submit proof that he holds a current cardiopulmonary resuscitation card. A license issued effective as of a date other than March 1 will be valid until midnight February 28 next following the date it was issued. The license shall bear on its face the address where the licensee's denturist services will be performed.

(2) Licensure applications must be received by the department on or before April 1 preceding the July examination. Applications must be submitted on forms approved by the board and furnished by the department. Applications must be accompanied by the appropriate fees. Applications received after April 1 will be held over for examination the following year.

Section 15. **Suspension or revocation of license.** (1) The board has the power to refuse to issue a license, to suspend or revoke a license or to place a licensed person on probation for a period specified by the board, or to reprimand or censure a licensee for any of the following causes:

(a) conviction of a crime if that crime bears a demonstrable relationship to the practice of denturitry;

HeinOnline -- 1985 vol. II 1945 1985

(b) incompetence or gross negligence in the practice of denturitry;

(c) fraud or misrepresentation in the practice of denturitry;

(d) the use of any narcotic or dangerous drug or intoxicating liquor to an extent that such use impairs the ability to conduct safely the practice of denturitry; or

(e) the willful violation of any provision of (this act).

(2) The board or its agents may examine and inspect the place of business of any denturist at any time during business hours or upon at least 72 hours notice made by U.S. mail to the address of record of the denturist if the board or its agents are unable to establish the regular business hours. Inspections must be made to insure compliance with the standards of conduct and practice set for in (section 6 of this act).

(3) Conditions considered by investigators to be a menace to the public health must be brought to the attention of the board for consideration and immediate action.

Section 16. **Revocation of license stays eligibility.** A denturist whose license has been revoked either by the Montana board of denturitry or the similar body of another state is not eligible to apply for a license until 1 year after the date of revocation.

Section 17. **Renewal or reinstatement of license.** One year after revocation of a license, the board at its discretion may grant a temporary license under a 1 year probationary period. At the end of the probationary period, the licensee must appear before the board and upon approval by the board and payment of appropriate fee must be fully reinstated. The board shall grant such approval upon being satisfied that the licensee has complied with (this act) during the probationary period and will comply in the future.

Section 18. **Health insurance policies to include denturist services.** Notwithstanding any provision of any policy of insurance covering health, whenever such policy provides for reimbursement for any service that is within the lawful scope of practice of a denturist, the insured under such policy is entitled to reimbursement for such service, whether the service is performed by a licensed dentist or a licensed denturist.

Section 19. **Association with Dentists Permitted.** (1) A licensed denturist may enter into any lawful agreement with a dentist regarding fees, compensation, and business association.

Section 20. **Notice of board address, guarantee.** (1) A notice must be posted in a conspicuous area on any premises where the practice of denturitry is conducted, with lettering of a size easily read by the average person and in substantially the following form:

ANY CONSUMER WHO HAS A COMPLAINT
RELATING TO PRACTICES OF THIS
ESTABLISHMENT MAY CONTACT THE MONTANA
BOARD OF DENTURITRY, DEPARTMEMT OF
COMMERCE, 1424 NINTH AVENUE, HELENA,

HeinOnline -- 1985 vol. II 1946 1985

MONTANA 59620.

(2) All denturist services must be unconditionally guaranteed for a period of not less than 90 days.

Section 21. **Violation and penalty.** Violation of any provision of (this act) constitutes a misdemeanor and upon conviction is punishable by a fine of not less than $100 or more than $1,000 or by imprisonment for not more than 6 months in the county jail, or by both such fine and imprisonment.

Section 22. **Judicial review of board action.** A person who is aggrieved by an action of the board, in denying, refusing to renew, suspending or revoking a denturist license may appeal to the district court in the county in which he resides. Such appeal is perfected by filing with the clerk of the court, within 30 days following the action of the board of which complaint is made, a notice of appeal setting forth briefly the action complained of and how the petitioner has been deprived of any legal rights. A copy of the notice of appeal must be served upon the president or secretary of the board, with notice to the attorney general of the state of Montana in the manner of civil appeal, and the court may sustain or reverse the action of the board or direct the board to take further or other action with regard to the appeal.

Section 23. Nominees for appointment to the original board must be examined by qualified examiners from a state that currently authorizes the practice of denturitry. The examinations must be established by the examining team and be the equivalent of examinations administered for licensing of denturists in the states represented by the examiners. The examiners shall establish a passing grade, and satisfactory completion of the original examination will qualify the nominees for licensing in Montana and for service on the Montana board of denturitry. Nominees who do not score a passing grade on the original examination may apply for reexamination to the Montana board of denturitry. Expense of examination for nominees is not the responsibility of the board.

Section 24. Section 37-4-103, MCA, is amended to read:

"37-4-103. Exemptions. (1) A dental laboratory or dental technician is not practicing dentistry under this chapter when engaged in the construction, making, alteration, or repairing of bridges, crowns, dentures, or other prosthetic appliances, surgical appliances, or orthodontic appliances if the casts, models, or impressions on which the work is constructed have been made by a regularly licensed and practicing dentist and the crowns, bridges, dentures, prosthetic appliances, surgical appliances, or orthodontic appliances are returned to the dentist on whose order the work was constructed.

(2) Section 37-4-101(2) and part 5 of this chapter do not apply to a legally qualified physician or surgeon or to a dental surgeon of the United States army, navy, public health service, or veterans' bureau or to a legal practitioner of another state making a clinical demonstration before a dental society, convention, or association of dentists or to a licensed dental hygienist performing an act authorized under 37-4-401 or 37-4-405.

Nothing in this chapter prevents students from performing dental procedures under the supervision of a bonafide instructor of a school, college, or department of a university recognized and approved by the board provided such dental procedures are a part of the assigned teaching curriculum.

(4) This chapter does not prohibit or require a license with respect to the practice of denturitry under the conditions and limitations defined by (sections 1 through 22). None of the regulations contained in this chapter apply to a person engaged in the lawful practice of denturitry."

Section 28. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

(b) The term mental impairment does not include alcoholism or drug addiction and does not include any mental impairment, disease, or defect that has been asserted by the individual claiming the preference as a defense to any criminal charge.

Section 4. **Employment preference in initial hiring.** (1) (a) Except as provided in 10-2-402, in an initial hiring for a position, if a job applicant who is a veteran, disabled veteran, handicapped person, or eligible spouse meets the eligibility requirements contained in [section 5] and claims a preference as required by [section 8], a public employer shall hire the applicant over any other applicant with substantially equal qualifications who is not a preference eligible applicant.

(b) In an initial hiring, a public employer shall hire a disabled veteran or handicapped person over any other preference eligible applicant with substantially equal qualifications.

(2) The employment preference provided for in subsection (1) does not apply to a personnel action described in subsection (5)(b) of [section 3] or to any other personnel action that is not an initial hiring.

Section 5. **Eligibility requirements.** No veteran, disabled veteran, eligible spouse, or handicapped person is entitled to receive employment preference as provided in [section 4] unless:

(1) he is a United States citizen;

(2) he has resided continuously in the state for at least 1 year immediately before applying for employment;

(3) if applying for municipal or county employment, he has resided for at least 30 days immediately before applying for employment in the city, town, or county in which employment is sought; and

(4) he meets those requirements considered necessary by a public employer to successfully perform the essential duties of the position for which he is applying.

Section 6. **Certification of handicapped persons.** The department of social and rehabilitation services shall certify persons as handicapped

HeinOnline -- 1985 vol. II 1956 1985

for the purpose of employment preference as provided in [sections 1 through 10].

Section 7. **Duration of employment preference.** Subject to [section 5]:

(1) a handicapped person, the spouse of a handicapped person as described in subsection (3)(b)(iii) of [section 3], a disabled veteran, or the spouse of a disabled veteran as described in subsection (3)(b)(i) of [section 3] qualifies for employment preference as long as the disabling condition exists;

(2) a veteran, as defined in [section 3], who is not a disabled veteran, as defined in [section 3], qualifies for employment preference for no longer than 15 years following separation from service or for no longer than 5 years following [the effective date of this act], whichever is later.

(3) the surviving spouse of a veteran as described in subsection (3)(a) of [section 3] qualifies for employment preference for as long as the spouse remains unmarried; and

(4) the spouse of a person described in subsection (3)(b)(ii) of [section 3] qualifies for employment preference for as long as the person is missing in action or a prisoner of war.

Section 8. **Enforcement of preference.** (1) A public employer shall, by posting or on the application form, give notice of the preferences that [sections 1 through 10] provide in public employment.

(2) A job applicant who believes he has an employment preference shall claim the preference in writing before the time for filing applications for the position involved has passed. Failure to make a timely employment preference claim for a position is a complete defense to an action in regard to that position under subsection (4).

(3) If an applicant for a position makes a timely written employment preference claim, the public employer shall give written notice of its hiring decision to each applicant claiming preference.

(4) (a) An applicant who believes he has not been accorded his rights under [sections 1 through 10] may, within 30 days of receipt of the notice of the hiring decision, submit to the public employer a written request for an explanation of the public employer's hiring decision. Within 15 days of receipt of the request, the public employer shall give the applicant a written explanation.

(b) The applicant may, within 90 days after receipt of notice of the hiring decision, file a petition in the district court in the county in which his application was received by the public employer. The petition must state facts which on their face entitle the applicant to an employment preference.

(c) (i) Upon filing of the petition, the court shall order the public employer to appear in court at a specified time not less than 10 or more than 30 days after the day the petition was filed and show cause why the applicant was not hired for the position. At the hearing, the public

HeinOnline -- 1985 vol. II 1957 1985

employer has the burden of proving by a preponderance of the evidence that the employer made a reasonable determination pursuant to subsection (8) of [section 3] and the applicant has the burden of proving by a preponderance of the evidence that he is a preference eligible applicant.

(ii) The time to appear provided in subsection (4)(c)(i) may be waived by stipulation of the parties. If a time to appear has been specified pursuant to subsection (4)(c)(i), the court may, on motion of one of the parties or on stipulation of all of the parties, grant a continuance.

(iii) If the public employer does not carry its burden of proof under subsection (4)(c)(i) and the court has found that the applicant is a preference eligible applicant, the court shall order the public employer to reopen the selection process for the position involved and shall grant the applicant reasonable attorney fees and court costs. The remedy provided by this section is the only remedy for a violation of [sections 1 through 10], and a court may not grant any other relief in an action for violation of [sections 1 through 10].

(d) Failure of an applicant to file a petition under subsection (4)(b) within 90 days bars the filing of a petition. If a public employer fails to provide an explanation under subsection (4)(a) within 15 days and a petition is filed under subsection (4)(b), the court shall order the public employer to reopen the selection process.

(e) The Montana Rules of Civil Procedure apply to a proceeding under this subsection (4) to the extent that they do not conflict with this subsection (4).

Section 9. **Adoption of rules.** The department of administration shall adopt rules implementing [sections 1 through 10] and shall consult with the department of social and rehabilitation services in adopting rules governing certification of handicapped persons for purposes of [sections 1 through 10]. The department of administration's rules apply to all public employers, local as well as state.

Section 10. **Conflicts with federal law.** [Sections 1 through 10] do not apply to work or positions subject to federal laws or regulations if application of the employment preference conflicts with those laws or regulations.

Section 11. Section 10-2-402, MCA, is amended to read:

"10-2-402. Superintendent to be given veteran's preference. In the selection of the superintendent of the Montana veterans' home, the department of institutions shall *apply the preference granted to veterans and disabled veterans, but not the preference granted to other persons, by [sections 1 through 10].*"

Section 12. The application of an employment preference as provided for in [sections 1 through 10] and 10-2-402 by a public employer as defined in [section 3] may not be construed to constitute a violation of this chapter.

Section 13. The application of an employment preference as provided for in [sections 1 through 10] and 10-2-402 by a public employer as

HeinOnline -- 1985 vol. II 1958 1985

defined in [section 3] may not be construed to constitute a violation of this chapter.

Section 14. **Repealer.** Sections 10-2-201 through 10-2-206, MCA, are repealed. This repeal applies retroactively to bar any claim of violation or application of 10-2-201 through 10-2-206 that has not been reduced to judgment, whether or not the judgment is final, on [the effective date of this act]. Claims under 10-2-201 through 10-2-206 that have been reduced to judgment, whether or not the judgment is final, on [the effective date of this act] are enforceable. No claim for a violation of 10-2-201 through 10-2-206 may be made under [section 8] of this act.

Section 15. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 16. **Effective date — applicability.** (1) This act is effective on passage and approval.

(2) Except as provided in section 14, this act applies only to positions that are filled after the effective date of this act.

Section 17. **Codification instruction.** (1) Section 12 is intended to be codified as an integral part of Title 49, chapter 2, and the provisions of Title 49, chapter 2, apply to section 12.

(2) Section 13 is intended to be codified as an integral part of Title 49, chapter 3, and the provisions of Title 49, chapter 3, apply to section 13.

Approved December 20, 1983.

HeinOnline -- 1985 vol. II 2194 1985

CHAPTER NO. 1

[SB 1]

AN ACT REINSERTING THE INFLATION COMPUTATION INTO THE LIGHT MOTOR VEHICLE FEE SYSTEM; PROVIDING THAT THE INFLATION COMPUTATION DOES NOT APPLY TO THE DISTRICT COURT FEE; TRANSFERRING THE ADMINISTRATION OF STATE FUNDING FOR DISTRICT COURTS FROM THE SUPREME COURT TO THE DEPARTMENT OF COMMERCE; APPROPRIATING TO THE DEPARTMENT OF COMMERCE FUNDING FOR THE STATE FUNDING OF DISTRICT COURTS; DELETING THE FUNDING FROM THE SUPREME COURT BUDGET; AMENDING SECTION 2, CHAPTER 685, LAWS OF 1985, SECTIONS 1 THROUGH 5, 10, 15, AND 16 OF CHAPTER 680, LAWS OF 1985; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2, Chapter 685, Laws of 1985, is amended to read:

"Section 2. Section 61-3-533, MCA, is amended to read:

"61-3-533. Schedule of fees for automobiles and light trucks. (1) Except as provided in subsection *(3)*, the following schedule, based on vehicle age and weight, is used to determine the fee imposed by 61-3-532:

Vehicle Age	Weight			
	2,850 Pounds or less	*District Court Fee*	More Than 2,850 Pounds	*District Court Fee*
Less than or equal to 4 years	*$70*	*$7*	*$90*	*$7*
More than 4 years and less than 8 years	*40*	*5*	*50*	*5*
8 years old and over	*10*	*2.50*	*15*	*2.50*

(2) (a) The fee for a light vehicle is determined by:

(i) multiplying the appropriate dollar amount from the table in subsection (1), but not the district court fee, by the ratio of the PCE for the second quarter of the year prior to the year of licensing to the PCE for the second quarter of 1981; and

(ii) rounding the product thus obtained to the nearest whole dollar amount.

(b) "PCE" means the implicit price deflator for personal consumption expenditures as published quarterly in the Survey of Current Business by

the bureau of economic analysis of the United States department of commerce.

(3) The light vehicle license fee for disabled veterans qualifying under the provisions of 10-2-301 through 10-2-304 is $8, *with $3 of the fee earmarked for district courts.*""

Section 2. **Name change.** Whenever the term "additional light vehicle license fee" or "additional fee" appears in 61-3-509, 61-3-533, or 61-3-536, the term is changed to "block grant fee".

Section 3. Section 1, Chapter 680, Laws of 1985, is amended to read:

"Section 1. **State assumption of certain district court expenses.** (1) Effective July 1, 1985, the state shall, to the extent that money is appropriated, fund the following district court expenses in criminal cases only:

(a) salaries of court reporters;

(b) transcripts of proceedings;

(c) witness fees and necessary expenses;

(d) juror fees;

(e) indigent defense; and

(f) psychiatric examinations.

(2) The *department of commerce,* in consultation with the district judges for each judicial district, shall include within the *department's* biennial budget request to the legislature a request for funding the expenses listed in subsection (1).

(3) If money appropriated for the expenses listed in subsection (1) is insufficient to fully fund those expenses, the county is responsible for payment of the balance. If no money is appropriated, the county is responsible for payment of all expenses."

Section 4. Section 2, Chapter 680, Laws of 1985, is amended to read:

"Section 2. **Fiscal administration for payment of court expenses.** The *department of commerce* shall:

(1) establish procedures for disbursement of funds for payment of district court expenses listed in [section 1], including prorating of those funds if they are insufficient to cover all expenses listed in [section 1];

(2) develop a uniform accounting system for use by the counties in reporting court expenses at a detailed level for budgeting and auditing purposes; and

(3) provide for annual auditing of district court expenses to assure normal operations and consistency in reporting of expenditures."

Section 5. Section 3, Chapter 680, Laws of 1985, is amended to read:

"Section 3. **Reimbursement for juror and witness fees.** According to procedures established by the *department of commerce* under [section

HeinOnline -- 1985 vol. II 2196 1985

2(1)], each clerk of district court shall submit to the *department* a detailed statement containing a list of witnesses and jurors for criminal cases only and the amount of per diem and mileage paid to each by the county. Upon receipt and verification of the statement, the *department* shall promptly reimburse the designated county for the cost of witness and juror fees on a full or prorated basis in accordance with [section 2]. The county shall deposit the amount reimbursed in its general fund unless the county has a district court fund. If the county has a district court fund, the amount reimbursed must be deposited in such fund."

Section 6. Section 4, Chapter 680, Laws of 1985, is amended to read:

"Section 4. Section 3-5-602, MCA, is amended to read:

"3-5-602. Salary and expenses — apportionment. (1) Each reporter is entitled to receive a base annual salary of not less than $16,000 or more than $23,000 and no other compensation except as provided in 3-5-604. The salary shall be set by the judge for whom the reporter works. The salary is payable in monthly installments out of the general funds of the counties comprising the district for which the reporter is appointed and out of an appropriation made to the *department of commerce* as provided in subsection (2).

(2) The *department of commerce* shall determine the total number of civil and criminal actions commenced in the preceding year in the district court or courts in the judicial district for which a reporter is appointed. Each county shall pay its portion of the remainder of the salary based on its proportion of the total number of civil and criminal actions commenced in the district courts in the district. The judge or judges of the district shall, on January 1 of each year or as soon thereafter as possible, apportion the amount of the salary to be paid by each county in his or their district on the basis prescribed in this subsection. (3) In judicial districts comprising more than one county, the reporter is allowed, in addition to the salary and fees provided for in subsection (1), his actual and necessary travel expenses, as defined and provided in 2-18-501 through 2-18-503, when he goes on official business to a county of his judicial district other than the county in which he resides, from the time he leaves his place of residence until he returns thereto. The expenses shall be apportioned and payable in the same way as the salary.""
